III. The state treasurer is authorized to disburse moneys from the fund upon written order of both the commissioner and commissioner of administrative services in accordance with a budget approved by the general court. IV. Each insurer licensed to do property and casualty insurance business in this state pursuant to RSA 401:1, I, II, V, VI, VII or VIII shall make payments to the fund each year of its pro rata share of the department's interagency transfer costs to the division of homeland security and emergency management to be appropriated out of the fund. Such share is to be computed in accordance with paragraphs V and VI.

V. For each year, the total amount of such payments made to the fund by all such insurers shall be an amount that, when combined with any available fund balance, is not less than the department's expenses for interagency transfer to the division of homeland security and emergency management for the fiscal year commencing on the July 1 in which the payments are due.

VI. The amount payable each year by each such insurer shall be computed by the commissioner as follows:

(a) Based on the annual statement filed in such year by each insurer under RSA 400-A:31, the commissioner shall ascertain each insurer's amount of gross direct premiums written for property and casualty insurance, including policy, membership and other fees, service charges, policy dividends applied in payment for insurance, and all other considerations for insurance originating from policies covering property, subjects, or risks located, resident or to be performed in New Hampshire after deducting return premiums and dividends actually returned or credited to policyholders. If any such insurer does not otherwise timely provide the commissioner with the information necessary for such ascertainment, it shall do so on or before May 1 of each year.

(b) The commissioner shall total the amounts ascertained for all such insurers under subparagraph (a) so that the commissioner has a total for each nonaffiliated individual insurer and for each group of affiliated insurers.

VII. At the close of each fiscal year, the commissioner shall review the department's actual expenditures for the interagency transfer against funds collected to determine what part of the fund balance can be treated as an offset to the commissioner's assessment for the subsequent year. To the extent that it is reasonably practicable, the commissioner shall apportion available offsets to insurers based on the insurers' relative contributions to the fund overage. The commissioner shall not be required to return previously collected assessments. Offsets shall only be used to reduce future assessment liabilities.

VIII. The commissioner shall perform the calculations required by this section and notify each insurer of the insurer's assessment payable under this section as soon as practicable after July 1 of each year.

IX. The commissioner shall be charged with the conservation of the assets of the fund. In furtherance of this purpose, the attorney general shall appoint a member of his or her staff to represent the fund in all proceedings brought to enforce payment of assessments as provided in paragraph VI.

I. On a date not later than 30 days following the establishment and approval of tax rates for each city and town affected by and subject to the provisions of this chapter, the state treasurer shall pay to each town and city in which any taxable real estate or interest therein has been acquired under this chapter by the United States and thus become tax exempt for such year, ***excluding property acquired under the interstate flood compacts contained in RSA 484:1 and RSA 484:7,*** a sum equal to the taxes which would have been assessed against the real estate or interest therein in such town or city if the same had been included in the list of taxable property as proposed by the commissioner of revenue administration in RSA 122:6. For land acquired by the United States under this chapter, reimbursement shall be made upon a valuation determined as provided herein on a permanently continuing basis, and if growing wood and timber was taxable as real estate on the date of acquisition by the United States of the land on which it stood, it shall be deemed to be land hereunder. For all artificial improvements on land acquired by the United States under this chapter, including buildings, structures and other artificial real estate fixtures of any kind, reimbursement shall be made upon a valuation determined initially as provided herein and thereafter annually reduced by 2- 1/2 percent so that at the end of 40 years reimbursement therefor shall have terminated. On land and improvements thereon acquired by the United States under this chapter the initial assessed valuation of the land and improvements for

purposes of reimbursement shall be the locally assessed valuation thereon for the tax year in which acquired as adjusted by the assessors and the commissioner of revenue administration acting as a joint board, so as to make such valuation proportional to the value of all other property in such town or city subject to taxation. For purposes of this section the joint board may subdivide such assessment equitably between land and improvements thereon or between real estate acquired and that not acquired, if the official assessment was not thus subdivided. The valuations of improvements thus determined shall thereafter be annually reduced over a 40-year period as above provided. On land, and artificial improvements, the valuations initially established as above provided in a town or city shall be reviewed by the commissioner at least once in every 5 years and more frequently if reasonably necessary and be changed as necessary to make them proportional with the assessed value of all other taxable property in such town or city. The amount of the reimbursement due to each town and city hereunder shall be determined by the commissioner and certified by it to the state treasurer not later than 30 days following the establishment and approval of the tax rates of each town and city under this chapter. The commissioner shall reduce the amount of reimbursement thus determined by any amount paid or due that town or city for that year by or from the United States, another state, [~~an interstate flood control agency~~] or other source, because of such loss of taxable valuation. [~~The governor is authorized to draw a warrant for the payment of such reimbursements out of any money in the treasury not otherwise appropriated.~~] Provided, however, that reimbursement payments for loss of taxes on account of the acquisition of railroad or public utility property shall be reduced to the extent that such railroad or public utility property is relocated and reconstructed in the same town or city as a result of such acquisition, and thereby is included to that extent in the list of taxable property in said town or city as relocated.

The governor is authorized to draw a warrant for sums sufficient to make such payments out of any money in the treasury not otherwise appropriated. The department shall not pay to cities and towns the share of payments owed by Massachusetts or Connecticut unless payment is received from those states, in which case the department shall distribute payment to cities and towns in accordance with paragraph IV.

I. If there is a judicial finding of probable cause to believe that a person has committed a violation of RSA 630, RSA 631, RSA 632-A:2-4 or RSA 633:1-3 from an arrest warrant affidavit [~~or an affidavit issued pursuant to district court administrative order number 91-03 or any other district court administrative order which supercedes it~~] and the person is on probation or parole for a conviction of a violent crime listed in RSA 651:4-a or a substantially similar crime in any state or federal court in this or any other state, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States, it is presumed that release on bail and imposition of any condition or set of conditions listed in RSA 597:2 will not reasonably assure the appearance of the person as required and will endanger the safety of the person or of any other person or the community.

In the event the defendant waives the right to jury trial after the case has been appealed, the superior court shall forthwith remand the case to the [~~district~~] ***circuit*** court for imposition of the sentence originally imposed by the [~~district~~] ***circuit*** court, and the defendant may appeal questions of law arising therefrom to the supreme court. A random number generator employed by the lottery commission chooses 20 numbers at random and the player is paid out against his or her original wager.

284:42 Administration and Enforcement. The lottery commission shall administer and enforce this subdivision relative to keno games operating in a town or city that has voted to allow such gaming.

284:43 Rulemaking. The lottery commission shall adopt rules, pursuant to RSA 541-A, relative to:

V. The applicant shall certify under oath that:

(a) The information provided on the application is accurate.

(b) Neither the applicant nor any employee will operate keno games if such person has been convicted of a felony within the previous 10 years which has not been annulled by a court, or a misdemeanor involving falsehood or dishonesty within the previous 5 years which has not been annulled by a court, or has violated the statutes or rules governing charitable gaming in this or any state.

(c) The applicant and any employee who will be participating in the operation of the keno games is aware of all statutes and rules applicable to the operation of keno games.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hatch offered floor amendment (1165h).

Floor Amendment (1165h)

Amend the bill by inserting the following sections:

383 Tobacco Tax; Cigarette Tax. Amend RSA 78:7 to read as follows:

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of [~~$1.78~~] ***$1.99*** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the cigarettes in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

384 Tobacco Tax; Tobacco Products Other Than Cigarettes. Amend RSA 78:7-c to read as follows:

78:7-c Tax Imposed on Tobacco Products Other Than Cigarettes. A tax upon the retail consumer is hereby imposed on tobacco products other than cigarettes at a rate of [~~65.03~~] ***73.94*** percent of the wholesale sales price. The tax under this section may be rounded to the nearest cent if the commissioner determines that the amount of tax would not thereby be made materially disproportionate. No such tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States. No such tax shall be imposed on premium cigars.

385 Applicability. Sections 383 and 384 of this act shall apply to all persons licensed under RSA 78:2. Such persons shall inventory all taxable tobacco products in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of this act. The tax rate effective July 1, 2015 shall apply to such inventory and the difference, if any, in the amount paid previously on such inventory and the current effective rate shall be paid within 90 days of the filing of the inventory form. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

386 Revised Tobacco Tax Revenue Estimates. Assuming total combined general and education trust fund tobacco tax estimates of approximately $222,000,000 in the fiscal year ending June 30, 2015, assuming a decline in said estimates by 1 percent in the fiscal year ending June 30, 2016 and a further decline of 3 percent in the fiscal year ending June 30, 2017, and assuming the proposed tobacco tax rate increases proposed in sections 383 and 384 of this act will increase tax estimates by an additional $28,000,000 in the fiscal year ending June 30, 2016, and $25,200,000 in the fiscal year ending June 30, 2017, the revised total combined general and education trust fund tobacco tax estimates are as follows:

	FY 2016	FY 2017

387 Business Profits Tax; Increase of Reasonable Compensation Safe Harbor. Amend RSA 77-A:4, III(c) to read as follows:

(c) In lieu of substantiating the value of the personal services of proprietors, partners, or members, a business organization or group of related business organizations may elect, as a record-keeping safe harbor, to deduct up to [~~$75,000~~] ***$100,000*** as total compensation for the tax year;

388 Repeal. The following are repealed:

I. RSA 21-J:28, VIII, relative to appeal for redetermination or reconsideration procedure.

II. RSA 77-A:4, III(g), relative to the presumption of reasonableness of a compensation deduction.

REGULAR CALENDAR CONT'D

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2016 and June 30, 2017. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Neal M. Kurk for the Majority of Finance. This bill is the state's budget for the next two fiscal years. As house rules require, it is a balanced budget. Unlike the governor's $11.486 billion budget, this committee budget is balanced with no new or increased taxes and is based on the unanimous house ways and means revenue estimates. It appropriates $11.159 billion in total funds for the next biennium, up 3.3% from the $10.797 billion appropriated in the current biennium. Included in that

total are $2.732 billion in general funds, up 2.8% from the $2.657 billion appropriated in the current biennium. These appropriations meet the state's responsibilities in providing general government, health and human services, justice and public protection, environmental services, transportation and education, among others. While some appropriations were increased, in order to "live within our means," a number of appropriations had to be reduced. These reductions were difficult and painful for finance committee members to make. Some highlights of the budget: funding for opening the new women's prison is not included in the budget, as this new facility will not open until the next biennium. Various vacant positions throughout departments and agencies were unfunded, and hiring dates for other positions were delayed. The liquor commission will now pay its retirees' health costs, as will the racing and charitable gaming commission. The retiree health plan has been restructured so that the "Cadillac tax" under the Affordable Care Act will no longer apply. The premium amount for retirees under 65 has been increased to 20 percent, but for those retirees 65 and older there is still no cost. The new efficiency office will start one year later. E-filing funding in the department of revenue administration (DRA) remains, as does e-court funding in the judicial branch. Both of these programs will benefit residents and businesses. Business support in DRED remains, with funding for a new customer relations management system. The rooms and meals tax payments received by towns in FY 15 have been level funded for the biennium. The tourism bureau will receive $3 million less in rooms and meals tax revenue for each year of the biennium. Multi-state and other auditor positions at DRA proposed by the governor and modified by the house should increase revenue by $8 million, an increase approved by house ways and means. A new joint licensing board resulted in a cost avoidance, as five proposed positions could be eliminated. Catastrophic special education aid to schools was increased to 100% of its estimated cost in FY 17, a significant saving to local school budgets. Community college funding was increased by almost $4.0 million over the current biennium. The university system will receive the same level of funding in the next biennium as it is receiving in the current biennium. The police standards and training council was funded at the governor's level. The fish and game commission executive director was empowered to set various fees, and $600,000 in general funds was appropriated to the department for the biennium. No new members will be added to the commission. In FY 16, the process of tapering down the stabilization grant program, developed and funded in 2012 to assist schools in the transition to the new adequacy formula, will begin. These grants were designed as a stop-gap measure, not a permanent program. School districts with growing student populations and school districts with declining student populations will receive the amounts the adequacy formula requires beginning in FY 17. To ease the transition, no district will see its grant reduced by more than $750,000 in FY 2017. The department of safety appropriation was reduced by $5 million, and $65.5 million of its total appropriation now comes from the general fund, allowing more highway funds to support the department of transportation (DOT). DOT's budget for new equipment purchases was reduced by $20 million and winter maintenance by $4 million. The $68 million shortfall in the DOT operating budget has been made up by a combination of supplanting general funds in place of highway funds in the department of safety's budget and unrestricting revenue dedicated for highway and bridge betterment program. The net result is that DOT is funded at a level that, for the next two years, will allow it to continue to perform its operations as it is currently. When compared to the previous biennium, municipal block grant aid and municipal bridge aid remains at the same level, and funding for the widening of I-93 was not changed. This budget provides the department of health and human services (HHS) with an increase of $78 million in general funds and $131 million in total funds above current spending levels. Funding is provided to open 25 new beds in the veterans' home. Additional costs, due to the expanded eligibility of Medicaid, increased mental health services and additional payments to hospitals for uncompensated care, totaling $123 million in general funds, necessitated reductions elsewhere. By allowing expanded Medicaid to sunset in accordance with current law, and by eliminating the related Health Insurance Protection Program, the governor's proposed budget was reduced by $15.4 million in general funds. The developmental services waitlist and Medicaid waiver services were combined into one account, and the budget for developmental services was reduced by $26 million in general funds. Non-Medicaid services for the elderly were reduced by $10.6 million in general funds with the understanding that meals-on- wheels service levels will not be reduced. The Servicelink program, which provides information and assistance, but does not provide direct services to the elderly, was unfunded. Nursing Facility Quality Assessment payments for nursing home were reduced by $19 million in general funds, partially offset for county nursing homes by $5.7 million of increased proportionate share revenue. The so-called "county cap"

on the cost of Medicaid services for the elderly was increased by less than 2% per year. Funding for substance abuse was continued at the same level as in the current biennium. This budget is a "business as usual" budget. It pays for essential state services for the next two years; it does not deal with the larger issues facing our state, including an aging population, a dearth of young adults and an all-too-slowly growing economy, to the disappointment of many committee members. Vote 14-9. Rep. Mary Jane Wallner for the Minority of Finance. The proposed budget fails the citizens of New Hampshire in several important ways. It ignores the warnings of major economists that we must invest in our future to attract a well-educated workforce that will help move our economy forward. The budget reduces K-12 education aid by $27 million, risking the readiness of our students to be college and career-ready. Both community colleges and the university system receive less than the recommended funding in the governor's budget, by a combined total of more than $32 million. The university system will receive less money in 2016 than it did in 2015, despite our students having some of the highest college cost and debt burden in the nation. The budget cuts investment in our infrastructure and, at the same time, downshifts costs to maintain crumbling roads and bridges to our communities. By sweeping $50 million from the Renewable Energy Fund, the budget breaks the promise made by republicans in January not to raid dedicated funds; at the same time it eliminates virtually all funding to develop new energy infrastructure projects that offer good jobs and lower municipal energy costs. By diverting $14 million from last session's gas tax increase to the general fund; this budget breaks the legislature's promise to spend all of the added revenue fixing our eroding transportation infrastructure. The proposed budget also downshifts nearly $6 million to our counties for long term care by raiding the "bed tax" funds. Broken promises and downshifting are magnified as revenue sharing to cities and towns is frozen, restricting state funding at the same time some communities will see loss of up to $750,000 in education stabilization grants and all communities will see the fiscal impact of cuts to vital safety net programs that help vulnerable seniors and individuals with mental illness or disabilities. Programs that enable the elderly to remain in the community with dignity and stay off the more expensive Medicaid program are reduced. Funding for developmental disabilities programs is reduced below the current biennium's level, decreasing the availability of community services that prevent institutionalization, and increasing the risk both of personal harm to individuals and litigation for the state. Cuts to mental health services will add to the number of people experiencing a mental health crisis, held in emergency rooms across the state while they wait for a psychiatric hospital bed. This budget cuts access to emergency shelter for homeless veterans, families, and victims of domestic violence. This budget refuses to address the epidemic of drug abuse that affects employers along with families, increases the strain on law enforcement and corrections budgets, and puts public safety at risk. The Sununu Center, which provides services to our most troubled youth, is cut by nearly a third with no feasible plan to maintain operations. In addition, the budget eliminates funding at the end of 2016 for the New Hampshire Health Protection Program. Ending this program, currently helping almost 40,000 granite staters, may lead to destabilization of both the health care provider system and our insurance markets along with greater burden on local welfare offices. All of these cuts to safety net programs can be expected to be downshifted to local communities as the needs will certainly not disappear. In addition to all other broken promises, the budget effectively increases the tax burden on business as energy costs continue to rise without investment in new energy projects and private nursing home payments are cut by $26 million in bed tax payments. Collective bargaining agreements are not funded in this budget, undermining our state employees and breaking our promise to them. The minority believes these short-sighted cuts will make it harder for vulnerable individuals to live decently and with human dignity, and the lack of investment in our economy will hurt New Hampshire long into the future.

MOTION TO PRINT REMARKS

Motion adopted.

REMARKS

Rep. Hess: Thank you, Mister Speaker. On this very day, at this very hour, 150 years ago exactly, a hush settled over the fields and woodlands east and south of Richmond and Petersburg, Virginia. One hundred and twenty-eight thousand blue-clad soldiers of the Army of the Potomac under Ulysses Grant faced about 40,000 confederates in the Army of Northern Virginia under Lee. The final act of the most horrific, the most decisive, the most momentous chapter in American history was about to start. About 10 hours later, the Army of Northern Virginia slipped out of their trenches and began the slow march to try to escape from Grant, which ultimately wound up at Appomattox. There were 13 New Hampshire regiments on the line in Petersburg and Richmond. New Hampshire sent 19 regiments, 1 artillery battery and 3 companies of sharp shooters into the union army. Seventeen of those 19 regiments, they were all volunteers by the way, no one was drafted. Seventeen volunteered within the first 15 months of the war. Fourteen of those 19 were still on the line in April of 1865. One regiment, the 8th, was stationed in Natchez, Mississippi. I'll tell you how it got there, but that was actually the only cavalry regiment that New Hampshire ever contributed to the union army. Two regiments, the 3rd and the 7th were in Fort Fisher and Wilmington, North Carolina where they attacked the last blockade running port and captured it from the confederates. The remaining 2 regiments were in Charleston, South Carolina and Hilton Head and

one, the 14th, was at Fort Sumter on April 14, 1865 when the union flag, the stars and stripes, was again raised over Fort Sumter for the first time since 1861. Nine New Hampshire regiments were on the line at Petersburg and Richmond. They suffered horrendously during the war. Let me give you an example and tell you what our forefathers contributed to this. In 1860, the population of New Hampshire was 326,073 and 47,550 men were alive between the ages of 20 and 40. In the 4 years and 5 days of the civil war, 32,000 men from New Hampshire volunteered and served in the union army. Seventy-five percent of all men between the ages of 20 and 40 volunteered and fought. Ten percent of the population of this state volunteered and fought. To give you some indication of what that means in today's numbers. That would mean 120 some thousand men from the state of New Hampshire would don the uniform and leave this state to fight for a cause they believed in. That's how much of a contribution was made and they suffered tremendously. Seventeen percent of all officers of the 19 regiments of New Hampshire were either killed or wounded, almost 1 in 5. A number of our regiments suffered horrendous casualties. The 6th, the 7th and the 9th suffered more than 40% casualties over the course of the war. The 11th and the 12th suffered 30% casualties. Thirty percent of everybody who put on the uniform were either wounded or killed. The fighting 5th suffered the most casualties of any unit in the entire union army. Of a total of some 2,600 men who served in the 5th regiment of New Hampshire, 1,560 were either killed or wounded. Fifty-five percent of those men were either killed or wounded. That is the sacrifice that our forefathers made to ensure that this union would remain one nation under God. The game played out in that chapter. Several of those regiments, 5 of those regiments occupied Richmond as the army of Northern Virginia vacated it. One, the fighting 5th, continued around the left flank and followed Lee until he was cornered and surrendered at Appomattox. It's absolutely an incredible story. If you ever have the time and the interest and the inclination to find out what they did and what they suffered as a result, I would encourage you to do so. Thank you for your time.

2. Does HB 112 violate any other provisions of the United States or the New Hampshire Constitution?
Historically, the court has declined general inquiries on constitutional infirmity and therefore respectfully asks to be excused from answering question two.

(Speaker Jasper in the Chair)

Rep. Chandler moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 13

Wednesday, April 15, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. God of healing, we remember before You today the tragic events of the Boston marathon two years ago. We grieve for the lives cut short, the lives permanently altered by disability, and the lives poisoned by fear. We give You thanks for the courage and compassion shown by so many people on that day: the first responders, medics, police, race officials and many ordinary citizens who ignored the danger and did all they could to help. We give You thanks for the care and support that has continued through the weeks, months, and years of healing: for the doctors, surgeons, nurses, and therapists; for the families, friends, neighbors, and strangers; for the victims themselves who refused to give in; for all who have helped bring wholeness to injured bodies, minds and spirits. Eternal God, give us strength to deal with the assaults and horrors of an imperfect world; empower us to remain brave in the face of terrorist acts, to focus on the wonder of a humanity that will not be vanquished, a humanity that cares for those in need, and lifts up those who are downhearted. Teach us and use us, O God of hope, to heal ourselves and to restore Your world; for You created it and called it good. Amen.

Representative Catherine Cheney, member from Dover, led the Pledge of Allegiance.

Karen Liot Hill of Lebanon led the singing of the National Anthem.

COMMUNICATION

In a letter received on April 18, 2015

To whom it may concern,
I am sorry to say that do to the new work schedule, I would only be able to be in Concord every other month. Therefore I would not be able to dedicate the amount of time that is needed to properly represent my constituents of district 20 Seabrook/Hampton Falls. Therefore I will have to resign my position as NH State Representative.

Sincerely,
Representative Dennis Sweeney

The Speaker accepted the resignation, with regret.

MOTION TO VACATE

Rep. James Belanger moved that the House vacate the reference of **SB 30-FN-L,** permitting counties with unincorporated areas to establish tax increment financing districts, to the Committee on Municipal and County Government.
Motion adopted.

The Speaker referred **SB 30-FN-L** to the Committee on Finance.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 22, relative to certain changes in the law governing the therapeutic use of cannabis, removed by Rep. Kotowski.

Consent Calendar adopted.

SB 11, recodifying the Uniform Interstate Family Support Act. **OUGHT TO PASS.**

Rep. Debra L. DeSimone for Children and Family Law. This bill recodifies RSA 546-B based on the 2008 amendments to the Uniform Interstate Family Support Act. This bill is a request of the department of health and human services. The committee agreed that this bill positively enhances the ability of New Hampshire to remain consistent with other states and countries with child support and other family matters. Vote 12-0.

SB 103, relative to guardian ad litem reports and relative to the definition of incapacity for purposes of filing a guardianship petition. **OUGHT TO PASS.**

Rep. Daniel C. Itse for Children and Family Law. This bill clarifies two issues of law. First, it ensures that all parties to a divorce case have access to guardian ad litem reports and recommendations unless the court finds that this disclosure is not in the child's best interest. Second, it defines the date of submission of evidence in petitions regarding incapacity in probate court as the receipt if mailed, or the court's date stamp if hand-delivered. Vote 12-0.

SB 71, relative to the administration of glucagon injections for children in schools. **OUGHT TO PASS.**

Rep. John L. Balcom for Education. This bill allows glucagon injections to be provided by certain school employees. The bill further identifies storage, training, administration and liability issues associated with glucagon injections in schools. Vote 21-0.

SB 151-FN, requiring inclusion of home educated pupils in the definition of average daily membership in attendance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education. This bill provides that if a home-schooled pupil enrolls at a high school and in a school board approved "academic" course that his or her attendance shall count as an additional 0.15 in the calculation formula for the school's ADMA for each academic course taken. As amended, the bill does not include an ADMA count calculation for a home-schooled student's participation in a co-curricular activity. Due to the self-contained nature of elementary classrooms and differing middle school/JHS instructional models, the committee believes that the additional ADMA count calculation is appropriate only in the high school grades where well-defined and approved/accredited academic courses are comparable and contribute to a high school diploma throughout the state. In summary, this bill provides ADMA funding to high schools for all enrolled students in relation to student attendance and offers choice and enrichment opportunity to home-schooled pupils. Vote 19-0.

Amendment (1263h)

Amend RSA 198:38, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) For the purpose of calculating ADMA, each pupil who is home educated in compliance with RSA 193-A and who is enrolled in a school board approved public high school academic course shall count as an additional 0.15 pupil for each such academic course taken in a public high school. In this subparagraph, "public high school" shall have the same meaning as "high school" as defined in RSA 194:23.

Referred to the Committee on Finance.

SB 166, relative to facilitated individualized education program meetings. **OUGHT TO PASS.**

Rep. James L. Grenier for Education. Regular IEP team meetings are informal procedures and during these meetings actions or discussions leading to decisions are recorded. A facilitated IEP meeting has a trained facilitator assisting in meeting procedure. IDEA and RSA 186-C: 23 demand confidentiality and preclude record keeping during these meetings. This bill will remove facilitated IEP meetings from the list of formal alternative dispute resolution in RSA 186-C. If passed, these informal meetings will no longer be restricted as a formal alternate dispute resolution and will be given the flexibility to better serve the students, parents and facilitated IEP teams. Vote 21-0.

SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ralph G. Boehm for Education. This bill establishes an Achieving a Better Life Experience Savings Account Program (ABLE) as established by an act by Congress in 2014. This is a savings program similar to a 529 plan, but contributions are not just for education, but for the helping individuals with disabilities throughout their life. This bill also establishes a commission that will adopt rules to ensure that the state's ABLE program complies with section 529A of the Internal Revenue Code. The federal ABLE Act amended Section 529 of the Internal Revenue Code to create tax-free savings accounts for individuals with disabilities. It aims to ease financial strains faced by individuals with disabilities by making tax-free savings accounts available to cover qualified expenses such as education, housing and transportation. This would supplement, but not supplant, benefits provided through private insurances, the supplemental security income program, the beneficiary's employment and other sources. An ABLE account could fund a variety of essential expenses for individuals, including medical and dental care, education, community based supports, employment training, assistive technology, housing and transportation. The ABLE Act provides individuals with disabilities the same types of flexible savings tools that all other Americans have through college savings accounts, health savings accounts and individual retirement accounts. There are no state monies used in this program. Vote 19-0.

This bill, as amended by ED&A, sets the quorum requirement of the board at four members. The committee disagreed with the bill as amended by the senate, which had reduced the quorum requirement to three, which might have created a situation where the public members could have outnumbered the mental health practitioners present at a meeting of the board. Vote 13-0.

Amend the bill by replacing section 1 with the following:

1 Mental Health Practice; Board Quorum. Amend RSA 330-A:9, I to read as follows:

Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill establishes a new education requirement of at least three hours biennially on suicide prevention for licensure renewal by the board of mental health. The committee heard testimony from a wide range of mental health providers, public safety officials and citizens whose families had been impacted by suicide that this is a serious mental health issue and that it is critically important for mental health professionals to be able to detect early warning signs. Members of the ED&A committee were in full agreement that this is a public policy issue worthy of addressing and the majority believes the inclusion of the education requirements on suicide prevention will help to address the matter. Vote 11-2.

SB 161, relative to the wellness and primary prevention council. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill makes certain changes to the membership and duties of the wellness and primary prevention council, an entity created to address prevention and early intervention for at-risk youth and their families. The bill provides a mechanism for the council to develop standards of quality for participating family resource centers, the entities that provide direct service to at-risk youth and their families. These standards of quality will help to ensure uniformity in the provision of services by the family resource centers. The legislation also changes the composition of the council due to the fact that some of the original participating agencies are no longer in existence. Vote 12-2.

SB 250, relative to the jurisdiction and voting procedures of the executive branch ethics committee. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill provides for certain changes to allow the executive branch ethics committee to more effectively fulfill its duties. First, it

allows the committee to accept and consider complaints filed against executive branch employees for up to 180 days after the day the official resigns, retires or otherwise leaves his/her position. Currently, once an employee separates from office the ethics committee is unable to pursue any complaint filed against him/her. In addition, the bill changes the requirement for a supermajority for some votes to a simple majority. This was necessitated by the fact that it is at times difficult to meet that threshold. The ED&A committee amendment adds an explicit quorum requirement for all votes taken by the committee. After hearing all of the evidence on this subject, ED&A unanimously recommends passage. Vote 13-0.

Amendment (1134h)

Amend the bill by replacing section 2 with the following:

2 Duties of the Executive Branch Ethics Committee. Amend RSA 21-G:30, II to read as follows:

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs. (c) Intravenous antimicrobial start time.

(d) Coverage rates of influenza vaccination for health care personnel.

II-c. Any nursing and residential care facility licensed pursuant to this chapter, or any assisted living residence licensed under RSA 161-J shall maintain a program capable of identifying and tracking the coverage rates of influenza vaccination for health care personnel and patients/residents.

III. Subsequent to the initial requirements identified in [~~paragraph~~] ***paragraphs*** II, ***II-a, or II-b,*** the department shall, from time to time, require the tracking and reporting of other types of infections[~~, including urinary tract infections~~] when reporting protocols are identified by the department, that occur in hospitals, ***end-stage renal dialysis centers,*** and ambulatory surgical facilities in consultation with technical advisors who are regionally or nationally-recognized experts in the prevention, identification, and control of [~~hospital~~] ***health care associated*** infections and the reporting of performance data. [~~The department shall make progress reports every 6 months to the oversight committee on health and human services, established in RSA 126-A:13, concerning the development of reporting protocols for tracking of urinary tract infections and shall notify the oversight committee on health and human services when the tracking of urinary tract infections has commenced.~~]

IV. The commissioner of the department shall adopt rules, pursuant to RSA 541-A, for hospital, ***end-stage renal dialysis center, nursing and residential care facility, assisted living residence,*** and ambulatory surgical facility identification, tracking, and reporting of infections ***and/or coverage rates of influenza vaccinations as required in this section*** which shall be consistent with the recommendations of recognized centers of expertise in the identification and prevention of infections including, but not limited to the National Health Care Safety Network and the Healthcare Infection Control Practices Advisory Committee of the Centers for Disease Control and Prevention or its successor, the Joint Commission on the Accreditation of Healthcare Organizations, the Centers for Medicare and Medicaid Services, the Hospital Quality Alliance, the National Quality Forum, and the New Hampshire health care quality assurance commission under RSA 151-G.

V. Each hospital, ***end-stage renal dialysis center, nursing and residential care facility, assisted living residence,*** and ambulatory surgical facility shall regularly report to the department hospital, ***end-stage renal dialysis center, nursing and residential care facility, assisted living residence,*** and ambulatory surgical facility acquired infections and the infection data it has collected ***and/or coverage rates of influenza vaccinations as required in this section***. Such reporting shall be done in the manner directed by the department in accordance with rules adopted pursuant to RSA 541-A. The commissioner shall establish data collection and analytical methodologies that meet accepted

standards for validity and reliability. In no case shall the frequency of reporting be required to be more frequently than once every 3 months, and reports shall be submitted not more than 60 days after the close of the reporting period.

151:34 Statewide Database Required.

I. The department shall [~~establish~~] ***maintain*** a statewide database of all reported infection information ***and/or coverage rates of influenza vaccinations as required in RSA 151:33*** for the purpose of monitoring quality improvement and infection control activities in hospitals, ***end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** and ambulatory surgical facilities. The database shall be organized so that consumers, hospitals, ***end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** ambulatory surgical facilities, health care professionals, purchasers, and payers may compare individual hospital, ***end-stage renal dialysis center, nursing and other residential care facility, assisted living residence,*** and ambulatory surgical facility experience with that of other individual hospitals, ***end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** and ambulatory surgical facilities as well as regional and statewide averages and, where available, national data.

II.(a) Subject to subparagraph [~~(c)~~] ***(b)***, on or before August 1 of each year, provided that the data collection and analytical methodologies meet accepted standards for validity and reliability, the commissioner shall report on the department's web site infection rates [~~both exclusive and inclusive of adjustments for potential differences in risk factors~~] for each reporting hospital, ***end-stage renal dialysis center, nursing and other residential care facility, assisted living facility,*** and ambulatory surgical facility, an analysis of trends in the prevention and control of infection rates ***and coverage rates of influenza vaccinations as required in RSA 151:33*** in hospitals, ***end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** and ambulatory surgical facilities across the state, regional and, if available, national comparisons for the purpose of comparing individual hospital, ***end-stage renal dialysis center, nursing and other residential care facility, assisted living facility,*** and ambulatory surgical facility performance, and a narrative describing lessons for safety and quality improvement that can be learned from leadership hospitals and programs.

[~~(b) The commissioner shall consult with technical advisors who have regionally or nationally acknowledged expertise in the prevention and control of infections and infectious diseases in order to develop the adjustment for potential differences in risk factors to be used for public reporting.~~

~~(c)(1)~~] ***(b)*** [~~Within 180 days of the effective date of this section, the~~] ***The*** department shall [~~establish~~] ***maintain*** an infection reporting system capable of receiving electronically transmitted reports from hospitals, ***end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** and ambulatory surgical facilities. [~~Whether or not the department has established such a reporting system, hospitals,~~] ***End-stage renal dialysis centers, nursing and other residential care facilities, and assisted living residences***[~~, and ambulatory surgical facilities~~] shall begin to submit reports as required by this section within 6 months of the effective date of this section.

[~~(2) The first 6 months of data submission under this section shall be considered the "pilot phase" of the statewide infection reporting system. The purpose of the pilot phase is to ensure, by various means, the completeness and accuracy of infection reporting by hospitals.~~

~~(3) No later than 60 days after the conclusion of the pilot phase, the commissioner shall issue a report to hospitals and to the oversight committee on health and human services assessing the overall accuracy of the data submitted in the pilot phase and provide guidance for improving the accuracy of infection reporting.~~

~~(4) After the pilot phase is completed, all data submitted under this section and compiled in the statewide infection database established under this section and all public reports derived therefrom shall include hospital and ambulatory surgical facility identifiers.~~

~~(5) The first public report required pursuant to subparagraph (4) shall be made not later than 7 months after the completion date of the pilot phase.~~]

III. To assure the accuracy of the self-reported hospital, ***end-stage renal dialysis center,*** and ambulatory surgical facility infection data and to assure that public reporting fairly reflects what actually is occurring in each hospital, ***end-stage renal dialysis center,*** and ambulatory surgical facility, the department shall [~~make a quarterly report to the oversight committee on health and human services on its infection rate data. If the commissioner is not satisfied with the overall accuracy of the data submitted, the commissioner shall~~] validate the results and the methodology used to collect

and analyze the data. [~~The commissioner shall notify the oversight committee on health and human services relative to the validation of such data. After notification to the oversight committee, the commissioner may release such information to the public.~~] If[~~, however,~~] the commissioner concludes that he or she is unable to adequately validate the data, the commissioner shall notify the oversight committee on health and human services of that fact and the reasons therefor and, in that case, the commissioner shall not be required to include hospital***, end-stage renal dialysis center, nursing and other residential care facility, assisted living residence,*** and ambulatory surgical facility identifiers in the information released to the public.

IV. In addition to the department's reporting responsibilities under this section, the department shall beginning in 2012 make a biennial report to the oversight committee on health and human services and the house and senate ways and means committees on or before August 1, regarding the health care associated infections program costs, the amount of federal funding received for the program, and the amount of fees paid by hospitals***, end-stage renal dialysis centers,*** and ambulatory surgical centers to support the program.

151:35 Limitation. Notwithstanding any provision of law to the contrary, hospitals***, end-stage renal dialysis centers, nursing and other residential care facilities, assisted living residences,*** or ambulatory surgical facilities may provide, and the department may collect under this subdivision, any data or patient identifiers as set forth in the protocols and specifications published and periodically amended by the National Healthcare Safety Network; provided that an individual patient's name, street address, city or town, telephone number, and social security number shall not be included in any data collected.

2 Health Care Associated Infections; Payments. Amend the section heading and paragraph I of RSA 151:36 to read as follows:

151:36 Payment by Hospitals***, End-Stage Renal Dialysis Centers,*** and Ambulatory Surgical Centers.

I. The department shall assess a fee to hospitals***, end-stage renal dialysis centers,*** and ambulatory surgical centers that are required to report under RSA 151:33 to support the program's approved operating budget.

(a) The hospitals' portion shall be proportional to the number of measures reported by all hospitals in the state.

(b) The ambulatory surgical centers' portion shall be proportional to the total number of measures reported by ambulatory surgical centers in the state.

(c) The end-stage renal dialysis centers' portion shall be proportional to the total number of measures reported by end-stage renal dialysis centers in the state.

3 New Paragraph; Heath Care Associated Infections. Amend RSA 151:36 by inserting after paragraph III the following new paragraph:

III-a. There shall be proportional fee categories based on the range of patient visits annually at an end-stage renal dialysis center, which shall equal the total amount of payment that is required by all end-stage renal dialysis centers. Of that base amount as stated in subparagraph I(c), each end-stage renal dialysis center required to report shall pay a fee based on the appropriate category for that end-stage renal dialysis center.

4 Health Care Associated Infections. Amend RSA 151:36, V to read as follows:

V. There is hereby established the health care associated infections fund. The fund shall be composed of fees collected in accordance with RSA 151:36, I-[~~III~~] ***III-a*** and shall be used to carry out the provisions of this subdivision. The fund shall be nonlapsing and shall be continually appropriated to the commissioner for the purposes of this subdivision.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes certain changes to the law governing the reporting of health care associated infections.

This bill is a request of the department of health and human services.

SB 133-FN, relative to certain health care data and relative to certain workers' compensation medical claim data collected by the insurance department. **OUGHT TO PASS WITH AMENDMENT.** Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. This bill, as amended, improves the public use database file of health insurance and workers compensation medical claims in New Hampshire for the purpose of health care cost transparency while respecting HIPPA and patient privacy concerns. Vote 16-0.

Amendment (1192h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Development of a Comprehensive Health Care Information System. Amend RSA 420-G:11-a by inserting after paragraph II the following new paragraph:

III. The department shall make available to the public a public use data set for purposes of facilitating transparency in health care costs.

2 New Section; Advisory Organizations; Required Activity. Amend RSA 412 by inserting after section 37-a the following new section:

412:37-b Advisory Organizations; Required Activity. The commissioner shall consult with workers' compensation advisory organizations, workers' compensation carriers, and third party administrators or self-insureds regarding the most effective options for including workers' compensation medical claims data in the New Hampshire comprehensive health information system, as defined under RSA 420-G:11-a. The commissioner shall make a report with recommendations on options for including workers' compensation medical claims data in the New Hampshire comprehensive health information system on or before December 1, 2015 to the speaker of the house of representatives, the president of the senate, the governor. and the chairpersons of the house and senate committees having jurisdiction over health and human services.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the insurance commissioner to consult with certain groups and organizations and to make a report by December 2015 to the legislature and the governor with recommendations on options for including workers' compensation data in the New Hampshire comprehensive health information system.

Referred to the Committee on Labor, Industrial and Rehabilitative Services.

SB 187, allowing a patient to designate a caregiver upon entry to a medical facility. **OUGHT TO PASS.** Rep. Lucy M. Weber for Health, Human Services and Elderly Affairs. This bill arises out of an initiative by the American Association of Retired Persons to encourage better aftercare for a hospital patient following their discharge. The bill requires that the patient be given an opportunity to identify a designated caregiver prior to discharge. If the patient chooses to designate a caregiver, the hospital will: 1.) let the caregiver know of the designation; 2.) notify the caregiver of the intent to discharge and the discharge plan; and 3.) shall give the caregiver instruction about all the aftercare needs in the discharge plan. The goal is to ensure better aftercare and fewer re-hospitalizations. Care has been taken to preserve the autonomy of all concerned. The bill was supported by the NH Hospital Association as it clarifies and promotes uniformity as to discharge procedures. Vote 17-0.

SB 200-FN, relative to newborn screening for Krabbe Leukodystrophy. **INEXPEDIENT TO LEGISLATE.**

Rep. Joanne A. Ward for Health, Human Services and Elderly Affairs. Krabbe Leukodystrophy is a terrible genetic disease which is terminal, even if diagnosed and treated. The proposed test for this disease has many false positives. These infants are subjected to lumbar punctures and the agony of waiting for a diagnosis that may never come. In New York over 2 million babies have been tested since 2006 and only 5 were treated, but did not survive. To quote Dr. Harvey Levy of Harvard, "New Hampshire has very wisely established by statute RSA 132:10a the newborn screening advisory committee to consider additions to newborn screening. Every proposed addition until now has been considered by this committee in the light of medical, scientific and ethical evidence for the best interests of the citizens of New Hampshire. The newborn screening advisory committee, after such consideration, would then present its recommendations and the evidence for it to the commissioner of the department of health and human services. I would hope that the legislature would see fit to follow this procedure for the proposed addition of krabbe disease." Vote 17-2.

SB 12, relative to jurisdiction over surrogacy cases under RSA 168-B. **OUGHT TO PASS.**

Rep. Joseph M. Hagan for Judiciary. RSA 168-B passed last biennium clarified and confirmed the parental rights of intended parent(s) resulting from assisted reproduction and that the gestational carrier has no parental rights when all parties participate in gestational carrier agreements. Unfortunately, jurisdiction was assigned to the superior and the probate court. This bill would give exclusive jurisdiction to the probate court where the expertise for such matters reside. Vote 16-0.

SB 14, making technical corrections to the laws relative to the judicial council and repealing a limitation on compensation of counsel for indigent defendants. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Frank H. Heffron for Judiciary. This bill makes several technical corrections to the laws relative to the judicial council, which, among other things, provides general information and makes recommendations to the general court and the judicial system on matters pertaining to the administration of justice and administers the indigent defense delivery system. The bill makes some changes concerning membership of the council; for example, the number of members appointed by the judicial branch administrative council is reduced from 5 to 4. It makes changes in terminology to reflect current practice, e.g., the current statute refers to the judiciary and family law committee, and this bill changes that to judiciary committee. The bill also provides that the council shall provide legal and guardian ad litem services in child protection cases, which it has in fact been doing for some time. Another overdue change is the repeal of RSA 604-A:5, limiting the compensation of appointed counsel. It contained limits so low that the supreme court ruled it unconstitutional several years ago. The changes in this bill are recommended by the council as the result of a performance audit by the legislative budget assistant and received solid bipartisan support in the judiciary committee. Vote 16-1.

Amendment (1242h)

Amend RSA 494:2 as inserted by section 2 of the bill by replacing it with the following:

494:2 Appointment and Tenure of Office. The term of each member except the members of the judicial branch administrative council, the attorney general, the president-elect of the New Hampshire Bar Association, and the chairpersons of the senate judiciary committee and the house judiciary [~~and family law~~] committee shall be for 3 years and until a successor is appointed and qualified. Vacancies shall be filled for the remainder of the term in the same manner and from the same group as the original appointment. Each member of the judicial branch administrative council, the attorney general, the president-elect of the New Hampshire Bar Association, and the chairpersons of the senate judiciary and house judiciary [~~and family law~~] committees shall be ex officio members and shall serve during their term of office.

SB 44, relative to nonpublic sessions of public bodies under the right-to-know law. **OUGHT TO PASS.**
Rep. Mark McLean for Judiciary. This bill amends RSA 91-A:3, II(g) to take the right currently held by county corrections departments to hold nonpublic sessions when considering security related issues, and extends it to the state level. The law offers no additional provisions and only serves to make procedures at the state and county level more uniform. Vote 18-0.

SB 91, relative to appointment of counsel for indigent defendants. **OUGHT TO PASS.**
Rep. Claire A. Rouillard for Judiciary. This is a minor technical change to RSA 604-A:2, which provides counsel to indigent defendants charged with a felony or a class A misdemeanor. The current statute incorrectly states the appointment of counsel, after review of financial affidavit, could be made by the "Commissioner of Administrative Services," which is the executive branch. Review of financial affidavits and appointment of counsel is and should be performed by the "court" or the judicial branch. SB 91 makes that correction. Vote 18-0.

SB 94, relative to documents filed electronically with a court under oath. **OUGHT TO PASS.**
Rep. Kurt F. Wuelper for Judiciary. This bill defines the words "under oath" for use in electronically filing court documents. The committee recognized the common use of electronic signatures for all kinds of government purposes and believes that letting people know they are signing "under penalty of perjury" provides adequate certification of their identity. Vote 15-0.

SB 20-FN-L, establishing a commission on historic burial grounds and cemeteries. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Franklin W. Sterling for Municipal and County Government. The purpose of this bill as amended is to establish a commission on historic burial grounds. The commission is charged with documenting burial grounds, establishing a state historic register of historic burial grounds, reviewing current statutes on the protection of property owners and surrounding properties. The commission shall report it's findings and recommendations on or before November 1, 2016. Vote 15-0.

Amendment (1129h)

Amend RSA 227-C:12-a as inserted by section 1 of the bill by inserting after subparagraph II(n) the following new subparagraph:

(o) The Roman Catholic bishop of Manchester, or designee.

Amend RSA 227-C:12-a, VI as inserted by section 1 of the bill by replacing it with the following:

VI. The commission shall file interim reports of its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2015, November 1, 2016, and November 1, 2017, and a final report on or before November 1, 2018.

Amend the bill by replacing section 3 with the following:

3 Effective Date.

I. Section 2 of this act shall take effect November 1, 2018.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill also establishes the commission on historic burial grounds and cemeteries.

SB 54, relative to property tax payments by therapeutic cannabis alternative treatment centers. **OUGHT TO PASS.**

Rep. Catherine Cheney for Municipal and County Government. This bill fixes a possible unintended loophole in the collection of taxes by an alternative treatment center for therapeutic cannabis under RSA 72:23. It was and is the intent that these properties would pay taxes and SB 54 will ensure that the treatment centers shall make payments in lieu of property taxes in the same amount that the land and buildings would have been subject to if they were owned by a non-exempt owner. These centers were placed under the tax exempt statutes only to allow the attorney general's office oversight. This bill corrected the unintended consequence that they would be tax exempt. Vote 15-0.

SB 97, authorizing municipalities to adopt ordinances to regulate stormwater to comply with federal permit requirements. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Belanger for Municipal and County Government. This bill allows governing bodies to adopt zoning ordinances, without legislative body approval, for managing storm water to meet federal standards. As amended, the bill requires a non binding advisory review of the project by the municipality's planning and zoning boards. This review will provide some expertise from those two boards that may not be available by the governing body members and could influence the resultant project to more closely conform to a municipality's existing ordinances. Vote 15-0.

Amendment (1118h)

Amend RSA 149-I:6, I-a as inserted by section 1 of the bill by replacing it with the following:

I-a. In municipalities where stormwater is collected and discharged, the mayor and aldermen or town governing body may, with the advice of the planning board and the zoning board of adjustment, adopt such ordinances and bylaws as are required for the proper maintenance and operation of the stormwater system or stormwater utility and any appurtenant structures, and to promote flood control and erosion control, water quality management, ecological preservation, management of annual pollutant load contained in stormwater discharge, and municipal compliance with applicable state and federal stormwater laws and regulations.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 Duties of the Planning Board. Amend RSA 674:1, II to read as follows:

II. The planning board may:

(a) From time to time report and recommend to the appropriate public officials and public agencies programs for the development of the municipality, programs for the erection of public structures, and programs for municipal improvements. Each program shall include recommendations for its financing. It shall be part of the planning board's duties to consult with and advise public officials and agencies, public utility companies, ***and*** civic, educational, professional, research, and other organizations, and to consult with citizens, for the purposes of protecting or carrying out of the master plan as well as for making recommendations relating to the development of the municipality.

(b) Advise the governing body as to whether proposed ordinances and bylaws regarding the maintenance and operation of stormwater systems under RSA 146-I:6, I-a comply with the master plan.

3 Powers of Zoning Board of Adjustment. Amend RSA 674:33, I to read as follows:

I. The zoning board of adjustment shall have the power to:

(a) Hear and decide appeals if it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of any zoning ordinance adopted pursuant to RSA 674:16[~~, and~~].

(b) Authorize, upon appeal in specific cases, a variance from the terms of the zoning ordinance if:

(1) The variance will not be contrary to the public interest;

(2) The spirit of the ordinance is observed;

(3) Substantial justice is done;

(4) The values of surrounding properties are not diminished; and

(5) Literal enforcement of the provisions of the ordinance would result in an unnecessary hardship.

(A) For purposes of this subparagraph, "unnecessary hardship'' means that, owing to special conditions of the property that distinguish it from other properties in the area:

(i) No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property; and

(ii) The proposed use is a reasonable one.

(B) If the criteria in subparagraph (A) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it. The definition of "unnecessary hardship'' set forth in subparagraph (5) shall apply whether the provision of the ordinance from which a variance is sought is a restriction on use, a dimensional or other limitation on a permitted use, or any other requirement of the ordinance.

(c) Advise the governing body as to whether proposed ordinances and bylaws regarding the maintenance and operation of stormwater systems under RSA 146-I:6, I-a comply with zoning ordinances.

AMENDED ANALYSIS

This bill authorizes municipalities to regulate stormwater in order to comply with federal and state laws and regulations.

This bill also authorizes planning boards and zoning boards of adjustment to advise governing bodies as to whether proposed ordinances and bylaws regarding the maintenance and operation of stormwater systems comply with the master plan and zoning ordinances, respectively.

SB 98, relative to third party review required by the planning board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Catherine Cheney for Municipal and County Government. This bill, as amended, allows an applicant to request a different third party consultant to review plans. The applicant pays the consultants chosen by the planning board out of their own pocket anyway. The committee recognized that developers might want to bring in their own party. SB 98, as amended, would allow the applicant to bring a preferred consultant's name forward for consideration by the planning board even though the final selection is at the sole discretion of the planning board. The planning board retains the authority to exercise reasonable discretion on whether or not to accept the alternate firm. This is a win-win for both the planning board and the developer. Vote 15-0.

Amendment (1113h)

Amend the bill by replacing section 1 with the following:

1 Third Party Review. Amend RSA 676:4-b, I to read as follows:

I. A planning board reviewing a subdivision plat, site plan, or other land use application may require the applicant to reimburse the board for expenses reasonably incurred by obtaining third party review and consultation during the review process, provided that the review and consultation does not substantially replicate a review and consultation obtained by the zoning board of adjustment. ***The applicant may request the planning board choose a different third party consultant and the request may include the name of a preferred consultant. The planning board shall exercise reasonable discretion to determine whether the request is warranted. When such a request is granted by the planning board, the 65-day period for the board's action on an application stated in RSA 676:4, I(c)(1) shall be extended 45 days to provide the board adequate time to identify a different consultant.***

SB 143, relative to defining phased development. **OUGHT TO PASS.**
Rep. James E. Coffey for Municipal and County Government. This bill defines the term "phased development" which will be helpful to both planning boards and their applicants. Although the term is referred to in other statutes it has never been defined. The unanimous vote came after a very thorough debate and discussion. Vote 15-0.

SB 38, establishing a commission to develop a land conservation plan. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James W. McConnell for Resources, Recreation and Development. This bill establishes a commission to review, coordinate and prioritize the state's numerous conservation efforts and make recommendations for proposed legislation implementing the commission's conservation goals. Since 1990, no fewer than 11 legislative committees have documented in detail the need to protect New Hampshire's lands and natural resources. The amendment reduces the number of commission members from an unwieldy twenty one to a more manageable and efficient eleven. Vote 19-0.

Amendment (1239h)

Amend RSA 162-C:12, I(a)-(m) as inserted by section 1 of the bill by replacing it with the following:

(a) One member of the senate, appointed by the president of the senate.

(b) One member of the resources, recreation and development committee of the house of representatives, appointed by the speaker.

(c) One member from the New Hampshire Association of Conservation Commissions to represent municipal conservation interests, appointed by that association.

(d) Three representatives of statewide or regional conservation organizations, appointed by the governor.

(e) One person representing business and industry, appointed by the Business and Industry Association.

(f) One person representing hunting, fishing, and other outdoor recreation, appointed by the fish and game commission.

(g) One person representing real estate interests, appointed by the New Hampshire Association of Realtors.

(h) One member of the New Hampshire Farm Bureau, appointed by the that organization.

(i) One person representing the forest products industry, appointed by the New Hampshire Timberland Owners Association.

Amend RSA 162-C:12, III(c) as inserted by section 1 of the bill by replacing it with the following:

(c) Solicit input from the public, non-profit organizations, the land and community heritage investment program, regional planning commissions, the university of New Hampshire cooperative extension service, businesses and other stakeholders, and from representatives of land conservation initiatives in other states.

SB 80, relative to the state trails plan and establishing a committee on rail trails. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Carolyn L. Matthews for Resources, Recreation and Development. A committee of one member of the senate and two members of the house of representatives will solicit testimony from several organizations, the bureau of trails, department of resources and economic development and department of transportation. An earlier study left questions unanswered about usage for railroad beds, immunity laws, inclusion of additional rail trails and policies that govern how rail trails are to be converted and how that process can be made easier for volunteer groups. The committee agrees that further study is needed and to allow the committee to solicit additional testimony and to include a representative from the freight railroad industry. Vote 19-0.

Amendment (1217h)

Amend paragraph III of section 2 of the bill by replacing it with the following:

III. Members of the committee shall solicit testimony from, but not limited to, the following:

(a) Londonderry Trailways.

(b) Windham Rail Trails.

(c) The Mascoma River Greenway Coalition.

(d) The New Hampshire Railroad Revitalization Association.

(e) The New Hampshire Horse Council.

(f) The New Hampshire Off Highway Vehicle Association (NHOHVA).

(g) The chief supervisor of the bureau of trails, department of resources and economic development, or designee.

(h) Representatives of the department of transportation.

(i) A representative from the freight railroad industry.

SB 168, relative to the duties of the commissioner of the department of environmental services. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Resources, Recreation and Development. This bill grants the DES commissioner, along with the fish & game director, authority to recommend leases of some areas of Great Bay, to be used for shellfish restoration. Oysters are extremely efficient in cleaning the water in estuaries such as Great Bay, but over the last 40 years, 90% of the previous stock was killed off by pollution, harvesting, and disease. The Nature Conservancy, and other environmental groups, want to spend a few million dollars to restore some of these oyster beds. They want to ensure that harvesters don't raid the beds before they are self-supporting and to do that, a long-term lease of the areas involved is appropriate. Current law does not establish who can recommend a lease for approval by governor and council, so SB 168 defines the authority to do so. No fees for the leases are authorized, because cleaning the water is in the state's interest. Vote 19-0.

SB 172, relative to the size limitations of off highway recreational vehicles. **OUGHT TO PASS.**

Rep. Chris Christensen for Resources, Recreation and Development. In New Hampshire off highway recreational vehicles (OHRV) are regulated by width and weight. Currently, there is a 62" limit on most state trails. In Jericho Mountain State Park, the limit is 65" which is common in the industry and in many other states. This bill standardizes the width limit at 65" for all state trails. It was noted that the wider, heavier vehicles do not cause more damage than smaller vehicles, and that they provide side by side seating. This enhances safety and gives access to disabled individuals who cannot ride straddle seat type OHRVs. Vote 17-2.

SB 173, establishing a committee to study the feasibility of a club assistance program for off highway recreational vehicles. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Resources, Recreation and Development. The club assistance program for snowmobiles provides a cost effective way for the enthusiasts and riders to build and maintain the trails, on a mostly volunteer basis. Some registration fees are used to provide materials and other grants to the clubs, and club members (93% of snowmobile riders) pay a reduced registration fee in recognition of their efforts. SB 173 creates a study committee to consider a similar program for OHRVs. There are only about 20 OHRV clubs in the state right now, and they are responsible for much of the trail maintenance. Creating a club assistance program on the snowmobile club model would provide a way for the users to contribute more effectively to trail creation and maintenance. Vote 17-0.

SB 117-FN-L, relative to energy security and diversity. **INEXPEDIENT TO LEGISLATE.**

Rep. Herbert R. Vadney for Science, Technology and Energy. After years of discussion we are in the final stages of completing divestiture whereby power distribution companies will be prohibited from owning and operating generation facilities. SB 117 would reverse that for solar power and make it much easier for power supply traders to own generation facilities, a position which flies in the face of divestiture. These companies which now simply arrange power purchases from actual power generators would, if SB 117 passes, begin buying, installing, and owning solar systems that would soon need repairs, spare parts, and general maintenance, and would require these independent "traders" to operate hardware infrastructure which they currently don't do. This is counter to the reasons divestiture has been pursued. Additionally, there seems to be little or no consideration of how large this could grow, how much it could impact electricity rates, or how that much distributed power could be integrated into the grid. This proposed bill would also investigate the costs and benefits of net-metered renewable resources, and authorize an option for local property tax exemptions for geothermal energy systems, both issues that would benefit by being stand-alone issues rather than being bundled with utility level solar power. From the fiscal note: Without details on the financial arrangements and generation quantity, the fiscal impact for state, county and local governments is indeterminate. The overall impact on state expenditures is indeterminable but the (PU) commission estimates consulting service costs will be $200,000. Vote 18-2.

SB 101, prohibiting the state from requiring implementation of common core standards. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Glenn Cordelli for the Majority of Education. Common core has been a divisive and confusing issue for local districts and in the state. This bill states clearly that the common core standards are not required to be implemented in any school district. Vote 11-9.

Rep. Barbara E. Shaw for the Minority of Education. No law in New Hampshire requires school districts to adopt the common core standards, nor has it been mandated by the department of education. Therefore, SB 101 is unnecessary. Common core meaningfully addresses the problem of low expectations in our schools and equalizes learning opportunity. The curriculum may have a different focus at some grade levels, but districts have found it aligns very well with NH career and college ready standards already in place. Much of common core is based on analysis and application of knowledge. This thinking process is a valuable tool for 21st century learning and beyond.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Shaw spoke against and yielded to questions.

Rep. Cordelli spoke in favor.

SB 195-FN, encouraging instruction in cursive handwriting and memorization of multiplication tables. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Josh Moore for the Majority of Education. This bill would simply encourage each school board to teach cursive handwriting and memorization of multiplication tables. It does not mandate that either be taught, so it will not take away local control. We believe that memorization is beneficial in early childhood. We also believe that cursive handwriting still has a place in our society and this skill will be needed by future generations, in order to read our founding documents, as well as many other purposes. Vote 15-6.
Rep. James Verschueren for the Minority of Education. The minority of the committee does not oppose teaching cursive nor memorization of the multiplication table. This bill is too muddled to be entered into statute. "Encouragement" is fuzzy statutory language. The bill also suggests that it is appropriate for the legislature to tread on the authority of local school boards to set curriculum. A house resolution would have been the more appropriate vehicle for encouraging school boards in this direction.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Verschueren spoke against and yielded to questions.
Rep. Cordelli spoke in favor and yielded to questions.
On a division vote, 186 members having voted in the affirmative and 155 in the negative, the majority committee report was adopted and ordered to third reading.

SB 48, relative to the New Hampshire commission on Native American affairs. **OUGHT TO PASS.**
Rep. Mark L. Proulx for Executive Departments and Administration. This is a house keeping bill that extends the New Hampshire commission on Native American affairs to the year 2020. The commission recognizes the historic and cultural contributions of Native Americans throughout the state, strengthens and promotes N.H. native peoples' heritage and represents Native American interests through state policy and programming. Vote 11-3.
Committee report adopted and ordered to third reading.

SB 125-FN, relative to certification and licensure for mold assessment or remediation services. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill requires persons who provide mold assessment or remediation services for residential dwellings for a fee to be certified by a nationally recognized accrediting body and licensed by the state. The majority of the ED&A committee agreed that mold constitutes a health problem for homeowners, that one's home is often his/her single largest asset, and that a homeowner should be able to rely on a basic level of competency from providers of mold assessment and remediation services. The amendment clarifies the language of the bill to ensure that providers offering assessment services are included in this category. Vote 11-3.

Amendment (1198h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that mold in a residential structure can constitute a significant health threat for the inhabitants. Homeowners who hire a professional to assess a mold problem or remediate such mold problem need assurance that the job will be done correctly. Failure to remediate a mold problem correctly not only is a waste of the homeowner's money but may also result in serious health issues if the mold is not removed correctly or at all. This consumer protection proposal gives homeowners a method to protect their health and the health of their families by assuring a level of competence in those they hire to assess or remediate a mold problem.

2 New Chapter; Mold Remediation. Amend RSA by inserting after chapter 310-B the following new chapter:

CHAPTER 310-C
MOLD ASSESSMENT OR REMEDIATION

310-C:1 Definitions. In this chapter:

I. "Administrator" means the administrator of the joint board established in RSA 310-A:1-a.

II. "Mold assessment" means:

(a) An inspection, investigation, or survey of a dwelling or other structure to provide information to the owner regarding presence, identification, or evaluation of mold;

(b) The development of a mold remediation specification or protocol; or

(c) The collection of a mold sample for analysis.

III. "Mold assessment license" means a license obtained from the administrator that permits an individual to assess mold problems in a residential setting for a fee.

IV. "Mold remediation" means the removal, cleaning, sanitizing, demolition, or treatment of mold or mold-contaminated matter, live or dead, in a specific location after a mold assessment.

V. "Mold remediation license" means a license obtained from the administrator that permits an individual to remediate mold problems in a residential setting for a fee.

VI. "Third party certification" means a certification approved by a national non-profit organization whose programs are accredited by ANSI (American National Standards Institute), CESB (Council of Engineering and Scientific Specialty Boards), NCCA (National Commission for Certifying Agencies), or any other accrediting body that operates in compliance with the ISO (International Organization for Standardization) standard for accrediting organizations. Certifications are credentials of industry knowledge granted to individuals by a certification body for a limited time. The individual shall not own the designation; the designation shall be owned by the certifying body. Certification holders shall meet certain requirements set by third party certification organizations in order to be recertified.

310-C:2 Mold Remediation Certification.

I. No person shall perform residential mold assessment or remediation services for remuneration unless that person possesses a valid national third party certification for mold assessment or mold remediation and a valid mold assessment or mold remediation license for the state of New Hampshire or such person is working under the direct supervision of a person possessing a valid national third party certification for mold remediation and a valid mold remediation license for the state of New Hampshire.

II. The administrator shall establish a license for persons engaging in mold assessment and a license for persons engaging in mold remediation. The administrator shall establish a fee for licensure in order to cover the cost of administering the licensing program.

III. All licenses shall expire on the last day of the month of the licensee's birth in the second year following the year of issuance. The administrator shall cause notification of the impending license expiration to be sent to each licensee at least one month prior to the expiration of the license. If the renewal fee is not submitted within 12 months after the expiration date, the licensee's name shall be removed from current status, and application for reinstatement shall be required to return to current status. The administrator shall charge a reinstatement fee consisting of 20 percent of the renewal fee.

IV. Any person who offers mold assessment or mold remediation services for a fee but does not comply with this chapter or rules adopted under this chapter shall be guilty of a violation and fined $150.

V. Any professional hired for remuneration by a homeowner, in which the primary work contracted for is neither mold assessment nor mold remediation, shall be exempt from this chapter.

VI. Any person holding a current New Hampshire pesticide applicator registration certificate under RSA 430:33 shall be exempt from the licensing requirements of this chapter.

310-C:3 Rulemaking. The administrator of the joint board shall adopt rules pursuant to RSA 541-A, relative to:

I. The application procedure for a license to practice under this chapter;

II. How a license to practice under this chapter shall be renewed or reinstated; and

III. The establishment of all fees required under this chapter.

3 New Paragraph; Administration of the Joint Board. Amend RSA 310-A:1-a by inserting after paragraph IV the following new paragraph:

V. The regulation and licensure for mold assessment and mold remediation services under RSA 310-C.

4 Effective Date. This act shall take effect January 1, 2016.

Rep. Sytek moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Executive Departments and Administration.

SB 142, proclaiming September 25 as Ataxia Awareness Day. **INEXPEDIENT TO LEGISLATE.** Rep. Peter T. Hansen for Executive Departments and Administration. The bipartisan majority of the committee felt that while public awareness for Ataxia is important and useful, the committee recognized that the governor in any and every term has the opportunity to declare Ataxia Awareness Day and therefore action by the legislature is not required to achieve the desired results. Vote 8-5. Committee report adopted.

SB 191-FN, relative to the use of the state's procurement card services. **OUGHT TO PASS.**
Rep. Mark L. Proulx for Executive Departments and Administration. This bill is a result of a successful pilot program begun 5 years ago for some executive department purchases. The bill would expand the program by allowing procurement cards to be used for major contract purchases for items such as salt, oil and gasoline. It would also extend the program to participation by the legislative and judicial branches as well as permitting municipalities and school districts to participate. This program replaces the antiquated field purchase order system which entails multi-form paperwork, delays and inefficient processing by many hands. Instead, procurement cards (with limits) would be used by state agencies and would allow for transactions to be monitored electronically. As a result, department heads could keep tabs on purchases in a day rather than the possibly weeks under the present paper system. The bill would also result in more timely payments to vendors. While the primary purpose of the bill is efficiency and better accountability, there are ancillary financial benefits. There are rebates associated with the use of procurement cards which subdivisions could share if their purchases are consolidated with those of state government. The bill provides for separate accountability and the state would not be responsible in any way for purchases made by participating subdivisions. Vote 11-3.
Committee report adopted and referred to the Committee on Finance.

SB 181, relative to registration fees for hunter education programs of the fish and game department. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Ivy C. Vann for the Majority of Fish and Game and Marine Resources. The bill allows the fish and game department to charge up to $10 for hunter education classes to reduce the high rate of no shows taking up spaces in over subscribed classes. Vote 9-2.
Rep. James A. Spillane for the Minority of Fish and Game and Marine Resources. This bill, although intended to cut down on no-show students, is actually charging a new fee for a program that is currently paid 100% by the federal government. This bill, with some work, could have accomplished the decrease in no-shows without charging a new fee for 100% paid-for program.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Carol McGuire offered floor amendment (1318h).

Floor Amendment (1318h)

Amend the bill by replacing section 1 with the following:

1 Registration Fees; Training Programs; Hunter Education Program; Credit. Amend RSA 214:23-b to read as follows:

214:23-b Program. The executive director, after consultation with the commission, is authorized to establish programs for training persons in the safe and responsible handling of any firearm and bow and arrow used for hunting and for this purpose may cooperate with any public or private association or organization having as one of its objectives the promotion of safety in firearm and bow and arrow handling. The executive director, after consultation with the commission, shall prescribe the type of instruction, qualifications of the instructors, and time and place of examination, the successful completion of which shall qualify a person for the appropriate certificate of completion. ***The executive director may establish a nonrefundable registration fee not to exceed $10 to be paid by applicants to the hunter education program. The amount of the fee shall be established in rules adopted by the executive director under RSA 541-A. Any person successfully completing the hunter education training program shall be given a credit in the amount of the registration fee paid toward the purchase of a hunting license.***

AMENDED ANALYSIS

This bill allows the fish and game department to establish a registration fee paid by applicants to a hunter education program, and gives the applicant a credit for such amount toward the purchase of a hunting license after successful completion of the program.

Rep. Spillane spoke in favor and yielded to questions.
Rep. Vann spoke against.
On a division vote, 183 members having voted in the affirmative and 162 in the negative, floor amendment (1318h) was adopted.

MOTION TO LAY ON THE TABLE

Rep. Kidder moved that **SB 181,** relative to registration fees for hunter education programs of the fish and game department, be laid on the table.
Rep. Flanagan requested a roll call; sufficiently seconded.

and the motion was adopted.

SB 149, relative to nonpublic sessions under the right-to-know law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Michael J. Sylvia for the Majority of Judiciary. This bill sought to add a section to the right-to-know law related to nonpublic sessions which would allow school board discussions of entering into a student or pupil tuition contract. The majority of the committee felt that the addition of a full section solely for this narrow purpose was unnecessary. We believe that the school board contract discussions are currently covered by RSA 91-A: 3 II d.) "Consideration of the acquisition, sale, or lease of real or personal property which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general community." Vote 13-4.

Rep. Timothy O. Horrigan for the Minority of Judiciary. School districts are frequently required to enter into tuition contracts with other districts. This happens primarily when a district lacks its own high school. This bill, if passed, would allow school boards to meet in nonpublic session while negotiating tuition contracts which would allow them to make better deals.

MOTION TO LAY ON THE TABLE

Rep. Horrigan moved that **SB 149,** relative to nonpublic sessions under the right-to-know law, be laid on the table.

On a division vote, 125 members having voted in the affirmative and 217 in the negative, the motion failed.

The question now being adoption of the majority committee report of Inexpedient to Legislate.

Majority committee report adopted.

SB 47, repealing the payment of subminimum wages to persons with disabilities. **OUGHT TO PASS.**

Rep. Tammy A. Simmons for Labor, Industrial and Rehabilitative Services. This bill as amended eliminates an anachronistic policy that dates back to the 1930s and 1940s. No employers or agencies in NH currently pay sub-minimum wages to disabled employees. This bill does not impact the ability to pay sub-minimum wages in a family business under 279:26a or for training purposes under 279:22-aa. The committee unanimously recognized that disabled people deserve the same dignity and employment opportunities within the same guidelines as everyone else. Vote 16-0.

Reps. Ley and Infantine spoke in favor.

Committee report adopted and ordered to third reading.

SB 60, establishing a commission to investigate implementation of decoupling for New Hampshire utilities. **OUGHT TO PASS WITH AMENDMENT.**
Rep. William S. Baber for Science, Technology and Energy. Many states have changed how electric utilities are compensated by moving from a model where distribution service rates are based on the amount of power consumed to a model where rates are decoupled from consumption. This model has support from both ratepayers and utilities as it allows greater flexibility in the services utilities can offer. Currently utilities are disincentivized from offering services that conserve energy as doing so would reduce their revenue. Decoupling could remove this disincentive. The majority finds value in creating a commission to study decoupling so that any forthcoming model best meets the needs of New Hampshire, our ratepayers, and utilities. Vote 13-8.

Amendment (1259h)

Amend RSA 374-F:4-a, II as inserted by section 1 of the bill by deleting subparagraph (l).
Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
On a division vote, 218 members having voted in the affirmative and 125 in the negative, the committee report was adopted and ordered to third reading.

SB 74, establishing a committee to study reducing the cost of county government. **INEXPEDIENT TO LEGISLATE.**
Rep. David A. Bickford for Municipal and County Government. The majority of the committee felt the duties spelled out in the bill could just as well be accomplished by the association of counties. One member of the association testified that he has been involved in about 16 similar studies in the past. Since no two counties are alike and don't want to be, a general study would accomplish little that would apply to all ten. Vote 11-4.
Committee report adopted.

SB 16, relative to the requirement for observers of water skiers. **OUGHT TO PASS.**
Rep. James W. McConnell for Resources, Recreation and Development. This bill provides that a wide-angle mirror may, under certain circumstances, replace the observer currently required in motorboats towing water skiers in a slalom course. Both the boat and the course must meet specific required criteria, so this does not apply to casual recreational skiers, tow boats or off course skiing. The committee found that the wide-angle mirror has successfully replaced tow boat observers elsewhere and, by eliminating the requirement that a third person be present in the tow boat, will increase the opportunities for competitive water skiers to practice their sport. Vote 14-5.
Committee report adopted and ordered to third reading.

SB 46, relative to public safety radio interoperability. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill replaces the word "telecommunications" with "telephony" to distinguish between radio transmission and telephone-style communication of digital voice and data. It further directs the department of safety to establish a Statewide Interoperability Executive Committee (SEIC) to develop statewide radio communications interoperability standards. These standards will allow police, fire, and other emergency services to communicate efficiently even when they come from different jurisdictions. This capability exists only sporadically today, but is needed as demonstrated by numerous specific examples cited in public testimony and by individual experiences related by committee members. The SEIC will also provide guidelines for the training of dispatchers and dispatch center supervisors, and will recommend technologies, operating procedures, network consolidation, and other resources that will enhance communications interoperability in New Hampshire. This bill was requested by the department of safety. Vote 13-8.
Rep. Douglas W. Thomas for the Minority of Science, Technology and Energy. This bill would formalize by statute a massive 45 member subcommittee to oversee statewide radio interoperability between members, appointed by the governor, of the Advisory Council on Emergency Preparedness and Security (ACEPS). Although members have been meeting informally, no standards have been developed. The minority agrees that statewide radio interoperability is critically important for communications between ACEPS groups and that there should be a focal point to determine what

standards are needed, but creating a statute for such a large group would be counter-productive. It is the minority's opinion that a significantly smaller group, representing all the state agencies, would be more efficient and reactive to the needs of the state.

The question being adoption of the majority committee report of Ought to Pass.
On a division vote, 214 members having voted in the affirmative and 124 in the negative, the majority committee report was adopted and referred to the Committee on Executive Departments and Administration.

SB 208, establishing a committee to study limiting the sulfur content of liquid fuels. **OUGHT TO PASS.** Rep. Douglas W. Thomas for Science, Technology and Energy. This bill seeks to study the effects on ultra-low sulfur content heating oil. Currently, No. 2 fuel heating oil used in New Hampshire contains 1200-2000 ppm sulfur. Sulfur contributes to equipment corrosion and is a pollutant. Ultra-low sulfur heating oil lowers the sulfur content to 15 ppm. It is currently required in most northeast states and five New England states by 2018. Testimony revealed that the use of ultra-low sulfur heating oil would reduce cleaning oil furnaces from every year to every two years and will not require modifications. By 2018 the cost per gallon of ultra-low sulfur heating oil should be very close to current heating oil prices and would be offset by the savings in reduced furnace cleanings. The study will provide time to investigate further and see how prices are affected. Vote 17-4.
Committee report adopted and ordered to third reading.

SB 22, relative to certain changes in the law governing the therapeutic use of cannabis. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Frank Kotowski for Health, Human Services and Elderly Affairs. This bill clarifies procedures in the law governing therapeutic use of cannabis. The original bill passed by the prior legislature established rules and conditions for issuing identification cards. This bill amends present law so that the department of health and human services will use the photograph submitted with the initial application for up to five years for the purpose of issuing renewal, or replacement registry identification cards after which the applicant shall submit a new photograph. Vote 17-1.

Amendment (1251h)

Amend RSA 126-X:4, I(c) as inserted by section 2 of the bill by replacing it with the following:

(c) A recent passport-sized photograph of the applicant's face. ***The department may use the photograph submitted with the initial application for up to 5 years for the purpose of issuing renewal or replacement registry identification cards, after which the applicant shall submit a new photograph.***

Amend RSA 126-X:4, II(b) as inserted by section 3 of the bill by replacing it with the following:

(b) A recent passport-sized photograph of the applicant's face. ***The department may use the photograph submitted with the initial application for up to 5 years for the purpose of issuing renewal or replacement registry identification cards, after which the applicant shall submit a new photograph.***

Amend RSA 126-X:5, I(b) as inserted by section 6 of the bill by replacing it with the following:

(b) The actor is a designated caregiver who has been issued a valid registry identification card, was in possession of [a] cannabis in a quantity and location permitted pursuant to this chapter, and was engaged in the therapeutic use of cannabis on behalf of a qualifying patient ***; or***
Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Kotowski spoke to a committee report correction.
Committee report adopted and ordered to third reading.

UNANIMOUS CONSENT

Rep. Hess requested Unanimous Consent of the House regarding President Lincoln and addressed the House.

Rep. Cooney requested Unanimous Consent of the House regarding Holocaust Remembrance Day and addressed the House.

MOTION TO PRINT REMARKS

Rep. Packard moved that the remarks made by Reps. Hess and Cooney be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Hess: Thank you very much, Mister Speaker. If you, like me, get bored on occasion with what happens down here in the well, and you look on the wall behind me, you will see 5 portraits. One of them is unique. Four of the gentlemen on this wall apparently needed support because either their right or their left hand rested on a table or some other piece of furniture. Only one, Abraham Lincoln, is shown standing alone. Not only standing without any support, but with his hand outstretched in a symbol of sacrifice or forgiveness, if you will. One hundred and fifty years ago last night at 10:15, John Wilkes Booth raised his single-shot Derringer and shot Abraham Lincoln in the back of the head. He was attended to by 3 doctors and 4 uniformed Union soldiers carried him down the stairs from his box seat across 10th Street and into a very modest row house across the street. I'd like to read the description of where he was taken by Shelby Foote, the noted historian. "The room was mean and dingy, barely 15 feet by 9 feet by length and width with a threadbare rug and oatmeal colored paper on the walls. The bed itself was too short for the long form which was placed diagonally on the corn shuck mattress. Lincoln's booted feet protruded well beyond the footboard. His head propped on extra pillows so that his bearded chin was on his chest as it had been when he was first shot." Now began a painful drawn out vigil. A death watch, if you will. In seven score and ten years ago at 7:22 this morning, Lincoln died. Thank you.

REMARKS

Rep. Cooney: Thank you, Mister Speaker. This year marks the 70th anniversary of the end of World War II and the liberation of the Nazi concentration camps. Tomorrow is the Jewish Holocaust Remembrance Day. Besides being a day to pay tribute to survivors and remembering the Holocaust, it is a day for all to reject all forms of intolerance and bigotry. This seemed to be the right time to speak about a death camp survivor I came to know through Plymouth Regional High School. Paul and Judy Floyd, teachers at PRHS, were vacationing in New Brunswick, Canada and made the chance acquaintance of Phil and Dorothy Riteman during a traffic stop. They noticed the number 98706 tattooed on Phil's arm. This initial chance meeting led to a long relationship between Phil and our high school students. With the support and commitment of our principal, Bruce Parsons, Phil has come down to New Hampshire every 4 years to educate all the students who have passed through our doors since 2000 with his firsthand account of the Nazi horrors. Phil's recent talk last Fall at the age of 90 may be his last so I was glad I was able to attend. Our former Speaker may remember meeting him back in 2002 when former Representative Deb Naro and I showed Phil and Dorothy around the State House and introduced him to Speaker Gene Chandler. Phil Riteman was born to a Jewish family in Shershev, Poland in 1924. His normal life was shattered in 1939 when Germany invaded Poland. The family was forced with all the others to march to Pruzhany to live in a ghetto. In 1941, his family along with 10,000 others were loaded into cattle cars and taken to the Auschwitz-Birkenau concentration camp. They were crammed together 100 in a box car with no food, water, or bathrooms for 7 days. No one could even sit down. Some died in those cars. Anyone who resisted, including crying children, were killed. Phil was only 16 at the time. Another prisoner, who was helping to organize the prisoners at the camp, advised him to say he was 18 and had a skill as a locksmith so he would be put to work rather than go with the women and children. He did not want to be separated from his family but he did as he was advised. This decision saved his life. The rest of those brought to the camps that day, the women, the children, the elderly and infirm, including Phil's parents, grandparents, five brothers, two sisters, nine aunts and uncles and cousins were sent to the gas chambers. The camp prisoners lived in lice infested barracks, each using his one bowl to eat from and sometimes to urinate in. Everyone guarded their bowl with their

life. If you lost your bowl, you lost your life. The thin broth made with leaves, insects, frogs and rats was all they had to eat along with one piece of sawdust filled bread. If you weren't up at 5:00 am you were shot. If you didn't do what they asked, no matter what it was, you were shot. If you were too weak to do the job, you were shot. One freezing night in February, the German soldiers marched 2,000 of them out of their barracks, naked except for their wooden shoes, in the snow with the temperature below zero to weed out the weak. Those that fell down were shot. There were many times such as this that Phil could hardly believe he didn't die. For the next 4 years Phil was shuttled between Auschwitz, Dachau, Landsberg and 2 other camps, working at whatever jobs he was told to do, sometimes transporting the dead to crematoriums and burying bodies in mass graves and sometimes working in the mud building roads. An estimated 20,000 died every day. One summer, Phil was given the job of taking care of the farm horses and working in the fields. He didn't starve then because he was able to eat the horses' grain when no one was looking. His best friend from home, Cola, a Christian Baptist, turned up unexpectedly in Auschwitz-Birkeneau. He begged for the story. Cola's whole family was killed when the Germans came to confiscate their cattle. His father was shot, his sisters were raped and shot, his mother burned, and his brother was also shot. He was captured and sent to the camps. Phil was able to get him to work at the farms. One day the Germans held him back for some reason. Cola was fair skinned and freckled. The guards made fun of him. They stripped him of his clothes, put him in the water trough for the horses and tried to scrape off his freckles with wire brushes. Phil heard his screams as he bled to death. He felt horribly responsible since he had brought Cola into the farm to work. Phil survived all the horrors he witnessed by making his mind a blank, just doing his job without thinking, day after day, year after year. One day they were marched up into the Tyrolean mountains to act as shields for the German soldiers so they wouldn't get bombed. They did this for about a month with no food or water. Sometimes they could break off an icicle to suck on, thousands died. Many bodies were tossed to the side of the road. Phil and the others saw the bomber planes and wished they would bomb them to put them out of their misery. One night they heard nothing; it was strangely quiet. On May 2, 1945 when daylight broke, the German soldiers were gone. Phil and his fellow prisoners saw tiny specks crossing the river below in the valley. The specks turned out to be the American soldiers coming toward them. As they got closer they heard them yelling "You're free, you're free!" One of the soldiers was a Jewish boy from Chicago who translated the message to him in Yiddish. At this time Phil weighed 75 pounds. They all looked like walking skeletons. Some of the American soldiers cried at the sight of the emaciated survivors. Phil thanks our armed forces over and over for saving his life and that of thousands of others. While living in a Red Cross refugee camp in Munich, Phil was contacted by relatives he never had met who lived in Newfoundland, Canada and New York. He did not believe the letters were real. Names of the survivors had been published in newspapers around the world. Both Canada and the United States refused to accept Phil as a refugee. When William Joseph Browne, the Magistrate Judge in Newfoundland, was asked if Phil could come, he said, "By all means, right away." Newfoundland was an independent country at that time and welcomed him. Phil's faith in the goodness in human nature was restored in that small island nation. He tells countless stories of kindness and compassion as he established himself there. As you might remember, the people of Gander, Newfoundland, hosted thousands of stranded airline travelers after 9-11. They are truly a wonderful community of people. When Phil first talked about his experiences, his aunt thought that he was mentally ill; the stories were so unbelievable. So for 40 years Phil never talked about what he saw. Then friends started asking him to speak the truth when they heard that some people were saying the Holocaust never happened. It was difficult for Phil to express out loud the nightmares he had been living with all those years. Phil came to believe it is his special mission to talk to young people about this scar on human history so they will know what really happened from someone who was there. Often, students will ask him if any one of the Germans in charge showed any kindness. We like to believe that a tiny sliver of compassion exists in any situation, but Phil said no, he never saw any instance of kindness, but rather the opposite was true. They took pleasure in their sadistic cruelty. Beatings and random murders were a daily occurrence. Students ask if he still believes in God: He replies, "I believe in love and humanity." Tears run down his face when he remembers the horrors he saw, but Phil remains dedicated to his mission. He begins speaking to the students by saying: "When I was your age, I lived in a concentration camp. I never had an education." His audience is always spellbound. His message to all is, "Think for yourself, don't be brainwashed quickly, do not hate anyone, above all, stand up against

evil. Go out and do good things, respect people and they will respect you. Love is better than hate." In 2010, Phil, with the help of a writer, Mireille Baulu-MacWillie, has been able to record his story in a book called Millions of Souls. In it, Phil speaks for the 11 million souls of those who did not survive the Holocaust. Included in the book are many pictures, among them is a picture of the New Hampshire State House Declaration signed by Speaker Gene Chandler honoring "Mr. Philip Riteman for his exemplary and dedicated service in educating the public about the Holocaust." Thank you.

HOUSE JOURNAL No. 14

Wednesday, April 29, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

Creator God, we marvel at the intricacy of the world around us; we see the miracle of pattern and symmetry, structure and form, light and color; and we are humbled and amazed. Then we look at the work we are called to do and we see that we are all designers, architects and builders; we are all artists, composers, and co-creators of a world and a people entrusted to our care. Help us believe in the power of Your creative spirit; inspire us to rethink what is failing, to restore what is broken, and to recognize, without regret, what has run its course. We give You thanks for trusting us to honor Your artistry with our own. Help us to see clearly, to work confidently, and to take pride in what we do. And, may our contributions to this world be a valued gift to the generations that follow us and learn from us.

Representative Judith Spang, member from Durham, led the Pledge of Allegiance.

AMENDED ANALYSIS

This bill repeals the interagency coordinating council for women offenders and adds the warden of the New Hampshire correctional facility for women to the membership of the interbranch criminal and juvenile justice council.

SB 72, relative to confidentiality of police personnel files and establishing a commission to study the use of police personnel files as they relate to the Laurie List. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Len DiSesa for Criminal Justice and Public Safety. A brief background would be helpful in understanding the need to establish a "Laurie" commission. In the U.S. Supreme Court case, Brady v. Maryland, 373 U.S. 83 (1963), the Constitution requires that all evidence material either to guilt or to punishment must be disclosed to criminal defendants. In State v. Laurie, 139 N.H. 325 (1995), the New Hampshire Supreme Court followed that principle, holding that all defendants have a right to receive evidence that could impeach a police officer by "reflect[ing] negatively on [the officer's] character and credibility." Hence, the "Laurie List" was established for police officers who in the course of their work, were found to be less than truthful in either their court testimony, their report writing and evidence handling, or their statements in an internal investigation involving their conduct. In State v. Laurie, the New Hampshire Supreme Court overturned a murder conviction when the prosecutor failed to disclose information contained in a detective's personnel file, a violation of the defendant's due process. Personnel files are confidential by statute, and a prosecutor cannot conduct a search of those files for officers placed on the "Laurie List" by the chief of police of their respective departments, relying on the police department to identify potential Laurie issues in an officer's file and then notify prosecution. The prosecutor then files a motion under seal advising the court of the material's existence and requesting the court for an in camera review by a judge to determine whether disclosure of any portion of the file is exculpatory and would be required to be given to the defense attorney. Every police department sets up its own list and has policies that deal with this issue. Oftentimes, officers are denied due process because they may not even be aware that they are on the "Laurie List." At present, there is no mechanism for an officer to challenge being placed on the list. SB 72 would establish a commission whose representative members would be from all aspects of the criminal justice system: judicial, legislative, the attorney general, county attorney, public defender, police chiefs, and victim/witness advocate. The commission's charge would be to find out how other states have dealt with this issue, and evaluate after review, other approaches to this issue to see about establishing a uniform policy for all departments across the state. It would report its findings to the president of the senate, the speaker of the house, the senate and house clerks, the governor, and the state library on or before November 1, 2015. Vote 11-0.

Amendment (1336h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study the use of police personnel files as they relate to the Laurie List.

Amend the bill by replacing all after the enacting clause with the following:

(14) A victim/witness advocate, appointed by the director of the office of victim/witness assistance.

(b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission shall study the use of police personnel files as they relate to the Laurie List. The commission shall study any other issue that the commission deems relevant to its objective. The commission may solicit the advice or testimony of any organization or individual with information or expertise relevant to its study.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Eight members of the commission shall constitute a quorum.

V. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2015.

3 Effective Date.

I. Section 2 of this act shall take effect November 1, 2015.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

The bill establishes a commission to study the use of police personnel files as they relate to the Laurie List.

SB 92, establishing a committee to study public access to political campaign information. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Duane R. Brown for Election Law. This bill as amended establishes a committee to study public access to political campaign information. This bill as amended is identical to HB 304 that was previously passed by the house. The committee shall study the merits and viability of an online campaign finance reporting system and a clearinghouse of information for voters to access with input from the secretary of state and the attorney general. Vote 18-0.

Amendment (1298h)

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall study public access to political campaign information. The committee shall evaluate the merits and viability of having the state establish or endorse:

(a) A system of online campaign finance reporting.

(b) An online clearinghouse of information for voters, including voter registration and polling place information and information filed by candidates and political committees.

II. The committee shall solicit input from the secretary of state and the attorney general.

SB 251, relative to regulations for commercial composters. **OUGHT TO PASS.**

Rep. John T. O'Connor for Environment and Agriculture. This bill allows for DES to simplify administrative rules to incorporate the use of vegetable matter, dairy and meat products in NH composting facilities and will bring our composters in line with all the surrounding states. DES in conjunction with the UNH research center has demonstrated that developing newer technology has brought "trash to treasure" using best available management practices. Vote 17-0.

SB 5, relative to transfers into the revenue stabilization reserve account. **INEXPEDIENT TO LEGISLATE.**

Rep. Dan McGuire for Finance. This bill concerns the movement of surplus funds at the end of a biennium to the revenue stabilization reserve account, otherwise known as the rainy day fund. It adds the word "automatically" to the phrase "shall be transferred," and asserts that a two-thirds vote of the legislature be necessary to prevent this transfer. Though the bill is well-intentioned, it is unworkable. The two-thirds requirement can easily be overridden with a simple majority vote on legislation that repeals the provision, has the word "notwithstanding" or suspends the provision for a biennium. To actually constrain the legislature, a constitutional amendment is required. Since a bill cannot be amended into a constitutional amendment, we find SB 5 Inexpedient to Legislate. Vote 21-0.

SB 90, relative to the judicial branch budget. **OUGHT TO PASS.**

Rep. Lynne M. Ober for Finance. This bill changes RSA 9:4-a to match the current budgetary methods used by the judicial branch. This RSA has not been changed since the superior court became part of the judicial branch instead of part of county government. The judicial branch requested that the RSA be changed to reflect current budgetary methods. The supreme court in consultation with the judicial branch administrative council, appointed pursuant to supreme court rule 54, will prepare the judicial branch budget for review and processing by the legislature according to the same time schedule for budgetary review and analysis required of executive agencies. The judicial branch budget will be prepared upon forms and according to procedures prescribed by the commissioner of administrative services. There is no fiscal impact. Vote 23-0.

SB 258-FN, changing the timing of determination of weighted case units for the purpose of calculating the judicial branch budget request and judicial salaries. **OUGHT TO PASS.**

Rep. J. Tracy Emerick for Finance. This bill changes the date from October to July when the court's administrative office will prepare the number of weighted case units for the following calendar year for both the district courts (amend RSA 491-A:3) and judicial branch (amend RSA 490-F:11) This will assist the court in preparing schedules. There is no fiscal impact. Vote 23-0.

SB 19, relative to the payment of restitution among and between co-defendants. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Hopper for Judiciary. This bill deals with restitution between defendants: Your home is robbed and three people are found guilty of the crime. They are then required to pay you restitution of $9,000. Under current law the department of corrections would chase all three down until you are paid in full by one or more of the defendants. If this bill passes, the corrections department would continue to chase each defendant down until each had paid his or her $3,000 share and pay back any defendants who over paid. Although this would be more fair, it would also put an undue burden on the department of corrections which could last for many years. This is why a majority of our committee found SB 19 Inexpedient to Legislate. Vote 16-1.

SB 167, relative to filing of small claims. **INEXPEDIENT TO LEGISLATE.**
Rep. David Woodbury for Judiciary. This bill intends to resolve a conflict and confusion between RSA 503:3-a which allows filing a small claims in the court of either the plaintiff or defendant and RSA 503:3-b which can be read to favor venue in the defendant's court. However, in fact there has been no important confusion or dysfunctionality since 1965. The need for this measure was not apparent since filing can and has taken place in both plaintiffs' and defendants' courts, which is in line with usual practice in other courts in this state. Vote 17-0.

SB 186, reestablishing the commission to study soft tissue injuries under workers' compensation and to study the feasibility of developing a first responder's critical injury fund. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Tammy A. Simmons for Labor, Industrial and Rehabilitative Services. This bill re-establishes a study commission to make recommendations regarding workers' compensation coverage of soft tissue injuries which are currently not covered. The committee realizes that when the law was drafted, the possibility of such injuries may not have been considered. The committee amendment leaves in place the current sunsetting date of 7/1/16. The study commission must report by 11/1/15 – allowing sufficient time to submit legislation for consideration before the sunset date. Vote 13-1.

Amendment (1382h)
Amend the bill by deleting sections 4-5 and renumbering the original section 6 to read as 4.

AMENDED ANALYSIS
This bill reestablishes the commission to study soft tissue injuries for purposes of workers' compensation and to study the feasibility of developing a first responder's critical injury fund.
Referred to the Committee on Finance.

SB 141, relative to powers of the zoning board of adjustment. **INEXPEDIENT TO LEGISLATE.**
Rep. Jane E. Beaulieu for Municipal and County Government. The committee believes that the zoning boards of adjustments need at least 3 members present to vote to override any established municipal ordinance. The NH planners association was not in favor of the bill. Municipalities have the ability to add alternates to their zoning boards and the governing body can remove any member due to negligence of their duty. Vote 16-0.

SB 170, requiring the public utilities commission to ensure ratepayer protections with electric power suppliers and extending the time for the site evaluation committee to adopt certain rules. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Robert A. Backus for Science, Technology and Energy. As amended this bill will require the public utilities commission (PUC) to redesign its website to afford electric power residential customers and small commercial customers with needed and appropriate comparative price and other relevant information for their use in choosing an electric supply company. It also provides a remedy through the PUC for customers who can demonstrate that they have been subject to unfair trade practices by their provider and to obtain redress, e.g. restitution. It also allows the PUC to fine or take other appropriate action against a supplier found to have engaged in such practices. Finally, the bill provides a modest extension of time (from July 1 to November 1, 2015) for the site evaluation committee to finalize new rules implementing RSA 162-H: 16, as adopted in the last session. Vote 13-2.

Amendment (1286h)
Amend RSA 374-F:4-a, I as inserted by section 1 of the bill by replacing it with the following:
I. Within 60 days of the effective date of this section, the commission shall initiate a proceeding to develop rules to allow residential and small commercial customers to choose how they receive communication from competitive electric suppliers and to implement the provisions of this section.
Amend RSA 374-F:7, III as inserted by section 2 of the bill by replacing it with the following:
III. The commission may assess fines against, revoke the registration of, order the rescission of contracts with residential customers of, order restitution to the residential customers of, and prohibit from doing business in the state any competitive electricity supplier, including any aggregator or broker, which is found to have:
(a) Engaged in any unfair or deceptive acts or practices in the marketing, sale, or solicitation of electricity supply or related services;

(b) Violated the requirements of this section or any other provision of this title applicable to competitive electricity suppliers; or

(c) Violated any rule adopted by the commission pursuant to paragraph V and RSA 374-F:4-a.

SB 78, relative to original and youth operators' licenses. **OUGHT TO PASS.**
Rep. Larry G. Gagne for Transportation. This bill was requested by the department of safety to correct an oversight when the DWI statutes were consolidated into a single chapter in 2006. During the process, a reference to the old DWI statutes, RSA 265:80, 82, and 82-a were never removed and replaced with the new statute, RSA 265-A. Vote 14-0.

SB 160, relative to duplicate vessel registration certificates. **OUGHT TO PASS.**
Rep. Michael B. O'Brien for Transportation. Current practice at the DMV allows boat owners to obtain a duplicate vessel registration for a $15 fee. Upon the recommendation of JLCAR, the DMV would like to see this current practice put into statute, which this bill would do. Vote 14-0.
Referred to the Committee on Ways and Means.

SB 171, establishing a committee to study issues concerning parking for those with walking disabilities. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Werner D. Horn for Transportation. This bill establishes a committee to study issues concerning parking for those with walking disabilities. New issues regarding van accessible parking need to factor into future parking allocation formulas. The committee amendment adds one member of the house transportation committee to the members of the study committee. Vote 14-0.

Amendment (1276h)

Amend the bill by replacing section 2 with the following:

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives, 2 of whom shall be from the health, human services and elderly affairs committee, one of whom shall be from the transportation committee, and one of whom shall be from the municipal and county government committee.

(b) One senator appointed by the president of the senate.

SB 231, relative to the month of inspection for municipal fleets. **OUGHT TO PASS.**
Rep. Larry G. Gagne for Transportation. In order to set a new schedule for municipal fleet inspections, the director of the department of motor vehicles is authorized, one time, to require municipal fleet vehicles to be inspected in the new month (September) regardless of the month of the previous inspection. This bill was a request of the department of safety. Vote 13-0.

SB 134-FN, relative to the escheat of United States savings bonds. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Joseph R. Lachance for Ways and Means. This bill specifies the conditions under which unclaimed US Savings Bonds escheat to the State of New Hampshire are presumed to be abandoned and unclaimed if: A) last known address of the owner of the US Savings Bond is in New Hampshire; and B) the US Savings bond remains unclaimed and unredeemed for 5 years after maturity. Any person making a claim for the US Savings Bonds which have escheated to the State of New Hampshire may make a claim to the state. After sufficient proof of the validity of such persons claim, the administrator may pay such claim less any expenses and costs, not to exceed 10% of the bonds proceeds, which shall have been incurred by the state in securing full title and ownership of such property by escheat. House ways & means unanimously passed this bill in a bipartisan manner. Vote 19-0.

Amendment (1238h)

Amend RSA 471-C:44, IX as inserted by section 1 of the bill by replacing it with the following:

IX. Any person making a claim for the United States savings bonds which have escheated to the state of New Hampshire under this section, or for the proceeds from such bonds which have escheated to the state of New Hampshire, may file a claim with the administrator. Upon providing sufficient proof of the validity of such person's claim, the administrator may pay such claim less any expenses and costs, not to exceed 10 percent of the bond's proceeds, which shall have been incurred by the state in securing full title and ownership of such property by escheat. If payment has been made to any claimant, no action thereafter shall be maintained by any other claimant against the state or any officer thereof, for or on account of such funds.

SB 192-FN, permitting the department of revenue administration to conduct employee candidate background checks and establishing the position of tax policy analyst within the department. **OUGHT TO PASS.**

Rep. Gary S. Azarian for Ways and Means. This is a housekeeping bill requested by the department of revenue administration. The bill cleans up terms of employment on a field audit team leader, permits a federal background check on new employees, properly classifies the position of tax policy analyst, and adjusts a salary letter grade to properly reflect a director position. Vote 19-0.

Referred to the Committee on Finance.

REGULAR CALENDAR

SB 116-FN, repealing the license requirement for carrying a concealed pistol or revolver. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for the Majority of Criminal Justice and Public Safety. As amended, the bill extends the license renewal period from 4 to 5 years, saving time for both citizens and police departments. The bill codifies in NH statute precisely what criteria should be used by police departments when issuing a license. The bill makes the license to carry concealed optional for those who are currently able to carry openly without a license. Lastly, the bill clarifies the process on how NH develops reciprocal agreements with other states regarding carry licenses. All of the changes in the bill are in compliance with Part 1, Art. 2-a, of the N.H. constitution, protecting a person's right to keep and bear arms, while also recognizing law enforcement's requests to prohibit certain persons from obtaining a license. The committee heard significant testimony about the current abuses within the existing licensing system. The committee also heard testimony that the statute was originally enacted as a racial profiling statute in the early 1900s. There was also a recent NH Supreme Court case involving Mark Doyon vs. Hooksett Police Department which altered the standards which were being used by police departments to grant licenses. Current NH statute requires that upon application, the police" shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state and that the applicant is a suitable person to be licensed." The issue at hand was there was no definition in statute for the term "suitable." This ambiguity had been addressed for over a decade by the backside of the application form which read: "Applicants not prohibited under federal or NH law from possession of a firearm shall be deemed suitable persons and the license shall be issued unless the applicant is so prohibited from possessing a firearm. The burden is on the licensing entity to prove by clear and convincing proof that the applicant is so prohibited from possessing a firearm." The bill updates the language in current statutes to the following clear definition for use by police departments when issuing a license: "Unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm." The majority of the committee felt that the language changes in the amendment balanced the need for public safety while protecting the rights of citizens. Vote 10-6.

Rep. Len DiSesa for the Minority of Criminal Justice and Public Safety. Article 3 of the New Hampshire Constitution states in part: "Society, its Organization and Purposes. When men [and women] enter into a state of society, they surrender up some of their natural rights to that society, in order to ensure the protection of others." No one's rights are absolute. One's rights under the Bill of Rights ends when it tramples on the rights of another. One cannot yell "fire!" in a crowded theater when no such emergency exists. One cannot use insulting language toward another that would reasonably be construed to be "fighting words." One cannot just assemble a meeting in a public place without first acquiring a permit to do so. And constituents cannot vote unless they either produce a valid photo identification or, if that is not available, swear to an affidavit attesting to their identity. These are all limited intrusions on our rights that lead to the greater good. The application for a license to carry a concealed firearm is one such limited intrusion. SB 116-FN would remove a police department's ability to perform a cursory background check before issuing a concealed carry permit. This bill if enacted will do nothing to increase the safety of the public in general or more specifically police officers. The New Hampshire Association of Chiefs of Police is against this legislation, and with good reason. Applying for a concealed carry permit once every four years at a cost of $10 is a limited intrusion on one's Second Amendment rights to bear arms. It is reasonable, it is practical, and it is effective. The argument that is most often used in eliminating this application process is that if criminals want to carry a concealed firearm, they will. While that is true, it has no relevance to this issue. People will drive drunk. They will break into homes to burglarize them. They will sell illegal drugs. But we have deterrents in place, laws, that invoke a penalty when people act in

a way that harms society. We do not make it easy for them to do that. The application process is but a small hurdle for a person to jump over, and it has been in place for decades. Why eliminate it now? The larger question here comes down to one's philosophy on what makes society safer. Proponents of SB 116-FN would argue that if everyone carried a concealed firearm, we would all be safer, and people would act in a more civilized manner. But firearms are extremely dangerous and can easily be mishandled especially if the person carrying one is untrained in their use, or if the person is impaired in any way. Once a round is fired, it cannot be taken back. This is not a Second Amendment issue. It is a safety issue, and repealing this law flies in the face of common sense. The minority of the criminal justice committee strongly recommends that this bill be rejected as Ought to Pass with amendment so that a motion may be made for Inexpedient to Legislate.

Majority Amendment (1322h)

Amend RSA 159:6, I(a) as inserted by section 1 of the bill by replacing it with the following:

(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than [~~4~~] ***5*** years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose, [~~and that the applicant is a suitable person to be licensed~~]***, unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm***. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Reps. Burt and Notter spoke in favor.

Rep. Hirsch spoke against.

Rep. Hoell requested a roll call; sufficiently seconded.

SB 236-FN, relative to alcohol ignition interlock requirements. **OUGHT TO PASS.**
Rep. Arthur E. Barnes for Criminal Justice and Public Safety. This bill will allow inspection of vehicles equipped with ignition interlock devices, to determine that the interlock has not been subject to tampering or circumvention. Vote 16-1.
Committee report adopted and ordered to third reading.

SB 190-FN, relative to payment of costs for career and technical education center programs and administration by the department of education. **OUGHT TO PASS WITH AMENDMENT.**
Rep. John L. Balcom for Education. This bill modifies, updates language and clarifies tuition for career and technical education center (CTE) programs and the administration of CTE programs by the department of education. Amending language deletes reference to common calendars among sending school districts and the CTE center as this difficult coordination issue can be addressed through discussion and recommendation made by the proposed advisory council. Vote 19-0.

Amendment (1281h)

Amend RSA 188-E:5 as inserted by section 6 of the bill by deleting paragraph VII and renumbering the original paragraphs VIII through XI to read as VII through X, respectively.
Committee amendment adopted.
Committee report adopted and referred to the Committee on Finance.

SB 227, relative to calculating the cost of an adequate education. **OUGHT TO PASS.**
Rep. Glenn Cordelli for Education. This is a housekeeping bill that clarifies language based upon current practice as a result of previous legislation and a recent performance audit. Vote 19-0.
Rep. Dan McGuire offered floor amendment (1466h).

Floor Amendment (1466h)

Amend RSA 198:41, IV as inserted by section 4 of the bill by replacing it with the following:

[~~(c)~~] ***IV.(a)*** For fiscal year 2014[~~, and each fiscal year thereafter~~] ***through fiscal year 2016***, the department of education shall distribute a total education grant to each municipality in an amount equal to the [~~total education grant for the fiscal year in which the grant is calculated~~] ***amount determined in paragraph I or II,*** plus the amount of the fiscal year 2012 stabilization grant[~~, if any, distributed to the municipality~~].

(b) For fiscal year 2017 and each fiscal year thereafter, the department of education shall distribute a total education grant to each municipality in an amount equal to the amount determined in paragraph I or II, plus 90 percent of the municipality's fiscal year 2012 stabilization grant.

(c) Beginning with the 2014 fiscal year, and each fiscal year thereafter, the department of education shall not distribute a total education grant to a municipality that exceeds 108 percent of the total education grant distributed to such municipality in the previous fiscal year.

Amend the bill by replacing sections 12-13 with the following:

12 Repeal. The following are repealed:

I. RSA 198:40-b, relative to use of differentiated aid.

II. RSA 198:41, IV(c), relative to the cap on the total education grant distributed to a municipality.

III. RSA 198:44, relative to the duties of the department of education and the state board of education.

13 Effective Date.

I. Paragraph II of section 12 of this act shall take effect July 1, 2016.

II. The remainder of this act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill makes various changes to the method of calculating, distributing, and reporting education grants to municipalities, and repeals the provisions relating to differentiated aid and, effective July 1, 2016, the cap on the total education grant distributed to a municipality.
Rep. Ford spoke against.
Rep. Dan McGuire spoke in favor and yielded to questions.
On a division vote, 201 members having voted in the affirmative and 161 in the negative, floor amendment (1466h) was adopted.
Motion of Ought to Pass with Amendment was adopted.
Referred to the Committee on Finance.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **SB 186,** reestablishing the commission to study soft tissue injuries under workers' compensation and to study the feasibility of developing a first responder's critical injury fund.

REGULAR CALENDAR CONT'D

SB 249, relative to the Hampton and Exeter district divisions of the circuit court. **OUGHT TO PASS.**
Rep. Joseph M. Hagan for Judiciary. RSA 502-A: II created the Hampton-Exeter Circuit Court as a unified entity. However, Hampton and Exeter have functioned independently. This bill will codify present practice into law by creating separate Hampton and Exeter circuit courts. This would obviate building a new court house and decrease travel time and costs to citizens and government officials. Vote 15-1.
Committee report adopted and ordered to third reading.

SB 230-FN-L, relative to speed limits on state roads that are seasonally congested by pedestrian and bicycle traffic. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Michael D. Abbott for Transportation. This bill permits the department of transportation to establish seasonal speed limits on state roads under certain conditions (congestion by pedestrian and bicycle traffic) at the request of the local municipality, who will bear the entire cost of traffic studies and signage. The committee amendment fixes a conflicting statutory reference. Vote 10-5.

Amendment (1361h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Establishment of State Speed Zones. Amend RSA 265:62 by inserting after paragraph IV the following new paragraph:

V.(a) Notwithstanding the provisions of paragraph I and RSA 265:60, II, or any other law to the contrary, the commissioner of transportation, upon the petition of the governing body of a municipality, shall determine if any prima facie speed should be reduced to provide reasonable and safe conditions upon any part of the state highway system that is seasonally congested by pedestrian and bicycle traffic, as determined by the governing body of the municipality.

(b) The petition shall designate the area of the state highway system and the reasons for the reduction in the speed limit. The review of the petition shall include consultation with the petitioners. The commissioner shall provide the petitioners, in writing, the results of his findings. The commissioner may recommend a seasonal decrease in the posted prima facie speed limit, but in no case shall the resulting speed limit be below 20 miles per hour.

(c) There shall be only one seasonal speed limit, of a maximum duration of 4 months, in any 12-month period.

(d) Any municipality using a seasonal speed limit shall bear the cost of signage. However, the design, construction, and installation of such signage shall be approved by the department.
Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. True spoke against.
Rep. Steven Smith spoke in favor.
On a division vote, 252 members having voted in the affirmative and 110 in the negative, the committee report was adopted and ordered to third reading.

SB 252, establishing a committee to study a number plate commemorating Laconia Motorcycle Week. **OUGHT TO PASS.**
Rep. Thomas C. Walsh for Transportation. The committee has retained several bills requesting special number plates that will be worked on this summer. The majority of the committee felt that this bill, which requests the study of a Laconia bike week commemorative plate, would be a helpful supplement to our future work. Vote 13-2.
On a division vote, 237 members having voted in the affirmative and 125 in the negative, the committee report was adopted and ordered to third reading.

SB 113-FN-A-L, relative to video lottery and table gaming. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for the Majority of Ways and Means. This bill as amended captures all of the elements for New Hampshire to establish a strong non-tax revenue source that will create thousands of high paying construction jobs and permanent jobs while also bringing economic development and business growth to our state. The first upfront license fee of $80 million would be paid during the next budget cycle. The first license alone is projected to raise $135 million in new annual non-tax revenue, or $270 million per biennium, with nearly 70% coming from out-of-state visitors. Additionally, we would benefit from increases in the business profits tax, the business enterprise tax, rooms & meals revenue and liquor sales. The revenue estimates we received from multiple expert sources took into consideration competition right next door. The hard work of the Gaming Regulatory Oversight Authority resulted in most of the provisions including one of the strongest regulatory oversight processes in the country. It includes reinstating revenue sharing that the legislature ceased several years ago, which could send nearly $50 million per biennium to every local community for local property tax relief. It establishes a charitable gaming protection program whereby the casino will make up any reduction in revenues any charity experiences. Testimony in support came from the NH Police Association and the NH Troopers Association, several restaurant owners, numerous charitable organizations that will be protected, construction workers and trades, both of the state teacher groups and citizens who support this non-tax revenue source. Polls show nearly 70% of NH residents support casino gambling as a revenue source. 41 states now have casino gambling. With casinos coming to Massachusetts, testimony showed that if we do not act, we may cede to Massachusetts hundreds of millions of dollars. One study even showed that if NH does nothing, current rooms and meals tax revenues may go down by $24 million a year as that money gets spent in Massachusetts rather than here in NH— note, that is a reduction of CURRENT revenue. Experts further demonstrated that the northeast market is far from saturated. Southern NH is positioned perfectly to take advantage of a population of over 2 million people within driving distance of a southern casino. NH cannot afford to sit idly by and watch as millions flow south to Connecticut and Massachusetts. SB 113 is the vehicle we need to move NH forward and regain our pre-eminence in the region. Vote 11-10.

Rep. David W. Hess for the Minority of Ways and Means. This bill is a win-win-win for the gambling interests, but a lose-lose-lose proposition for all of the rest of us. It is a great giveaway to the casino interests. Like the dozens of casino bills that have preceded it, SB 113 promises a steady stream of new revenue with no offsetting pain or harm to the state or its citizens. But just like all those previous bills, these promises cannot and will not be kept. Revenues from casinos, and specifically slot machines, are cyclical, speculative, unreliable and exaggerated. Despite the addition of new gambling sites, casino revenues across the country fell 2.8% from 2013 to 2014. The Northeast market has become saturated. The revenue estimate in the fiscal note of the bill assumed no competing casinos south of our border in Massachusetts. However, two casinos and one slots barn have already been selected there, and two are expected to be open before any casino authorized by this bill can be up and running. The N.H. Center for Public Policy predicts that competing casinos in Massachusetts may reduce projected income from a New Hampshire casino by as much as 50%. This bill authorizes two casinos in New Hampshire. As compensation for granting these monopolies, the state would receive fixed, flat licensing fees. Thereafter, the licensees are entitled to renew their monopolies every ten years, which can go on in perpetuity as long as they pay a miniscule renewal fee of just $150,000 a year. If a licensee sells its license to a third party, the state does not collect one additional cent. And the public "take" from these casinos is only 35% of gross slot machine revenues and 18% of table game proceeds. The taxpayers of New Hampshire lose on all of these counts. Many states, including Illinois and New York, have adopted a competitive licensing process requiring a minimum license fee bid. In both states, as well as in Michigan and Indiana, much higher amounts were bid and collected – generally exceeding $400 million per license. Why does this bill set fixed fees of just $80 million and $40 million? Why are the renewal fees so absurdly low? And why don't the taxpayers of New Hampshire get a share of any windfall profits a licensee will harvest if, as seems almost certain, it "flips" its license by selling it to a third party for far more than the initial fee it paid. The taxpayers also lose because the state "take" from slot machines is arbitrarily set at 35%. Earlier bills here in New Hampshire set the "take" at 55% in 2004, 50% in 2008, 49% in 2009 and 2012. Pennsylvania collects 55%

and had no shortage of applicants for its casino licenses, including Millenium. Furthermore, it is highly unlikely that any of this money – not even the initial licensing fee – will be received in the next two years. The time lines in this bill and the experience in other states suggest that an initial license is unlikely to be awarded before December 2017 at the earliest. And when the money finally does come in, future legislatures will decide where it goes. The N. H. Municipal Association is under no illusion that it will wind up in revenue sharing as SB 113 provides. It could just as well be used to fund expanded Medicaid, cut taxes, or go toward a law suit settlement. All we know for certain is that where and how it is spent will not be determined by SB 113. And any casino will be accompanied by costs and harm, both economic and social. New Hampshire jobs and the economy will lose. First, we may see jobs lost from the cannibalization of existing restaurants, entertainment venues and other places where disposable income is spent. Second, the jobs promised by a casino are at the low end of the pay scale – averaging around $11/hour, which will be much more attractive to the unemployed living in the commonwealth to our south than to our more highly paid, more fully employed New Hampshirites. There is no free money. Every dollar of public revenue and every dollar of profit sent to Las Vegas and elsewhere, is a dollar that has been lost by real people – many of whom will be our fellow New Hampshire citizens. Because while the gambling interests and their supporters talk about a "destination" casino, in fact it will be a "convenience" or "commuter" casino, as Lottery Director McIntyre recognized when he assumed in preparing the fiscal note that between 85% and 97% of all players at a N.H. casino will come from within a 60 mile/60 minute radius of the site. Casinos depend on problem gamblers who provide 40% - 60% of slot machine revenue, and 90% of industry revenue comes from slots. Yes a casino will bring some revenue to the state (albeit much less than predicted), but at what cost? The charitable gaming rooms will most likely cease to exist. Crime may increase. The social costs and more importantly the impact on our citizens who become problem and pathological gamblers and the negative impacts on our local businesses are too high a price to pay. Finally, the potential for undue influence on the integrity of our political process and government from just one licensee will be enormous. More than $2,000,000,000 in cash will have to pass through a casino each year to generate the revenue projected by gambling interests. That is more than all of the general fund expenditures throughout the state in a year. Put another way, a single casino will be the largest taxpayer to our state – sending more money to the state than the next largest 25 taxpayers combined! Can anyone doubt that the gambling industry will have incredible influence on future legislatures? And there is no turning back if this bill passes. Once casinos are in place, they will be here forever. That will change the culture and the brand of New Hampshire. Forever. And not for the better.

Majority Amendment (1396h)

Amend RSA 284-B:14, V as inserted by section 1 of the bill by replacing it with the following:

V. No category 2 gaming license shall be issued until the category 1 gaming license authorized by this chapter is issued and a performance audit has been completed by the audit division of the legislative budget assistant's office. The findings of the audit shall be presented to the joint legislative performance audit and oversight committee which shall make any recommendations to the legislature.

VI. No gaming licenses shall be issued in addition to the 2 authorized by this section until both gaming licenses authorized by this chapter are issued and a performance audit has been completed by the audit division of the legislative budget assistant's office. The findings of the audit shall be presented to the joint legislative performance audit and oversight committee which shall make any recommendations, including recommending additional licenses, to the legislature.

Amend RSA 284-B:17, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) For the category 2 license, no sooner than one year after the issuance of the category 1 license and the completion of the performance audit authorized in RSA 284-B:14, V. The request for applications shall require all gaming license applications to be submitted to the commission no later than 120 days after the publication of the request, provided, however, that an applicant who has paid the full application and investigation fees required by RSA 284-B:18 may receive one extension of up to 30 days upon a finding of good cause shown by the commission. Applications received after the deadline shall not be reviewed by the commission. The commission shall approve, approve with conditions, or deny all applications submitted in accordance with the provisions of this chapter and any applicable rules promulgated by the commission.

AMENDED ANALYSIS

This bill:

I. Establishes the gaming commission and places the lottery commission and racing and charitable gaming commission under its jurisdiction as separate divisions.

II. Allows for the selection and operation of at least 2 casinos in New Hampshire, including the operation of video slot machines and table games, subject to certain legislative approvals.

III. Establishes the gaming enforcement unit in the division of state police.

IV. Distributes proceeds from gross slot machine income and gross table game income to reimburse the gaming regulatory oversight authority for certain expenses and to pay for the operation of the gaming commission.

V. Distributes a percentage of proceeds from gross slot machine revenue and gross table game revenue to the host community, those communities abutting the host community, the host county, the department of health and human services to support addiction programs to cities and towns under the revenue sharing agreement, and the gaming regulatory fund.

VI. Establishes the gaming regulatory fund.

Rep. Hoell spoke against.

Floor Amendment (1472h)

Amend RSA 284-B:14 as inserted by section 1 of the bill by replacing it with the following:

284-B:14 Number of Gaming Licenses.

I. The commission may award category 1 gaming licenses and category 2 gaming licenses, as defined in paragraphs II and III of this section.

and the motion of Ought to Pass failed.

Rep. Abrami moved the minority committee report of Inexpedient to Legislate.
On a division vote, with 223 members having voted in the affirmative and 141 in the negative, the minority committee report was adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Hess moved that the House reconsider its action whereby, on a division vote of 223-141, the House adopted the minority committee report of Inexpedient to Legislate on **SB 113-FN-A-L,** relative to video lottery and table gaming.
Rep. Hess spoke against.
Motion failed.

REGULAR CALENDAR CONT'D

SB 154, authorizing the department of safety to set fees for motorcycle rider education programs. **OUGHT TO PASS.**
Rep. Bill H. Ohm for Ways and Means. Fees for this popular program are set under statute by the department of public safety for non-residents. No mention is made of fees for residents. This bill codifies the current practice of setting fees for residents. The bill is supported by motorcycle dealers who often purchase the education program for their customers. Approximately 3,000 riders have participated to date. Vote 19-0.
Committee report adopted and ordered to third reading.

SB 211-FN, relative to taxation of employee leasing companies under the business enterprise tax. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Patrick F. Abrami for Ways and Means. This bill, as amended by the committee, clarifies the tax situation of businesses that lease employees. Testimony indicated that many smaller businesses require special expertise in areas such as regulatory compliance, but do not desire, or are not of a size to hire full time employees. Employee leasing companies have filled that need. The question then arises as to who is liable for the BET of the leased employee. Current law charges the tax to the leasing company. Logic says the company actually using the employee should be paying the BET and gaining the credit to their BPT as originally intended by the legislature. This bill clarifies legislative intent by allowing the client company to pay the BET. Vote 19-0.

Amendment (1240h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Business Enterprise Tax; Employee Leasing Companies. Amend RSA 77-E by inserting after section 13 the following new section:

77-E:13-a Employee Leasing Companies.

I. For the purposes of the provisions of RSA 277-B:9, I(h), an employee leasing company and client company may elect to make the client company solely responsible for paying the tax imposed by RSA 77-E, and include in the client company's compensation portion of the enterprise value tax base those wages paid to the leased employees.

II. If the employee leasing company and the client company make such an election, the client company shall be eligible for the credit provided in RSA 77-A:5, X.

III.(a) In order to make the election under paragraph I, the client company and the employee leasing company shall file the forms required by the department pursuant to rules adopted by the commissioner under RSA 541-A.

(b) For an election to be effective for any given tax year, forms required to be filed with the commissioner shall be filed prior to the end of the employee leasing company's tax year.

(c) An election under this section shall remain in effect until the employee leasing company and the client company both notify the department of the termination of an election described in paragraph I on forms required by the department pursuant to rules adopted by the commissioner under RSA 541-A.

IV. For purposes of this section, the terms "employee leasing company" and "client company" shall have the same meaning as in RSA 277-B:2.

2 New Section; Employee Leasing Companies; Tax Credits. Amend RSA 277-B by inserting after section 17 the following new section:

277-B:17-a Tax Credits and Other Incentives. For purposes of determination of tax credits, grants, or any other economic incentives provided by this state or other government entity that are based on employment, leased employees shall be deemed employees solely of the client company if an election is made pursuant to RSA 77-E:13-a. A client company shall be entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of leased employees of such client company. Notwithstanding that the employee leasing company is the W-2 reporting employer, the client company shall continue to qualify for such benefit, incentive, or credit. If a grant or amount of any such incentive is based on the number of employees, then each client company shall be treated as employing only those leased employees co-employed by the client company. Leased employees working for other client companies of the employee leasing company shall not be counted together. Each employing leasing company shall provide, upon request by a client company, state agency, or department responsible for administration of any such tax credit or economic incentive, employment information reasonably required by such agency or department and necessary to support any request, claim, application, or other action by a client company seeking any such tax credit or economic incentive.

3 Employee Leasing Companies; Co-Employment; Election. Amend RSA 277-B:9, I(h) to read as follows:

(h) Paying the tax imposed by RSA 77-E and inclusion in its compensation portion of the base tax those wages paid to its leased employees, ***unless an election is made pursuant to RSA 77-E:13-a.***

4 Applicability. The provisions of this act shall apply to taxable periods beginning on or after January 1, 2016.

5 Effective Date. This act shall take effect July 1, 2015.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 13, relative to the disposition of dedicated funds. **INEXPEDIENT TO LEGISLATE.**

Rep. Dan McGuire for Finance. This bill purports to require a two-thirds vote of the legislature in order to repurpose the money in (raid) a dedicated fund. Unfortunately, the legislature cannot be constrained by law in this way. Any subsequent piece of legislation, passed by a simple majority vote, could repeal or suspend this provision. To accomplish this goal a constitutional amendment would be needed. These have been tried in the past, such as last year's CACR 19, which a House interim study did not recommend for future legislation. They recognized the inconsistency in creating a dedicated fund with a majority vote, but requiring a two-thirds vote to terminate it. For all these reasons, SB 13 is Inexpedient to Legislate. Vote 22-0.

Rep. Dan McGuire spoke in favor and yielded to questions.

Rep. Bixby spoke against and requested a roll call; not sufficiently seconded.

On a division vote, 289 members having voted in the affirmative and 51 in the negative, the committee report was adopted.

SB 243, relative to nonpublic sessions under the right-to-know law. **OUGHT TO PASS.**

Rep. Kurt F. Wuelper for Judiciary. Currently the right-to-know law allows nonpublic sessions for suits against towns. This bill extends the right to hold nonpublic session to cases in which the public body is the plaintiff. The committee concurred that discussion of legal strategy or potential settlements should be allowed to remain confidential through nonpublic meetings. Vote 15-1.

Rep. Fromuth spoke against.

MOTION TO LAY ON THE TABLE

Rep. Sylvia moved that **SB 243,** relative to nonpublic sessions under the right-to-know law, be laid on the table.

On a division vote, 160 members having voted in the affirmative and 176 in the negative, the motion failed.

The question now being adoption of the committee report of Ought to Pass.

Rep. Wuelper spoke in favor.

On a division vote, 265 members having voted in the affirmative and 72 in the negative, the committee report was adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Andrew Schmidt moved that the House reconsider its action whereby, on a division vote of 186-146, the House adopted the motion of Inexpedient to Legislate on **SB 69,** establishing a commission to study social impact bond funding for early childhood education for at-risk students.

Rep. Gile spoke in favor.

Rep. Packard spoke against.

On a division vote, 144 members having voted in the affirmative and 189 in the negative, the motion failed.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, May 6, 2015 at 10:00 a.m.

Motion adopted.

RECESS

(Speaker Jasper in the Chair)

Rep. Flanagan moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 15

Wednesday, May 6, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, the Reverend Doctor F. Daniel Osgood, Pastor at Greenfield Congregational Covenant Church.

Esteemed members of the New Hampshire Legislature, will you please join with me in prayer? Holy God, You are compassionate and merciful and we are Your servants. Your prophet Micah has written, Does the Lord take delight in thousands of rams, in ten thousand rivers of oil? Shall I present my firstborn for my rebellious acts, the fruit of my body for the sin of my soul? He has shown you, O mortal, what is good. And what does the Lord require of you? To act justly and to love mercy and to walk humbly with Your God.

Give this elected body courage to act justly and to love mercy and to walk humbly with You, O God. To see new possibilities and to look forward with hope to the future of this great State of New Hampshire. May this legislative body come to see each day as a new day to do Your will and to do that which is required. A new day in which Your spirit is poured forth upon the earth and all Your children will be blessed. So, today, with abiding faith and calm assurance, we invoke Your presence on these proceedings. You are the Creator and Father of us all. In Your divine creativeness, You have made us, each and every one, an image of You. You are our Redeemer and Liberator. Companion to the poor, You have promised to lift up the powerless and cast down the powerful, to gather the outcasts, heal the brokenhearted, and bind up their wounds. You have proclaimed release to the captives, recovery of sight to the blind, and to let the oppressed go free. You sustain and comfort us, filling us with Your Holy Spirit, reminding us that what we have done unto the least of us, we have done unto You. Might a few drops of Your favor fall upon us today, giving these elected representatives of Your people courage and wisdom, that they might be instruments of Your peace, sowing love where there is hatred, pardon where there is injury, faith, instead doubt, hope, not despair, light to cast away the darkness and where there is sadness, joy. Fill us with new life today. We, Your humble people, beseech You. We pray. Amen.

Representative John Mullen, member from Middleton, led the Pledge of Allegiance.

The National Anthem was sung by Christian Moreno, a student at Nashua High School North.

SB 202-FN, relative to licensure of outsourcing facilities by the pharmacy board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill establishes a licensing requirement for FDA-registered 503B compounding facilities doing business in New Hampshire. 503B compounding facilities develop and provide specialized pharmaceutical drugs to many NH hospitals and pharmacies that are unable to do such work in-house. In light of a situation that led to the loss of life of several patients due to actions by an out-of-state compounding facility a few years ago, the committee found it to be in the public interest to strengthen the oversight of outsourcing facilities that provide compounded drugs to New Hampshire patients by requiring these to be licensed and regulated by the New Hampshire board of pharmacy. The amendment adds a purpose clause to the bill and a technical provision to ease implementation of the bill. Vote 11-0.

Amendment (1474h)

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-5 to read as 2-6, respectively:

1 Purpose. It is in the interest of the residents of New Hampshire to strengthen the oversight of outsourcing facilities that provide compounded drugs for patient use in New Hampshire by requiring such facilities to be licensed and regulated by the New Hampshire pharmacy board. The general court recognizes that the federal Drug Quality and Security Act (DQSA) was signed into law November 27, 2013 and that the federal Food and Drug Administration (FDA), pursuant to section 503B of the federal Food, Drug and Cosmetic Act as amended by the DQSA, is in the process of establishing final guidelines for the regulation of outsourcing facilities, identified as 503B facilities. It is the intent of this act to establish a licensing requirement for FDA registered 503B outsourcing facilities and to establish interim requirements for such facilities. Once federal guidelines are finalized and adopted, it is the intent of the general court that such requirements shall be further adopted by the New Hampshire pharmacy board to maintain regulatory consistency for outsourcing facilities with the federal government.

Amend the bill by replacing all after section 4 with the following:

5 Contingency; Effective Date of Repeal. Section 4 of this act shall take effect on the date that the pharmacy board certifies to the director of legislative services and the secretary of state the effective date of rules adopted by the board under RSA 318:51-e, IX, which replace the requirements of RSA 318:51-d, or June 30, 2017, whichever is later.

6 Application. The pharmacy board shall have authority to extend any current license held by outsourcing facilities beyond July 1, 2015, until such time as the rules for licensing requirements and application requirements adopted pursuant to RSA 318:51-e are in effect.

7 Effective Date.

I. Section 4 of this act shall take effect as provided in section 5 of this act.

II. The remainder of this act shall take effect July 1, 2015.

SB 31, relative to the controlled drug prescription health and safety program. **OUGHT TO PASS.**

Rep. James R. MacKay for Health, Human Services & Elderly Affairs. This legislation, based on recommendations by the pharmacy board and the prescription drug monitoring program, which went into effect on October 12, 2014, is essential in dealing with the significant misuse of prescription drugs, to date. Housekeeping measures include administrative rules, application for a federal grant for start-up costs and issuance of an R.F.P. for a vendor to operate the program are in place. Other technical concerns are addressed in this legislation as requested by the advisory council. Vote 21-0.

Amendment (1292h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the Medicaid program to cover telehealth services.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Medicaid Coverage of Telehealth Services. Amend RSA 167 by inserting after section 4-c the following new section:

167:4-d Medicaid Coverage of Telehealth Services.

I. In this section, "telehealth services" shall comply with 42 C.F.R. section 410.78. The use of the term "telemedicine" shall comply with the Centers for Medicare and Medicaid Services requirements governing the aforementioned telehealth services.

II.(a) Coverage under this section shall include the use of telehealth or telemedicine for Medicaid covered services provided within the scope of practice of a physician or non-physician practitioner as a method of delivery of medical care:

(1) Which is an appropriate application of telehealth services as determined by the department based on the Centers for Medicare and Medicaid Services regulations; and

(2) By which an individual shall receive medical services from a physician or non-physician practitioner without in-person contact with the enrolled Medicaid provider.

(b) Nothing in this section shall be construed to prohibit the Medicaid program from providing coverage for only those services that are medically necessary and subject to all other terms and conditions of the coverage.

III. This section shall be conditioned upon review and approval of a state plan amendment submitted by the department to the Centers for Medicare and Medicaid Services. The department's obligation to implement and maintain the requirements of this section shall be subject to sufficient funding and resources.

2 New Subparagraph; Telecommunications Planning and Development Advisory Committee; Implementation of Medicaid Coverage of Telehealth Services; Duty Added. Amend RSA 12-A:46, IV by inserting after subparagraph (h) the following new subparagraph:

(i) Advising and assisting the department of health and human services in the implementation of Medicaid coverage of telehealth services as required under RSA 167:4-d. This shall include, but not be limited to, assisting in the development of a detailed work plan for implementation of Medicaid coverage of telehealth services and identifying funding or other tangible resources for consultative services drawing on the expertise in the telehealth community and or academic institutions.

3 Department of Health and Human Services; Implementation of Medicaid Coverage of Telehealth Services; Report Required. The department of health and human services shall report to the oversight committee on health and human services, established in RSA 126-A:13 on the status of its implementation of Medicaid coverage of telehealth services including the status of submission of the required state plan amendment to the Centers for Medicare and Medicaid Services as required under RSA 167:4-d. The department's initial progress report shall be submitted to the oversight committee on or before October 1, 2015 with interim progress reports due on or before April 1, 2016 and October 1, 2016, respectively. Effective Date.

I. Sections 1 and 2 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the Medicaid program to cover telehealth services contingent on sufficient funding. Referred to the Committee on Finance.

SB 135-FN, relative to lead poisoning in children. **OUGHT TO PASS WITH AMENDMENT.** Rep. Donald L. LeBrun for Health, Human Services & Elderly Affairs. The committee, after extensive work by a subcommittee, felt SB 135, as amended, was a necessary step toward addressing the serious problem relating to the presence of lead paint in an enormous amount of the older building and apartment complexes in the state. Vote 19-2.

Amendment (1424h)

Amend the bill by replacing section 4 with the following:

4 Lead Paint Poisoning Prevention; Property Owner Notification. Amend RSA 130-A:6-a to read as follows:

130-A:6-a Property Owner Notification.

I. The department shall [~~make reasonable efforts to~~] notify in writing the owner ***or registered agent of an owner*** of a dwelling or dwelling unit where the child resides if ***a venous blood test*** lead [~~levels~~] ***level*** of [~~6~~] ***5*** to 9.9 micrograms per deciliter [~~are~~] ***is*** found in the child's blood. Such notice to the property owner shall specify that it is neither a finding that a lead exposure hazard exists in the property nor is it an order for lead hazard reduction. ***Such notice shall include information about the health hazards of lead poisoning, standards for identifying and eliminating lead hazards, and the federal Renovation, Repair, and Painting program.***

II.***(a)*** Eviction of a tenant based on the presence in the dwelling or dwelling unit of a child [~~with a blood level of 6 to 9.9 micrograms per deciliter~~] ***who has tested positive for the presence of lead in his or her bloodstream*** shall be unlawful. There shall be a rebuttable presumption that any eviction action, instituted by the owner within 6 months of receipt of [~~the~~] notice [~~sent by the department pursuant to paragraph I, is based on the child's elevated blood lead level; provided that this shall not be construed to alter any cause for eviction under RSA 540:2.~~] ***of a child's elevated blood lead level by the department, the child's physician, or the child's parent or guardian, is based on the child's elevated blood level; provided that:***

(1) If the notice came from a parent or guardian only, such parent or guardian shall provide the owner with a copy of the child's blood test prior to the expiration of the eviction notice for the rebuttable presumption in this subparagraph to apply; and

(2) This subparagraph shall not be construed to alter any cause for eviction under RSA 540:2.

(b) If a court finds that an eviction is based on the child's elevated blood lead level, it shall deny the eviction and award damages to the tenant pursuant to RSA 540:14, II. However, if an owner in response to the notice from the department, ***the child's physician, or the child's parent or guardian*** discovers a lead exposure hazard in the dwelling or dwelling unit, the owner may proceed with relocation of the tenants, provided that the owner meets the requirements of RSA 130-A:8-a, I or II.

III. ***In circumstances where the presence of a lead exposure hazard is unsuspected, and becomes known only after the dwelling or dwelling unit has been rented to a family with a child, the owner may withdraw the unit from the residential rental market in lieu of undertaking reduction of the lead exposure hazard. In such case the owner may bring an action to evict the family but only if the owner fulfills all of the conditions set forth in paragraph II. The dwelling unit shall not be subsequently rented for residential purposes without reduction of all lead exposure hazards associated with the unit.***

IV. Refusal of a tenant to permit the owner to have access to the dwelling or dwelling unit in order to inspect for lead exposure hazards shall be good cause for eviction pursuant to RSA 540:2, II(e); provided, however, that the owner gives the tenant at least 48 hours' prior written notice, and that the inspection is to be conducted at a reasonable time.

Amend the bill by replacing all after section 5 with the following:

6 New Subdivision; Childhood Lead Poisoning Prevention and Screening Commission. Amend RSA 130-A by inserting after section 18 the following new subdivision:

Childhood Lead Poisoning Prevention and Screening Commission

IV. The chairperson is authorized to establish a subcommittee addressing childhood lead prevention strategies and a subcommittee relative to improving screening rates, and to appoint from among the commission membership the chairpersons of such subcommittees.

V. In addressing childhood lead prevention strategies, the commission shall consider the advisability of adopting an essential maintenance practices program uniquely suited to New Hampshire to prevent lead poisoning in pre-1978 rental housing and pre-1978 buildings containing child care, and the elements of such a program. The commission shall assess:

(a) Essential maintenance practices programs in other jurisdictions.

(b) Coordination of an essential maintenance practices program with existing public health laws and regulations concerning lead, to maximize efficiency.

VII. The commission shall assess existing screening rates in relation to the department's childhood lead poisoning screening and management guidelines, and assess the actions necessary to achieve screening rates consistent with such guidelines.

VIII. The commission shall assess the feasibility and benefits of requiring the department to provide notice to landlords and parents pursuant to RSA 130-A:6-a and RSA 130-A:6-b when a child has been found to have a blood lead level less than 5 micrograms per deciliter.

IX. The commission shall make an annual report of its activities, together with recommendations for legislation commencing on December 1 2016 to the president of the senate, the speaker of the house of representatives, the governor, and the state library.

7 New Paragraph; Building Permits Restricted; Lead Paint. Amend RSA 676:13 by inserting after paragraph IV the following new paragraph:

V. The building inspector shall not issue a building permit for a renovation or remodeling project without first providing to the applicant a fact sheet prepared by the department of health and human services containing information about lead-safe renovation and remodeling practices and the federal Renovation, Repair and Painting program, and without obtaining the applicant's written acknowledgement of having received such fact sheet, unless the building inspector is

satisfied that the renovation or remodeling will not disturb any surfaces containing lead paint. Nothing in this paragraph shall be construed as limiting the discretion of municipalities to require proof of a contractor's certification under the federal Renovation, Repair and Painting program as part of the building permit process. Neither the building inspector nor the municipality shall be liable for any injury or damages resulting from failure to provide the information required by this paragraph, nor shall the issuance of a building permit be subject to challenge because of failure to provide the information or to obtain the applicant's acknowledgment of having received the information.

8 Repeal. RSA 130-A:19, relative to the childhood lead poisoning prevention and screening commission, is repealed.

9 Effective Date.

I. RSA 130-A:19 as inserted by section 6 of this act shall take effect upon its passage.

II. Section 8 of this act shall take effect November 1, 2018.

III. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Changes the notice requirements for blood lead levels found in a child's blood.

II. Establishes the childhood poisoning prevention and lead screening commission to assess existing screening rates in relation to the department of health and human services' screening guidelines.

III. Declares that the building inspection shall not issue a building permit for a renovation or remodeling project unless certain information prepared by the department of health and human services is provided to the applicant.

SB 248, establishing a committee to study health care provider payment rates. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald L. LeBrun for Health, Human Services & Elderly Affairs. The committee determined that another bill is already addressing the issue and better serves the intent of price transparency issue. The majority of testimony substantiated the committee discussion and motion to ITL this version. Vote 21-0.

SB 209-FN, adopting the Uniform Adult Guardianship and Protective Proceedings Jurisdiction Act. **OUGHT TO PASS.**

Rep. Kurt F. Wuelper for Judiciary. The committee believes this bill, tailored to comport with our existing laws, will significantly improve our ability to cooperate with the 40 other states with similar laws to achieve the best outcomes in cases where guardianship issues involve multiple states. Vote 18-1.

SB 29-FN, relative to fines for motor vehicle offenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Walsh for Transportation. This bill makes various changes to fines for motor vehicle offenses that currently can only be resolved in court. In testimony the committee heard that approximately 80% of offenders pay fines by mail if it is an option. This bill adds several offenses to the list that have a pay by mail option, thus potentially saving people money by not losing time at work. The new fine schedule is based on the past paid fines for that offense. A person can still see a judge by pleading "not guilty" and law enforcement can still issue a "must appear" if it's considered egregious. This bill was a request of the department of safety. The committee amendment simply corrects a typo in the original bill. Vote 13-1.

Amendment (1469h)

Amend the bill by replacing section 10 with the following:

10 Transporting Hazardous Materials and Explosives. Amend RSA 265:118 to read as follows:

265:118 Penalty. The driver, owner, and custodian of any vehicle which is driven in violation of the provisions of this subdivision or any rule adopted under this subdivision shall be guilty of a violation for a first offense and, notwithstanding the provisions of title LXII, shall be fined not more than [~~$500~~] ***$250 plus penalty assessment*** if a natural person or not more than [~~$1,000~~] ***$500 plus penalty assessment*** if any other person. Any person convicted of an offense under this subdivision who was convicted of an offense relating to the transportation of explosives or hazardous materials or wastes within the 5 years preceding the commission of the offense

under this subdivision shall be guilty of a misdemeanor. Any person convicted of an offense under this subdivision who was convicted of 2 or more offenses relating to the transportation of explosives[~~,~~] ***or*** hazardous materials or wastes within 5 years preceding the commission of the offense under this subdivision shall be guilty of a class B felony if a natural person or of a felony if any other person.

Referred to the Committee on Criminal Justice and Public Safety.

SB 62, relative to drivers' licenses for persons without a permanent address. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael D. Abbott for Transportation. This bill allows a person with no permanent address to apply for a driver's license if their residence is confirmed by a social service agency. The fee for licenses should be prorated on a yearly basis. The committee amendment allows a person to get a one-year ID at a lower fee so that they are not financially burdened as their living situation improves. Vote 13-1.

Amendment (1353h)

Amend RSA 263:5-f, I as inserted by section 1 of the bill by replacing it with the following:

I. A resident who is homeless without a permanent street address at the time of application for a driver's license or license renewal may obtain a driver's license, if otherwise qualified, by certifying to the department in writing that he or she is currently a resident in a certain town or city in New Hampshire and by providing a letter signed by an authorized representative of a social service organization or agency qualified under section 501(c)(3) of the Internal Revenue Code stating that the person is authorized to use the address of the organization or agency for purposes of contact by the department. A license issued under this section shall expire one year from the date of issuance.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 License Expiration. Amend RSA 263:10, I to read as follows:

I. Except as provided in ***RSA 263:5-f, I,*** RSA 263:14, and RSA 263:39-a, III, all licenses shall expire on the fifth anniversary of the license holder's date of birth following the date of issuance. The department shall notify each holder of a license by mail addressed to the holder's last known address, or, if the license holder has so elected, by electronic, telephonic, or other means, 30 days prior to the expiration date thereof of a place and time when he or she shall appear for the issuance of a new license and any availability of electronic license renewal.

3 License Fes. Amend RSA 263:42, I to read as follows:

I. For each original driver's license and examination or driver's license renewal, other than for a commercial vehicle or motorcycle- $50; ***for each license issued under RSA 263:5-f- $10;*** for each youth operator's license and examination- $10 per year, not to exceed $50; for each license issued to a nonresident alien for less than 5 years- $10 per year or portion thereof; for each original commercial driver license and examination or commercial driver license renewal- $60; for each commercial driver license reexamination in a one-year period- $20; for each commercial vehicle endorsement, renewal of an endorsement, or removal of a restriction- $10; for each special motorcycle original license and examination or special motorcycle license renewal- $50; for each original motorcycle endorsement- $25; for each 3-wheeled motorcycle endorsement- $25; for each motorcycle endorsement and 3-wheeled motorcycle endorsement renewal- no charge. For each original driver's license issued, $5 shall be credited to the driver training fund established by RSA 263:52. Except as provided in ***RSA 263:5-f, I,*** RSA 263:14, and RSA 263:39-a, III, every license shall expire on the licensee's birthdate in the fifth year following the issuance of such license. No fee collected under this paragraph shall be refunded once an examination has been taken or a license issued, except as provided in RSA 263:43.

SB 234, establishing a committee to study the use of law enforcement details and flaggers for traffic control on municipally maintained roads. **OUGHT TO PASS.**

Rep. Werner D. Horn for Transportation. This bill forms a committee to study issues related to the use of law enforcement details and flaggers for traffic control on municipally maintained roads. The goal is to reduce utility company costs and associated high rates, arising from excessive road detail costs. Vote 15-0.

REGULAR CALENDAR

SB 105, relative to child-resistant packaging for tobacco products and establishing a committee to study revising the indoor smoking act. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John B. Hunt for the Majority of Commerce and Consumer Affairs. This bill has two components in relation to e-cigarettes. The first section creates a study committee to consider treating e-cigarettes the same as regular cigarettes by including them in the indoor smoking act and thereby prohibiting the smoking of e-cigarettes in businesses and public places, just like cigarettes. There was very little support for this ban in the committee. The other section of the bill was to ban the sale or possession of liquid nicotine containers that do not have child proof caps. While the majority shares concern for the safety of children, later research revealed that the committee had been misled about the actual dangers of nicotine liquid. Proponents of this legislation reported that a child in New York State died after ingesting nicotine liquid. The facts omitted from testimony include: the nicotine liquid in question was of commercial-level potency, over 400% more potent than liquid sold to consumers; that the container in question was left uncapped and within the reach of a child. Legislation requiring childproof caps would not have prevented the death that occurred in New York. Testimony was also given that claimed that one teaspoon of liquid nicotine is sufficient to kill a child, but research showed that this data point only applies to pure nicotine, and does not apply to consumer-grade nicotine liquid, which typically only consists of about 2% nicotine. The majority of the committee felt that packaging is a federal issue and also opposed criminalizing a legal item that was purchased out-of-state. Although some states may have passed similar legislation, the majority of the committee felt to expose out-of-state visitors to criminal penalties is wrong for New Hampshire and that the sponsors of the bill should urge the federal government to take action so that regulating would be uniform across the country. Vote 11-10.

Rep. Richard M. Abel for the Minority of Commerce and Consumer Affairs. The purpose of the proposed amendment is to protect the children of New Hampshire from detrimental effects of ingestion of, or physical contact with, liquid nicotine by requiring "child-resistant packaging." Reports of accidental poisonings of young children in New Hampshire by liquid nicotine have been on the rise in New Hampshire during the past five years along with the dramatic growth in use of e-cigarettes, vapor products and similar devices. In New Hampshire, young children have been hospitalized with serious threats to health including seizures and illnesses through accidental ingestion of or skin contact with fruit and candy-flavored liquid nicotine from containers without child resistant caps. In New York a child died through an accidental poisoning and the legislature there passed legislation mandating child-resistant packaging. At least five states have passed similar laws with another half-dozen states considering such laws. The minority urges voting against the majority recommendation of ITL so that an alternative motion may be presented for an amendment to require manufacture or retail sale in New Hampshire of bottled nicotine solution for use in a vapor product or prefilled electronic cigarette devices to satisfy child-resistant standards set forth in 16 C.F.R. section 1700.15(b) as of January 1, 2016. We heard testimony that retailers, manufacturers, and public health officials agree on the importance of child-resistant packaging and that presently no federal or New Hampshire legislation mandates it with this class of products. We believe this is proactive action that benefits the public health and to be able to save even one child's life in New Hampshire makes it worthwhile.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Abel spoke against and yielded to questions.
Rep. Fothergill spoke against.
Rep. Hunt spoke in favor and yielded to questions.
Rep. Rosenwald requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

SB 40-FN, including a viable fetus in the definition of "another" for the purposes of certain criminal offenses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for the Majority of Criminal Justice and Public Safety. This bill, as amended brings the senate bill in line with a house bill passed earlier in the session which sought to give the families of wanted unborn children an avenue for justice when the unborn child is killed by the criminal or negligent actions of a third party. There is a string of tragic events in NH that have left families searching for justice. This bill will give the families that avenue, and respects all women's choices. This bill fulfills the request the state supreme court spelled out in the NH v Lamy case handed down April 9, 2009, when they overturned the negligent homicide conviction of Joshua Lamy in the death of Dominick Emmons. Part of that ruling stated that if the legislature finds the ruling in this case as unfortunate as the court does they should revisit the homicide statutes with regard to a fetus, as many other states have done. 38 other states have similar laws to the one proposed in SB 40. 23 of those say that life starts at conception, making this proposed law the middle ground. The 8 week point of protection centers on the woman's choice, it is also the point of pregnancy when miscarriages drop off dramatically. Expectant mothers are exempted from prosecution under this statute. Abortion is not affected by the proposed law as the abortion choice is also exempted under the bill. All challenges to fetal homicide laws have been denied as long as the law contained this exemption and in fact, fetal homicide laws have been in existence since California passed the first in the early 1970s. Colorado is moving forward with a fetal homicide law after finding the often mentioned 'enhanced penalties amendment' inadequate in a recent tragic case there. There is also language in the bill to protect families that require in vitro fertilization to complete their families. This bill will do away with the antiquated born alive rule established in England during the 1400s and bring NH into the mainstream in regards to fetal homicide. Vote 11-5.

Rep. Geoffrey D. Hirsch for the Minority of Criminal Justice and Public Safety. While the minority certainly understands the desire to find justice for crimes that result in devastating losses to women and their families, we believe that this bill as written is not the answer. Current New Hampshire assault laws already have enhanced penalties for injuries that result in the death or stillbirth of a fetus. The proper way to seek justice in these cases is to enhance penalties, and not, via a redefinition of terms, attempt to establish a personhood that conflicts with the 14th Amendment and creates a schizophrenic legal division within a pregnant woman. SB 40, by providing specific legal protection to the unborn, goes where even the supreme court would not. Hundreds of women have endured arrest, prosecution, and incarceration as the result of these types of laws. The minority knows that we must address these matters with both sensitivity and compassion, but laws must be in line with our constitution and not jeopardize individual liberty. Without redefining problematic terms, enhancing existing penalties can appropriately obtain the justice families deserve. SB 40 takes the wrong approach.

Majority Amendment (1274h)

Amend the title of the bill by replacing it with the following:

AN ACT including a fetus in the definition of "another" for the purpose of certain criminal offenses.

Amend the bill by replacing all after the enacting clause with the following:

1 Homicide; Capital Murder. Amend RSA 630:1, IV to read as follows:

IV. As used in this section [~~and RSA 630:1-a, 1-b, 2, 3 and 4~~], the meaning of "another" [~~does~~] ***shall*** not include a [~~foetus~~] ***fetus***.

2 New Paragraphs; First Degree Murder; Definition of Another; Exemption for Abortion. Amend RSA 630:1-a by inserting after paragraph III the following new paragraphs:

IV. For the purposes of this section and RSA 630:1-b, RSA 630:2, RSA 630:3, and RSA 630:4, the meaning of "another" shall mean another person, or a fetus as defined in subparagraph V(b).

V.(a) Nothing in this section or RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4 shall apply to any act committed by the woman pregnant with the fetus, to any medical procedure, including abortion, performed by a physician or other licensed medical professional at the request of the pregnant woman or her legal guardian, or to the lawful dispensation or administration of lawfully prescribed medication. For the purposes of this section and RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4, "abortion" means the act of using or prescribing any instrument, medicine, drug, or any other substance, device, or means with the intent to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination by those means will, with reasonable likelihood, cause the death of the fetus. Such use, prescription, or means is not an abortion if done with the intent to save the life or preserve the health of a fetus, or to remove a dead fetus caused by spontaneous abortion, or to remove an ectopic pregnancy.

(b) In this section, "fetus" means an unborn offspring, from the embryo stage which is the end of the eighth week after conception or, in the case of in vitro fertilization, the end of the eighth week after implantation, until birth.

3 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill provides that a fetus shall be included in the definition of "another" for the purpose of first and second degree murder, manslaughter, negligent homicide, and causing or aiding suicide.

Rep. Shurtleff requested a roll call; sufficiently seconded.

SB 106-FN, restricting the sale or possession of synthetic drugs. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. This bill prohibits the sale, use or possession of synthetic drugs in New Hampshire and it also requires the governor's commission on alcohol and drug abuse prevention, treatment and recovery to make recommendations for public awareness and education on the dangers of synthetic drugs. These illegal drugs are often manufactured in exceptionally poor and dangerous sanitary conditions, and the attorney general's office, the NH department of safety, the governor's commission on alcohol & drug abuse prevention, treatment and recovery, and the New Hampshire Association of Chiefs of Police support the bill for the following reasons: a) synthetic fentanyl is now the leading cause of drug deaths in the state; and b) synthetic cannabinoids like K2, Spice, Blaze and Kronic among others, are easily obtained over the internet and at gas stations, tobacco shops, head shops and convenience stores in New Hampshire. The impact of these dangerous drugs has been seen by local law enforcement, poison control centers and emergency rooms across the state and the results have been both fatal and devastating, especially to the state's younger population. In many cases, these drugs are packaged in such a manner as to appeal to pre-teens, teenagers and young adults. This comprehensive bill provides a detailed definition of what a "synthetic drug" is by listing the 10 chemical structural classes for the substances that have been created and sold, and it is both an appropriate and timely response to this growing epidemic. Vote 14-3.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. This bill prohibits the sale, use, or possession of certain synthetic chemical compounds that people are misusing to create mind altering effects. Is the misuse of chemical compounds creating a serious health crisis in New Hampshire? Yes. Are people consuming these compounds and forfeiting their lives? Absolutely, but it is the minority opinion that SB 106-FN will have a limited effect. It attempts to create a mechanism whereby an infinitely expansive list will be created. If the banned chemicals are found in products sold to the public, a store owner will be fined. Does the State have the enforcement and financial resources to accomplish this type of chemical policing? Sadly, people sniff paint; glue; drink sterno; huff air freshener and many other common household items to get "high." Will all these be added to the list? Manufacturers of these substances will use chemistry to create millions of combinations, where will this list end? It is also the minority opinion that this bill is a misuse of resources and will be ineffective at removing moral hazard. Moral hazard or the ability for people to learn from behavior choices is the most important and effective measure against people using deadly chemical substances to alter their body and minds. SB 106 in the current form is only a feel good measure that will do nothing to address the issue. Yes, it will attempt to remove the substances from the store shelves, but the state cannot ban chemistry and the bad choices people make.

Majority Amendment (1390h)

Amend RSA 359-O:6 as inserted by section 6 of the bill by inserting after paragraph VI the following new paragraph: n

VII. This section shall not apply to nonprescription or proprietary medicines as defined in RSA 318:1, XVIII.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Reps. Burt and Comeau spoke against and yielded to questions.

Reps. Martin and DiSesa spoke in favor and yielded to questions.

Rep. Welch requested a roll call; sufficiently seconded.

SB 125-FN, relative to certification and licensure for mold assessment or remediation services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill requires persons offering mold assessment or remediation services for residential dwellings to be certified and licensed. The majority of the ED&A committee agreed that mold constitutes a health problem for homeowners, that one's home is often his/her single largest asset, and that a homeowner should be able to rely on a basic level of competency from providers of mold assessment and remediation services. The amendment deletes a specific exemption for pesticide applicators. However, a provision in the bill would continue to allow for a professional hired for another primary reason to provide limited mold assessment or remediation services. Vote 10-4.

Amendment (1470h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that mold in a residential structure can constitute a significant health threat for the inhabitants. Homeowners who hire a professional to assess a mold problem or remediate such mold problem need assurance that the job will be done correctly. Failure to remediate a mold problem correctly not only is a waste of the homeowner's money but may also result in serious health issues if the mold is not removed correctly or at all. This consumer protection proposal gives homeowners a method to protect their health and the health of their families by assuring a level of competence in those they hire to assess or remediate a mold problem.

2 New Chapter; Mold Remediation. Amend RSA by inserting after chapter 310-B the following new chapter:

CHAPTER 310-C
MOLD ASSESSMENT OR REMEDIATION

310-C:1 DEFINITIONS. In this chapter:

I. "Administrator" means the administrator of the joint board established in RSA 310-A:1-a.

II. "Mold assessment" means:

(a) An inspection, investigation, or survey of a dwelling or other structure to provide information to the owner regarding presence, identification, or evaluation of mold;

(b) The development of a mold remediation specification or protocol; or

(c) The collection of a mold sample for analysis.

III. "Mold assessment license" means a license obtained from the administrator that permits an individual to assess mold problems in a residential setting for a fee.

IV. "Mold remediation" means the removal, cleaning, sanitizing, demolition, or treatment of mold or mold-contaminated matter, live or dead, in a specific location after a mold assessment.

V. "Mold remediation license" means a license obtained from the administrator that permits an individual to remediate mold problems in a residential setting for a fee.

VI. "Third party certification" means a certification approved by a national non-profit organization whose programs are accredited by ANSI (American National Standards Institute), CESB (Council of Engineering and Scientific Specialty Boards), NCCA (National Commission for Certifying Agencies), or any other accrediting body that operates in compliance with the ISO (International Organization for Standardization) standard for accrediting organizations. Certifications are credentials of industry knowledge granted to individuals by a certification body for a limited time. The individual shall not own the designation; the designation shall be owned by the certifying body. Certification holders shall meet certain requirements set by third party certification organizations in order to be recertified.

310-C:2 Mold Remediation Certification.

I. No person shall perform residential mold assessment or remediation services for remuneration unless that person possesses a valid national third party certification for mold assessment or mold remediation and a valid mold assessment or mold remediation license for the state of New Hampshire or such person is working under the direct supervision of a person possessing a valid national third party certification for mold remediation and a valid mold remediation license for the state of New Hampshire.

II. The administrator shall establish a license for persons engaging in mold assessment and a license for persons engaging in mold remediation. The administrator shall establish a fee for licensure in order to cover the cost of administering the licensing program.

III. All licenses shall expire on the last day of the month of the licensee's birth in the second year following the year of issuance. The administrator shall cause notification of the impending license expiration to be sent to each licensee at least one month prior to the expiration of the license. If the renewal fee is not submitted within 12 months after the expiration date, the licensee's name shall be removed from current status, and application for reinstatement shall be required to return to current status. The administrator shall charge a reinstatement fee consisting of 20 percent of the renewal fee.

IV. Any person who offers mold assessment or mold remediation services for a fee but does not comply with this chapter or rules adopted under this chapter shall be guilty of a violation and fined $150.

V. Any professional hired for remuneration by a homeowner, in which the primary work contracted for is neither mold assessment nor mold remediation, shall be exempt from this chapter.

310-C:3 Rulemaking. The administrator of the joint board shall adopt rules pursuant to RSA 541-A, relative to:

I. The application procedure for a license to practice under this chapter;

II. How a license to practice under this chapter shall be renewed or reinstated; and

III. The establishment of all fees required under this chapter.

3 New Paragraph; Administration of the Joint Board. Amend RSA 310-A:1-a by inserting after paragraph IV the following new paragraph:

V. The regulation and licensure for mold assessment and mold remediation services under RSA 310-C.

4 Effective Date. This act shall take effect January 1, 2016.

MOTION TO LAY ON THE TABLE

Rep. Andrew Christie moved that **SB 125-FN,** relative to certification and licensure for mold assessment or remediation services, be laid on the table.
Rep. Rosenwald requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

SB 8-FN-L, relative to appropriations for nursing homes. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frank A. Byron for the Majority of Finance. This bill seeks to clarify the language of the organizational notes relative to the appropriation for nursing homes and home and community-based organizations, as contained in the 2014/2015 biennial budget. These organizations are part of the 'Choices for Independence' program that allows medicaid patients to receive treatment at home rather than in a more expensive nursing home. The intent of the bill was to ensure that the full amount appropriated for these services would be paid. However, a "loophole" was recently discovered that allowed the governor to use unspent monies in these lines to offset an anticipated deficit for FY 2015. The committee amendment closes the "loophole." In view of more recent and positive information about estimated revenues for FY 2015, the amendment ensures that, with respect to nursing homes, both county and private, all of the $3.8 million appropriated will in fact be paid in FY 2015. The amendment also provides a one-time, 2% increase in payments – about $1 million – to home and community care-based providers who have not received a rate increase since 2007. Any remaining funds will lapse. Vote 13-10.

Rep. Cindy Rosenwald for the Minority of Finance. Because a version of the same bill is contained in HB 2, it will be part of the final budget negotiations. The minority believes having two house positions on the same subject is confusing. The budget is the better platform for arriving at a final settlement since conferees will have most current revenues in hand. This bill is unnecessary; therefore, the minority recommends ITL.

Majority Amendment (1501h)

Amend the bill by replacing all after the enacting clause with the following:

1 Health and Human Services; Nursing Home Appropriations. Amend 2013, 143:1, accounting unit 05-95-48-481510-5942 by replacing the organizational notes immediately following such accounting unit with the following:

ORGANIZATION NOTES

*The appropriation contained in classes 504, 505, 506, and 529 may only be transferred between and among said classes. The appropriations shall not lapse or be used for any other purpose. The appropriations shall not be considered for budget reductions required pursuant to sections 10 and 14 of this act or any other budget reduction, including executive orders required of the department of health and human services. Any balance remaining at the end of each fiscal year shall be paid proportionately to providers as a lump sum distribution of surplus funds based on Medicaid payments made to each provider during the fiscal year.

2 Health and Human Services; Nursing Home Appropriations. Pursuant to the organization note contained in 2013, 143:1, accounting unit 05-95-48-481510-5942, as amended in section 1 of this act, for any balance in class 504 nursing home payments that remained at the end of fiscal year 2014, the department of health and human services shall pay the entire amount immediately upon passage of this act in a lump sum distribution of surplus funds paid proportionately to providers based on Medicaid payments made to each provider during the fiscal year ending on June 30, 2014. Upon payment of the distribution of surplus funds made pursuant to this act, the department shall report the total amount of surplus, by source of funds, the total amount paid, and the date payment was made to the fiscal committee of the general court.

3 Health and Human Services; Choices for Independence Appropriations. Notwithstanding the organization note contained in 2013, 143:1, accounting unit 05-95-48-481510-5942, as amended in section 1 of this act, from any balance that remained in classes 505, mid-level care expenses, 506 home support waiver services, and 529, home health care waiver services, at the end of fiscal year 2014, the department of health and human services shall make a supplemental, one-time payment to current providers equal to 2 percent of the Medicaid payments made to each provider during the fiscal year ending June 30, 2015. The department shall make such payment immediately upon finalization of fiscal year 2015 billings. After such payment is made, any remaining general fund balance in classes 505, 506, and 529 shall lapse to the general fund.

4 Health and Human Services; Choices for Independence Appropriations. Notwithstanding the organization note contained in 2013, 143:1, accounting unit 05-95-48-481510-5942, as amended in section 1 of this act, for the fiscal year ending June 30, 2015, any general fund balance remaining in classes 505, mid-level care expenses, 506, home support waiver services, and 529, home health care waiver services, at the end of fiscal year 2015, shall lapse to the general fund.

5 Effective Date. This act shall take effect upon its passage.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 30-FN-L, permitting counties with unincorporated areas to establish tax increment financing districts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. J. Tracy Emerick for Finance. This bill is NOT a bill that provides funding to any project; that is the responsibility of the Business Finance Authority (BFA). This bill does four things: 1. Establishes the structure so the county commissioners and the county delegation can act as a taxing authority over unincorporated areas in their county. This puts bond repayment in the same category as tax payments in municipalities, at the front of the line for payment before any other liabilities. 2. Allows the BFA to consider bond guarantees for businesses in unincorporated areas in the State of New Hampshire of which there are 26, the majority of which are in Coos County. 3. Limits to $30 million the amount the project BFA can guarantee for any one project. 4. Raises the BFA guarantee ceiling for all projects from $95 million, set in 1994, to $115 million to provide the BFA the opportunity to support commercial development in New Hampshire. The state treasurer has stated that this increase will have no affect on the state's bond rating, nor will it affect the state's borrowing capacity. This is a bill that provides equal BFA opportunity to unincorporated areas that municipalities currently enjoy. Vote 22-0.

Amendment (1515h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the establishment of redevelopment districts in unincorporated places.

Amend the bill by replacing all after the enacting clause with the following:

1 Business Finance Authority; Unified Contingent Credit Limit. Amend RSA 162-A:22 to read as follows:

162-A:22 Unified Contingent Credit Limit. The total amount of state guarantees in force under RSA 162-A:7-a, RSA 162-A:8, RSA 162-A:10, III, RSA 162-A:13, RSA 162-A:13-a, RSA 162-A:17, ***RSA 162-I:9-a,*** and RSA 162-I:9-b shall not exceed in the aggregate at any time $50,000,000 plus interest, provided that such amount shall be increased to $80,000,000 plus interest on January 1, 1993, [~~and~~] to $95,000,000 plus interest on January 1, 1994, ***and to $115,000,000 plus interest on May 1, 2015. After May 1, 2015, an amount not to exceed $30,000,000 plus interest may be used solely for bonds guaranteed pursuant to RSA 162-I:9-a, and an amount not to exceed the remaining $85,000,000 plus interest may be used solely for bonds issued pursuant to sections other than RSA 162-I:9-a.***

2 New Paragraph; Business Finance Authority Revenue Bonds; Declaration of Need and Purpose. Amend RSA 162-I:1 by inserting after paragraph VIII the following new paragraph:

IX. It is hereby declared that there is a need for development in unincorporated places which lack local controls, incentives, tax structures, and other mechanisms usually used to promote growth, in order to create, revive, or preserve employment opportunities, preserve or increase the social or economic prosperity of the state and its political subdivisions, or promote the general welfare of the state's citizens.

3 New Paragraph; Business Finance Authority Revenue Bonds; Definition; Redevelopment District in an Unincorporated Place. Amend RSA 162-I:2 by inserting after paragraph IX-b the following new paragraph:

IX-c. "Redevelopment district in an unincorporated place" means an eligible facility in an unincorporated place designated as a redevelopment district by the county commissioners, with the approval of the county delegation, provided the county commissioners have determined that redevelopment within the redevelopment district is likely to promote growth, create, revive, or preserve employment opportunities, preserve or increase the social or economic prosperity of the state and its political subdivisions, or promote the general welfare of the state's citizens.

4 Business Finance Authority Revenue Bonds; Approval of Governor and Council. Amend RSA 162-I:9, II(a)(10) to read as follows:

(10) If the facility is a commercial fishing facility, the governor and council shall find that the establishment and operation of the facility will either create or preserve employment opportunities directly or indirectly within the state, will help to promote the growth of the fishing industry in the state and will likely preserve or increase the economic prosperity of the state and its political subdivisions[~~.~~]**;**

(11) If the facility is a redevelopment district in an unincorporated place, the governor and council shall find that the establishment and operation of the facility or redevelopment of the area within the redevelopment district will likely create, revive, or preserve employment opportunities or preserve or increase the social or economic prosperity of the state or its political subdivisions.

5 Business Finance Authority Revenue Bonds; State Guarantee. Amend RSA 162-I:9-a, I to read as follows:

I. The governor and council may award an unconditional state guarantee of the principal of and interest on bonds issued under this chapter. ***Any guarantee awarded pursuant to this section shall be solely for the purpose of financing a redevelopment district, and only to the extent the bonds are to be self-supporting for purposes of RSA 6-C:1, II.*** The full faith and credit of the state shall be pledged for any such guarantee, but the total outstanding principal amount of bonds guaranteed by the state under this section at any time shall not exceed [~~$25,000,000~~] ***$30,000,000***. For the purpose of determining the amount of bonds guaranteed by the state pursuant to this section, the amount of any issue of bonds sold at a discount shall be equal to the net proceeds thereof, determined by adding to the face amount of the bond issue the premium, if any, related to bonds of that issue and then subtracting the discount related to bonds of that issue. The amount of bonds of any such issue considered outstanding at any time shall be determined by multiplying the face amount of the bonds of that issue then outstanding by a fraction, the numerator of which is the net proceeds of the issue as determined above, and the denominator of which is the face amount of the issue. The governor, with the advice and consent of the council, is authorized to draw his warrant for such sum as may be necessary out of any money in the treasury, not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest on the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

_____ State Treasurer

In connection with the award of a state guarantee, the governor and council may impose such terms and conditions as they may deem appropriate concerning the bonds, the use and operation of the eligible facilities, the reimbursement to the state if any state funds are used to honor the guarantee and any other matters necessary or desirable to carry out the purposes of this section. Such terms and conditions may be contained in an agreement among the state, the authority and user of the eligible facility to be executed on behalf of the state by the governor and the state treasurer and on behalf of the authority by any 2 persons authorized to execute bonds under RSA 162-I:8.

6 Business Finance Authority Revenue Bonds; State Guarantee. Amend RSA 162-I:9-a, IV to read as follows:

IV. The hearing required by this section may be held and the findings and determinations so required may be made in conjunction with the proceedings required by RSA 162-I:9. [~~No guarantee shall be awarded under this section unless the hearing and proceedings so required are completed not later than June 30, 1996.~~]

7 New Section; Assessment for Development in Unincorporated Places. Amend RSA 162-I by inserting after section 15 the following new section:

162-I:15-a Assessment for Development in Unincorporated Places. In an unincorporated place, the county commissioners, with the approval of the county delegation, may establish redevelopment districts to ensure that projects benefiting from the issuance of bonds guaranteed pursuant to RSA 162-I:9-a, I repay such bonds. The boundaries of the redevelopment district shall be configured so that it includes, but is limited to, all of the property available to be developed, redeveloped, or revitalized using such bonds. Every owner, tenant, or occupant of each lot or parcel located within the redevelopment district shall be subject to an assessment. The amount of the assessment shall be sufficient to provide for repayment of the debt service related to the bond. The amount of the assessment, payment terms, and method for collection shall be established in a financing plan prepared by the bond recipient, approved by the commissioner of the department of revenue administration, and adopted by the county commissioners. The financing plan shall include the delegation of collection responsibilities to the county. The county commissioners may enter into such agreements with the authority, the user, and the state as they deem necessary to ensure repayment under this chapter and to implement the financing plan and including without limitation such terms and conditions as the state shall deem necessary to provide for the segregation and pledge of the assessments to secure repayment of the bonds. The assessment shall be used solely to pay off debt service related to the bond. This payment shall be independent of, and in addition to, any other taxes including property taxes. Any unpaid assessment under this chapter shall constitute a lien pursuant to RSA 80:19 on the assessed property. Collection and enforcement of assessments under this section shall be in accordance with RSA 80:19.

8 Effective Date. This act shall take effect upon its passage.

and the committee report was adopted and ordered to third reading.

SB 114-FN, enabling a driver's license applicant to request that his or her license indicate that he or she has a medically recognized disorder. **OUGHT TO PASS.**
Rep. Larry G. Gagne for Transportation. The department of safety states the proposed legislation would enable both driver's license and non-driver's ID applicants to indicate that he or she has a recognized disorder or disability. This would require the presentation of a signed statement by a licensed physician confirming the applicant's condition. Vote 10-5.
Committee report adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Chandler moved that the House reconsider its action whereby, on a roll call vote of 293-57, the House adopted the committee report of Ought to Pass with Amendment on **SB 30-FN-L,** relative to the establishment of redevelopment districts in unincorporated places.
Motion failed.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 63, relative to membership of the board of directors for the New Hampshire rail transit authority. **INEXPEDIENT TO LEGISLATE.**
Rep. Larry G. Gagne for Transportation. This bill would decrease the number of members of the board of directors for the New Hampshire rail transit authority and establish an advisory board. The committee had a problem with the fact that the bill excluded members of the legislature and because three proposed amendments were defeated, the committee felt that another bill should be introduced in the next session addressing and hopefully correcting the problems inherent in this bill. Vote 15-0.
Rep. Steven Smith moved Recommit and spoke in favor.
Motion adopted.
Recommitted to the Committee on Transportation.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair.
Motion adopted.

UNANIMOUS CONSENT

Rep. Shaw requested Unanimous Consent of the House regarding the celebration of Mother's Day and addressed the House.
Reps. Pamela Brown and Emerson requested Unanimous Consent of the House regarding Lyme Disease Awareness and addressed the House.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Shaw be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Shaw: Thank you, Mister Speaker. In my 15 years in the House, I have never requested unanimous consent before, so please bear with me. I will be brief. I received an interesting e-mail from a college friend, Rev. Gerald Oleson, of Whitefield, NH, writer, civic activist, and much more, son of long time North Country Representative and Senator, Otto Oleson. I wish to share it with you.

Mother's Day

As we celebrate mothers on their special day, it is important to remember the intent of the founders of Mothers' Day in America. Anguished by the carnage of the Civil War and distressed by the brutality and waste of human life in the Franco-Prussian War, Julia Ward Howe, author of the "Battle Hymn of the Republic" and advocate for better treatment for the disabled, prisoners, and the mentally ill, first suggested the idea of Mothers' Day in 1872 as a day dedicated to peace. Julia Ward Howe dreamed of organizing women around the world to rally for peace. In 1870, in a call to action, she wrote, "Arise, then, women of this day. Arise all women who have hearts, whether your baptism be that of water or tears! Say firmly: "We will not have great questions decided by irrelevant agencies. Our husbands shall not come to us reeking with carnage, for caresses and applause. Our sons shall not be taken from us to unlearn all that we have been able to teach them of charity, mercy and patience. We women of one country will be too tender of those of another country to allow our sons to be trained to injure theirs." From the bosom of the devastated earth a voice goes up with our own. It says, "Disarm, disarm!" The sword of murder is not the balance of justice! Blood does not wipe out dishonor..." (Powerful words of vision) Prior, in 1858, Anna Reeves Jarvis organized Mothers' Works Days to improve sanitation in Appalachian communities. During the Civil War, she recruited women to care for soldiers from both sides, North and South. After the war, Mrs. Jarvis ran meetings to persuade men to put aside their hostile feelings. In 1907, Mrs. Jarvis' daughter, Anna Maria Reeves Jarvis, persuaded her church in Grafton, West Virginia, to celebrate Mothers' Day on the second anniversary of her mother's death, which took place on the 2nd Sunday of May that year. Then Miss Jarvis undertook a lobbying campaign across the country to get a national Mothers' Day. On May 14th, 1914, Senator Heflin of Alabama and Senator Sheppard of Texas sponsored a bill proposing that the

2nd Sunday in May be set aside for all to honor their mothers. Unfortunately, commercialism took over and turned Mothers' Day into something it wasn't designed to be. The floral industry's trade journal wrote, "This was a holiday that could be exploited." Miss Jarvis was outraged. She filed a lawsuit and campaigned against those who would undermine the true intent of Mothers' Day, a day of peace, with their greed. In attempting to stop the Mothers' Day festival in 1923, Miss Jarvis was arrested for disturbing the peace. The Florists' Review triumphantly announced that it was "Miss Jarvis who was completely squelched." As Miss Jarvis grew older, she lost everyone and everything that was close to her. She died alone in a sanitarium in 1948. Near the end of her life, Miss Jarvis told a reporter that she was sorry she had anything to do with the establishment of Mothers' Day. In today's uncertain times of wars, disasters, strife, poverty, and violence, let us all work together to make Julia Ward Howe's dream come true. Let us bring to fruition the dream of Anna Maria Reeves Jarvis who sought to honor her mother, a woman of courage and peace. As Ruth Rosen, Professor of History at the University of California once said, "Nineteenth century women dared to dream of a day that honored women's civic activism. We can do no less. We should honor their vision with civic activism." As we honor mothers this year with beautiful flowers and special gifts, let us also remember those mothers who need child care, job training, health care, protection from domestic violence, and a living wage. Let us then, on Sunday, as we honor our mothers, remember and reflect on the original intent of Mothers' Day as a day of peace and civic activism, and continue that vision throughout the year. Thank you.

MOTION TO PRINT REMARKS

Rep. Flanagan moved that the remarks made by Rep. Pamela Brown be printed in the Permanent Journal.
Motion adopted.

REMARKS

Rep. Pamela Brown: Thank you Mister Speaker and Honorable Members of the House. I stand before you with Representative Susan Emerson from Rindge, New Hampshire, and would like to talk about Lyme Disease Awareness Month. With today's passage of HB 363, relative to Lyme disease awareness, New Hampshire steps forward as a leader in Lyme Disease awareness because it not only designates May as Lyme Disease Awareness Month but also adds a link on the Department of Health and Human Services website to ILADS, the International Lyme and Associated Diseases Society, which opens up an entire body of knowledge that has been gathered by the international community of researchers, scientists and medical providers. Making May Lyme Disease Awareness Month in New Hampshire is quite apropos for a state with one of the highest incidences of Lyme Disease, as reported by the Centers for Disease Control and Prevention. For the last 10 years, we've frequently been in the top three. Since the CDC announced that the actual incidence is probably ten times the reported cases, the 1,691 cases reported in 2013 is probably more like 16,000 per year and we would average 10,000 to 15,000 each year, year after year after year, and we know that the tick population is growing in leaps and bounds. Most ticks today carry other diseases such as Babesia, Ehrlichia, Anaplasmosis, Q fever, etc. and many of these are considered fatal yet are rarely diagnosed until Lyme disease is first diagnosed. Unfortunately, current testing is less than 50 percent accurate. Borrelia Burdorferi is the corkscrew-like bacteria which causes Lyme and is similar to the Syphilis spirochete. It bores into tissue, organs and joints, enters spinal fluid, the brain and mimics other diseases. Growing research links it to Alzheimer's, Multiple Sclerosis, Rheumatoid Arthritis, and Psychiatric Illnesses such as mood disorders or Schizophrenia. Lyme Disease Awareness and education is crucial to the well being of our citizens, especially children who are at the greatest risk. So please use bug spray with DEET and make sure you check your children and check yourselves daily for ticks because it may save you from a lifetime of disability, pain, chronic fatigue or other illnesses. Even cardiac/heart problems are included. Thank you very much.

HOUSE JOURNAL No. 16

Wednesday, June 3, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. God of wisdom and inspiration, as the academic year comes to a close, we give You thanks for the people You call to be educators and for the important work they do in shaping, guiding and enriching the lives of their students. During these summer months, we pray for true rest and restoration for teachers, counselors, administrators and all who give so much of themselves for the good of our children and youth. May they know how much they are valued and appreciated, and may they see in the lives of those they teach, lasting evidence of their success. We pray too for students of all ages and levels, that You would keep them safe and well during the summer break, that You would bless them with opportunities for new discovery, growth, and learning, even as they too benefit from a time of rest and refreshment. And we pray for those who are moving into a new chapter of their lives: students advancing into high school or college; graduates entering the workplace or pursuing advanced degrees; teachers taking on new positions or transitioning into retirement. May they each know the wonder of growing more fully into the person You created them to be and into the abundant life that is Your promise to us all. Amen.

Representative Daniel Eaton, member from Stoddard, led the Pledge of Allegiance.

The National Anthem was sung by Julie Huss of Derry.

The affidavit required in this section shall be available for inspection by unit owners for at least 3 years after the date of the subject meeting.

II. An association shall hold a special meeting of unit owners to address any matter affecting the unit owners or the association if its president, a majority of the board of directors, or unit owners having at least 20 percent, or any lower percentage specified in the bylaws, of the votes in the association request that the secretary call the meeting. If the association does not notify unit owners of a special meeting within 30 days after the requisite number or percentage of unit owners request the secretary to do so, the requesting members may directly notify all the unit owners of an informational meeting, the purpose of which shall be to present the issue to fellow residents and unit owners. Only matters described in the meeting notice required by RSA 356-B:37-a may be considered at a special meeting.

III. Except as otherwise provided in the bylaws, meetings of the association shall be conducted in accordance with the most recent edition of Roberts' Rules of Order Newly Revised.

IV. Unit owners shall be given a reasonable opportunity at any meeting to comment regarding any matter affecting the association.

V. The declaration or bylaws may allow for meetings of unit owners to be conducted by telephonic, video, or other conferencing process, as provided in RSA 356-B:37-b.

VI. The board of directors shall make copies of the minutes of all meetings available to the unit owners within 60 days of the meeting or 15 days of the date such minutes are approved by the board, whichever occurs first. The association may opt to provide the minutes electronically or publish them on the association website, in which case the owners shall be informed of the web address.

356-B:37-a Notice to Unit Owners. An association shall deliver any notice required to be given by the association under this chapter to any mailing or electronic mail address a unit owner designates. If the unit owner does not designate an address, the association shall deliver notices by hand delivery, United States mail postage paid, or commercially reasonable delivery service to the mailing address of each unit.

356-B:37-b Meetings by Telephonic, Video, or Other Conferencing Process. When the declaration or bylaws provides, the association, committees thereof, and the board of directors may meet by telephonic, video, or other conferencing process if:

I. The meeting notice states the conferencing process to be used and provides information explaining how unit owners may participate in the conference directly or by meeting at a central location or conference connection.

II. The process provides all unit owners the opportunity to hear the discussion and to comment.

356-B:37-c Meetings of the Board of Directors and Committees of the Association. The following requirements apply to meetings of the board of directors and committees of the association authorized to act for the association:

I. Meetings shall be open to the unit owners except during executive sessions.

II. For purposes of this section, a gathering of board members at which the board members do not conduct association business is not a meeting of the board of directors. The board of directors and its members may not use incidental or social gatherings of board members or any other method to evade the open meeting requirements of this section.

III. At each board meeting, the board of directors shall provide a reasonable opportunity for unit owners to comment regarding any matter affecting the association.

IV. Unless the meeting is included in a schedule given to the unit owners or the meeting is called to deal with an emergency, the secretary or other officer specified in the bylaws shall give notice of each meeting of the board of directors to each board member and to the unit owners. The notice shall be given at least 10 days before the meeting and shall state the time, date, place, and agenda of the meeting.

V. If any materials are distributed to the board of directors before the meeting, the board of directors at the same time shall make copies of those materials reasonably available to unit owners, except that the board of directors need not make available copies of unapproved minutes or matters that are to be considered in executive session.

VI. In the case of self-managed community associations, meetings of the board of directors or committees expressly for purposes of implementation of decisions made in open meetings shall be exempt from the requirements of RSA 356-B:37, 356-B:37-a, and this section.

356-B:37-d Executive Session. The board of directors and association committees may hold an executive session only during a regular or special meeting of the board or a committee. No final vote or action may be taken during an executive session. An executive session may be held only to:

I. Consult with the association's attorney.

II. Discuss existing or potential litigation or mediation, arbitration, or administrative proceedings.

III. Discuss labor or personnel matters.

IV. Discuss contracts, leases, and other commercial transactions to purchase or provide goods or services currently being negotiated, including the review of bids or proposals, if premature general knowledge of those matters would place the association at a disadvantage or prevent public knowledge of the matter to be discussed if the board of directors or a committee determines that public knowledge would violate the privacy of any person.

356-B:38 Quorums.

I. Unless the condominium instruments otherwise provide, a quorum shall be deemed to be present throughout any meeting of the unit owners' association until adjourned if persons entitled to cast more than 33 1/3 percent of the votes are present at the beginning of such meeting. The bylaws may provide for a smaller percentage, not less than 25 percent, or for a larger percentage for associations having fewer than 25 units.

II. Unless the condominium instruments specify a larger majority, a quorum shall be deemed to be present throughout any meeting of the board of directors if persons entitled to cast more than 1/2 of the votes in that body are present at the beginning of such meeting.

III. If a quorum is not met for an annual meeting, the board shall reschedule the meeting within 60 days and provide proper notice and proxies.

356-B:39 Voting.

I. The bylaws may allocate to each unit depicted on site plans and floor plans that comply with RSA 356-B:20, I and II, a number of votes in the unit owners' association proportionate to the undivided interest in the common areas appertaining to each such unit.

II. Otherwise, the bylaws shall allocate to each such unit an equal number of votes in the unit owners' association, subject to the following exception: each convertible space so depicted shall be allocated a number of votes in the unit owners' association proportionate to the size of each such space, vis-a-vis the aggregate size of all units so depicted, while the remaining votes in the unit owners' association shall be allocated equally to the other units so depicted.

III. Since a unit owner may be more than one person, if only one of such persons is present at a meeting of the unit owners' association, that person shall be entitled to cast the votes appertaining to that unit. But if more than one of such persons is present, the vote appertaining to that unit shall be cast only in accordance with agreement of a majority in interest of the owners unless the condominium instruments expressly provide otherwise, and such consent shall be conclusively presumed if any one of them purports to cast the votes appertaining to that unit without protest being made forthwith by any of the others to the person presiding over the meeting. Since a person need not be a natural person, the word "person" shall be deemed for the purposes of this paragraph to include, without limitation, any natural person having authority to execute deeds on behalf of any person, excluding natural persons, which is, either alone or in conjunction with another person or persons, a unit owner.

IV.(a) The votes appertaining to any unit may be cast pursuant to a proxy or proxies duly executed by or on behalf of the unit owner, or, in cases where the unit owner is more than one person, by or on behalf of all such persons. A person may not cast undirected proxies representing more than 10 percent of the votes in the association. The proxy or proxies shall list the name of the person who is to vote. No such proxy shall be revocable except by actual notice to the person presiding over the meeting, by the unit owner or by any of such persons, that it be revoked. Any proxy shall be void if it is not dated or if it purports to be revocable without the required notice. The proxy of any person shall be void if not signed by a person having authority, at the time of the execution thereof, to execute deeds on behalf of that person. Any proxy shall terminate automatically upon the adjournment of the first meeting held on or after the date of that proxy. The board of directors shall deliver to the unit owners, together with their notice of meeting and agenda, proxy forms bearing a control number which the board of directors shall correlate to the list of all unit owners then entitled to vote. At the noticed meeting, the board of directors shall recover all proxies and compare them to the control list maintained for that purpose. Any proxies which are on a form other than that provided by the board of directors or which do not correlate with the control list maintained by the board of directors shall be disregarded for purposes of determining whether a quorum was present at the meeting and for purposes of casting any vote at that meeting.

(b) The board of directors shall retain all proxies delivered to the board of directors and all independent written confirmation of any such proxies for inspection by the unit owners for a period of not less than 3 years from the date of the unit owners' association meeting.

V. If 50 percent or more of the votes in the unit owners' association appertain to 25 percent or less of the units, then in any case where a majority vote is required by the condominium instruments or by this chapter, the requirement for such a majority shall be deemed to include, in addition to the specified majority of the votes, assent by the unit owners of a like majority of the units.

VI. If more than 50 percent of the votes are acquired by a single person after developer control is terminated, a 2/3 majority shall be required to change bylaws, budgets, and any contracted property management.

356-B:39-a Voting Without a Meeting. Unless prohibited or limited by the declaration or bylaws, an association may conduct a vote without a meeting. In that event, the following requirements apply:

I. The association shall notify the unit owners that the vote will be taken by ballot in the manner prescribed by RSA 356-B:37-a, and deliver a paper or electronic ballot to every unit owner entitled to vote on the matter.

II. The ballot shall:

(a) Set forth each proposed action and provide an opportunity to vote for or against the action.

(b) Indicate the number of responses needed to meet the quorum requirements.

(c) State the percent of votes necessary to approve each matter other than election of directors.

(d) Specify the time and date by which a ballot must be delivered to the association to be counted, which time and date may not be fewer than 10 days after the date the association delivers the ballot.

(e) Describe the time, date, and manner by which unit owners wishing to deliver information to all unit owners regarding the subject of the vote may do so.

III. Except as otherwise provided in the declaration or bylaws, a ballot is not revoked after delivery to the association by death or disability or attempted revocation by the person that cast that vote.

IV. Approval by ballot pursuant to this section is valid only if the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action.

356-B:40 Members of the Board of Directors and Officers.

I. Except as provided in the declaration, the bylaws, paragraph II, or other provisions of this chapter, the board of directors acts on behalf of the association. In the performance of their duties, officers and members of the board of directors appointed by the declarant shall exercise the degree of care and loyalty to the association required of a trustee. Officers and members of the board of directors not appointed by the declarant shall exercise the degree of care and loyalty to the association required of an officer or director of a corporation organized under RSA 292, and are subject to the conflict of interest rules governing directors and officers under RSA 292. The standards of care and loyalty described in this paragraph apply regardless of the form in which the association is organized.

II. The board of directors shall not:

(a) Amend the declaration except as otherwise provided in this chapter.

(b) Amend the bylaws.

(c) Terminate the unit owners' association.

(d) Elect members of the board of directors but may fill vacancies in its membership for the unexpired portion of any term or, if earlier, until the next regularly scheduled election of executive board members.

(e) Determine the qualifications, powers, and duties, or terms of office of members of the board of directors.

II-a. An officer shall not directly receive any salary or compensation from the association for the performance of duties as an officer or board member and shall not in any other way benefit financially from service to the association.

II-b. If annually approved by a 2/3 majority of the voting interests present at a properly called meeting of the association, the association may waive the requirements of paragraph II-a.

III. The board of directors shall adopt budgets as provided in RSA 356-B:40-c.

IV. Subject to the provisions of paragraph V, the declaration may provide for a period of declarant control of the association, during which a declarant, or persons designated by the declarant, may appoint and remove the officers and members of the board of directors. A declarant may

voluntarily surrender the right to appoint and remove officers and members of the board of directors before the period ends. In that event, the declarant may require during the remainder of the period that specified actions of the association or board of directors, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective. Regardless of the period provided in the declaration, and except as provided in RSA 356-B:36, a period of declarant control terminates no later than the earliest of:

(a) Sixty days after conveyance of 60 percent of the units that may be created to unit owners other than a declarant;

(b) Two years after all declarants have ceased to offer units for sale in the ordinary course of business;

(c) Two years after any right to add new units was last exercised; or

(d) The date the declarant, after giving notice in a record to unit owners, records an instrument voluntarily surrendering all rights to control activities of the association.

V. Not later than 60 days after conveyance of 1/4 of the units that may be created to unit owners other than a declarant, at least one member and not less than 25 percent of the members of the board of directors shall be elected by unit owners other than the declarant. Not later than 60 days after conveyance of 1/2 of the units that may be created to unit owners other than a declarant, not less than 1/2 of the members of the board of directors shall be elected by unit owners other than the declarant.

VI. Not later than the termination of any period of declarant control, the unit owners shall elect a board of directors with at least 3 members, a majority of whom shall be unit owners. Unless the declaration provides for the election of officers by the unit owners, the board of directors shall elect the officers. The members of the board of directors and officers shall take office upon election or appointment.

VII. If the condominium instruments provide that any officer or officers must be unit owners, then any such officer who disposes of all of his or her units in fee or for a term or terms of more than one year shall be deemed disqualified from continuing in office unless the condominium instruments otherwise provide, or unless the officer acquires or contracts to acquire another unit in the condominium under terms giving the officer a right of occupancy thereto effective on or before the termination of the right of occupancy under such disposition or dispositions.

VIII. If the condominium instruments provide that any officer or officers must be unit owners, then notwithstanding the provisions of RSA 356-B:12, I, the term "unit owner" in such context shall, unless the condominium instruments otherwise provide, be deemed to include, without limitation, any director, officer, partner in, or trustee of any person which is, either alone or in conjunction with another person or persons, a unit owner. Any officer who would not be eligible to serve as such were he or she not director, officer, partner in, or trustee of such a person shall be deemed disqualified from continuing in office if the officer ceases to have any such affiliation with that person, or if that person would itself have been deemed to have disqualified itself from continuing in such office under paragraph I were it a natural person holding such office.

IX. Any officer is a suitable person to receive service of process in any proceeding against the association.

X. For the purpose of receipt of notification by a municipality of a local land use board hearing, the officers shall be responsible for serving as agents of the unit owners' association.

356-B:40-a Disclosure of Fees by Managing Agent and Contractors.

I. If the unit owners' association or the board of directors has delegated certain powers and duties to a managing agent, the managing agent shall disclose any referral fees received from contract work performed on behalf of the association to the board of directors prior to the next regularly scheduled board meeting, unless the terms of any referral fees are disclosed in the managing agent's contract with the unit owners' association, in which case disclosure of fees actually received shall not be required.

II. The managing agent also shall disclose to the board of directors the amount and purpose of any fees, other than maintenance fees, received from a unit owner, unless the terms of any such fees are disclosed in the managing agent's contract with the unit owners' association, in which case disclosure of fees actually received shall not be required.

III. Any contractor licensed by the state of New Hampshire who performs work for a unit owner shall disclose on the bill any referral fee charged by the contractor.

356-B:40-b Removal of Officers and Directors.

I. Notwithstanding any provision of the declaration or bylaws to the contrary, unit owners present in person or by proxy at any meeting of the unit owners at which a quorum is present, may remove any member of the board of directors and any officer elected by the unit owners, with or without cause, if the number of votes cast in favor of removal exceeds the number of votes cast in opposition to removal, provided that:

(a) A member appointed by the declarant may not be removed by a unit owner vote during the period of declarant control.

(b) The unit owners may not consider whether to remove a member of the board of directors or an officer elected by the unit owners at a meeting of the unit owners unless that subject was listed in the notice of the meeting.

II. At any meeting at which a vote to remove a member of the board of directors or an officer is to be taken, the member or officer being considered for removal shall have a reasonable opportunity to speak before the vote.

356-B:40-c Adoption of Budgets and Special Assessments.

I. The board of directors, at least annually, shall adopt a proposed budget for the unit owners' association for consideration by the unit owners. Not later than 30 days after adoption of a proposed budget, the board of directors shall provide to all the unit owners a summary of the budget, including any reserves, and a statement of the basis on which any reserves are calculated and funded. Simultaneously, the board shall set a date not less than 10 days or more than 60 days after providing the summary for a meeting of the unit owners to consider ratification of the budget. Unless at that meeting 2/3 of all unit owners or any larger number specified in the declaration reject the budget, the budget is ratified, whether or not a quorum is present. If a proposed budget is rejected, the budget last ratified by the unit owners continues until the unit owners ratify a subsequent budget.

II. The board of directors, at any time, may propose a special assessment. Except as otherwise provided in paragraph III, the assessment is effective only if the board of directors follows the procedures for ratification of a budget described in paragraph I and the unit owners do not reject the proposed assessment.

III. If the board of directors determines by a 2/3 vote that a special assessment is necessary to respond to an emergency:

(a) The special assessment becomes effective immediately in accordance with the terms of the vote.

(b) Notice of the special assessment shall be provided promptly to all unit owners.

(c) The board of directors may spend the funds paid on account of the special assessment only for the purposes described in the vote.

3 Insurance; Reference Change; Insurance or Bond Required. Amend RSA 356-B:43, II to read as follows:

II. When any policy of insurance has been obtained by or on behalf of the unit owners' association, written notice of the obtainment thereof and of any subsequent changes therein or termination thereof shall be promptly furnished to each unit owner by the officer required to send notices of meetings of the unit owners' association. Such notices shall be sent in accordance with [~~the provisions of the last sentence of RSA 356-B:37~~] ***RSA 356-B:37-a***.

4 Applicability. A unit owners association shall have 2 years from the effective date of this act to amend or revise its bylaws and condominium instruments to comply with the requirements of this act. Any bylaws, condominium instruments, or amendments thereto, adopted after January 1, 2016 shall comply with the requirements of this act.

5 Effective Date. This act shall take effect January 1, 2016.

If the GAP waiver is being cancelled due to the termination of the finance agreement, a written notice to cancel shall be sent to the creditor, administrator or other such party within 90 days of the occurrence of the event terminating the finance agreement.

VII. The methodology for calculating any refund of the unearned purchase price of the GAP waiver due, in the event of cancellation of the GAP waiver or early termination of the finance agreement.

VIII. That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale, shall be conditioned upon the purchase of the GAP waiver.

361-E:5 Cancellation.

I. Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. GAP waivers shall provide that if a borrower cancels a waiver within the free look period, the borrower shall be entitled to a full refund of the purchase price, if no benefits have been provided. The free look period shall not be less than 30 days.

II. In the event of a borrower's cancellation of the GAP waiver after the agreement has been in effect beyond the free look period, the borrower may be entitled to a refund of any unearned portion of the purchase price of the GAP waiver unless the GAP waiver provides otherwise. IV. Any cancellation refund under paragraphs I, II, or III, may be applied by the creditor as a reduction of the amount owed under the finance agreement, unless the borrower can show that the finance agreement has been paid in full.

8 Repeal. RSA 415-C:1, III(b)(3), relative to debt cancellation or debt suspension contracts, is repealed.

9 Effective Date. This act shall take effect 60 days after its passage.

SB 145, relative to wine consumed at cocktail lounges. **OUGHT TO PASS.** Rep. Barbara Biggie for Commerce and Consumer Affairs. Currently, a full-service restaurant with an on-premise license can permit customers to bring in table wine beforehand and it will be stored on premise. Then, customers can ask for their wine and the restaurant will uncork and serve it. The licensee may charge a corkage fee. This bill will allow licensees with a cocktail license to also provide this service, which is supported by the liquor commission. Vote 19-0.

SB 163, relative to wholesale hospital-to-hospital laboratory and testing services. **OUGHT TO PASS.** Rep. Edward A. Butler for Commerce and Consumer Affairs. This bill clarifies statutory language to allow hospital-to-hospital use of laboratory and testing services. This is especially important for our small and rural hospitals who cannot perform laboratory services in as cost-effective a way as some of our larger hospitals. This bill allows a hospital-to-hospital transaction and clarifies it as

different from provider-to-patient transaction. This makes it possible to separate these from the Medicaid 'usual and customary' charges and allows the DHHS commissioner to ensure that hospitals can contract these services with each other. Vote 19-0.

SB 189, relative to liquor manufacturers. **OUGHT TO PASS.**

Rep. Barbara Biggie for Commerce and Consumer Affairs. This bill requires that all liquor manufacturers ferment and distill liquor from raw materials and it expands their authority to sell their products. It also clarifies that a manufacturer can sell wholesale, known as bond transfer in bulk, within New Hampshire and to other states, as well as selling up to 3,000 9-liter cases (or its equivalent) at their manufacturing site. The definitions of "liquor manufacturer" and "rectifier" are updated. Where a manufacturer produces from raw materials and can sell at their own site, the rectifier produces liquor by combining it with other products and cannot sell at their site. There is consensus by the liquor commission with representatives from lodging, nano-breweries, liquor and wine manufacturers. Vote 19-0.

SB 216-FN, relative to sales of alcoholic beverages by manufacturers. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill, which authorizes sales of samples of alcoholic beverages by manufacturers for on-premises consumption, is the companion bill to HB 177. HB 177 was signed into law on May 5th of this year. Therefore, SB 216-FN is no longer needed and the committee recommends ITL. Vote 19-0.

SB 254, establishing a committee to study the provision of services to the public through peer-to-peer or sharing economy businesses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph A. Hannon for Commerce and Consumer Affairs. This bill establishes a committee to study the provision of services to the public by Uber and existing taxi services. This would establish a committee to study the adequacy and safety of services to the public through Uber and existing taxi services. It would also study the current taxi regulations in cities and towns in New Hampshire. It will study whether such businesses are over or under regulated. It will also investigate how other states and municipalities are addressing this. Vote 18-1.

Amendment (1523h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the provision of services to the public by Uber and existing taxi services.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the adequacy and safety of services to the public through Uber and existing taxi services.

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall study:

(a) The adequacy of services provided by Uber and existing taxi services, including safety to the public.

(b) Current taxi regulations in cities and towns in New Hampshire.

(c) Whether such businesses are over or under regulated.

(d) Whether appropriate safeguards are provided by these services and whether regulations and oversight measures should be established by the state.

(e) How other states and municipalities are addressing this issue.

II. The committee may solicit input from state agencies, comparable businesses, and other vested entities.

AMENDED ANALYSIS

This bill establishes a committee to study the provision of services to the public by Uber and existing taxi services.

SB 32, relative to state agency budgetary reporting requirements. **OUGHT TO PASS WITH AMENDMENT.**

Rep. J. Tracy Emerick for Finance. The bill expands the department of administrative services reporting to include an on-demand report available to all departments, delivered to the fiscal committee

on September 30, December 31 and March 31 and available to the governor any time especially when considering spending adjustments. The committee worked with a variety of state agencies to craft a report that would become useful without adding workload to existing staff. This report uses existing data, existing systems and can be written once and run multiple times with no additional effort. Therefore no additional staff is needed nor will there be an impact on existing staff workload. The report has various levels of details from summary to budget line detail. The focus of the report is the state-generated funding expenditures (excludes federal funding and other non-state generated funding sources) of general funds, education funds, highway funds, turnpike funds, DOT funds, liquor funds, sweepstakes funds and lottery commission funds. It is intended to provide a picture of current expenditures and will be a tool to measure spending versus budgeted. Vote 20-0.

Amendment (1900h)

Amend the bill by replacing all after the enacting clause with the following:

1 Monthly Statements; Budget Report by Administrative Services. Amend RSA 9:11 to read as follows:

9:11 Monthly Statements.

I. Once each month the director, division of accounting services shall make a report to each state agency showing in detail the total amount expended during the previous month and the accumulated amount expended to date from July 1. The report shall also show the total encumbrances outstanding and the balance available for the remainder of the fiscal year. Whenever it appears that a department is spending at a rate which will deplete its appropriation before June 30 the director, division of accounting services shall immediately report the fact to the governor who shall thereupon investigate and may, if necessary, order the department head to reduce expenditures in proportion to the balance available and the remaining time in the fiscal year. When such an order has been made by the governor the director, division of accounting services shall establish a limit of expenditures for the department and shall not allow any expenditure by said department in excess of said limit unless and until said order has been modified by the governor. Provided, however, that the provisions of this section shall not apply to appropriations made for land, permanent improvements, and other capital projects.

II.(a) For the funds and entities identified in subparagraph (b), the department of administrative services shall prepare and submit to the fiscal committee of the general court a combined report describing the status of the state's fund expenditures for the current fiscal year. The report shall include a comparison of actual expenditures to projected expenditures, and an explanation for any substantial variance, as provided by each entity. The department shall submit such report for the quarters ending September 30, December 31, and March 31, and any time the governor submits to the fiscal committee, pursuant to RSA 9:16-b, a plan to reduce state expenditures.

(b)(1) For the general fund and education trust fund, the judicial branch and any agency that receives appropriations from the general fund or education trust fund.

(2) For the fish and game fund, the fish and game department.

(3) For the highway fund, including the cost of collections, the department of safety and the department of transportation.

(4) For the turnpike fund, the department of transportation.

(5) For the liquor fund, the liquor commission.

(6) For the sweepstakes fund, the lottery commission.

2 Effective Date. This act shall take effect December 31, 2015.

AMENDED ANALYSIS

This bill requires the department of administrative services to compile quarterly reports regarding expenditures from certain funds.

SB 112, requiring the Medicaid program to cover telehealth services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank A. Byron for Finance. As amended, this bill requires the department of health and human services to develop a plan to reimburse Medicaid providers for telehealth services by specialists (excluding primary care). The department must demonstrate to the fiscal committee by February 1 of next year that this newly-covered service does not increase overall costs for the Medicaid program. With approval from the fiscal committee, a state plan will be submitted to the Centers for Medicare and Medicaid Services, and the benefit will start July 1, 2016. A follow-up financial impact report on the first six months of the

service will be presented to the finance committees of the house and senate and the health and human services oversight committee by March 1, 2017. In order to compare apples to apples, the report will not include the population covered by the NH Health Protection Program. Vote 23-0.

Amendment (1946h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Medicaid Coverage of Telehealth Services. Amend RSA 167 by inserting after section 4-c the following new section:

167:4-d Medicaid Coverage of Telehealth Services.

I. In this section, "telehealth services" shall comply with 42 C.F.R. section 410.78. The use of the term "telemedicine" shall comply with the Centers for Medicare and Medicaid Services requirements governing the aforementioned telehealth services.

II.(a) Coverage under this section shall include the use of telehealth or telemedicine for Medicaid-covered services provided within the scope of practice of a physician or non-physician practitioner as a method of delivery of medical care:

(1) Which is an appropriate application of telehealth services provided by medical specialists only, excluding primary care, as determined by the department based on the Centers for Medicare and Medicaid Services regulations; and

(2) By which an individual shall receive medical services from a physician or non-physician practitioner who is an enrolled Medicaid provider without in-person contact with that provider.

(b) Nothing in this section shall be construed to prohibit the Medicaid program from providing coverage for only those services that are medically necessary and subject to all other terms and conditions of the coverage.

III. This section shall be conditioned upon review and approval of a state plan amendment submitted by the department to the Centers for Medicare and Medicaid Services.

2 New Subparagraph; Telecommunications Planning and Development Advisory Committee; Implementation of Medicaid Coverage of Telehealth Services; Duty Added. Amend RSA 12-A:46, IV by inserting after subparagraph (h) the following new subparagraph:

(i) Advising and assisting the department of health and human services in the implementation of Medicaid coverage of telehealth services as required under RSA 167:4-d. This shall include, but not be limited to, assisting in the development of a detailed work plan for implementation of Medicaid coverage of telehealth services and identifying funding or other tangible resources for consultative services drawing on the expertise in the telehealth community and or academic institutions.

3 Applicability. The department of health and human Services shall develop a telehealth services program which shall commence on July 1, 2016, and which shall not result in increased costs to the Medicaid program. The program shall not commence without approval of the fiscal committee of the general court which shall occur by February 1, 2016.

4 Department of Health and Human Services; Implementation of Medicaid Coverage of Telehealth Services; Report Required. The department of health and human services shall report to the house and senate finance committees and the oversight committee on health and human services, established in RSA 126-A:13, on the financial impact of the program for the period July 1, 2016 through December 31, 2016. The report shall be submitted on or before March 1, 2017, and shall not include the financial impact of telehealth services coverage of newly-eligible adults from 0-133 percent of the federal poverty level (FPL) who are eligible for medical assistance under section 1902(a)(10)(A)(i)(VIII) of the Social Security Act of 1935, as amended, 42 U.S.C. section 1396a(a)(10)(A)(i) ("newly eligible adults") and their spouse and dependents if applicable.

5 Effective Date. This act shall take effect upon its passage

AMENDED ANALYSIS

This bill requires the Medicaid program to cover telehealth services upon approval by the legislative fiscal committee.

SB 192-FN, permitting the department of revenue administration to conduct employee candidate background checks and establishing the position of tax policy analyst within the department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Timothy L. Twombly for Finance. This bill, as amended, makes a few changes for the DRA. It allows the department of revenue administration to conduct employee candidate background checks,

which the commissioner said was needed for employees who will handle state money and who live out of state. The commissioner may request only a state records check or both a federal and state records check, to be conducted through the division of state police. No appropriation is needed for this. The bill also establishes the position of tax policy analyst within the agency while abolishing a tax auditor position. The commissioner testified there would be no appropriation needed for this change because money from the budgeted position that is being abolished will be transferred to the new position in order to fund it. The new position more appropriately represents the work being done by this staff member, who is not actually auditing. The third housekeeping task is to codify that the commissioner hires certain unclassified positions. No appropriation is needed for this as this is current policy. Vote 22-0.

Amendment (1703h)

Amend RSA 21-J:6-d as inserted by section 3 of the bill by replacing it with the following:

21-J:6-d Tax Policy Analyst.

I. There is established within the department the unclassified position of tax policy analyst who shall be responsible for:

(a) Advising the commissioner and assistant commissioner of recommended changes in state statutes, rules, and administrative policies and procedures;

(b) Coordinating all matters of legislative and tax policy assigned to the department; and

(c) Representing the department before the general court.

II. The commissioner shall appoint the unclassified position of tax policy analyst who shall serve at the pleasure of the commissioner.

III. The salary of the tax policy analyst shall be as specified in RSA 94:1-a.

SB 169, relative to permissible uses of electronic benefit transfer (EBT) cards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services & Elderly Affairs. This bill, as amended, is the product of the interim study committee charged in 2014 to address the management and oversight of cash and product benefits provided to qualifying New Hampshire citizens using the electronic benefits transfer/EBT card. The EBT card is used for the SNAP (food stamp) benefit program and the four cash assistance programs known as TANF, APTD, OAA & ANB. In order to improve and enhance oversight and tighten management controls, the committee worked collaboratively with stakeholders and the department to address EBT card restrictions by location via technology enhancements and improved education outreach. The bill reflects the committee consensus to support a cost effective methodology to enhance EBT rule compliance and reduce the incidence of misuse of the cash benefit. We move towards this goal by increasing the management of ATM terminals and point of sale store registers utilizing the department's new merchant category codes tool now in place. Vote 17-0.

Amendment (1724h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of electronic benefits transfer (EBT) cards.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraphs; Prohibited Use of Electronic Benefit Transfer Card. Amend RSA 167:7-b, II by inserting after subparagraph (d) the following new subparagraphs:

(e) Business establishments primarily engaged in the practice of body piercing, branding, or tattooing.

(f) Cigar stores and stands, pipe stores, smoke shops, and tobacco shops using merchant category code 5993 identified in the Internal Revenue Bulletin 2004-31 Revenue Procedure 2004-43 and any subsequent Internal Revenue Service publication thereto.

(g) Marijuana dispensaries, excluding an alternative treatment center as defined in RSA 126-X:1, I.

2 New Hampshire Department of Health and Human Services; Restrictions on the Use of Electronic Benefit Transfer (EBT) Cards; Education Program. On or before November 1, 2015, the department of health and human services shall develop an education program for cash assistance recipients and retail establishments that accept EBT cards. The program shall provide information regarding the permitted and prohibited use of cash assistance under RSA 167:7-b, including penalties for misuse by businesses and program participants.

3 New Hampshire Department of Health and Human Services; Restrictions on the Use of Electronic Benefit Transfer (EBT) Cards; Electronic Blocking at Prohibited Locations; Reporting Requirement. On or before November 1, 2015, the department of health and human services shall provide an interim report with a final report on or before July 1, 2016 to the health and human services oversight committee established under RSA 126-A:13 on the use and effectiveness of electronically blocking the use of EBT cards at prohibited locations identified under RSA 167:7-b, II.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill prohibits the use of EBT cards in business that primarily engage in body piercing, branding, or tattooing; cigar stores and smoke shops; and marijuana dispensaries. The bill also requires the department of health and human services to establish an education program relative to the use of EBT cards and requires the department to report on the effectiveness of electronic blocking of EBT cards at prohibited locations.

SB 41, establishing a commission to study government immunity from suit and accountability by its citizens. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Woodbury for Judiciary. This bill, as amended, creates a committee of four house members and three senators to study and recommend legislation dealing with New Hampshire Supreme Court decisions regarding immunity from suit and open ended limitation periods on these suits that are permitted. The overall issue is whether the state ought to be treated like a private citizen or corporation for purposes of litigation or whether different rules ought to apply regarding suits by or against the state. Immunity is of long standing and of great significance to potential litigants. The judiciary committee believes this size and composition of this study committee is both workable and fairly balanced. Vote 17-2.

Amendment (1708h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study government immunity from suit and accountability by its citizens.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee to Study Government Immunity from Suit and Accountability by its Citizens.

I. There is established a committee to study government immunity from suit and accountability by its citizens.

II. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall study the recent state supreme court decisions construing or ruling on state statutes regarding negligence and intentional torts by governmental entities, the lack of statutes of limitations for enforcement actions by governmental entities, and the denial of equitable or declaratory relief to challenge actions by all levels of government. The goal of the committee shall be to make recommendations for legislative action consistent with part I, articles 8 and 14 of the New Hampshire constitution to strike a proper balance for government to be held accountable to the citizens in our courts.

V. The first meeting of the committee shall be called by the first-named senate member and shall be held within 30 days of the effective date of this section. A chairperson shall be selected by the members of the committee. The appropriate legislative research entities shall provide assistance and support to the committee as necessary. Four members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation or constitutional amendments to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 15, 2015.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study government immunity from suit and accountability by its citizens.

SB 77-L, authorizing the creation of a special purpose village district within the town of Danbury. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government. This bill proposes to create a "village district" for the primary purpose of issuing tax exempt bonds for the construction of water and sewer facilities to serve a vacation housing development at Ragged Mountain in the town of Danbury. The proposed village district would have no residents and be controlled by a three member board of commissioners, two appointed by the developer and one by the selectmen. It then attempts, over time, to transition to a village district as defined under RSA 52. The committee felt that this was legislation that benefits one corporation with lower borrowing costs, and the borrower would be the village district, not the developer. The mechanics of how the village district would function were also suspect and with the state defining a municipality as a city, town or village district creating a new type of village district would lead to more confusion over what is a village district. The committee's bipartisan recommend Inexpedient to Legislate reflects our great concern with creating a municipality with no residents for the sole purpose of issuing tax exempt municipal bonds. Vote 14-1.

SB 235, relative to the condominium act and the land sales full disclosure act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Franklin W. Sterling for Municipal and County Government. This bill, as amended, changes the financial statement requirements for principals that hold a 25% interest in a development corporation. The attorney general is in full agreement with this change. The bill further allows for a financing institution to extend a line of credit to a large development that is to be built in phases to reauthorize funding for additional phases without having to resubmit documentation to the attorney general's office for each phase of the process. Again the attorney general is in agreement with this change. Vote 16-0.

Amendment (1505h)

Amend the bill by replacing all after the enacting clause with the following:

1 Condominium Act; Application for Registration Fee; Financial Statements. Amend RSA 356-B:51, I(u) to read as follows:

(u) Any other information including any current financial statement, which the attorney general by [~~his~~] rules reasonably requires for the protection of purchasers. ***If the declarant is a corporation, limited liability company, or other entity, personal financial statements from all principals holding more than a 25 percent ownership interest in the declarant, certified as true and complete by the individual principals, accompanied by federal income tax returns for the 2 most recent full calendar years, may be submitted in lieu of financial statements for the declarant.*** Financial information filed with the attorney general shall not be disclosed publicly except in connection with a hearing, civil action, or criminal action involving the party who submitted the information.

2 Condominium Act; Inquiry and Investigation; Reasonable Assurance. Amend RSA 356-B:53, I(b) to read as follows:

(b) That there is reasonable assurance that all uncompleted improvements and amenities will be completed as represented. ***Reasonable assurance includes, but is not limited to, institutional financing in the form of a revolving line of credit in an amount equal to one-fourth of the total cost of constructing the units being registered, so long as (i) the loan documents provide (a) that funds may be re-advanced during the term of the loan to construct the units, and (b) that the institutional lender shall notify the attorney general in the event that the revolving line of credit is cancelled and (ii) in addition to the funds allocated to unit construction, the applicant shall provide evidence of adequate funds to complete any infrastructure, such as roads and utilities, necessary to service the units being registered. This subparagraph shall not prohibit the attorney general from finding other forms of financing to provide reasonable assurance. If the attorney general determines that a revolving line of credit has been cancelled, or is no longer adequate to pay for the cost of constructing the units that have been registered, the attorney general may issue a temporary cease and desist order pursuant to RSA 356-B:61***;

3 Land Sales Full Disclosure Act; Application for Registration; Financial Statement. Amend RSA 356-A:5, I(v) to read as follows:

(v) Any other information, including any current financial statement, which the attorney general by [~~his~~] reasonable rules requires for the protection of purchasers. ***If the subdivider is a limited liability company, corporation, or other entity, personal financial statements from all principals holding more than a 25 percent ownership interest in the subdivider, certified as true and complete by the individual principals, accompanied by federal income tax returns for the 2 most recent full calendar years, may be submitted in lieu of financial statements for the subdivider.*** Financial information filed with the attorney general shall not be disclosed publicly except in connection with a hearing, civil action, or criminal action involving the party who submitted the information.

This subparagraph shall not prohibit the attorney general from finding other forms of financing to provide reasonable assurance. 5 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill defines the financial statements required if the declarant or subdivider is not a natural person. The bill also describes the type of financial information required to provide reasonable assurance that all proposed improvements and amenities will be completed.

SB 241, relative to authorization for the town of Rindge to make capital expenditures from a trust fund. **OUGHT TO PASS.**

Rep. Franklin W. Sterling for Municipal and County Government. This bill amends chapter 370 from the 1957 session of the general court. Currently 50% of the voters on the previous election voter checklist must attend a deliberative session to vote on withdrawal of funds no matter if they actually voted in that election. Rindge is now an SB 2 town so this bill changes the requirement to 3/5 of those in attendance and voting to make the requirement the same as all other trust fund votes to expend. Vote 15-0.

SB 242-L, relative to amending the budget in towns that have adopted official ballot voting. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Franklin W. Sterling for Municipal and County Government. This bill, as amended, creates a study committee to investigate possible changes to official ballot towns in regards to the adoption of both a final budget and a default budget. The sponsors of the bill would like to find a method for placing amendments to the budget adopted at the deliberative session on the official ballot. They also would like to investigate allowing for changes to the default budget to be placed on the official ballot. Budget and default budget adoption has been an issue for so long it is time to attempt to arrive at a final solution. Vote 15-0.

Amendment (1510h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study methods of adopting a budget in towns that have adopted official ballot voting.

1 Committee Established. There is established a committee to study methods of adopting of a final budget in towns that have adopted official ballot voting.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study:

I. Methods of adopting a final and default budget in official ballot towns.

II. Methods of voting on the budget and budget amendments on the official ballot.

4 Chairperson. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

AMENDED ANALYSIS

This bill establishes a committee to study methods of adopting a budget in towns that have adopted official ballot voting.

SB 88, establishing a committee to study public-private partnerships for intermodal transportation. **OUGHT TO PASS.**

Rep. John R. Cloutier for Public Works and Highways. This bill would simply establish a five member committee of three representatives and two senators to study the possibilities and propose legislation for forming public-private partnerships for intermodal transportation. Under the bill the study committee would have until Jan. 1, 2016 to submit its findings. Vote 14-1.

SB 132-FN, relative to dredging projects conducted by the Pease development authority division of ports and harbors. **OUGHT TO PASS.**

Rep. Martin L. Jack for Public Works and Highways. This bill authorizes the Pease Development Authority to enter into agreements containing language required by the U.S. Army Corps of Engineers for the Piscataqua River turning basin dredging project. Without this change, the project cannot go forward using the funds that were appropriated in HB 25. The project enlarges the turning basin to accommodate modern vessels. In concert with channel widening that is part of the new Sarah Mildred Long Bridge design, the project is critical to operational safety and the continued economic viability of several upstream ports. It is possible that the language in SB 132 is broad enough to authorize other similar projects without future legislative action. Vote 15-0.

SCR 1, recognizing the contribution of Bhutanese refugees to New Hampshire, and requesting the United States government to work diligently on resolving the Bhutanese refugee crisis, reaching an agreement to allow the option of repatriation, and promoting human rights and democracy in Bhutan. **OUGHT TO PASS.**

Rep. Robert L. Theberge for State-Federal Relations and Veterans Affairs. This resolution would permit the state of NH to be the first of several states having Bhutanese refugee communities to provide a voice for democracy. Furthermore the resolution is a request to members of Congress to work toward resolving the Bhutanese refugee crisis. Through this resolution the members of both the senate and the house urge congress to allow for repatriation and the promotion of human rights. The State of New Hampshire must advocate and provide a voice for Bhutanese refugees who do not have a voice. The members of the committee recognize that the Bhutanese struggle for justice has been non-violent. Vote 13-0.

SB 104-FN, relative to licensure of research organizations by the pharmacy board. **OUGHT TO PASS.**

Rep. Susan W. Almy for Ways and Means. The policy of licensing pharmaceutical and drug research companies under the pharmacy board to enhance the state's attractiveness to these valuable biotech companies was passed by the house already. The ways & means committee agreed that it is reasonable for the license fee to be set at or below that for regular pharmacies and that since the pharmacy board sets all its other fees, this one should be done the same way. Vote 16-0.

SB 120-FN, relative to applicants for secondary game operator licenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick F. Abrami for Ways and Means. This bill allows the racing and charitable gaming commission to issue provisional secondary game operator licenses. In certain communities in which volume of gaming activity increases seasonally, there is a need to hire seasonal employees. The current delay in waiting for the formal background checks for these seasonal job candidates is resulting in many good candidates finding other jobs, especially within the student population. The original bill was amended to correct a drafting error in which one section contradicted another section. This amendment also addressed a concern brought up by the racing and charitable gaming commission that the provisional license be good for 90 days. The committee agreed with the commission that this should be changed to 45 days and that the formal background checks can be performed within this 45 day timeframe. The amendment was passed on a unanimous, bipartisan basis; The amendment replaced a majority of the bill and the bill as amended was also passed on a unanimous bipartisan basis. Vote 16-0.

Amendment (1279h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Secondary Game Operator License Application; Specific Requirements. Amend RSA 287-D:10 by inserting after paragraph V the following new paragraph:

VI. Upon receipt of a completed application under this section, and at the request of the applicant, the commission may issue a provisional license, valid for up to 45 days, under rules adopted by the commission under RSA 541-A. If the commission denies the license, the provisional license shall expire upon the applicant's receipt of such denial. If the applicant requests a provisional license under this paragraph, he or she shall submit a fee of $10 to the commission, in addition to the application fee for the license, at the time of such request.

SB 160, relative to duplicate vessel registration certificates. **OUGHT TO PASS.**

Rep. Robert L. Nigrello for Ways and Means. This bill allows a vessel owner to obtain a duplicate registration by putting into statute the process. This process is for the vessel owner to submit an application to the department of motor vehicles for a duplicate registration certificate for a payment of a $15 fee. Vote 16-0.

SB 232-FN-A, exempting certain leases from the real estate transfer tax. **OUGHT TO PASS.**

Rep. Bill H. Ohm for Ways and Means. This bill establishes the authority of the legislature, rather than administrative rules, to decide if and how ground leases are taxable transactions. It clarifies that ground leases less than 99 years are not taxable. Vote 16-0.

REGULAR CALENDAR

SB 52, establishing a commission to study the issue of residential tenancies in foreclosed properties. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Bart Fromuth for the Majority of Commerce and Consumer Affairs. The purpose of the committee was to study the impact of foreclosure on those that are renting the foreclosed property. The majority felt that there was nothing to study as the situation, while unfortunate, could not be improved with state intervention. The minority felt that there could be some protected period of pro-longed tenancy, however, it would be inappropriate to force a mortgage lender to extend their losses on a non paying property for some or all the remaining life of the tenancy. Vote 11-8.

Rep. Edward A. Butler for the Minority of Commerce and Consumer Affairs. In the 2014 report from the SB 306 Commission on NH Mortgage Foreclosure Law and Fair Foreclosure Practices, several recommendations were made, one of which was to create such a study of the effect of foreclosure on tenants. Though many issues were clarified & proposals made, some of which this body has passed, the issue of the effect of foreclosure on tenants remained unresolved. The Federal Protecting Tenants at Foreclosure Act ("PTFA"), which gave tenants the right to remain in place until the later of 90 days, or the expiration of their leases, expired at the end of 2014. The minority believes that this study is needed to find a way to protect tenants from precipitous eviction while taking into account the needs of new building owners in foreclosure situations.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Butler spoke against.

Rep. Fromuth spoke in favor.

On a division vote, 188 members having voted in the affirmative and 127 in the negative, the majority committee report was adopted.

SB 55, allowing private employers to establish a policy granting a veterans' preference in employment decisions. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kermit R. Williams for the Majority of Commerce and Consumer Affairs. This bill allows private employers to establish a policy granting a veterans' preference in employment decisions. Title VII of the Civil Rights Act prohibits private companies from offering hiring preference to veterans, unlike the federal government, but it allows states to create their own exemption, and that is the purpose of this bill. The commerce committee amended the senate version of the bill by removing the section that allows the preference to apply during layoffs. Vote 12-7.

Rep. Bart Fromuth for the Minority of Commerce and Consumer Affairs. Although this bill passed commerce by a vote of 12-7, the first motion of ITL lost by a single vote. SB 55 was introduced at the request of a single entity; Wal-Mart. Wal-Mart hires a significant number of veterans across the country, including 490 in New Hampshire and has a national campaign in place announcing this preference. That advertising campaign has not been launched in New Hampshire as of yet, for fear that they might be sued for unfair hiring practices. In order to clear the way for the ad campaign, Wal-Mart has requested this legislation. Wal-Mart could not identify any instances in which other companies advertising their preference for veterans had been sued in New Hampshire and as such the minority was not convinced there was an actual need for this bill.

Majority Amendment (1605h)

Amend RSA 275-G:1, III as inserted by section 1 of the bill by replacing it with the following:

III. "Veteran's preference employment policy" means a private employer's policy for hiring or promoting a veteran over another qualified applicant or employee.

Amend RSA 275-G:2, II as inserted by section 1 of the bill by replacing it with the following:

II. Shall be applied uniformly to employment decisions regarding hiring and promotion.

AMENDED ANALYSIS

This bill permits private employers to establish a policy for granting a preference to veterans in and hiring promotion decisions.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Baldasaro requested a roll call; sufficiently seconded.

SB 188-FN, revising banking, credit union, and trust laws. **OUGHT TO PASS.**
Rep. Laurie J. Sanborn for Commerce and Consumer Affairs. As a comprehensive revision of our banking statutes, SB 188 modernizes, recodifies, organizes and streamlines the regulations for banks, credit unions, trust companies and family trust companies. This bill replaces 21 existing chapters that were established in a patchwork fashion over more than 100 years, with five new chapters. The bill was drafted over the course of the last year by members of the NH Bankers Association, the NH Credit Union League, the NH Trust Council and the state banking department. The legislation had hundreds of hours of input from all stakeholders over numerous meetings, and is strongly supported by members of this highly regulated industry. The intention was to provide a thoughtful and efficient body of law that will serve New Hampshire's financial institutions well into the future by providing much needed clarity and organization while maintaining strong existing consumer protections. We believe that SB 188 accomplishes its goals and makes compliance easier and more efficient for the regulators and the regulated. Vote 19-0.

The question being adoption of the committee report of Ought to Pass.
Rep. Williams offered floor amendment (2020h).

SB 218-FN, making spoofing an unfair and deceptive act under the consumer protection law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John Bordenet for the Majority of Commerce and Consumer Affairs. The department of justice (DOJ) states this bill adds a new section to the Consumer Protection Act, RSA 358-A, prohibiting a practice commonly known as "spoofing," which includes, among other acts, transmitting to the consumer misleading or inaccurate caller identification information. The DOJ states this bill could necessitate additional investigative resources although prosecution of the offenders could be accomplished with existing resources. Vote 13-8.

Rep. David Luneau for the Minority of Commerce and Consumer Affairs. The committee heard testimony from law enforcement and the attorney general with regards to an increase in telemarketing scams. Scammers use false and deceptive caller ID information pretending to be the IRS, the sheriff's office or other family members in order to trap their victims, often senior citizens. SB 218 improves an existing statute to prohibit telephone solicitors from using false, misleading or deceptive caller ID information.

The question being adoption of the majority committee report of Inexpedient to Legislate.

REGULAR CALENDAR CONT'D

SB 223-FN, relative to name availability for business organizations. **OUGHT TO PASS.** Rep. Bart Fromuth for Commerce and Consumer Affairs. The committee believes that this bill will greatly improve the process of new business registration in the state. At present the secretary of state's office wields significant discretion in its approval of name availability for new business registrants. During testimony the committee learned that an alarming percentage of initial applications are rejected due to the subjective and unclear standards utilized by the secretary of state's office. While the current process in place is intended to avoid name confusion, testimony from business as well as Live Free and Start indicated that despite the best of intentions the current guidelines were an impediment to new business. It became clear to the majority of the committee that the bright line standards contained in this bill were needed to remove the unnecessary confusion, cost and lack of administrative efficiency in the current approval process. As a result the majority of the committee, along with the governor, recommends Ought to Pass. Vote 15-4.
Rep. Gidge spoke against.
Rep. Fromuth spoke in favor.
On a division vote, 314 members having voted in the affirmative and 35 in the negative, the committee report was adopted and ordered to third reading.

SB 266-FN, adopting the Uniform Securities Act. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.** Rep. Laurie J. Sanborn for the Majority of Commerce and Consumer Affairs. As amended by the committee, SB 266 puts New Hampshire on the map as having one of the strongest bodies of securities law in terms of its 1) friendliness for the industry (both regulators and the regulated), 2) friendliness for start up companies, and 3) friendliness for investors. Passage of this bill makes NH more competitive and shows the world that we are committed to modernizing, streamlining and improving the environment for businesses and investors in our state. New Hampshire's current securities act, RSA 421-B, is based on the Uniform Securities Act of 1956, and is viewed as outdated and confusing. This bill brings our law in line with the model Revised Uniform Security Act (RUSA) of 2002, as amended in 2005. In a report titled "Improving New Hampshire' Startup Environment," economist and community college system chancellor Ross Gittell, and UNH professor

of law John Orcutt, identified securities regulation reform as one of their top recommendations for improving our state's competitiveness in attracting and retaining businesses in our state, and this bill accomplishes the specific suggestions described in that report. SB 266 does not add additional regulatory requirements or costs to doing business, and in fact is expected to lower costs by removing complexity, idiosyncrasy, hurdles and traps for the unwary. SB 266 does not weaken investor protection, and in fact makes it stronger by keeping New Hampshire's existing statute of limitations at 6 years, and extending the standard RUSA limit of one year for discovery to two years. Excitingly, this bill modifies New Hampshire's limited offering transaction exemption to bring it in line with best practices among the states. Issuers would be allowed to conduct private placements to up to 25 purchasers in a 12 month period (without a lifetime limit), up from 10 purchases under the current statute (with a lifetime limit of 25). Increasing the number of sales allowed per investment round should allow startups to raise more of their needed capital in each round. Approximately 18 other states have adopted versions of this Revised Uniform Securities Act. Without passage of SB 266, New Hampshire will be increasingly viewed as being non-uniform, more difficult and more expensive to conduct business. As amended by the committee, SB 266 significantly eases capital formation and business formation in New Hampshire. Vote 15-6.

Rep. Kermit R. Williams for the Minority of Commerce and Consumer Affairs. The minority, like the majority, supports the goal of this bill. The bill was written to make our state more "business-friendly;" to make the process of selling securities and funding new businesses in New Hampshire easier and more similar to other states. The minority's objection to the bill is the loss of more than $1 million annually in state revenue from unnecessary changes in the securities law. Two changes, one of which was an inadvertent omission and one of which was introduced in the committee amendment, reduce the fees that the secretary of state's office receives from the creation of companies and the registration of securities. We heard testimony that these costs were already much lower than in other states, so the revenue loss is not necessary to encourage business investment in the state. While we continue to support the process streamlining which the bill provides, we believe that the missing revenue should be restored.

Majority Amendment (1743h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Uniform Securities Act. RSA 421-B is repealed and reenacted to read as follows:

421-B:2-202-A Implementing Provisions.

(1) Counting of purchasers. The following principles shall be used to calculate the number of purchasers to whom sales of the issuer's securities are made pursuant to RSA 421-B:2-202(1) and RSA 421-B:2-202(14):

(A) Exclusions. The following purchasers shall be excluded:

(i) Any relative, spouse, or relative of the spouse of a purchaser who has the same principal residence as such purchaser;

(ii) Any individual retirement account for the benefit of a purchaser;

(iii) Any trust or estate in which a purchaser or any of the persons related to such purchaser specified in subsection (1)(C) collectively have more than 50 percent of the beneficial interest (excluding contingent interests); and

(iv) Any corporation, partnership, limited partnership, limited liability company, limited liability partnership, business trust or other business entity in which a purchaser or any of the persons related to the purchaser specified in subsection (1)(C) collectively are the beneficial owners of more than 50 percent of the equity securities or equity interests.

(B) Inclusions. A purchaser shall be included in the calculation of the number of purchasers if such purchaser purchases a security which the issuer claims qualifies as a federal covered security under section 18(b)(4)(E) of the Securities Act of 1933 but in actuality does not so qualify.

(C) Entity as purchaser. A corporation, partnership, limited partnership, limited liability company, limited liability partnership, business trust, or other business entity shall be counted as one purchaser. However, if such entity is organized for the specific purpose of acquiring the securities offered and is not an investor specified in RSA 421-B:2-202(13), then each beneficial owner of equity interests or equity securities in such entity shall count as a separate purchaser.

(D) Employee benefit plan as purchaser. A non-contributory employee benefit plan, within the meaning of title I of the Employee Retirement Income Security Act of 1974, shall be counted as one purchaser if the trustee makes all investment decisions for the plan.

(E) Sales to certain clients or customers. Sales to clients of an investment adviser, broker-dealer, or trust administered solely by a bank having fiduciary power, or persons with similar relationships, shall be considered as separate sales, regardless of the amount of discretion given to the investment adviser, broker-dealer, bank, or other person to act on behalf of the client, customer or trust.

(F) Joint or common ownership. Sales to persons who acquire the securities as joint tenants, tenants in common, or tenants by the entirety shall be counted as a single purchaser.

(2) Integration of Offerings. Offers and sales of securities that are made more than 6 months before the start of an offering or are made more than 6 months after completion of an offering will not be considered part of that offering, so long as during those 6-month periods there are no offers or sales of securities by or for the issuer that are of the same or a similar class as those offered and sold in such offering, other than offers or sales of securities under an employee benefit plan. The determination of whether separate sales of securities are part of the same offering and are considered integrated depends on the particular facts and circumstances. The following factors should be considered in determining whether offers and sales should be integrated for purposes of the exemption under RSA 421-B:2-202(14):

(A) Whether the sales are part of a single plan of financing;

(B) Whether the sales involve issuance of the same class of securities;

(C) Whether the sales have been made at or about the same time;

(D) Whether the same type of consideration is being received; and

(E) Whether the sales are made for the same general purpose.

(3) In connection with an offer and sale of exempt securities or in an exempt transaction, other than in connection with an offer and sale of federal covered securities, additional disclosures shall be made in offering documents, or an application for registration or a filing for exemption from registration shall be denied, or further conditions for an exemption may be imposed by the secretary of state, if any partner, officer, director, or a person having a similar status or performing a similar function:

(A) has filed a registration statement which is the subject of a currently-effective stop order entered pursuant to any state's securities laws within the previous 5 years;

(B) has been convicted within the previous 5 years of any felony or misdemeanor in connection with the offer, purchase or sale of any security;

(C) has been convicted within the previous 5 years of any felony involving fraud or deceit, including forgery, embezzlement, obtaining money under false pretenses, larceny, or conspiracy to defraud;

(D) is the subject of a material administrative enforcement order or judgment entered by a state's securities administrator within the previous 5 years or has been the subject to any state's administrative enforcement order or judgment in which fraud or deceit, including but not limited to, making untrue statements of material facts and omitting to state material facts, was found and the order or judgment was entered within the previous 5 years;

(E) is subject to a material administrative enforcement order or judgment which prohibits, denies or revokes the use of any exemption from registration in connection with the offer, purchase, or sale of securities; or

(F) is currently subject to any order, judgment, or decree of any court of competent jurisdiction temporarily, preliminarily, or permanently restraining, or enjoining such person from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security or involving the making of any false filing with the state entered within the previous 5 years.

421-B:2-203 Additional Exemptions and Waivers. An order issued by the secretary of state under this chapter may exempt a security, transaction, or offer; an order by the secretary of state under this chapter may exempt a class of securities, transactions, or offers from any or all of the requirements of RSA 421-B:3-301 through RSA 421-B:3-306 and RSA 421-B:5-504; and an order by the secretary of state under this chapter may waive, in whole or in part, any or all of the conditions for an exemption or offer under RSA 421-B:2-201 and RSA 421-B:2-202.

421-B:2-204 Denial, Suspension, Revocation, Conditions, or Limitation of Exemptions.

(a) Enforcement related powers. Except with respect to securities or a transaction preempted by section 18(b) of the Securities Act of 1933, an order by the secretary of state under this chapter may deny, suspend application of, condition, limit, or revoke an exemption created under RSA 421-B:2-201(3)(C) or RSA 421-B:2-202 or an exemption or waiver created under RSA 421-B:2-203 with respect to a specific security, transaction, or offer. An order under this section may be issued only pursuant to the procedures in RSA 421-B:3-306(d) or RSA 421-B:6-604 and only prospectively.

(b) Knowledge of order required. A person does not violate RSA 421-B:3-301, RSA 421-B:3-303 through RSA 421-B:3-306, RSA 421-B:5-504, or RSA 421-B:5-510 by an offer to sell, offer to purchase, sale, or purchase effected after the entry of an order issued under this section if the person did not know, and in the exercise of reasonable care could not have known, of the order.

For purposes of subsection (b), a person will be conclusively presumed to have knowledge of an order which is mailed to the last address specified by such person to the secretary of state, if any, or which is published in a newspaper of statewide circulation.

ARTICLE 3

Registration of Securities and

Notice Filing of Federal Covered Securities

421-B:3-301 Securities Registration Requirement. It is unlawful for a person to offer or sell a security in this state unless:

(1) the security is a federal covered security;

(2) the security, transaction, or offer is exempted from registration under RSA 421-B:2-201 through RSA 421-B:2-203; or

(3) the security is registered under this chapter.

421-B:3-302 Notice Filing.

(a) Required filing of records. Any person offering a federal covered security, that is not a security described in section 18(b)(4)(D) of the Securities Act of 1933, 15 U.S.C. section 77r(b)(4)(D), and is not exempt under RSA 421-B:2-201 through RSA 421-B:2-203, shall file all of the following records:

(1) before the initial offer of a federal covered security in this state, all records that are part of a federal registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933, a consent to service of process complying with RSA 421-B:6-611 signed by the issuer, and the payment of a fee for each class of shares, regardless of whether offered through separate or combined prospectuses;

(2) after the initial offer of the federal covered security in this state, all records that are part of an amendment to a federal registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933; and

(3) to the extent necessary or appropriate to compute fees, a report of the value of the federal covered securities sold or offered to persons present in this state, if the sales data are not included in records filed with the Securities and Exchange Commission and payment of a fee for each class of shares, regardless of whether offered through separate or combined prospectuses.

(b) Notice filing effectiveness and renewal. A notice filing under subsection (a) is effective for one year commencing on the later of the notice filing or the effectiveness of the offering filed with the Securities and Exchange Commission. On or before expiration, the issuer may renew a notice filing by filing a copy of those records filed by the issuer with the Securities and Exchange Commission and by paying a renewal fee. A previously filed consent to service of process complying with RSA 421-B:6-611 may be incorporated by reference in a renewal. A renewed notice filing becomes effective upon the expiration of the filing being renewed.

(c) Notice filings for federal covered securities described in section 18(b)(4)(D) of the Securities Act of 1933. Any person selling a security that is a federal covered security described in section 18(b)(4)(D) the Securities Act of 1933, 15 U.S.C. section 77r(b)(4)(D), shall file a notice filing to include a copy of Form D, including the Appendix, as promulgated by the Securities and Exchange Commission, a consent to service of process complying with RSA 421-B:6-611 signed by the issuer not later than 15 days after the first sale of the federal covered security in this state, and the payment of a fee including any late filing fee, under RSA 421-B:6-614.

(d) Stop orders. Except with respect to a federal security described in section 181(b)(1) of the Securities Act of 1933, 15 U.S.C. section 77r(b)(1), if the secretary of state finds that there is a failure to comply with a notice or fee requirement of this section, including any late filing fee requirements, the secretary of state may issue a stop order suspending the offer and sale of a federal covered security in this state. If the deficiency is corrected, the stop order is void as of the time of its issuance and no penalty may be imposed by the secretary of state. Nothing in this chapter shall prevent the secretary of state from investigating and issuing a stop order suspending the offer and sale of a federal covered security for violation of RSA 421-B:5-501.

421-B:3-303 Securities Registration by Coordination.

(a) Registration permitted. A security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination under this section.

(b) Required records. A registration statement and accompanying records under this section must contain or be accompanied by the following records in addition to the information specified in RSA 421-B:3-305 and a consent to service of process complying with RSA 421-B:6-611:

(1) a copy of the latest form of prospectus filed under the Securities Act of 1933;

(2) a copy of the articles of incorporation and bylaws or their substantial equivalents currently in effect; a copy of any agreement with or among underwriters; a copy of any indenture or other instrument governing the issuance of the security to be registered; and a specimen, copy, or description of the security that is required by order issued under this chapter;

(3) copies of any other information or any other records filed by the issuer under the Securities Act of 1933 requested by the secretary of state;

(4) an undertaking to forward each amendment to the federal prospectus, other than an amendment that delays the effective date of the registration statement, promptly after it is filed with the Securities and Exchange Commission;

(5) a Form U-4 for each agent of the issuer; and

(6) copies of disclosures, which shall be included in the offering documents, consistent with policies, guidelines, and standards, including suitability standards, promulgated by the North American Securities Administrators Association, in order to provide full and fair disclosure for the benefit of investors.

(c) Conditions for effectiveness of registration statement. A registration statement under this section becomes effective simultaneously with or subsequent to the federal registration statement when all the following conditions are satisfied:

(1) a stop order under subsection (d) or RSA 421-B:3-306 or issued by the Securities and Exchange Commission is not in effect and a proceeding is not pending against the issuer under RSA 421-B:4-412; and

(2) the registration statement has been on file for at least 20 days or a shorter period provided by order issued under this chapter.

(d) Notice of federal registration statement effectiveness. The registrant shall promptly notify the secretary of state in a record of the date when the federal registration statement becomes effective and the content of any price amendment and shall promptly file a record containing the price amendment. If the notice is not timely received, the secretary of state may issue a stop order, without prior notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with this section. The secretary of state shall promptly notify the registrant of an order by telegram, telephone, or electronic means and promptly confirm this notice by a record. If the registrant subsequently complies with the notice requirements of this section, the stop order is void as of the date of its issuance.

(e) Effectiveness of registration statement. If the federal registration statement becomes effective before each of the conditions in this section is satisfied or is waived by the secretary of state, the registration statement is automatically effective under this chapter when all the conditions are satisfied or waived. If the registrant notifies the secretary of state of the date when the federal registration statement is expected to become effective, the secretary of state shall promptly notify the registrant by telegram, telephone, or electronic means and promptly confirm this notice by a record, indicating whether all the conditions are satisfied or waived and whether the secretary of state intends the institution of a proceeding under RSA 421-B:3-306. The notice by the secretary of state does not preclude the institution of such a proceeding.

421-B:3-304 Securities Registration and Qualification.

(a) Registration permitted. A security may be registered by qualification under this section.

(b) Required records. A registration statement under this section must contain the information or records specified in RSA 421-B:3-305, a consent to service of process complying with RSA 421-B:6-611, and the following information or records, which may be satisfied if included in the materials provided pursuant to subsection (b)(13):

(11) the dates of, parties to, and general effect concisely stated of each managerial or other material contract made or to be made otherwise than in the ordinary course of business to be performed in whole or in part at or after the filing of the registration statement or that was made within the previous 2 years, and a copy of the contract;

(12) a description of any pending litigation, action, or proceeding to which the issuer is a party and that materially affects its business or assets, and any litigation, action, or proceeding known to be contemplated by governmental authorities;

(16) a signed or conformed copy of a consent of any accountant, engineer, appraiser, or other person whose profession gives authority for a statement made by the person, if the person is named as having prepared or certified a report or valuation, other than an official record, that is public, which is used in connection with the registration statement;

(17) a balance sheet of the issuer as of a date within 4 months before the filing of the registration statement; a statement of income and changes in financial position for each of the 3 fiscal years preceding the date of the balance sheet and for any period between the close of the immediately previous fiscal year and the date of the balance sheet, or for the period of the issuer's and any predecessor's existence if less than 3 years; and, if any part of the proceeds of the offering is to be applied to the purchase of a business, the financial statements that would be required if that business were the registrant; and

(18) any additional information or records required by order issued under this chapter.

(c) Conditions for effectiveness of registration statement. A registration statement under this section becomes effective 30 days, or any shorter period provided by order issued under this chapter, after the date the registration statement or the last amendment other than a price amendment is filed, if:

(1) a stop order is not in effect and a proceeding is not pending under RSA 421-B:3-306;

(2) the secretary of state has not issued an order under RSA 421-B:3-306 delaying effectiveness; and

(3) the applicant or registrant has not requested that effectiveness be delayed.

(d) Delay of effectiveness of registration statement. The secretary of state may delay effectiveness once for not more than 90 days if the secretary of state determines the registration statement is not complete in all material respects and promptly notifies the applicant or registrant of that determination. The secretary of state may also delay effectiveness for a further period of not more than 30 days if the secretary of state determines that the delay is necessary or appropriate.

(e) Prospectus distribution may be required. An order issued under this chapter may require as a condition of registration under this section that a prospectus containing a specified part of the information or record specified in subsection (b) be sent or given to each person to which an offer is made, before or concurrently, with the earliest of:

(1) the first offer made in a record to the person otherwise than by means of a public advertisement, by or for the account of the issuer or another person on whose behalf the offering is being made or by an underwriter or broker-dealer that is offering part of an unsold allotment or subscription taken by the person as a participant in the distribution;

(2) the confirmation of a sale made by or for the account of the person;

(3) payment pursuant to such a sale; or

(4) delivery of the security pursuant to such a sale.

421-B:3-305 Securities Registration Filings.

(a) Who may file. A registration statement may be filed by the issuer, a person on whose behalf the offering is to be made, or a broker-dealer registered under this chapter.

(b) Filing fee. A person filing a registration statement shall pay a filing fee. If a registration statement is withdrawn before the effective date or a preeffective stop order is issued under RSA 421-B:3-306, the secretary of state shall retain such portion of the fee that the secretary of state deems equitable under the circumstances.

(c) Status of offering. A registration statement filed under RSA 421-B:3-303 or RSA 421-B:3-304 must specify:

(1) the amount of securities to be offered in this state;

(2) the states in which a registration statement or similar record in connection with the offering has been or is to be filed; and

(3) any adverse order, judgment, or decree issued in connection with the offering by a state securities regulator, the Securities and Exchange Commission, or a court.

(d) Incorporation by reference. A record filed under this chapter or the predecessor act within 5 years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the record is currently accurate.

(e) Nonissuer distribution. In the case of a nonissuer distribution, information or a record may not be required under subsection (i) or RSA 421-B:3-304, unless it is known to the person filing the registration statement or to the person on whose behalf the distribution is to be made or unless it can be furnished by those persons without unreasonable effort or expense.

(f) Escrow and impoundment. An order issued under this chapter may require as a condition of registration that a security issued within the previous 5 years or to be issued to a promoter for a consideration substantially less than the public offering price or to a person for a consideration other than cash be deposited in escrow; and that the proceeds from the sale of the registered security in this state be impounded until the issuer receives a specified amount from the sale of the security either in this state or elsewhere. The conditions of any escrow or impoundment required under subsection (f) may be established by order issued under this chapter, but the secretary of state may not reject a depository institution or trust company solely because of its location in another state

(g) Form of subscription. An order issued under this chapter may require as a condition of registration that a security registered under this chapter be sold only on a specified form of subscription or sale contract and that a signed or conformed copy of each contract be filed under this chapter or preserved for a period specified by the rule or order, which may not be longer than 5 years.

(h) Effective period. Except while a stop order is in effect under RSA 421-B:3-306, a registration statement is effective for one year after its effective date, or for any longer period designated in an order under this chapter during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by an underwriter or broker-dealer that is still offering part of an unsold allotment or subscription taken as a participant in the distribution. For the purposes of a nonissuer transaction, all outstanding securities of the same class identified in the registration statement as a security registered under this chapter are considered to be registered while the registration statement is effective. If any securities of the same class are outstanding, a registration statement may not be withdrawn until one year after its effective date. A registration statement may be withdrawn only with the approval of the secretary of state.

(i) Periodic reports. While a registration statement is effective, an order issued under this chapter may require the person that filed the registration statement to file reports, not more often than quarterly, to keep the information or other record in the registration statement reasonably current and to disclose the progress of the offering.

(j) Posteffective amendments. A registration statement may be amended after its effective date. The posteffective amendment becomes effective when the secretary of state so orders. If a posteffective amendment is made to increase the number of securities specified to be offered or sold, the person filing the amendment shall pay a registration fee. A posteffective amendment relates back to the date of the offering of the additional securities being registered if, within one year after the date of the sale, the amendment is filed and the additional registration fee is paid.

421-B:3-306 Denial, Suspension, and Revocation of Securities Registration.

(a) Stop orders. The secretary of state may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, a registration statement if the secretary of state finds that the order is in the public interest and that:

(1) the registration statement as of its effective date or before the effective date in the case of an order denying effectiveness, an amendment under RSA 421-B:3-305(j) as of its effective date, or a report under RSA 421-B:3-305(i) is incomplete in a material respect or contains a statement that, in the light of the circumstances under which it was made, was false or misleading with respect to a material fact;

(2) this chapter or an order issued under this chapter or a condition imposed under this chapter has been willfully violated, in connection with the offering, by the person filing the registration

statement; by the issuer, a partner, officer, or director of the issuer or a person having a similar status or performing a similar function; a promoter of the issuer; or a person directly or indirectly controlling or controlled by the issuer, but only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer; or by an underwriter;

(3) the security registered or sought to be registered is the subject of a permanent or temporary injunction of a court of competent jurisdiction or an administrative stop order or similar order issued under any federal, foreign, or state law other than this chapter applicable to the offering, but the secretary of state may not issue an order under subsection (a)(3) on the basis of an order or injunction issued under the securities act of another state unless the order or injunction was based on conduct that would constitute, as of the date of the order, a ground for a stop order under this section;

(4) the issuer's enterprise or method of business includes or would include activities that are unlawful where performed;

(5) with respect to a security sought to be registered under RSA 421-B:3-303, there has been a failure to comply with the undertaking required by RSA 421-B:3-303(b)(4);

(6) the applicant or registrant has not paid the filing fee, but the secretary of state shall void the order if the deficiency is corrected;

(7) the offering:

(A) will work or tend to work a fraud upon purchasers or would so operate; or

(B) has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participations, or unreasonable amounts or kinds of options; or

(8) the issuer or a partner, officer, or director of the issuer or a person having a similar status or performing a similar function has been convicted of a felony or misdemeanor in connection with the offer, purchase, or sale of a security or of a felony involving fraud or deceit, including forgery, embezzlement, obtaining money under false pretenses, larceny, or conspiracy to defraud.

(b) Enforcement of subsection (a)(7). To the extent practicable, the secretary of state by order issued under this chapter shall publish standards that provide notice of conduct that violates subsection (a)(7).

(c) Institution of stop order. The secretary of state may not institute a stop order proceeding against an effective registration statement on the basis of conduct or a transaction known to the secretary of state when the registration statement became effective unless the proceeding is instituted within 60 days after the registration statement became effective.

(d) Summary process. The secretary of state may summarily revoke, deny, postpone, or suspend the effectiveness of a registration statement pending final determination of an administrative proceeding. Upon the issuance of the order, the secretary of state shall promptly notify each person specified in subsection (e) that the order has been issued, the reasons for the revocation, denial, postponement, or suspension, and that within 15 days after the receipt of a request in a record from the person the matter will be scheduled for a hearing. If a hearing is not requested and none is ordered by the secretary of state, within 30 days after the date of service of the order, then the order becomes final. If a hearing is requested or ordered, the secretary of state, after notice of and opportunity for hearing for each person subject to the order, may modify or vacate the order or extend the order until final determination.

(e) Procedural requirements for stop order. A stop order may not be issued under this section without:

(1) appropriate notice to the applicant or registrant, the issuer, and the person on whose behalf the securities are to be or have been offered;

(2) an opportunity for hearing; and

(3) findings of fact and conclusions of law in a record in accordance with RSA 421-B:6-604(c).

(f) Modification or vacation of stop order. The secretary of state may modify or vacate a stop order issued under this section if the secretary of state finds that the conditions that caused its issuance have changed or that it is necessary or appropriate in the public interest or for the protection of investors.

421-B:3-307 Waiver and Modification. The secretary of state may waive or modify, in whole or in part, any or all of the requirements of RSA 421-B:3-302, RSA 421-B:3-303, and RSA 421-B:3-304(b) or the requirement of any information or record in a registration statement or in a periodic report filed pursuant to RSA 421-B:3-305(i).

The brochure delivered to a client may omit any information required by Part 2A of Form ADV if such information is applicable only to a type of investment advisory service or fee that is not rendered or charged, or proposed to be rendered or charged, to that client or prospective client.

(E) The investment adviser shall amend its brochure and any brochure supplements and deliver the amendments to clients promptly when information contained in the brochure or brochure supplements becomes materially inaccurate. (C) To the extent that the Securities and Exchange Commission promulgates changes to the rules, described in subsections (c)(15)(A) and (c)(15)(B) broker-dealers in compliance with such rules as amended shall not be subject to enforcement action by the secretary of state for violation of this section to the extent that the violation results solely from the broker-dealer's compliance with the amended rules.

(16) Every licensed investment adviser shall comply with minimum financial requirements and financial reporting requirements as follows:

(A) An investment adviser registered or required to be registered under this chapter who has custody of client funds or securities shall maintain at all times a minimum net worth of $35,000, and every investment adviser licensed or required to be licensed under this chapter who has discretionary authority over client funds or securities, but does not have custody of client funds or securities, shall maintain at all times a minimum net worth of $10,000.

(i) The investment adviser has executed a separate investment adviser contract exclusively with its client which acknowledges that a third party trading agreement will be executed to allow the investment adviser to effect securities transactions for the client in the client's broker-dealer account;

(ii) The investment adviser contract specifically states that the client does not grant discretionary authority to the investment adviser, and the investment adviser in fact does not exercise discretion with respect to the account; and

(iii) A third party trading agreement is executed between the client and a broker-dealer which specifically limits the investment adviser's authority in the client's broker-dealer account to the placement of trade orders and deduction of investment adviser fees.

(F) Every investment adviser that has its principal place of business in a state other than this state shall maintain such minimal capital as required by the state in which the investment adviser maintains its principal place of business, provided that the investment adviser is licensed in such state and is in compliance with such state's minimal capital requirements.

An audit or inspection may be made at any time and without prior notice. The secretary of state may copy, and remove for audit or inspection copies of, all records the secretary of state reasonably considers necessary or appropriate to conduct the audit or inspection. The secretary of state may assess a reasonable charge for conducting an audit or inspection under this subsection (d)(1).

(2) For the purpose of ascertaining compliance with law or relationships and transactions between any person and any broker-dealer, investment adviser, or agent or proposed broker-dealer, investment adviser, or agent and in circumstances where the secretary of state has reasonable grounds to believe

there is noncompliance with or violation of any law, rule, or order, the secretary of state may, as often and to the extent he or she deems advisable, examine the accounts, records, documents, and transactions pertaining to or affecting the securities affairs or proposed securities affairs and transactions of:

(A) Any person having a contract under which the person enjoys by terms or in fact the exclusive or dominant right to manage or control the broker-dealer, investment adviser, or agent;

(A) The secretary of state shall conduct each examination in an expeditious, fair, and impartial manner.

(B) Upon any such examination the secretary of state, or the examiner if specifically so authorized in writing by the secretary of state, shall have power to administer oaths, and the power to examine under oath any individual as to any matter relevant to the affairs under examination or relevant to the examination.

(D) If the secretary of state or examiner finds any accounts or records to be inadequate, or kept or posted in a manner not in accordance with commonly accepted securities accounting principles, then the secretary of state may employ experts to reconstruct, rewrite, post or balance them at the expense of the person being examined if such person has failed to maintain, complete or correct such records or accounting after the secretary of state or examiner has given him or her written notice and a reasonable opportunity to do so.

(E) Neither the secretary of state nor any examiner shall remove any record, account, document, file or other property of the person being examined from the offices or place of such person except with the written consent of such person in advance of such removal or pursuant to an order of court duly obtained. Subsection (c)(2)(E) shall not be deemed to affect the making and removal of copies or abstracts of any such record, account, document, or file.

(F) Any individual who refuses without just cause to be examined under oath or who willfully obstructs or interferes with the examiners in the exercise of their authority pursuant to subsection (d) shall be guilty of a misdemeanor.

The report of examination shall be verified by the oath of the examiner in charge thereof.

(B) Such a report of examination of a broker-dealer or agent so verified shall be prima facie evidence in any delinquency proceeding against the broker-dealer or agent, its officers, employees, or agents upon the facts stated therein, whether or not the report has been filed as provided in subsection (d)(5)(C).

(5)(A) The secretary of state shall deliver a copy of the examination report to the person examined, together with a notice affording such person 20 days or such additional reasonable period as the secretary of state for good cause may allow, within which to review the report and recommend changes therein.

(B) If so requested by the person examined, then, within the period allowed under subsection (d)(5)(A), or if deemed advisable by the secretary of state without such request, the secretary of state

shall hold a closed hearing relative to the report and shall not file the report in the department until after such closed hearing and his or her order thereon; except, that the secretary of state may furnish a copy of the report to the governor, secretary of state or state treasurer pending final decision thereon.

In any such action or proceeding, the secretary of state or his or her examiners may, however, at any time testify and offer proper evidence as to information secured or matters discovered during the course of an examination, whether or not a written report of the examination has been either made, furnished, or filed in the department.

(6) All reports pursuant to subsection (d) shall be absolutely privileged and although filed in the department as provided in subsection (d)(5) shall nevertheless not be for public inspection. The comments and recommendations of the examiner shall also be deemed confidential information and shall not be available for public inspection, except as the secretary of state in his or her discretion may deem advisable.

(7) The broker-dealer or other person examined pursuant to subsection (d) shall bear the expense of the examination. However, in the case of an application by an agent for a broker-dealer that is a member of a self-regulatory organization or by an individual for registration as an investment adviser representative, a denial order may not be based on subsection (d)(14) if the individual has successfully completed all examinations required by subsection (e). The secretary of state may require an applicant for registration under RSA 421-B:4-402 or RSA 421-B:4-404 who has not been registered in a state within the 2 years preceding the filing of an application in this state to successfully complete an examination.

421-B:5-502-A Custody of Client Funds or Securities by Investment Advisers.

(a) Safekeeping required. It is unlawful and deemed to be a fraudulent or deceitful act, practice, or course of business for an investment adviser, registered or required to be registered, to have custody of client funds or securities unless:

(1) Notice to secretary of state. The investment adviser notifies the secretary of state promptly in writing that the investment adviser has or may have custody. Such notification is required to be given on Form ADV;

(2) Qualified custodian. A qualified custodian maintains those funds and securities:

(A) in a separate account for each client under that client's name; or

(B) in accounts that contain only the investment adviser's clients' funds and securities, under the investment adviser's name as agent or trustee for the clients, or, in the case of a pooled investment vehicle that the investment adviser manages, in the name of the pooled investment vehicle.

(3) Notice to clients. If an investment adviser opens an account with a qualified custodian on its client's behalf, under the client's name, under the name of the investment adviser as agent, or under the name of a pooled investment vehicle, the investment adviser must notify the client in writing of the qualified custodian's name, address, and the manner in which the funds or securities are maintained, promptly when the account is opened and following any changes to this information. If the investment adviser sends account statements to a client to which the investment adviser is required to provide this notice, the investment adviser must include in the notification provided to that client and in any subsequent account statement the investment adviser sends that client a statement urging the client to compare the account statements from the custodian with those from the investment adviser.

(4) Account statements. The investment adviser has a reasonable basis, after due inquiry, for believing that the qualified custodian sends an account statement, at least quarterly, to each client for which it maintains funds or securities, identifying the amount of funds and the amount of each security in the account at the end of the period and setting forth all transactions in the account during that period.

(5) Special rule for limited partnerships and limited liability companies. If the investment adviser or a related person is a general partner of a limited partnership (or managing member of a limited liability company, or holds a comparable position for another type of pooled investment vehicle), the account statements required under subsection (a)(4) must be sent to each limited partner (or member or other beneficial owner).

(6) Independent verification. The client funds and securities of which the investment adviser has custody are verified by actual examination at least once during each calendar year, by an independent certified public accountant, pursuant to a written agreement between the investment adviser and the independent certified public accountant, at a time that is chosen by the independent certified public accountant without prior notice or announcement to the investment adviser and that is irregular from year to year. The written agreement must provide for the first examination to occur within 6 months of becoming subject to subsection (a)(6), except that, if the investment adviser maintains client funds or securities pursuant to this section as a qualified custodian, the agreement must provide for the first examination to occur no later than 6 months after obtaining the internal control report. The written agreement must require the independent certified public accountant to:

(A) file a certificate on Form ADV-E with the secretary of state within 120 days of the time chosen by the independent certified public accountant in subsection (a)(6), stating that it has examined the funds and securities and describing the nature and extent of the examination.

(B) notify the secretary of state within one business day of the finding of any material discrepancies during the course of the examination, by means of a facsimile transmission or electronic mail, followed by first class mail, directed to the attention of the secretary of state; and

(C) file within 4 business days of the resignation or dismissal from, or other termination of, the engagement, or removing itself or being removed from consideration for being reappointed, Form ADV-E accompanied by a statement that includes:

(i) The date of such resignation, dismissal, removal, or other termination, and the name, address, and contact information of the independent certified public accountant; and

(ii) An explanation of any problems relating to examination scope or procedure that contributed to such resignation, dismissal, removal, or other termination.

(7) Investment advisers acting as qualified custodians. If the investment adviser maintains, or if the investment adviser has custody because a related person maintains, client funds or securities pursuant to this section as a qualified custodian in connection with advisory services the investment adviser provides to clients, the following shall apply:

(A) The independent certified public accountant the investment adviser retains to perform the independent verification required by subsection (a)(6) must be registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules; and

(B) The investment adviser must obtain, or receive from its related person, within 6 months of becoming subject to subsection (a)(7) and thereafter no less frequently than once each calendar year a written internal control report prepared by an independent certified public accountant:

(i) The internal control report must include an opinion of an independent certified public accountant as to whether controls have been placed in operation as of a specific date, and are suitably designed and are operating effectively to meet control objectives relating to custodial services, including the safeguarding of funds and securities held by either the investment adviser or a related person on behalf of the investment adviser's clients, during the year;

(ii) The independent certified public accountant must verify that the funds and securities are reconciled to a custodian other than the investment adviser or the investment advisers related person; and

(iii) The independent certified public accountant must be registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules.

(b) Exceptions.

(1) Shares of open end mutual funds. With respect to shares of an open end mutual fund, the investment adviser may use the open end mutual fund's transfer agent in lieu of a qualified custodian for purposes of complying with subsection (a);

(2) Certain privately offered securities.

(A) The investment adviser is not required to comply with subsection (a)(2) with respect to securities that are:

(i) acquired from the issuer in a transaction or chain of transactions not involving any public offering; and

(ii) uncertificated and ownership thereof is recorded only on the books of the issuer or its transfer agent in the name of the client; and transferable only with prior consent of the issuer or holders of the outstanding securities of the issuer.

(iii) Notwithstanding subsection (b)(2)(A), subsection (b)(2) shall apply with respect to securities held for the account of a limited partnership (or limited liability company, or other type of pooled investment vehicle) only if the limited partnership is audited, and the audited financial statements are distributed, as described in subsection (b)(4) and the investment adviser notifies the secretary of state in writing that the investment adviser intends to provide audited financial statements, as described in subsection (a). Such notification is required to be provided on Form ADV.

(3) Fee deduction. Notwithstanding subsection (a)(6), an investment adviser is not required to obtain an independent verification of client funds and securities maintained by a qualified custodian if all of the following conditions are met:

(A) The investment adviser has custody of the funds and securities solely as a consequence of its authority to make withdrawals from client accounts to pay its advisory fee;

(B) The investment adviser has written authorization from the client to deduct advisory fees from the account held with the qualified custodian;

(C) Each time a fee is directly deducted from a client account, the investment adviser concurrently:

(i) sends the qualified custodian an invoice or statement of the amount of the fee to be deducted from the client's account; and

(ii) sends the client an invoice or statement itemizing the fee. Itemization includes the formula used to calculate the fee, the amount of assets under management the fee is based on, and the time period covered by the fee; and

(D) The investment adviser notifies the secretary of state in writing that the investment adviser intends to use the safeguards provided in subsection (b)(3). Such notification is required to be given on Form ADV.

(4) Limited partnerships subject to annual audit. An investment adviser is not required to comply with subsections (a)(3) and (a)(4) and shall be deemed to have complied with subsection (a)(6) with respect to the account of a limited partnership (or limited liability company, or another type of pooled investment vehicle) if each of the following conditions are met:

(A) The adviser sends to all limited partners (or members or other beneficial owners) at least quarterly, a statement showing:

(i) the total amount of all additions to and withdrawals from the fund as a whole as well as the opening and closing value of the fund at the end of the quarter based on the custodian's records;

(ii) a listing of all long and short positions on the closing date of the statement in accordance with FASB Rule ASC 946-210-50; and

(iii) the total amount of additions to and withdrawals from the fund by the investor as well as the total value of the investor's interest in the fund at the end of the quarter;

(B) At least annually the fund is subject to an audit and distributes its audited financial statements prepared in accordance with generally accepted accounting principles to all limited partners (or members or other beneficial owners) and the secretary of state within 120 days of the end of its fiscal year;

(C) The audit is performed by an independent certified public accountant that is registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules;

(D) Upon liquidation, the adviser distributes the fund's final audited financial statements prepared in accordance with generally accepted accounting principles to all limited partners (or members or other beneficial owners) and the secretary of state promptly after the completion of such audit;

(E) The written agreement with the independent certified public accountant must require the independent certified public accountant to, upon resignation or dismissal from, or other termination of, the engagement, or upon removing itself or being removed from consideration for being reappointed, notify the secretary of state within 4 business days accompanied by a statement that includes:

(i) The date of such resignation, dismissal, removal, or other termination, and the name, address, and contact information of the independent certified public accountant; and

(ii) An explanation of any problems relating to audit scope or procedure that contributed to such resignation, dismissal, removal, or other termination;

(5) Registered investment companies. The investment adviser is not required to comply with this section with respect to the account of an investment company registered under the Investment Company Act of 1940.

(c) Delivery to related persons. Sending an account statement under subsection (a)(5) or distributing audited financial statements under subsection (b)(4) shall not satisfy the requirements of this section if such account statements or financial statements are sent solely to limited partners (or members or other beneficial owners) that themselves are limited partnerships (or limited liability companies, or another type of pooled investment vehicle) and are related persons of the investment adviser.

421-B:5-509 Civil Liability.

(a) Securities Litigation Uniform Standards Act. Enforcement of civil liability under this section is subject to the Securities Litigation Uniform Standards Act of 1998.

(b) Liability of seller to purchaser. A person is liable to the purchaser if the person sells a security in violation of RSA 421-B:3-301 or, by means of an untrue statement of a material fact or an omission to state a material fact necessary in order to make the statement made, in light of the circumstances under which it is made, not misleading, the purchaser not knowing the untruth or omission and the seller not sustaining the burden of proof that the seller did not know and, in the exercise of reasonable care, could not have known of the untruth or omission. An action under this subsection (b) is governed by the following:

(1) The purchaser may maintain an action to recover the consideration paid for the security, less the amount of any income received on the security, and interest at the legal rate of interest from the date of the purchase, costs, and reasonable attorneys' fees determined by the court, upon the tender of the security, or for actual damages as provided in subsection (b)(3).

(2) The tender referred to in subsection (b)(1) may be made any time before entry of judgment. Tender requires only notice in a record of ownership of the security and willingness to exchange the security for the amount specified. A purchaser that no longer owns the security may recover actual damages as provided in subsection (3).

(3) Actual damages in an action arising under subsection (b) are the amount that would be recoverable upon a tender less the value of the security when the purchaser disposed of it, and interest at the legal rate of interest from the date of the purchase, costs, and reasonable attorneys' fees determined by the court.

(c) Liability of purchaser to seller. A person is liable to the seller if the person buys a security by means of an untrue statement of a material fact or omission to state a material fact necessary in order to make the statement made, in light of the circumstances under which it is made, not misleading, the seller not knowing of the untruth or omission, and the purchaser not sustaining the burden of proof that the purchaser did not know, and in the exercise of reasonable care, could not have known of the untruth or omission. An action under subsection (c) is governed by the following:

(1) The seller may maintain an action to recover the security, and any income received on the security, costs, and reasonable attorneys' fees determined by the court, upon the tender of the purchase price, or for actual damages as provided in subsection (c) 3).

(2) The tender referred to in subsection (c)(1) may be made any time before entry of judgment. Tender requires only notice in a record of the present ability to pay the amount tendered and willingness to take delivery of the security for the amount specified. If the purchaser no longer owns the security, the seller may recover actual damages as provided in subsection (c)(3).

(3) Actual damages in an action arising under subsection (c) are the difference between the price at which the security was sold and the value the security would have had at the time of the sale in the absence of the purchaser's conduct causing liability, and interest at the legal rate of interest from the date of the sale of the security, costs, and reasonable attorneys' fees determined by the court.

(d) Liability of unregistered broker-dealer and agent. A person acting as a broker-dealer or agent that sells or buys a security in violation of RSA 421-B:4-401(a), RSA 421-B:4-402(a), or RSA 421-B:5-506 is liable to the customer. The customer, if a purchaser, may maintain an action for recovery of actual damages as specified in subsections (b)(1) through (c)(3), or, if a seller, for a remedy as specified in subsections (c)(1) through (c)(3).

(e) Liability of unregistered investment adviser and investment adviser representative. A person acting as an investment adviser or investment adviser representative that provides investment advice for compensation in violation of RSA 421-B:4-403(a), RSA 421-B:4-404(a), or RSA 421-B:5-506 is liable to the client. The client may maintain an action to recover the consideration paid for the advice, interest at the legal rate of interest from the date of payment, costs, and reasonable attorneys' fees determined by the court.

(f) Liability for investment advice. A person that receives directly or indirectly any consideration for providing investment advice to another person and that employs a device, scheme, or artifice to defraud the other person or engages in an act, practice, or course of business that operates or would operate as a fraud or deceit on the other person, is liable to the other person. An action under subsection (f) is governed by the following:

(1) The person defrauded may maintain an action to recover the consideration paid for the advice and the amount of any actual damages caused by the fraudulent conduct, interest at the legal rate of interest from the date of the fraudulent conduct, costs, and reasonable attorneys' fees determined by the court, less the amount of any income received as a result of the fraudulent conduct.

(2) This subsection does not apply to a broker-dealer or its agents if the investment advice provided is solely incidental to transacting business as a broker-dealer and no special compensation is received for the investment advice.

(g) Joint and several liability. The following persons are liable jointly and severally with and to the same extent as persons liable under subsections (b) through (f):

(1) a person that directly or indirectly controls a person liable under subsections (b) through (f), unless the controlling person sustains the burden of proof that the person did not know, and in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist.

(2) an individual who is a managing partner, executive officer, or director of a person liable under subsections (b) through (f), including an individual having a similar status or performing similar functions, unless the individual sustains the burden of proof that the individual did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist;

(3) an individual who is an employee of or associated with a person liable under subsections (b) through (f) and who materially aids the conduct giving rise to the liability, unless the individual sustains the burden of proof that the individual did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist; and

(4) a person that is a broker-dealer, agent, investment adviser, or investment adviser representative that materially aids the conduct giving rise to the liability under subsections (b) through (f), unless the person sustains the burden of proof that the person did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which liability is alleged to exist.

(h) No civil cause of action. No civil cause of action may be based solely upon the failure of a broker-dealer or agent to comply with the registration requirements of RSA 421-B:4-401(a) or RSA 421-B:4-402(a), except a cause of action arising under subsection (d), RSA 421-B:6-603, or RSA 421-B:6-604.

(i) Right of contribution. A person liable under this section has a right of contribution as in cases of contract against any other person liable under this section for the same conduct.

(j) Survival of cause of action. A cause of action under this section survives the death of an individual who might have been a plaintiff or defendant.

(k) Statute of limitations. A person may not obtain relief:

(1) under subsection (b) for violation of RSA 421-B:3-301, or under subsection (d) or (e), unless the action is instituted within 2 years after the violation occurred; or

(2) under subsection (b), other than for violation of RSA 421-B:3-301, or under subsection (c) or (f), unless the action is instituted within the earlier of 2 years after discovery of the facts constituting the violation and 6 years after the violation.

(l) No enforcement of violative contract. A person that has made, or has engaged in the performance of, a contract in violation of this chapter or a rule adopted or order issued under this chapter, or that has acquired a purported right under the contract with knowledge of conduct by reason of which its making or performance was in violation of this chapter, may not base an action on the contract.

(m) No contractual waiver. A condition, stipulation, or provision binding a person purchasing or selling a security or receiving investment advice to waive compliance with this chapter or a rule adopted or order issued under this chapter is void.

(n) Survival of other rights or remedies. The rights and remedies provided by this chapter are in addition to any other rights or remedies that may exist, but this chapter does not create a cause of action not specified in this section or RSA 421-B:4-411(e).

421-B:5-510 Rescission Offers. A purchaser or seller of a security, or a recipient of investment advice may not maintain an action under RSA 421-B:5-509 if:

(1) The purchaser or seller of a security, or recipient of investment advice receives in a record, before the action is instituted:

(B) if the basis for relief under this section may have been a violation of RSA 421-B:5-509(b), an offer to repurchase the security for cash, payable on delivery of the security, equal to the consideration paid, and interest at the legal rate of interest from the date of the purchase, less the amount of any income received on the security, or, if the purchaser no longer owns the security, an offer to pay the purchaser upon acceptance of the offer damages in an amount that would be recoverable upon a tender, less the value of the security when the purchaser disposed of it, and interest at the legal rate of interest from the date of the purchase in cash equal to the damages computed in the manner provided in subsection (1);

(C) if the basis for relief under this section may have been a violation of RSA 421-B:5-509(c), an offer to tender the security, on payment by the seller of an amount equal to the purchase price paid, less income received on the security by the purchaser and interest at the legal rate of interest from the date of the sale; or if the purchaser no longer owns the security, an offer to pay the seller upon acceptance of the offer, in cash, damages in the amount of the difference between the price at which the security was purchased and the value the security would have had at the time of the purchase in the absence of the purchaser's conduct that may have caused liability and interest at the legal rate of interest from the date of the sale;

(D) if the basis for relief under this section may have been a violation of RSA 421-B:5-509(d); and if the customer is a purchaser, an offer to pay as specified in subsection (1)(B); or, if the customer is a seller, an offer to tender or to pay as specified in subsection (1)(C);

(a) Administration. The secretary of state shall administer this chapter. The secretary of state may appoint deputy secretaries of state or designees who shall serve as director and who may be classified or unclassified employees whose salary shall be that of or comparable to that of a deputy secretary of state, to administer the provisions of this chapter. The secretary of state may also appoint deputy directors who shall perform such duties as may be assigned by the secretary of state, deputy secretary of state, or designee, or director, to administer the provisions of this chapter. The secretary of state shall, to the greatest extent practical, physically and substantively consolidate the activities and functions related to corporations, limited partnerships, and other business organizations and entities administered by the department of state with the activities and functions related to the registration of securities.

(1) To register securities.

(2) To license the following:

(A) Broker-dealers.

(C) Agents.

(D) Investment adviser representatives.

(3) Together with the attorney general, to issue, amend, or rescind such orders as are reasonably necessary to carry out the provisions of this chapter.

(4) To bring administrative actions to enforce the securities law.

(5) To investigate and impose penalties for violations of the securities laws, including:

(A) Revoking, suspending, or denying licenses and registrations.

(C) Rescission, restitution, or disgorgement.

(6) Together with the attorney general, to bring actions pursuant to RSA 421-B:6-603.

(7) To investigate conduct that would be an unfair or deceptive act or practice under RSA 358-A and that is subject to the jurisdiction of the director of securities regulation pursuant to RSA 358-A:3, I.

(8) To issue letters of censure, caution, warning, or admonition pursuant to audits or inspections under RSA 421-B:4-409(d), investigations under RSA 421-B:6-602, or hearings under RSA 421-B:6-613.

(c) The exclusive authority and jurisdiction to issue licenses pursuant to RSA 421-B:6-601(b)(2) shall not be read to limit the authority of the department of insurance to license sellers of products where licensure is required both by RSA 421-B and Title XXXVII.

(d) The secretary of state shall have all powers specifically granted or reasonably implied in order to perform the substantive responsibilities imposed by this chapter.

(e) Unlawful use of records or information. It is unlawful for the secretary of state or officer, employee, or designee of the secretary of state to use for personal benefit or the benefit of others records or other information obtained by or filed with the secretary of state that are not public under RSA 421-B:6-607(b). The secretary of state may disclose records or information in accordance with RSA 91-A.

(f) No common law privilege or exemption created or diminished. Except for the privilege from defamation in RSA 421-B:4-406(i), this chapter does not create or diminish any privilege or exemption that exists at common law, by statute, rule, or otherwise.

(g) Investor education. The secretary of state may develop and implement investor education initiatives to inform the public about investing in securities, with particular emphasis on the prevention and detection of securities fraud. In developing and implementing these initiatives, the secretary of state may collaborate with public and nonprofit organizations with an interest in investor education. The secretary of state may accept grants or donations from a person that is not affiliated with the securities industry or from a nonprofit organization, regardless of whether or not the organization is affiliated with the securities industry, to develop and implement investor education initiatives. This subsection does not authorize the secretary of state to require participation or monetary contributions of a registrant in an investor education program.

(h) Investor education fund. All moneys collected as an administrative penalty under this chapter and all moneys collected pursuant to RSA 421-B:6-614(a)(6) and (7) shall be credited to an investor education fund to be maintained by the state treasurer. Funds in excess of $725,000 at the end of each fiscal year shall be credited to the general fund. The secretary of state, after deducting administrative costs, shall use moneys credited to that fund to provide information to residents of this state about investments in securities, to help investors and potential investors evaluate their investment decisions, protect themselves from unfair, inequitable, or fraudulent offerings, choose their broker-dealers, agents, or investment advisers more carefully, be alert for false or misleading advertising or other harmful practices, and know their rights as investors. The state treasurer shall pay the expenses of investor education out of the investor education fund consisting of the funds. The investor education fund shall be nonlapsing and continually appropriated for the purpose of paying the expenses of investor education, except that the fund shall at no time exceed $725,000.

421-B:6-602 Investigations and Subpoenas.

(a) Authority to investigate. The secretary of state may:

(1) conduct public or private investigations within or outside of this state that the secretary of state considers necessary or appropriate to determine whether any person has violated, is violating, or is about to violate this chapter or an order issued under this chapter, or to aid in the enforcement of this chapter or in the adoption of forms under this chapter;

(2) require or permit a person to testify, file a statement, or produce a record, under oath or otherwise as the secretary of state determines, as to all the facts and circumstances concerning a matter to be investigated or about which an action or proceeding is to be commenced; and

(3) publish information concerning an action, proceeding, or an investigation under, or a violation of, this chapter or an order issued under this chapter if the secretary of state determines it is necessary or appropriate in the public interest and for the protection of investors.

(4) hold hearings, upon reasonable notice, in respect to any matter arising out of the administration of this chapter;

(5) conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in this chapter to the legislature; and

(6) require a broker-dealer, agent, or issuer, subject to the limitations set forth in section 18 of the Securities Act of 1933, to report to the secretary of state all transactions as they pertain to any security. Such reports shall be made within 10 days after demand therefor by the secretary of state and shall be open for public inspection only upon a court order. The secretary of state shall not make known, in any manner not provided by law, any information contained in such reports.

(b) Secretary of state's powers to investigate. For the purpose of an investigation under this chapter, the secretary of state or a designated officer may administer oaths and affirmations, subpoena witnesses, seek compulsion of attendance, take evidence, require the filing of a statement, and require the production of any records that the secretary of state considers relevant or material to the investigation.

(c) Procedure and remedies for noncompliance. If a person fails to appear or refuses to testify, file a statement, produce records, or otherwise fails to obey a subpoena as required by the secretary of state under this chapter, the attorney general or the secretary of state may apply to the superior court or a court of another state to enforce compliance. The court may:

(1) hold the person in contempt;

(2) order the person to appear before the attorney general or secretary of state;

(3) order the person to testify about the matter under investigation or in question;

(4) order the production of records;

(5) grant injunctive relief, including restricting or prohibiting the offer or sale of securities or the providing of investment advice;

(6) order a civil penalty of not less than $2,500 for each violation; and

(7) grant any other necessary or appropriate relief.

(d) Assistance to securities regulator of another state. At the request of the securities regulator of another state or a foreign jurisdiction, the secretary of state may provide assistance if the requesting regulator states that it is conducting an investigation to determine whether a person has violated, is violating, or is about to violate a law or rule of the other state or foreign jurisdiction relating to securities matters which the requesting regulator administers or enforces. The secretary of state may provide the assistance by using the authority to investigate and the powers conferred by this section as the secretary of state determines is necessary or appropriate. The assistance may be provided without regard to whether the facts stated in the request would also constitute a violation of this chapter or other law of this state if occurring in this state. In deciding whether to provide the assistance, the secretary of state may consider whether the requesting regulator is permitted and has agreed to provide assistance reciprocally within its state or foreign jurisdiction to the secretary of state on securities matters when requested; whether compliance with the request would violate or prejudice the public policy of this state; and the availability of resources and employees of the secretary of state to carry out the request for assistance.

421-B:6-603 Civil Enforcement.

(a) Civil action instituted by attorney general or secretary of state. If it appears to the attorney general or secretary of state that a person has engaged, is engaging, or is about to engage in an act, practice, or course of business constituting a violation of this chapter or an order issued under this chapter, or that a person has, is, or is about to engage in an act, practice, or course of business that materially aids a violation of this chapter or an order issued under this chapter, the attorney general or the secretary of state may maintain an action in the superior court to enjoin the act, practice, or course of business

and to enforce compliance with this chapter or an order issued under this chapter. The action may be brought in the superior court of the county in which the defendant resides or has his or her principal place of business, or, with the consent of the parties or if the defendant is a nonresident and has no place of business within the state, in the superior court of Merrimack county.

(b) Relief available In an action under this section and upon a proper showing, the court may:

(1) grant or require a permanent or temporary injunction, restraining order, writ of mandamus, or a declaratory judgment;

(2) issue an order for other appropriate or ancillary relief, to include:

(A)(i) an asset freeze, accounting, writ of attachment, writ of general or specific execution, and an appointment of a receiver or conservator, that may be the secretary of state, for the defendant or the defendant's assets.

(ii) Notwithstanding any law to the contrary, the court may grant, upon a proper showing by the secretary of state, a writ of attachment for the state of New Hampshire for the benefit of all aggrieved investors identified by the secretary of state which will have priority over any other attachment or lien granted in connection with a civil action brought by an aggrieved investor asserting a claim based on the same act or omission.

(B) an order to the secretary of state to take charge and control of a defendant's property, including investment accounts and accounts in a depository institution, rents, and profits; to collect debts; and to acquire and dispose of property;

(C) the imposition of a civil penalty up to a maximum of $5,000 for a single violation; an order of rescission, restitution, or disgorgement directed to a person that has engaged in an act, practice, or course of business constituting a violation of this chapter or the predecessor act or an order issued under this chapter or the predecessor act; and

(D) an order for the payment of prejudgment and postjudgment interest; or

(3) granting other relief that the court considers appropriate.

(c) No bond requirement. The attorney general or the secretary of state may not be required to post a bond.

(d) In a proceeding in superior court under this section where the state prevails, the secretary of state and the attorney general shall be entitled to recover all costs and expenses of investigation, and the court shall include the costs in its final judgment.

421-B:6-604 Administrative Enforcement.

(a) Issuance of an order or notice. If the secretary of state determines that a person has engaged, is engaging, or is about to engage, in an act, practice, or course of business constituting a violation of this chapter or an order issued under this chapter, or that a person has, is, or is about to materially aid an act, practice, or course of business constituting a violation of this chapter or an order issued under this chapter, the secretary of state may:

(1) issue an order directing the person to cease and desist from engaging in the act, practice, or course of business or to take other action necessary or appropriate to comply with this chapter; or

(2) issue an order under RSA 421-B:2-204.

(b) Summary process. An order under subsection (a) is effective on the date of issuance. Upon issuance of the order, the secretary of state shall promptly serve each person subject to the order with a copy of the order and a notice that the order has been entered. The order shall include a statement of the reasons for the order and notice that, within 15 days after receipt of a request in a record from the person, the matter will be scheduled for a hearing. If a person subject to the order does not request a hearing and none is ordered by the secretary of state within 30 days after the date of service of the order, the order becomes final as to that person. If a hearing is requested or ordered, the secretary of state, after notice of and opportunity for hearing to each person subject to the order, may modify or vacate the order or extend it until final determination. If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, such person shall be deemed in default, and the proceeding may be determined against him or her upon consideration of the cease and desist order, the allegations of which may be deemed to be true.

(c) Procedure for final order. If a hearing is requested or ordered pursuant to subsection (b), a hearing shall be held pursuant to RSA 421-B:6-612. In accordance with RSA 421-B:6-612, the secretary of state shall issue a written decision stating the action to be taken by the department and may set forth findings of fact, conclusions of law, and disposition. The final order may make final, vacate, or modify the order issued under subsection (a).

(d) Civil penalty. In a final order, the secretary of state may impose a civil penalty up to a maximum of $2,500 for a single violation. In addition, every such person who is subject to such civil penalty, upon hearing, and in addition to any other penalty provided for by law, be subject to such suspension, revocation, or denial of any registration or license, or be barred from registration or licensure, including the forfeiture of any application fee.

(e) After notice and hearing, the secretary of state may enter an order of rescission, restitution, or disgorgement directed to a person who has violated this chapter, or a rule or order under this chapter. Rescission, restitution, or disgorgement shall be in addition to any other penalty provided for under this chapter.

(f) The secretary of state may order any person who violates RSA 421-B:5-501, RSA 421-B:5-502, RSA 421-B:3-301, RSA 421-B:3-302, RSA 421-B:5-505 or a cease and desist order issued under this chapter, upon hearing, and in addition to any other penalty provided for by law, to make a written offer to the purchaser of the security to repurchase the security for cash, payable on delivery of the security, equal to the consideration paid for the security together with interest at the legal rate, less the amount of any income received by the purchaser on the security, or if the purchaser no longer owns the security, an offer to pay an amount in cash equal to consideration paid for the security together with interest at the legal rate, less the amount the purchaser received on disposition of the security and less the amount of any income received by the purchaser on the security.

(g) Costs. In a final order, the secretary of state may charge the actual cost of an investigation or proceeding for a violation of this chapter or an order issued under this chapter.

(h) Enforcement by court; further civil penalty. If a person fails to comply with an order under this section, the attorney general or secretary of state may petition a court of competent jurisdiction to enforce the order. The court may not require the attorney general or secretary of state to post a bond. If the court finds, after service and opportunity for hearing, that the person is not in compliance with the order, the court may adjudge the person in civil contempt of the order. The court may impose a further civil penalty against the person for contempt in an amount not less than $5,000 for each violation, and may grant any other relief the court determines is just and proper in the circumstances.

421-B:6-605 Orders, Interpretative Opinions, and Hearings.

(a) Issuance and adoption of forms, orders, and rules. The secretary of state may:
by order, define terms, whether or not used in this chapter, when those definitions are not inconsistent with this chapter.

(b) Findings and cooperation. All actions undertaken by the secretary of state pursuant to this section shall be taken only when the secretary of state finds such action necessary or appropriate to the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of this title. In preparing forms, setting standards, and reviewing offerings, the secretary of state may cooperate with the securities regulators of other states, self regulatory organizations, and the Securities and Exchange Commission in order to implement the policy of this chapter in an efficient and effective manner and to achieve maximum uniformity in the form and content of registration statements, applications, reports, and requirements for issuers, broker-dealers, and investment advisors, where practicable.

(c) Financial statements. Subject to section 15(h) of the Securities Exchange Act and Section 222 of the Investment Advisers Act of 1940, the secretary of state may require that a financial statement filed under this chapter be prepared in accordance with generally accepted accounting principles in the United States and comply with other requirements specified by rule or order under this chapter. Subject to section 15(h) of the Securities Exchange Act and section 222 of the Investment Advisors Act of 1940, a rule or order under this chapter may establish the form and content of financial statements required under this chapter.

(d) Interpretative opinions. The secretary of state may provide interpretative opinions or may issue determinations that the secretary of state will not institute an enforcement proceeding or commence an action under this chapter against a specified person for engaging in a specified act, practice, or course of business if the determination is consistent with the purposes intended by this chapter. The secretary of state may assess a reasonable charge for interpretative opinions or determinations that the secretary of state will not commence an action or institute an enforcement proceeding under this chapter.

421-B:6-606 Administrative Files and Opinions.

(a) Public register of filings. The secretary of state shall maintain a register of all applications for registration of securities; registration statements; notice filings, applications for registration of

broker-dealers, agents, investment advisers, and investment adviser representatives; notice filings by federal covered investment advisers that are or have been effective under this chapter or the predecessor act; notices of claims of exemption from registration or notice filing requirements contained in a record; orders issued under this chapter or the predecessor act; and interpretative opinions or no-action determinations issued under this chapter.

(b) Public availability. The secretary of state shall make all forms, interpretative opinions, and orders available to the public.

(c) Copies of public records. Upon request, the secretary of state shall furnish to a person a copy of a record that is a public record pursuant to RSA 91-A or a certification that the public record does not exist. The secretary of state may prescribe a reasonable charge for furnishing the record. A copy of the record certified or a certificate of its nonexistence by the secretary of state is prima facie evidence.

421-B:6-607 Public Records; Confidentiality.

(a) Presumption of public records. Except as otherwise provided in subsection (b), records obtained by the secretary of state or filed under this chapter, including a record contained in or filed with any registration statement, application, notice filing, or report, are public records and are available for public examination.

(b) The information contained in or filed with any registration statement, application, or report may be made available to the public in accordance with RSA 91-A. A person who files a record in connection with a registration statement under RSA 421-B:3-301 and RSA 421-B:3-303 through RSA 421-B:3-305 or a record under RSA 421-B:4-411(d) that contains trade secrets or confidential information may request that the secretary of state treat such record as confidential or privileged and subject to the exemptions from public disclosure under RSA 91-A.

421-B:6-608 Uniformity and Cooperation with Other Agencies.

(a) Interstate cooperation. The secretary of state and the secretary of state's staff shall maintain close relations with the securities and corporate administrators of other states and shall actively participate in the activities and affairs of the North American Security Administrators Association and other organizations so far as it will, in the secretary of state's judgment, enhance the purposes of the securities and corporate laws. The actual and necessary travel and related expenses incurred in attending meetings of said association, their committees, subcommittees, hearings, and other official activities, as well as the general expenses of participation in such associations, shall be a charge on available funds and the appropriation of the office of the secretary of state.

(b) Statutory policy. This chapter shall be so construed as to effectuate its general purpose to make uniform the laws of those states which enact it and to coordinate the interpretation of this chapter with the related federal regulation.

421-B:6-609 Judicial Review. Final orders issued by the secretary of state under this chapter are subject to judicial review in accordance with RSA 541.

421-B:6-610 Jurisdiction.

(a) Sales and offers to sell. RSA 421-B:3-301, RSA 421-B:3-302, RSA 421-B:4-401(a), RSA 421-B:4-402(a), RSA 421-B:4-403(a), RSA 421-B:4-404(a), RSA 421-B:5-501, RSA 421-B:5-506, RSA 421-B:5-509, and RSA 421-B:5-510 apply to a person that sells or offers to sell a security if the offer to sell or the sale is made in this state, or the offer to purchase or the purchase is made and accepted in this state.

(b) Purchases and offers to purchase. RSA 421-B:4-401(a), RSA 421-B:4-402(a), RSA 421-B:4-403(a), RSA 421-B:4-404(a), RSA 421-B:5-501, RSA 421-B:5-506, RSA 421-B:5-509, and RSA 421-B:5-510 apply to a person that purchases or offers to purchase a security if the offer to purchase or the purchase is made in this state, or the offer to sell or the sale is made and accepted in this state.

(c) Offers in this state. For the purpose of this section, an offer to sell or to purchase a security is made in this state, whether or not either party is then present in this state, if the offer:

(1) originates from this state; or

(2) is directed by the offeror to a place in this state and received at the place to which it is directed.

(d) Acceptances in this state. For the purpose of this section, an offer to purchase or to sell is accepted in this state, whether or not either party is then present in this state, if the acceptance:

(1) is communicated to the offeror in this state and the offeree reasonably believes the offeror to be present in this state and the acceptance is received at the place in this state to which it is directed; and

(2) has not previously been communicated to the offeror, orally or in a record, outside this state.

(e) Publications, radio, television, or electronic communication. An offer to sell or to purchase is not made in this state when a publisher circulates or there is circulated on the publisher's behalf in this state a bona fide newspaper or other publication of general, regular, and paid circulation that is not published in this state, or that is published in this state but has had more than two-thirds of its circulation outside this state during the previous 12 months, or when a radio or television program or other electronic communication originating outside this state is received in this state. A radio, television program, or other electronic communication is considered as having originated in this state if either the broadcast studio or the originating source of transmission is located in this state, unless:

(1) the program or communication is syndicated and distributed from outside this state for redistribution to the general public in this state;

(2) the program or communication is supplied by a radio, television, or other electronic network with the electronic signal originating from outside this state for redistribution to the general public in this state;

(3) the program or communication is an electronic communication that originates outside this state and is captured for redistribution to the general public in this state by a community antenna or cable, radio, cable television, or other electronic system; or

(4) the program or communication consists of an electronic communication that originates in this state, but which is not intended for distribution to the general public in this state.

(f) Investment advice and misrepresentations. 421-B:6-611 Service of Process.

(a) Signed consent to service of process. A consent to service of process required by this chapter must be signed and filed in the form required by the secretary of state. A consent appointing the secretary of state the person's agent for service of process in a noncriminal action or proceeding against the person, or the person's successor, or personal representative under this chapter or an order issued by the secretary of state under this chapter after the consent is filed, has the same force and validity as if the service were made personally on the person filing the consent. A person that has filed a consent complying with this subsection in connection with a previous application for registration or notice filing need not file an additional consent.

(b) Conduct constituting appointment of agent for service. If a person, including a nonresident of this state, engages in an act, practice, or course of business prohibited or made actionable by this chapter or an order issued by the secretary of state under this chapter and the person has not filed a consent to service of process under subsection (a), that act, practice, or course of business constitutes the appointment of the secretary of state as the person's agent for service of process in a noncriminal action or proceeding against the person, the person's successor, or personal representative.

(c) Procedure for service of process. Service under subsection (a) or (b) may be made by providing a copy of the process to the office of the secretary of state, but it is not effective unless:

(1) the plaintiff, which may be the secretary of state, promptly sends notice of the service and a copy of the process, return receipt requested, to the defendant or respondent at the address set forth in the consent to service of process or, if a consent to service of process has not been filed, at the last known address, or takes other reasonable steps to give notice; and

(2) the plaintiff files an affidavit of compliance with this subsection in the action or proceeding on or before the return day of the process, if any, or within the time that the court, or the secretary of state, in a proceeding before the secretary of state, allows.

(d) Use in administrative proceedings. Service as provided in subsection (c) may be used in a proceeding before the secretary of state or by the secretary of state in a civil action in which the secretary of state is the moving party.

(e) Provision of opportunity to defend. If the process is served under subsection (c), the court, or the secretary of state in a proceeding before the secretary of state, shall order continuances as are necessary or appropriate to afford the defendant or respondent reasonable opportunity to defend.

421-B:6-612 Severability Clause. If any provision of this chapter or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of this chapter that can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

421-B:6-613 Hearing Procedures.

(a) Notwithstanding any other law to the contrary, all adjudicatory proceedings pursuant to this chapter shall be conducted by the secretary of state or by a presiding officer appointed by the secretary of state. All hearings conducted pursuant to this chapter shall be governed by the provisions of this section and the provisions of RSA 541-A shall not apply to this chapter.

(b) A document shall be considered filed when it is actually received at the department's office in Concord, New Hampshire, and conforms to the requirements of this chapter.

(c) For the purposes of this section:

(B) There are good grounds to support the representations made therein; and

(C) The document has not been filed for purposes of delay or harassment.

(4) A willful violation of subsection (c), shall, to the extent consistent with the policy of the statutes administered by the secretary of state, be a basis for entering an order adverse to the party committing the violation.

(d) Within a reasonable time after receipt of a complaint:

(1) The department staff or a presiding officer shall review the complaint to determine whether any basis exists for administrative action.

(2) If the complaint is insufficient or no basis exists which warrants administrative action, the complaint shall be dismissed and no hearing shall be scheduled on such complaint.

(3) If the staff determines that sufficient basis exists which warrants administrative action, the staff shall petition the secretary of state for relief.

(4) On any complaint, the staff shall temporarily defer any action and refer the subject matter of the complaint to the appropriate agency if a more complete investigation is necessary. The results of the investigation shall be used to determine the necessity of conducting a hearing by the department.

(e) Within a reasonable time after receipt of a petition:

(1) The secretary of state may issue an order either denying or granting the petition or granting in part and denying in part. If any part of the petition is granted, the respondent shall be informed, as part of the hearing notice, of the respondent's right to a hearing.

(2) A petition may include a request for summary action prior to a hearing.

(3) The staff may, sua sponte, petition for relief whenever it has reasonable grounds to believe that a violation of law has occurred, is occurring, or is about to occur.

(f) Notices of hearings shall:

(1) Be prepared and forwarded in a manner which affords interested persons sufficient opportunity to prepare for and deal with the issues to be considered and decided upon at the hearing.

(2) Given in writing and addressed to the address of record of the person being called in for the hearing. The notice shall be prepared on an official form of the department and shall be sent in a sealed envelope through the United States mail, personal services, or by Federal Express or other similar delivery service.

(g) A notice of hearing shall include:

(1) The time, date, and location of the hearing.

(2) The statute which has allegedly been violated and a statement of the legal authority under which the hearing is to be held.

(3) An explicit description of the alleged violation or a copy of the complaint or petition for relief or both the copy of complaint and petition for relief.

(h) Each hearing shall be set for a date as soon as practicable after the complaint has been received and reviewed. The hearing shall be scheduled to allow sufficient and reasonable time for the preparation of the case by both the department and interested parties.

(i) A request for continuance of a hearing shall be made in writing and received by the department, absent exigent circumstances, at least 5 working days prior to the hearing. Exigent circumstances include:

(1) Absence from the jurisdiction;

(2) Serious illness;

(3) Hospitalization;

(4) Death of a family member.

(j) The written request or motion for continuance shall contain the following:

(1) The specific reason or reasons for the request; and

(2) Optional dates and times when all interested parties shall be available.

(3) Members of the press shall be admitted to the hearing whenever the public is permitted. If the press is present at a hearing, the presiding officer shall brief them, off the record, in the presence of all parties, as to the nature and purpose of the hearing.

(4) In the event a party objects to the attendance of persons not involved in the hearing, the presiding officer shall ascertain the reason for such objection and determine whether the reason given justifies closing the hearing to such persons.

(1) Schedule and hold hearings.

(2) Administer oaths and affirmations.

(3) Issue subpoenas on behalf of the state.

A party may request, in writing, a transcript of the hearing but shall first pay the full costs for such transcription as determined by the secretary of state.

(r) In the event there is a clear dispute of facts between the parties in which credibility of testimony will determine the outcome of the hearing, the presiding officer on his own motion or that of a party, may sequester witnesses until they are called to testify.

(s) In any administrative hearing in which administrative action affecting the rights or privileges of any party may be taken, an oath or affirmation shall be administered by the presiding officer to each witness prior to receiving testimony, provided, however, that if a witness asserts an objection to the taking of an oath for religious or other related reasons, an affirmation shall be administered. Once a witness has been sworn at any hearing, it shall not be necessary to swear the witness again for subsequent testimony on the same day and in the same case. The record of the proceeding shall indicate that a person was recalled to testify and reminded that such person was still under oath or affirmation.

(t) Motions shall be in written form unless presented at the hearing. Written motions shall be included in the record of the proceeding and filed together with the case file. Oral motions shall be recorded in full in any transcript of the proceeding or, at the discretion of the presiding officer, noted in the minutes of the proceeding and submitted in written form within a reasonable time. If the presiding officer believes further information or argument should be considered, the parties shall be provided with an appropriate notice and opportunity to be heard before any revision is made in the previous action.

(cc) The filing of a motion for reconsideration shall not operate as a stay of any order or decision, but a motion for stay may be combined with a motion for reconsideration.

SENATE MESSAGE
REQUESTS CONCURRENCE WITH AMENDMENT

HB 472, relative to the parole board and parole board procedures. (Amendment printed SJ 5-28-15)

Rep. Tholl moved that the House concur and spoke in favor.

Motion adopted.

MOTION TO REMOVE FROM THE TABLE

Rep. Andrew Christie moved that **SB 125-FN,** relative to certification and licensure for mold assessment or remediation services, be removed from the table.

On a division vote, 234 members having voted in the affirmative and 118 in the negative, the motion was adopted.

CONSIDERATION OF SB 125-FN

The question being adoption of the committee report of Ought to Pass with Amendment (1470h).

Amendment (1470h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that mold in a residential structure can constitute a significant health threat for the inhabitants. Homeowners who hire a professional to assess a mold problem or remediate such mold problem need assurance that the job will be done correctly. Failure to remediate a mold problem correctly not only is a waste of the homeowner's money but may also result in serious health issues if the mold is not removed correctly or at all. This consumer protection proposal gives homeowners a method to protect their health and the health of their families by assuring a level of competence in those they hire to assess or remediate a mold problem.

2 New Chapter; Mold Remediation. Amend RSA by inserting after chapter 310-B the following new chapter:

CHAPTER 310-C
MOLD ASSESSMENT OR REMEDIATION

310-C:1 Definitions. In this chapter:

(a) An inspection, investigation, or survey of a dwelling or other structure to provide information to the owner regarding presence, identification, or evaluation of mold;

(b) The development of a mold remediation specification or protocol; or

(c) The collection of a mold sample for analysis.

III. "Mold assessment license" means a license obtained from the administrator that permits an individual to assess mold problems in a residential setting for a fee.

IV. "Mold remediation" means the removal, cleaning, sanitizing, demolition, or treatment of mold or mold-contaminated matter, live or dead, in a specific location after a mold assessment.

V. "Mold remediation license" means a license obtained from the administrator that permits an individual to remediate mold problems in a residential setting for a fee.

VI. The administrator shall charge a reinstatement fee consisting of 20 percent of the renewal fee.

IV. Any person who offers mold assessment or mold remediation services for a fee but does not comply with this chapter or rules adopted under this chapter shall be guilty of a violation and fined $150.

V. Any professional hired for remuneration by a homeowner, in which the primary work contracted for is neither mold assessment nor mold remediation, shall be exempt from this chapter.

310-C:3 Rulemaking. The administrator of the joint board shall adopt rules pursuant to RSA 541-A, relative to:

I. The application procedure for a license to practice under this chapter;

II. How a license to practice under this chapter shall be renewed or reinstated; and

III. The establishment of all fees required under this chapter.

3 New Paragraph; Administration of the Joint Board. Amend RSA 310-A:1-a by inserting after paragraph IV the following new paragraph:

V. The regulation and licensure for mold assessment and mold remediation services under RSA 310-C.

4 Effective Date. This act shall take effect January 1, 2016.

Certifications are credentials of industry knowledge granted to individuals by a certification body for a limited time.

II. No person shall perform residential mold assessment services for remuneration unless that person possesses a valid national third party certification for mold assessment. The individual shall not own the designation; the designation shall be owned by the certifying body. Certification holders shall meet certain requirements set by third party certification organizations in order to be recertified.

REGULAR CALENDAR CONT'D

SB 29-FN, relative to fines for motor vehicle offenses. **OUGHT TO PASS WITH AMENDMENT.** Rep. Arthur E. Barnes for Criminal Justice and Public Safety. As amended, this bill makes various changes to fines for motor vehicle offenses that currently can only be resolved in court. In testimony the committee heard that approximately 80% of offenders pay fines by mail if it is an option. This bill adds several offenses to the list that have a pay by mail option, thus potentially saving people money by not losing time at work. The new fine schedule is based on the past paid fines for that offense. A person can still see a judge by pleading "not guilty" and law enforcement can still issue a "must appear" if its considered egregious. This bill was a request of the department of safety. The committee amendment establishes the same fine for 1-5 miles above the speed limit for 65 mph & 70 mph speed limit areas. Vote 15-0.

Amendment (1889h)

Amend RSA 265:60, VI as inserted by section 8 of the bill by replacing it with the following:

VI. The fines for violations of subparagraph II(e) shall be as follows:

Miles above the 65 mph limit:

1-5	$65
6-10	100
11-15	150
16-20	250
~~[21-25~~	~~350~~
~~26+~~	~~Must appear]~~
21+	***350***
Miles above the 70 mph limit:	
1-5	***$65***
6-10	***100***
11-15	***200***
16-20	***300***
21+	***400***

The fines listed in this paragraph shall be plus penalty assessment.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 39, relative to recounts on questions. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James P. Gray for the Majority of Election Law. This bill adds a requirement to RSA 40:4-c to notify the first-named voter and other known interested parties 3 days prior to the day appointed for the recount of a question. Additionally, it requires that the notice shall be posted in 2 public places for at least 24 hours prior to the recount. The committee amendment changes RSA 659:13, I(c)(2) to allow pictures of voters who do not have the required identification to be color or black and white. Vote 11-7.

Rep. William A. Pearson for the Minority of Election Law. It is not SB 39 that the minority disagrees with but, instead, the non-germane amendment that has been attached to it. The committee was told that the amendment would provide an avenue to purchase the equipment required to catalogue voters photographically at every polling location; it does not. Now the committee is being told that funds from the Help America Vote Act (HAVA) will be available and appropriated in HB 2; they are not. Even if such were the case, these are federal monies entrusted to the secretary of state with the mandate that he or she must use it to "improve elections." While the house may request that HAVA money be used to fund cameras at the polls, the ultimate decision will rest with the likely federal audit that will ensue. Thus, SB 39 becomes just an attempt to remedy a bad law from a prior legislature and hangs New Hampshire's moderators out to dry. It is for these reasons that the minority finds it Inexpedient to Legislate.

Majority Amendment (1303h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to recounts on questions and relative to photographs of voters not presenting identification.

Amend the bill by replacing all after section 1 with the following:

2 Obtaining a Ballot; Proof of Identity; Photograph. Amend RSA 659:13, I(c)(2) to read as follows:

(2) If the voter executes a challenged voter affidavit, the moderator or the moderator's designee shall take a photograph of the voter and immediately print and attach the photograph to, and thus make it a part of, the affidavit form. The photograph shall be 2 inches by 2 inches, or larger, and ***may*** be in color ***or in black and white***. The moderator or his or her designee who took the photograph and the voter shall then sign the challenged voter affidavit. The moderator or designee shall delete the photograph from the camera ***if applicable*** in the presence of the voter. If the moderator or his or her designee is unable to take the voter's photograph due to equipment failure or other cause beyond the moderator's or his or her designee's reasonable control, the voter may execute a challenged voter affidavit without a photograph.

3 Repeal. RSA 659:13, V(b), relative to waiver of photograph requirement, is repealed.

4 Effective Date.

I. Sections 2 and 3 of this act shall take effect September 1, 2015 at 12:03 a.m.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires notice to voters requesting a recount on certain local questions and public posting of notice of the time and place of the recount. This bill also eliminates the requirement that photographs taken by the moderator of voters who do not present identification be in color.

On a division vote, 202 members having voted in the affirmative and 133 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Pearson spoke against.

Rep. Hoelzel spoke in favor.

Rep. Shurtleff requested a roll call; sufficiently seconded.

SB 179, relative to eligibility to vote. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James P. Gray for the Majority of Election Law. This bill, as amended, is the result of many hearings and meetings with the public, the secretary of state and his deputy, and groups concerned with the election process. Everyone believes that each citizen should have an equal right to vote and have his vote count equally, and that each candidate should have an equal right to be elected through a fair voting process. The purpose of this bill is to better serve those goals, and to ensure our elections are as open and fair as possible. Increasingly, allegations are being made that our

voter registration laws are not sufficient to protect the integrity of the vote, and SB 179 resulted from a serious look at our RSA's. In recent years, the secretary of state has undertaken measures to investigate these claims, to try to ensure that each person that votes in New Hampshire is entitled to vote in New Hampshire. During the last presidential election, persons without identification, or known to election officials, were asked to sign affidavits affirming their ability to vote in N. H. The secretary of state then followed up on each of these affidavits with a letter to the address given. 1,786 such letters were returned as undeliverable. The attorney general now has the task of trying to locate these individuals to ascertain the legitimacy of their votes. This is an example of the efforts our state has made to ensure the integrity of our voting. If only a small percentage of these undeliverable letters turn out to represent illegitimate votes, that is still too many. The perception of voter fraud is real in New Hampshire, and this diminishes the importance of voting to our citizens. Indeed, the election law committee heard stories of constituents who did not feel their vote counted for much in their own home towns, their vote being nullified by those they felt were not N. H. residents. We heard stories of campaign workers coming to our state for a few weeks, voting on election day, and leaving for their home states. Our own secretary of state personally encountered non-N. H. residents voting in N. H., but, under the wording of our current statutes, could not prevent this abuse from taking place. A contributor to this situation is the ambiguity of the word "domicile," as used in our RSA's. "Domicile," the criteria for legal voting, is not well defined in our election laws. It is vague and unenforceable. SB 179 seeks to cure this deficiency by defining "domicile" as "the principal or primary home or place of abode of a person." It is further defined as "that home or place in which his or her habitation is fixed and to which a person, whenever he or she is temporarily absent, has the intention of returning after a departure or absence there from, including when the person is absent because of military service or temporarily absent as described in RSA 654:2." SB 179 provides guidelines to determine - for the benefit of the voter and the benefit of the election worker - the principal place of abode. Without limitation, such factors are: civic and community participation, the place where a person spends most nights of the year, the location from which a person would apply for a passport or other federal identification, residence for income or other tax pursuits, eligibility for a resident hunting and fishing license, and a New Hampshire's driver's license. These, and possibly other, factors apply to every person and no one person or class or persons would be treated differently from any other person or class of persons. Further, SB 179 establishes a 30-day domicile requirement for voting in New Hampshire. Guidelines for those moving away from or to New Hampshire, as well as those moving within the state are provided, to ensure that every person who has been domiciled in the state for 30 days will be able to vote. For example, a person moving from one locale in the state to another locale within 30 days of an election, may transfer his or her voting registration to ensure his or her right to vote at the polling place of his new home. Similar provisions are made to protect the voting rights of citizens who move out of state. Also, SB 179 revises the voter registration forms to reflect the substance of this bill. It adds clarity to the language requiring the use of standard forms by reflecting that the state has two voter registration forms: one to be used prior to election day and one to be used on election day at the polling place. SB 179 also removes the paragraph which was struck down by the supreme court in the Guare decision and adds a paragraph which ensures that those who do not meet the 30 day domicile requirement will be able to vote in their previous domicile. Lastly, SB 179 adds a provision to RSA 654:31-a to ensure that the legislature can gain access to statistical data pertaining to registration forms and affidavits. This provision will make sure that individual identities are protected while offering more transparency and the ability of the legislature to make better informed decisions going forward. Vote 9-8.

Rep. Wayne T. Moynihan for the Minority of Election Law. The minority believes that SB 179, even as amended, Inexpedient to Legislate. Without a sufficient reason, SB 179 would impose a durational voter qualification that, according to the "Amended Analysis" appended to the bill, "requires that a voter be a resident of the state for at least 30 days." SB 179 attempts to make "domicile" the same as "residency" contrary to the New Hampshire Constitution. It adds confusing and inaccurate text to voter registration forms, and it makes public certain voter registration and affidavit information, that is now considered confidential. As recently as two weeks ago, the New Hampshire Supreme Court declared that certain 2012 legislative changes to voter registration forms were unconstitutional, because the changes used the terms "residency" and "domicile" interchangeably. This created confusion and inaccuracies, and "unreasonably burdened the fundamental right

to vote in New Hampshire" without justification. The original SB 179 included some of the same unconstitutional language in its provisions. The minority opposed the Bill then as now. The U.S. Supreme Court has declared that a 30 day limit on voter registration prior to an election may be permissible for "administrative reasons," but that residency requirements in excess of that violated the equal protection clause of the United States Constitution. New Hampshire has no administrative or other constitutional reason to justify the exclusion of some voters by imposing a 30 day durational requirement. New Hampshire election officials are able to administratively manage "same day" voter registration. This capacity enables New Hampshire to remain exempt from very costly the requirements of the federal "motor voter" law. This capacity also demonstrates that the state does not require a 30 day cut off for some voters for administrative reasons. Part I, Art. 11 of the NH constitution declares that "every inhabitant of the state of 18 years of age and upwards shall have an equal right to vote in any election...in the...place where he has his domicile." This has been the law for decades. Well trained election officials administer the law well. Anecdotes abound about "voter fraud," "drive by voting," "undeserving voters" and the like. However, the committee received no verified or credible record that NH elections are tainted in such a way. Those angry about "students voting" must recognize that New Hampshire law expressly allows students enrolled at our New Hampshire colleges to declare our state as their domicile while they attend these New Hampshire "institutions of learning." (RSA 654:1 I-a) SB 179, as amended, may still contain unconstitutional provisions, and puts our well managed, efficient, and wholly credible election system at risk.

Majority Amendment (1944h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to eligibility to vote and relative to availability of voter information.

Amend the bill by replacing all after the enacting clause with the following:

1 Voter; Domicile. Amend RSA 654:1, I to read as follows:

I.*(a)* Every inhabitant [~~of the state~~], having [~~a single~~] established domicile [~~for voting purposes~~] ***in this state for no less than 30 consecutive days before any election where the inhabitant offers to vote***, being a citizen of the United States, of the age provided for in Article 11 of Part First of the Constitution of New Hampshire, shall have a right at any meeting or election, to vote in the town, ward, or unincorporated place in which he or she is domiciled.

(b)(1) An inhabitant's domicile for voting purposes [~~is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government.~~] ***shall be the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his or her habitation is fixed and to which a person, whenever he or she is temporarily absent, has the intention of returning after a departure or absence therefrom, including when the person is absent because of military service or temporarily absent as described in RSA 654:2.***

(2) In determining what is a principal or primary place of abode of a person, without limitation the following factors or evidence relating to such person may be taken into account: civic and community participation, the place where a person spends most nights of the year, the location from which a person would apply for a passport or other federal identification, residence for income or other tax purposes, eligibility for a resident hunting and fishing license, and a New Hampshire driver's license.

(3) A qualified voter who has left his or her home and gone into another state or town of this state for a temporary purpose only shall not be considered to have lost his or her domicile as described in RSA 654:2.

(4) A person shall not be considered to have gained a domicile in any town or ward of this state into which he or she comes for temporary purposes only, without the intention of making it his or her home but with the intention of leaving it when he or she has accomplished the purpose that brought him or her there. Evidence that a person who, prior to arriving in New Hampshire, was domiciled in another state and is temporarily present in New Hampshire for any purpose including, but not limited to vacation, short-term temporary work, volunteering for social or civic purposes, or volunteering or working on political campaigns is not sufficient evidence that the person has established a domicile in New Hampshire.

(5) If a qualified voter moves to another state, with the intention of making it his or her permanent home, he or she shall be considered to have lost his or her domicile in this state.

(c) A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.

2 New Paragraphs; Voter; Domicile. Amend RSA 654:1 by inserting after paragraph I-a the following new paragraphs:

I-b. Any person who establishes a voting domicile that otherwise meets the requirement of paragraph I, later than 30 days before any election where the inhabitant offers to vote shall vote at the polling place for the town or ward of his or her most recent previous domicile. Except that any person who transfers an existing New Hampshire voter registration and satisfies the requirements of this chapter for proving his or her new domicile may vote at the polling place for the town or ward of his or her new domicile.

I-c. Any person who met the requirements of this chapter to register to vote in New Hampshire who has established a voting domicile outside of New Hampshire within the 30 consecutive days before an election and is not allowed to register and vote in that election in the state of his or her new domicile because he or she established that new domicile within 30 consecutive days before that election may vote at the polling place for the New Hampshire town or ward where he or she was previously domiciled.

3 Voter Registration Form. Amend RSA 654:7, IV to read as follows:

IV.(a) [~~A~~] Standard registration application [~~form~~] ***forms*** shall be used throughout the state. The registration [~~form~~] ***forms*** shall be no larger than 8 1/2 inches by 11 inches.

(b) The secretary of state shall prescribe the form of the voter registration form to be used for voter registrations***, transfers, or updates*** other than those at the polling place on the date of a state general election, which shall be in substantially the following form:

DEBATE ON SB 179

Speaker Jasper: The question is on the adoption of amendment (1944h), printed in House Record 39 on pages 1663 to 1667. Are you ready for the question? All those in favor, say aye; those opposed, nay. The ayes have it and the committee amendment is adopted. The Chair recognizes the member from Plymouth, Rep. Bennett to speak against the committee report.

Rep. Bennett: Thank you, Mister Speaker. SB 179 is not about preventing voter fraud in New Hampshire. In the last fifteen years, there have been only six confirmed cases of voter fraud. With no concrete evidence of rampant voter fraud, allegations of "drive-by" voting persist due to trumped-up allegorical hearsay, rather than hard statistics. These allegations are an insult to our town moderators and election officials. SB 179, rather, has the inherent effect of restricting the rights of voters in New Hampshire, especially those of our university students. Of course, SB 179 sponsors will maintain that the bill is not about eroding student's rights to vote, but we all know that the few thousand students in New Hampshire could easily sway a close election and there are those that wish this not to be so. As a student at Plymouth State University, I find the implications of this bill particularly troubling and indeed shameful. During an early September primary, the rights of thousands of incoming students to vote in the place where they live, pay taxes, contribute to the local economy and become a lifelong part of will come under question, due to the 30-day residency requirement in this bill. This is in clear violation of the New Hampshire Constitution, which ensures the voting rights of students. Additionally, the U.S. Supreme Court has ruled that voter fraud is not a compelling interest to implement a durational residency requirement and with no administrative need for a 30-day residency requirement, because we have same day registration, this bill has no legal basis. Indeed, from its outset, SB 179 contained language that was found to be unconstitutional by the supreme court. Now, as amended, with the unconstitutional language regarding changes to voter forms, the bill is being purported to address transparency. Lines 3 through 8 on page 7 of SB 179, would allow the release of private voter forms and affidavits to the public through legislative hearings, yet no public hearing was held on SB 179, as amended. Only the secretary of state and House legal counsel were allowed to speak during the executive session and curiously, the Speaker of the House sat on the committee as a surrogate, spoke and voted during the executive session. With the unconstitutionality and inherent effects of this bill in mind, SB 179 is clearly more of a concerted effort to restrict voting rights in New Hampshire and potentially sway the outcome of the September primary election. This is poor, unconstitutional legislation to begin with. Its passage through the election law committee was questionable, at best, and, as amended, SB 179 encroaches on the privacy of New Hampshire voters having undergone no public scrutiny or testimony. Let us do the responsible thing and vote no on Ought to Pass and if its sponsors wish to do so, allow for the bill to be reintroduced during the next legislative session and undergo the public scrutiny it deserves. Thank you.

Speaker Jasper: Will the member yield to questions? Member does not yield. The Chair recognizes the member from Sandown, Rep. Gannon to speak for the committee report.

Rep. Gannon: Thank you, Mister Speaker. I stand before you today to ensure that we protect the integrity of New Hampshire elections and the first in the nation primary. Voting is a fundamental right to all Americans, however, if an individual from another state comes and votes in New Hampshire, it cancels out the vote of the state's true citizens. This is wrong and tears at the fabric that binds us together as New Hampshire's citizens. This bill is a modest attempt to define domicile as the primary place you live and intend to return should you leave. New Hampshire's Secretary of State Gardner has said that New Hampshire has a problem in respect to voter fraud. He has personally observed it and this is a real issue. Even Vice President Joe Biden's niece, an out of state voter, was temporarily working in New Hampshire on a campaign, voted in a New Hampshire election. That is just wrong. This should be a bipartisan bill today. It is a bipartisan issue and I can't imagine anyone in this Hall wants out of state voters to be free to vote in New Hampshire elections. The bill will protect the sanctity of the voting process here in our state. Residents of my district have approached me stating that they are concerned about the integrity of our state's elections. Just the fact that they think this weakens our voting system. This bill will help to restore our voter confidence and the integrity of our elections. In our most recent general election, there were 1,800 votes that were challenged as to their origin. The secretary of state sent out letters and they are unverifiable. That's 1,800 votes. At this point, there is nothing we can do about it. Why are these votes so important to me? Ask the Representatives in this Hall who were elected by 1 or 2 votes. Are you also aware that New Hampshire is the place of the closest U.S. Senate race? In 1974, the Durkin and Wyman race was decided by just 2 votes. The minority on this issue has said we rushed this bill through. That is simply not accurate. We had a full public meeting on the bill months ago. Recently, there were minor changes in order to conform with the recent State Supreme Court decision. The minority, at our executive meeting, were fearful as you heard that this would impact the college student voting. The nonpartisan House legal counsel, as well as the secretary of state, has told us it will not affect them. At the public meeting on the bill, I asked the President of the ACLU and the New Hampshire League of Women Voters, could we compromise on this? Could we come up with a lesser time period that would not be offensive to you? I asked about 15 days. They said no. I said 10 days. They said no. Five days. Again, they answered no. I said, how about 1 day? If we could somehow do the paperwork in a day, could you live with that? I was told no. I even asked the minority in our election law committee if they could take it to the caucus the idea of a compromise to a lesser timeframe. They came back to me; they said there would be no compromise, not a day. It's difficult to develop bipartisan solutions when the other side refuses to work with us. This bill will ensure the people of New Hampshire decide our own elections, not out of state voters. Thank you.

Speaker Jasper: Does the member yield to a question? Member does not yield. The Chair recognizes the member from Dummer, Rep. Moynihan to speak against the committee report.

Rep. Moynihan: Thank you, Mister Speaker and thank you, members for your attention. The proceedings in the election law committee were not as complete as recently presented to you, at least in the perspective of the minority. You may recall that this body had a bill before it in April. It was HB 112. That HB 112 does essentially the same thing that SB 179 proposes to do. HB 112 adjusted the definition of domicile. HB 112 attempted to connect voting with motor vehicle rules. That bill, after being presented to this body, was tabled by this body. Because of the concerns, this body was persuaded to recognize the bill had to be unconstitutional. So, HB 112 now sits on our table. It has, through the process we have now, subsequent to that, presented with a senate bill, SB 179 that basically does the same thing. What we debated in the committee, among the things that we debated in committee, was should we wait and see what the answers would be that we receive from the supreme court on the questions that we sent from this House as to whether or not HB 112 was constitutional. You will recall that HB 112.....

Speaker Jasper: The member will suspend....We are not talking about HB 112. You need to confine your remarks to what is in SB 179. The issues that were sent to the court you may talk about as long as they are confined to what is in SB 179.

Rep. Moynihan: Very well, Mister Speaker. Thank you. The issues that are in SB 179 include a variation on the definition of domicile, most importantly, the creation of a residency requirement and thirdly, a transfer of confidential information into public information. The recent supreme court decision, that to me was an answer to the questions that we had presented to the supreme court,

came not in the form of an advisory opinion, in response to questions we presented, but came in the form of an actual opinion on a case in controversy known as Guare v State of New Hampshire. In that case, the supreme court found that changes that had been made to the domicile, motor vehicle, voting qualification rules by the House in 2012, were unconstitutional. Therefore, we had a meeting two weeks ago on SB 179 because clearly of what's in SB 179 before it was amended, as we just did, had unconstitutional provisions. It had a provision in it that said if you voted in New Hampshire, you would have to register your car and get a license in New Hampshire. The amendment strips that part out, but the amendment does not strip out other defective parts of SB 179. SB 179 creates a residency requirement saying that if you are a doctor, who moves to New Hampshire 30 days before the election, you can't vote in the New Hampshire election because you cannot establish your domicile here within those 30 days prior to the election. Military people that are sent to the state could not vote within those 30 days. College students, who arrive and take up their domicile under approved New Hampshire law, could not vote in that election. So, the bill clearly cuts and puts a limit on our citizens' fundamental right to vote. Would we allow the fundamental right under the constitutional to bear arms to be limited? We would not be allowed to bring our firearms into New Hampshire for 30 days until after we live here. This law affects a fundamental right. Forgive me if I am repeating myself, but all elections under our constitution, Part I, Article 11 must be free and every inhabitant of the state, 18 years of age and upwards, shall have an equal right to vote in any election and every person will be considered an inhabitant for purposes of voting in the place where he has his domicile. Fundamentally, the controversies, the allegations of fraud, the allegations of misvoting very often come down to the debate over whether the voter is a resident or the voter is domiciled in New Hampshire. New Hampshire's constitution allows people who are domiciled in New Hampshire to vote in New Hampshire while they live here, even if it is not as a definition of residency says their intent to remain in New Hampshire. So, it's our constitution that has this domicile word in it. It's our constitution that if we want to change, we should amend, but it is not appropriate to amend the constitution by changing the definition of domicile in such a way as this bill does. The other issue that we believe would not be fair or constitutional is that the residency requirement and the domicile determination is made by a set of factors that used to be in a handbook and this bill puts into law. The handbook was a training tool for election administrators. The terms and suggestions in that book that an election official might ask a voter to determine whether or not the voter's domicile is in fact in New Hampshire, we are, if we pass this, putting into law. Those suggestions, which are in the amendment and in the bill, are really tests not of domicile, but tests of residency. If you want to show your hunting license, that would be proof of domicile, but you need, as you know, to be a resident in most cases to get a hunting license. If you show your New Hampshire driver's license, you would establish your domicile, but as you know, you need to be a New Hampshire resident to get a driver's license. So, the bill conflates, as the New Hampshire Supreme Court recently said in that case, it conflates the meaning of domicile and residency. It takes two words and makes them mean the same thing when in reality they mean two very different things. Lastly, as was said without prior knowledge of the committee, a new section was put into the amendment that changes information that was heretofore confidential information from voter affidavits, religious exemption affidavits and the like into public information that could be distributed to the legislature. For these reasons, we believe this amendment is unconstitutional and wrong policy for our state and I would urge you to vote red to deny SB 179. Thank you, Mister Speaker.

Speaker Jasper: Does the member yield to questions? Rep. Itse, you may inquire.

Rep. Itse: Thank you, Mister Speaker. Thank you to the Representative for taking my question, the Representative from Dummer. First, did the secretary of state express a knowledge that there is indeed voter fraud in this state?

Rep. Moynihan: In the information that I heard, testified to in our committee, the secretary of state did not say that. The secretary of state, in our committee, I'll give you an example of what he said. He talked about some cases. The facts of the matter are that in the last 15 years, there have been 6 cases of established voter, misapplication of voting law here in New Hampshire. Six cases in the last 15 years. I recognize that there is a case in Dover where someone claimed a thousand letters had been presented and the ballot law commission had a hearing in Dover and they dismissed the petition in regards to those and did not require Dover to redo their checklist. The 1,786 letters that the secretary of state sent out after the 2012 election, I believe it was, are still under investigation. There has been no ruling that those 1,786 voters perpetrated voter fraud. From my perspective, he did not say that.

Speaker Jasper: Does the member yield to a further question? Follow up question? Member does not yield. The Chair recognizes the member from Raymond, Rep. Hoelzel to speak in favor of the committee report.

Rep. Hoelzel: Thank you, Mister Speaker. The amendment is necessary after the decision of the New Hampshire Supreme Court in the Guare case. The amendment, with the help of House counsel and the secretary of state; that is how we came up with the amendment. This amendment will meet all federal laws so we will not be in violation of federal laws. Interest in making the law clear. The requirement that a person have established his or her domicile in New Hampshire for at least 30 days.....

Speaker Jasper: Will the member please suspend? You need to remember, just for a point of clarification, that the amendment has already been adopted so you are speaking to the bill, as amended.

Rep. Hoelzel: Thank you, Mister Speaker. The requirement that a person have established his or her domicile in New Hampshire for at least 30 days before voting makes our election laws more easily understood, so all who are qualified have an equal opportunity to register and vote. Election officials will now more easily be able to answer the question, what does domicile mean? Unclear laws invite those not qualified to try to take advantage of the lack of clarity and may discourage those who are qualified from exercising their right. Our government has a duty to make the election laws clear and easily understood. This bill will make clear that a person must have established his or her domicile here for at least 30 days before the election. With this bill, the public, election officials, and campaigns will have a clear rule that helps distinguish a short term visitor from a person who has legitimately established a domicile in New Hampshire. The 30 day domicile requirement supports the government's interest in maintaining legitimate elections by increasing the ability of the government to verify voter information and to enforce the law. The vast majority of people who are in New Hampshire for at least 30 days will create a record of their new address by performing at least one action that requires address information to be given. Actions that would create a record include but are not limited to: entering into a lease or a rental agreement, forwarding mail, establishing utilities, registering children for school, registering for college or registering a motor vehicle. If, after an election, uncertainty does arise as to the legitimacy of a person's claim of domicile, these records will allow voter information to more easily be verified. Many states close voter registration up to 30 days before and I think it is almost 40 states that have durational requirements like this bill proposes. This gives election officials the time to confirm the validity of information provided by registrants. New Hampshire ensures that voting is easily accessible through the election day voter registration process. By adding the 30-day domicile requirement, New Hampshire will have a more viable way to verify voter information while still offering the highest level of access to the polls. The previous member spoke of domicile and domicile is clearly defined in RSA: 654:1. Residency is a separate definition and that is defined under RSA: 21:6. There was concern over the requirement that we have added to SB 179, which states that the information can be given to the secretary of state and that is so that we, as a legislature, can have that information. It would not be identifiable information. There would be nothing identifiable about the voter on that. It would just be numbers. Right now we have trouble getting those numbers sometimes and we also have trouble following up on them. I urge you to pass this bill. Thank you.

Speaker Jasper: Will the member yield to questions? Member does not yield. Rep. Kappler has requested a roll call. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Will members please take their seats? The Chair recognizes Rep. Shurtleff for a parliamentary inquiry.

Rep. Shurtleff: Thank you, Mister Speaker. Mister Speaker, if I know that this bill establishes a 30-day period before new residents are allowed to vote in New Hampshire elections and in effect, we are telling people do not come to New Hampshire after October. And, if I know that 4 elections will be held in most municipalities next year, creating four 30-day windows in which our new neighbors would be denied their right to vote. And, Mister Speaker, if I know that one of our most cherished rights as American citizens is the right to vote and this bill effectively denies honest citizens from exercising that fundamental right, would I now press the red button to prevent and protect eligible New Hampshire voters from being disenfranchised? Thank you, Mister Speaker.

Speaker Jasper: The question is on the committee report on SB 179. If you are in favor, you will press the green button. If you are opposed, you will press the red button. The Chair recognizes Rep. Chandler for a parliamentary inquiry.

Rep. Chandler: Thank you, Mister Speaker. If I know the secretary of state knows there are problems with our voting laws and I know that the supreme court had some differences with our previous legislation and I also know the committee, fine legal minds and the secretary of state crafted this legislation before you. And, if I know all of that and believe it is in the best interest of the bonafide voters of the state of New Hampshire to pass this legislation, would I now press the green button?
Speaker Jasper: The question is on the adoption of the committee report on SB 179. This is a roll call vote. If you are in favor, you will press the green button. If you are opposed, you will press the red button. Voting stations will be open for 30 seconds. Have all members voted who were here when the question was put? The House will attend to the state of the vote. There having been 211 votes in the affirmative, 145 in the negative, the committee report is adopted.

MOTION TO SPECIAL ORDER

Rep. Introne moved that **SB 221-FN,** relative to electric rate reduction financing, be made a Special Order as the next order of business and spoke in favor.
Motion adopted.

REGULAR CALENDAR CONT'D

SPECIAL ORDER

SB 221-FN, relative to electric rate reduction financing. **OUGHT TO PASS WITH AMENDMENT.** Rep. Michael Vose for Science, Technology and Energy. This bill sets up a framework to allow the public utilities commission (PUC) to streamline the process of divestiture for PSNH, now Eversource, and to secure low-interest bonds to recover any resulting stranded costs. Divestiture (the selling of generation plants) moves the state's electricity market closer to full competition in the sale of power. The value of competition over the next five (5) years is about $35 million in reduced costs. A proposed settlement with PSNH will see a shareholder reduction of about $50 million per year in lost earnings on those generation assets. The settlement also provides that PSNH shareholders will write off $25 million of scrubber costs and forego $69 million of revenue by delaying a rate case for two years. The construction of the mercury scrubber at Merrimack station in response to passage of HB 1673 in 2006 constitutes the major portion of PSNH's stranded costs. Stranded costs occur when plants are sold below their book value. This bill takes advantage of low interest rates by providing a mechanism, called securitization, to allow PSNH to recover stranded costs spread over a 15-year period through the bond market. This is not a state backed bond. Recovering stranded costs through securitized bonds at 2.5-3% interest will be cheaper than paying those costs in regular rates, which are subject to a 9.81% profit margin under existing law. These low interest rates are secured through a small, non-avoidable charge on all PSNH distribution customers. Securitization was used successfully to lower customer costs in the settlement reached with PSNH in 2000. The amendment by the house science, technology and energy committee makes it clear that the legislature is not approving the 2015 settlement between state negotiators and PSNH. Further, it instructs the PUC to take into account the impact of the settlement on all PSNH customer classes, and to consider the impacts on the economy in PSNH's service territory, the ability to attract and retain employment across industries, and whether the proposed rate design fairly allocates the costs of divestiture among customer classes. As compared to standard divestiture, the 2015 settlement and proposed rate design results in rates significantly less across all customer classes, and it mitigates the rate impact of the non-by passable charge on PSNH customers who purchase energy service from a competitive supplier. Should this bill not pass, the PUC will order the recovery of all or some of the scrubber costs through regular rates, and those rates will climb as PSNH receives its 9.81% profit and as large deferral of costs becomes reflected in rates in January. Should PSNH disagree with the PUC's decision, years of litigation would ensue, with PSNH getting about $50 million more in earnings each year, and ratepayers losing out on customer savings from securitization. Inaction or delay will result in higher rates, especially for many residential households. The state's consumer advocate, representing residential ratepayers, supports this bill as do several local chambers of commerce, and the Business and Industry Association. Vote 18-1.

Amendment (1926h)

Amend RSA 369-B:1, XVI as inserted by section 1 of the bill by replacing it with the following:

XVI. It is in the public interest for the commission to issue a finance order that is subject to the requirements of this chapter and that securitizes any stranded costs resulting from the divestiture of

all or some of PSNH's generation assets, if the commission approves the 2015 settlement proposal or otherwise orders divestiture of all or some of PSNH's generation assets.

Amend RSA 369-B:2, XIV(g) as inserted by section 3 of the bill by replacing it with the following:

(g) Expenditures incurred to implement the 2015 settlement proposal or other divestiture of all or some of PSNH's generation assets as ordered by the commission.

Amend RSA 369-B:3, IV(c) as inserted by section 8 of the bill by replacing it with the following:

(c) Authorize the issuance of rate reduction bonds in an amount sufficient to fund stranded costs, deferrals, transaction costs, tax liabilities, employee protections, payments in lieu of taxes, and other expenditures as contemplated in the 2015 settlement proposal, if approved by the commission, or if the commission orders divestiture of all or some of PSNH's generation assets. The net benefits of accumulated deferred income taxes relating to amounts that will be recovered through any such issuance of rate reduction bonds shall be credited to retail customers by reducing the amount of such rate reduction bonds that would otherwise be issued by the net present value of the related tax cash flows, using a discount rate equal to the expected interest rate on such rate reduction bonds. This authorization is in addition to any amount authorized in subparagraph (a) or (b).

Amend RSA 369-B:3-a as inserted by section 10 of the bill by replacing it with the following:

369-B:3-a Divestiture of PSNH Generation Assets; Review of 2015 Settlement Proposal.

I. The general court finds that divestiture of PSNH's generation plants and securitization of any resulting stranded costs pursuant to RSA 369-B:3, IV(c) is in the public interest, subject to the provisions of paragraph III.

II. As part of an expedited proceeding, the commission shall review the 2015 settlement proposal and determine whether its terms and conditions are in the public interest. Notwithstanding RSA 374-F:3, VI, the commission may incorporate rate designs that fairly allocate the costs of divestiture of PSNH's generation plants among customer classes. As part of its review of the 2015 settlement proposal, the commission shall take into account the impact on all PSNH customer classes, and shall consider the impacts on the economy in PSNH's service territory, the ability to attract and retain employment across industries, and whether the proposed rate design fairly allocates the costs of divestiture of PSNH's generation plants among customer classes. The commission may approve or reject the 2015 settlement proposal, or condition its approval on any modification of the terms and conditions that it determines to be necessary to meet the public interest standard, so long as any order to divest provides for recovery of stranded costs and such other costs of divestiture as may be approved by the commission. If the commission conditions its approval, the settling parties may amend or terminate the 2015 settlement proposal.

III. Notwithstanding paragraphs I and II, if the commission rejects the 2015 settlement proposal or approves it with conditions that are not acceptable to the settling parties as provided in paragraph II, the commission, as part of the pending expedited proceeding in Docket DE 14-238, Determination Regarding PSNH's Generation Assets, shall order divestiture of all or some of PSNH's generation assets if the commission finds that it is in the economic interest of retail customers of PSNH to do so. If it orders divestiture, the commission shall determine the manner in which any assets should be divested; provide for the cost recovery of such divestiture, which cost recovery may include rate reduction bonds as provided in RSA 369-B:3, IV(c); and, notwithstanding RSA 374-F:3, VI, may incorporate rate designs that fairly allocate the costs of divestiture of some or all of PSNH's generation assets among customer classes. In considering rate designs, the commission shall consider the impacts on the economy in PSNH's service territory and the ability to attract and retain employment across industries.

IV. Prior to any divestiture of its generation assets, PSNH may modify or retire such generation assets if the commission finds that it is in the economic interest of retail customers of PSNH to do so and provides for the cost recovery of such modification or retirement.

V. On or before October 15, 2015, the commission shall submit to the legislative oversight committee on electric utility restructuring established under RSA 374-F:5 a progress report concerning the status of the proceedings referred to in this section.

Amend the bill by replacing section 14 with the following:

14 Public Utilities Commission; Restructuring of PSNH Ownership of Generation Assets; Recovery of Costs. Notwithstanding RSA 374-F:3, V(c), the commission may approve recovery of net over-market costs of purchased power agreements entered into pursuant to RSA 362-F:9 through a stranded cost charge as part of a comprehensive restructuring of PSNH's ownership of generation assets.

AMENDED ANALYSIS

This bill permits the public utility commission to issue finance orders that authorize the issuance of certain rate reduction bonds in accordance with the 2015 settlement proposal, or if the commission orders divestiture, regarding cost recovery of the Merrimack Station scrubber and divestiture of PSNH's remaining generation plants.

The bill also clarifies employee protections in the event of the divestiture or retirement of PSNH generation assets.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Cushing offered floor amendment (2019h).

Floor Amendment (2019h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to electric rate reduction financing, and relative to phasing out and repealing the exemption for water and air pollution control facilities from local property taxation.

Amend the bill by replacing all after section 14 with the following:

15 Legislative Findings; Phase Out and Repeal of Tax Exemption. The general court finds that legacy subsidies for divested generation assets, in the form of mandated exemptions of portions of those power plants from municipal and state property taxes which result in increased tax burden on other property taxpayers, is inconsistent with the principles of tax fairness and the goal of fair competition in a restructured competitive and transparent electric power supply, transmission, and distribution system. The general court finds that, consistent with the intent to fairly and successfully achieve a global settlement of all outstanding issues that remain to complete the restructuring of the electric utility industry, it is in the public interest to phase out the subsidies mandated in RSA 72:12-a and RSA 83-F:1, V(a) over a 3-year period and then repeal those statutes.

16 Water and Air Pollution Control Facilities; Exemption; Phase Out Added. Amend RSA 72:12-a, V to read as follows:

V. The taxing authorities shall each year separately appraise and describe the facility and related real estate and cause such appraisal and description to appear in their inventory. In accordance with the provisions of this section, the taxing authority shall exempt from the taxes levied under this chapter the appraised value of the facility and any real estate necessary therefor, or the exempt percentage thereof[~~;~~] ***as*** determined by the department ***or as provided in paragraph V-a***. The exemption period shall begin as of the April 1 next following the receipt of the department's determination.

V-a. Prior to repeal on March 31, 2018, the exemption under this section for the appraised value of the facility and real estate necessary therefor, or the percentage thereof, shall be applied at the following reduced percentages for the corresponding property tax years:

(a) For the property tax year beginning April 1, 2015, the owner of the facility shall receive 75 percent of the determined exemption.

(b) For the property tax year beginning April 1, 2016, the owner of the facility shall receive 50 percent of the determined exemption.

(c) For the property tax year beginning April 1, 2017, the owner of the facility shall receive 25 percent of the determined exemption.

17 Repeal; 2018. The following are repealed:

I. RSA 72:12-a, relative to the property tax exemption for water and air pollution control facilities.

II. RSA 72:12-b, relative to facilities exempted under prior law.

III. RSA 83-F:1, V(a), relative to the exclusion of exempt property from classification as utility property.

18 Effective Date.

I. Section 17 of this act shall take effect March 31, 2018.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill permits the public utility commission to issue finance orders that authorize the issuance of certain rate reduction bonds in accordance with the 2015 settlement proposal, or if the commission orders divestiture, regarding cost recovery of the Merrimack Station scrubber and divestiture of PSNH's remaining generation plants. The bill clarifies employee protections in the event of the divestiture or retirement of PSNH generation assets.

This bill also phases out the exemption from property taxes for the appraised value of water and air pollution control facilities as determined by the department of environmental services over a 3-year period and repeals the exemption on March 31, 2018.
The Speaker ruled floor amendment (2019h) non-germane.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Cushing spoke against.
Rep. Vose spoke in favor and yielded to questions.
Rep. Fromuth requested a roll call; sufficiently seconded.

DEBATE ON SB 221-FN

Speaker Jasper: The question is on amendment (1926h), printed in House Record 39, pages 1668 to 1669. Are you ready for the question? All those in favor, say aye; those opposed, nay. The ayes have it and the amendment is adopted. The question is on the committee report. The Chair recognizes the member from Hampton, Rep. Cushing to speak against the committee report.
Rep. Cushing: Thank you, Mister Speaker. Mister Speaker, as we had a discussion yesterday, I would like to move an amendment.
Speaker Jasper: You are recognized to offer your amendment.
Rep. Cushing: I would like to move amendment (2019h) please.
Speaker Jasper: Amendment (2019h) is not in order. The Chair is ruling that the amendment is non-germane. You are recognized to speak to the committee report.
Rep. Cushing: Thank you, Mister Speaker. I do not challenge the ruling of the Chair, but I appreciate the conversation you and I had yesterday afternoon. I appreciate that we were able to disagree on this and let me proceed anyway.
Speaker Jasper: You are welcome. Please proceed.

Rep. Cushing: It's with great reluctance that I rise to speak in opposition to this. I have a tremendous amount of respect for all of the people who have been working around this issue, not just this year, but for years. I was able to serve on the House Science, Technology and Energy Committee under Sen. Bradley when he was the Chair and I know he is the prime sponsor of this bill. I respect the work, but I can't help having a sense of being back to the future when this legislation comes before us. In 2008, I was part of a group of people who opposed, who introduced SB 152. This issue came before the legislature before a spade of earth had been turned at the Merrimack, at the Bow plant. There was legislation that came before both the House and the Senate to ask for an investigation before we proceeded to spend what was promised to be a quarter of a billion dollars and ended up being almost twice that. We were told at the time, don't worry. If things don't work accordingly, you will have a chance to review it. About half a billion dollars later, we are back here and being asked to pick up the tab. We are being asked to approve a bill that will allow the Public Utilities Commission to approve an order to impose half a billion dollars worth of rate increases on the customers of Public Service Company of New Hampshire or I guess after a million dollars, it's now being called Eversource or as some people think it's going to be known as "everpay." This is a bill that is trying to move beyond what has been the historical problems we've made. I have a couple of concerns about this. One is that it just seems like we're rewarding mismanagement. In a way, that is really outrageous. What is embedded in this bill is the notion that Public Service Company, that somebody is entitled, entitled, to a 9.8% rate of return on their investment; that they have been entitled the entire time. Since 2009, when the project began, the prime lending rate has been at 3.5%. It's really hard to understand how you can mess up a project. Mess up when you have captive customers, when there are barriers from entry to prevent anybody else from coming in and you are able to make a rate of return on all of your investment and claim that the rate of return should be, what I think is, almost usurious. Why should you make three times the prime lending rate when you have an absolute guarantee of customers? It doesn't make any sense and that is what we are awarding in this. I also have some concerns about what impact this is going to have on the whole State of New Hampshire. One of the things that's missing from here is a fiscal note that can explain what impact this will have on state revenues and local revenues. The reality is what's being contemplated is an auction of the existing assets of Public Service Company, of assets that have been paid for over the years by captive customers. What we don't account for is what impact that auction is going to have on local communities and upon the state when those assets are sold at a fire sale process and we take a hit in our local communities from property taxes and every property taxpayer in the state takes a hit because of the impact that it has on the Education Trust Fund on the statewide property tax. I asked the question during the presentation last week about what the impact was going to be upon revenues in the state and nobody could answer it. It seems to me when we are going forward, what is a pretty major undertaking, we are going forward in imposing a broad base on three-quarters of the people of the State of New Hampshire, a half a billion obligation to pay off for past mistakes that were made in the name of stockholders of Northeast Utilities, that we ought to have an answer to some of these questions. Finally, what concerned me about this, just from a philosophical position, for perspective, is what we're doing with the plants that are being sold off. Those plants right now are subsidized by the taxpayers. There are portions of that plant that are considered for the purposes of pollution control. They have been paid for. They make a rate of return on it and yet, they have almost managed at the same time to exempt themselves from local property taxes and state property taxes. We call it a subsidy. What we are contemplating doing is, not only are we going to sell the plants, we are going toss in the subsidy. So you will have the State of New Hampshire property taxpayers to end up subsidizing the new owners of these merchant plants who have no obligation to any customers who are then going to be able to sell that subsidized power, that they don't have to pay property taxes on, on the open market and they may be selling it in Massachusetts. Just think, isn't that going to be interesting? We are going to pass a bill that's going to require New Hampshire property taxpayers to subsidize the operations of power plants that sell the electricity in Massachusetts. I just have some problems with this. Someone said that this was an exercise of getting up and tilting against windmills. I said no it's actually tilting against a coal-fired plant with scrubbers on it. I just think it's a bad deal.

Speaker Jasper: The Chair recognizes the member from Epping, Rep. Vose to speak in favor of the committee report.

Rep. Vose: Thank you, Mr. Speaker. The bill before us at the moment was described by one of its primary sponsors as something that he wasn't happy about, but something that needed to be done. Kind of like your tax return, not something you look forward to, but something you really can't avoid. In 2006, this body instructed PSNH, now Eversource, to install a scrubber at the Merrimack Station in Bow. The invoice for that expensive technology came due in 2012 when the scrubber went on line and part of the cost of that scrubber was deferred while the PUC performed a prudence review to determine if the company should recover all the money that it invested. Eversource default service customers began paying 2/3 of the scrubber costs immediately. The interest was accruing on the deferred part and Eversource was collecting almost 10% profit on the 2/3 of the cost that the people had started to pay for. Now, some folks thought that there was a better way to deal with this issue. That better way turned out to be a process started as long ago as 1996. New Hampshire was one of the first states in the country to begin the process of deregulation of the electricity market. Part of that process involved the breakup of monopolies like Eversource, a process called divestiture, which separated power generation from its sale and distribution. By resurrecting divestiture, the sponsors of SB 221 saw a way to more economically pay for the Merrimack Station scrubber and level the playing field for the electricity suppliers all at once. Eversource knew that divestiture was part of its long-term future and it could see that its aging fleet of power plants was likely to be worth more in 2015 than at any time in recent history. When offered the opportunity by SB 221, the company decided to enter into settlement negotiations for divestiture. The result of those negotiations was an outline of a settlement that will save ratepayers $380 million over the next five years. These savings come from Eversource forgoing $25 million in scrubber costs, from delaying a rate case for two years, which saves $69 million, and from giving up $50 million a year in profits from their generation plants once they are sold, which comes to $250 million in five years. Sale of the generation plants on the open market will likely not cover their book value. The difference in the two numbers constitutes a stranded cost, which is money the company is entitled to recover. SB 221 provides a mechanism, called securitization, to allow Eversource to sell bonds secured by a small ratepayer surcharge to recover those stranded costs. So, the bottom line here is that the bill for the scrubber is now due and payable. We can pay a lot for it, or we can pay about $380 million less. I vote for paying less, and I urge you to do the same. Thank you, Mister Speaker.

Speaker Jasper: Does the member yield to questions? Member yields. Rep. Hess, you may inquire.

Rep. Hess: Thank you very much, Mister Speaker. Thank you for taking the question. As a predicate, let me say that I served for four years on the Governor's Business Tax Commission to look at the incentives and disincentives for having industry and business locate in New Hampshire and stay and expand in New Hampshire. One of the three major factors that almost everyone sites is the high energy costs in New Hampshire compared to the rest of the country. My first question, I think you may have answered, but let me be clear. Do I understand that the PUC cannot order divestiture of any facility unless it finds that it is in the economic interest of retail customers of PSNH to do so?

Rep. Vose: Yes, that is correct.

Rep. Hess: That is the $180 million in savings that you alluded to…..

Speaker Jasper: Further question?

Rep. Hess: Yes.

Speaker Jasper: Does the member yield?

Rep. Vose: Yes.

Speaker Jasper: You may inquire.

Rep. Hess: Is that the $180 million, plus or minus, that you alluded to in your initial comments?

Rep. Vose: It was $380 million and that is part of the divestiture settlement that the PUC and Eversource will work out.

Rep. Hess: Further question?

Speaker Jasper: Does the member yield?

Rep. Vose: Yes.

Speaker Jasper: You may inquire.

Rep. Hess: Do I also understand from the amendment, as I am reading it on page 1669 of the calendar, that this amendment requires, doesn't authorize or enable, but requires the commission to consider the impact on the economy of the area that is currently serviced by PSNH in making it's divestiture decision?

Rep. Vose: That is correct. It not only requires the PUC to consider the economic impact on our jobs and employment picture, but it gives the PUC the authority to design rates, to ameliorate a negative impact on our largest commercial and industrial customers of electricity.
Rep. Hess: Final question, Mister Speaker.
Speaker Jasper: Does the member yield?
Rep. Vose: Yes.
Speaker Jasper: You may inquire.
Rep. Hess: Does this amendment also mandate that the PUC must consider the ability to attract and retain employment across industries as part of its decision?
Rep. Vose: That was an important consideration for many Republicans in the House and the STE Committee also agreed that this was an important consideration for the PUC to take under account so, yes that is a part of the amendment.
Speaker Jasper: Does the member yield to further questions?
Rep. Vose: Yes.
Speaker Jasper: Member yields. Rep. Fromuth, you may inquire.
Rep. Fromuth: Thank you, Mister Speaker. Thank you, Representative Vose, for taking additional questions. Would you agree that last winter when rates at Enstar, National Grid, Central Maine Power, Liberty Utilities and Unitil all climbed between 15 and 24 cents per kilowatt hour and PSNH remained at 10 cents per kilowatt hour; that had a lot to do with the fact that PSNH relies on stable, not volatile, coal production that they were able to keep those rates nice and low for those PSNH customers?
Rep. Vose: I would agree that was the case this past winter, but that wasn't the case the previous winter and may not always be the case and that's not really germane as a question to the issue of divestiture which I think is important for the long-term future of the electricity market in New Hampshire and in New England.
Rep. Fromuth: Further question.
Speaker Jasper: Does the member yield?
Rep. Vose: Yes.
Speaker Jasper: You may inquire.
Rep. Fromuth: Thank you, Representative. Would you agree that right now, we've been having a significant amount of discussion about a natural gas pipeline in the Northeast to try to increase our capacity ability because so much reliance on natural gas generation for the production of electricity has really consumed the Northeast and that was a major cost driver this past winter?
Rep. Vose: Could you rephrase that question?
Rep. Fromuth: So, this past winter….. Again, to start off, we've been having a lot of discussion lately about building additional pipeline capacity in the Northeast because the Northeast has come to heavily rely on natural gas for the production of electricity.
Speaker Jasper: The member will suspend. You are really making a statement, but I'm not sure it is not germane.
Rep. Fromuth: I apologize, Mister Speaker. If I may rephrase?
Speaker Jasper: Do so very quickly and succinctly.
Rep. Fromuth: Thank you, Mister Speaker. Would you agree that if divestiture were to take place that the main generation source behind PSNH's power would become natural gas?
Rep. Vose: That's speculation. I could not agree or disagree with that. There are so many complexities in the electricity market, so many variables that we can't really control, that would be hard to predict.
Speaker Jasper: Rep. Fromuth has requested a roll call. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Members will take their seats. The Chair recognizes Rep. Cushing for a parliamentary inquiry.
Rep. Cushing: Thank you, Mister Speaker. Mister Speaker, if I am opposed to broad based taxes and I realize that what SB 221 really represents is a broad based tax of a half a billion dollars imposed upon utility customers of Public Service Company of New Hampshire, would I now vote no and press the red button?
Speaker Jasper: The question is on the committee report on SB 221. If you are in favor, you will press the green button. If you are opposed, you will press the red button. The Chair recognizes Rep. Packard for a parliamentary inquiry.
Rep. Packard: Thank you, Mister Speaker. If I know many of us made a campaign promise to do what we could to control electric cost in this state. If I know the state's ability to attract and retain

business is dependent upon a competitive and stable energy market. If I know that passing this bill today will result in considerable savings to New Hampshire rate payers verses doing nothing. If I know that this is the last and best opportunity to fully deregulate our energy market in New Hampshire. If I know the BIA, the BAE, the chambers of Manchester, Nashua, Dover, and Concord all support this legislation. If I believe this bill will ensure more of our constituents hard-earned money stays in their pockets, would I now press the green button and support the hard work of the Science, Technology and Energy Committee and their vote of 18 to 1 on this very important and complex issue? Thank you.

Speaker Jasper: The question is on the adoption of the committee report on SB 221. This is a roll call vote. If you are in favor, you will press the green button. If you are opposed, you will press the red button. Voting stations will be open for 30 seconds. Have all members voted who were present when the question was put? The House will attend to the state of the vote. There having been 308 in the affirmative, 43 in the negative, the committee report is adopted. Rep. Edwards declared a conflict of interest and did not participate.

REGULAR CALENDAR CONT'D

SB 151-FN, requiring inclusion of home educated pupils in the definition of average daily membership in attendance. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth L. Weyler for the Majority of Finance. This bill recognizes that home schooled students are currently attending courses in public schools but there is no state support for this service provided to the public schools. This bill recognizes there is a cost and will fund a home school student at 0.15 of an adequate education grant or $525 per credit for each academic course. The amendment only provides funding for this program if there is budgeted money still available after distribution of adequate education grants to all schools. Vote 13-10.

Rep. Susan M. Ford for the Minority of Finance. The goal of SB 151-FN, providing funding to school districts that have home schooled students enrolled in high school academic courses, is worthy of more study. While the minority would like to support the concept, the bill itself is confusing and needs further study. "The department of education shall only make grant payments for such pupils to the extent of available appropriations." Does this mean that the available monies are calculated from the education trust fund or general funds? Also a survey of NH high schools was incomplete and the fiscal data is incomplete. There are too many questions that have not been answered and the minority cannot support this bill as amended.

Majority Amendment (1948h)

Amend RSA 198:38, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) For the purpose of calculating ADMA, each pupil who is home educated in compliance with RSA 193-A and who is enrolled in a school board approved public high school academic course shall count as an additional 0.15 pupil for each such academic course taken in a public high school. The department of education shall only make grant payments for such pupils to the extent of available appropriations. In this subparagraph, "public high school" shall have the same meaning as "high school" as defined in RSA 194:23.

AMENDED ANALYSIS

This bill allows school districts to count home educated pupils for the purpose of calculating the average daily membership in attendance and makes grant payments for such pupils contingent on available appropriations.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 190-FN, relative to payment of costs for career and technical education center programs and administration by the department of education. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Karen C. Umberger for the Majority of Finance. This bill modifies and updates the language currently in RSA 188-E. This section of the current law refers to the career and technical centers as vocational centers and clarifies how tuition is calculated for sending school districts for students attending a regional career and technical center. There is also established a Career and Technical Education Advisory Council. There is no fiscal impact associated with the changes made. The

amendment incorporates HB 276, which has already passed the house. HB 276 provides a school board that elects not to implement or participate in common core standards the ability to adopt and implement standards of its own that either meet or exceed standards established by the state. This is truly an effort to preserve local control. Vote 13-10.

Rep. Susan M. Ford for the Minority of Finance. This bill modifies the financial responsibility for tuition for career and technical education centers and codifies an advisory council on career and technical education (CTE). This bill is supported by the department of education and the CTE state organization and has the full support of finance division II. At issue is the amendment that the state board not adopt a policy or guideline that requires a school district to implement or participate in the common core standards. Since it is clear that the state board does not require adoption of the common core, and this issue has already been addressed this session, this amendment jeopardizes a bill that will benefit our career and technical education schools.

Majority Amendment (1945h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to payment of costs for career and technical education center programs and administration by the department of education, and providing that school districts shall not be required to adopt the common core standards.

Amend the bill by replacing all after section 13 with the following:

14 State Board of Education; Rulemaking Authority. Amend RSA 186:8, I to read as follows:

I. Minimum curriculum and educational standards for all grades of the public schools***; provided that the state board shall adopt no rule pursuant to RSA 541-A nor shall the state board formally or informally adopt a policy or guideline that requires a school district or any public school to implement or participate in the common core state standards. If a school board elects not to implement or participate in the common core state standards or any other minimum educational standards adopted by the state board pursuant to RSA 541-A or as adopted through state board policy or guidelines for all grades in public schools, the school board shall adopt and implement standards that meet or exceed those standards.***

15 Effective Date.

I. Section 14 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill modifies the determination of financial responsibility for tuition for career and technical education center programs and the administration of CTE programs by the department of education.

This bill also prohibits the state board of education from adopting a rule requiring a school district or any public school to implement the common core state standards. The bill also requires a school board that elects not to implement or participate in the common core state standards or other minimum educational standards to adopt and implement educational standards that meet or exceed those standards.

Rep. Ladd spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

Motion adopted and ordered to third reading.

SB 191-FN, relative to the use of the state's procurement card services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. J. Tracy Emerick for Finance. This bill allows the department of administrative services to utilize procurement cards to pay for major contract purchases such as salt, oil, gasoline and other commodities where the state has a master contract. The procurement cards would be used on multi state agency contracts issued and managed by the department of administrative services, division of procurement and support services. By using procurement cards as a payment method the department of administrative services (DAS) is anticipating rebates totaling $262,944 in FY 16 and increasing steadily to $1.5 million by FY 2019. Any rebates will initially be placed in a revolving account that is also being requested as part of this legislation. This legislation allows DAS to pay for any costs to administer the procurement card program from the rebates that are deposited into the revolving account. DAS estimates that they will need one new full time position to oversee the program. Funds in the revolving account will be used to pay for these costs, for interests or fees associated with the program and to prevent the payment card program from being shut off due to tardy state agency payments. Any remaining funds generated by the rebates will be returned to the respective funding sources including federal, highway, turnpike and liquor funds. All other rebate revenue after deducting expenses for the program will revert to the general fund. This bill also allows cities, towns, counties and school districts to aggregate their procurement card spend with the state's procurement card spend to qualify for larger rebates. Any such incremental rebates will be forwarded from the procurement card-issuing bank to the respective city, town, county or school district. Vote 21-0.

Amendment (1899h)

Amend RSA 9-D:2, I(b) as inserted by section 4 of the bill by replacing it with the following:

(b) Amounts which represent the added rebate benefit attributable to the consolidation of calculations under contracts allowing for the independent participation of the legislative or judicial branches, or the independent participation of non-state entities under RSA 21-I:17, I-a(a) shall be paid by the card issuer directly to the branches or non-state entities which independently participated in the purchases.

Amend RSA 9-D:3, III(b) as inserted by section 4 of the bill by replacing it with the following:

(b) After deducting the foregoing amounts, making such payments, if any, that the department of administrative services concludes are appropriately payable:

(1) By an entity which is part of the state to any credit, payment, or procurement card issuer under contracts secured by the division of procurement and support services pursuant to RSA 21-I, including but not limited to payments for purchases and payments which must be made in order for the state to obtain available rebates, or to avoid incurring, or to pay, interest, penalties, or other costs imposed on the state by issues of credit, payment, or procurement cards.

(2) To the state's general fund or any federal, highway, turnpike, or liquor fund, as a share of rebates obtained on credit card contracts under RSA 9-D:2. The department of administrative services shall pay any remaining rebate amounts to the general fund.

Amend the bill by deleting section 6 and renumbering the original section 7 to read as 6.
Committee amendment adopted.
Committee report adopted and ordered to third reading.

SB 124-FN, relative to filing felonies first in the superior court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Claire A. Rouillard for Judiciary. As amended, this bill provides that all felony complaints, along with misdemeanors and violations directly related to those felonies, shall be filed exclusively with the superior court. This project, known as "felonies first" will manage the flow of felony cases from initiation of the charge through disposition. Currently, the lower circuit court has no jurisdiction to

dispose of felony charges. This means that cases are first processed in circuit court then re-filed in the superior court. "Felonies first" will eliminate the circuit court duplicative process, resulting in cost savings for the courts, counties, attorneys and litigants, as well as bring closure to victims of crime more quickly. This bill provides a more effective process from the initial charges through resolution, while maintaining justice for the accused. The accused will no longer have to wait for discovery. This bill provides that discovery in the hands of the prosecutor shall be provided to the defendant within 10 days for incarcerated defendants and within 20 days for non-incarcerated defendants. If discovery is not provided within this timeframe a probable cause hearing shall be scheduled. The defendant, in other circumstances, may also request a probable cause hearing in superior court. The state shall have a continuing obligation to provide discovery to defendants as it becomes available. Additionally, upon a plea of not guilty, a dispositional hearing shall be scheduled, with the ability to resolve the case earlier. There will also be an increase in video conferences between jails, courts and police departments, eliminating time and travel for all involved. This bill also provides for psychiatric evaluations of persons who are charged, along with drug or alcohol dependency examinations. The roll out of this project will be in three counties: Strafford and Cheshire county superior courts on January 1, 2016, and in Belknap county superior court beginning July 1, 2016. The judicial council will complete an annual report on the cost and effectiveness of this project beginning July 1, 2017. It is predicted by the judicial branch that there will be no fiscal impact on state, county and local revenue. Vote 20-0.

Amendment (1824h)

Amend RSA 592-B:2, I as inserted by section 2 of the bill by replacing it with the following:

Amend RSA 592-B:2, VI as inserted by section 2 of the bill by replacing it with the following:

VI. Prior to the implementation of this chapter in counties other than Cheshire county, Strafford county, and Belknap county, the judicial council shall issue a report on the implementation of this chapter to the senate president, the speaker of the house of representatives, and the chairpersons of the senate and house judiciary committees. The judicial council shall survey the municipalities and counties affected by the felonies first project in order to obtain cost and effectiveness opinions. The judicial council shall evaluate the number of probable cause hearings requested, waived, denied, and held, and the final disposition of each probable cause hearing held. The judicial council shall also evaluate the number of discovery depositions requested, denied, and approved. Beginning July 1, 2017 and ending in January 2020, the judicial council shall issue an annual report on its recommendations and the implementation of this chapter to the senate president, the speaker of the house of representatives, and the chairpersons of the senate and house judiciary committees.

Amend RSA 592-B:6 as inserted by section 2 of the bill by replacing it with the following:

592-B:6 Discovery.

I. Prior to indictment, the accused shall have the same rights to discovery and deposition as the accused has subsequent to indictment, provided that all judicial proceedings with respect thereto shall be within the jurisdiction of the superior court, and notice of petition and hearing shall be given to the county attorney, or to the attorney general if the attorney general shall have entered the case.

II. For incarcerated defendants, the state shall provide or make available to defense counsel, or directly to the defendant if he or she is not represented by an attorney, copies of all discovery in its possession, no more than 10 calendar days after the arraignment of the defendant, unless otherwise ordered by the court. For non-incarcerated defendants, the state shall provide or make available to defense counsel, or directly to the defendant if he or she is not represented by an attorney, copies of all discovery in its possession, no more than 20 calendar days after the arraignment of the defendant, unless otherwise ordered by the court. The state may request an extension of the discovery deadlines for complex case types.

III. The court may, upon motion, authorize the delay of the provision of discovery materials to the defense. Under such circumstances, the court shall make findings in support of its order and shall set a new date for the provision of such materials to the defense.

IV. If the court has determined that discovery has not been provided pursuant to the timeline established in RSA 592-B:6, II or III, and the defendant has not been indicted, the court shall schedule a probable cause hearing without unreasonable delay as a matter of right.

V. The state shall have a continuing obligation to provide discovery to defendants as it becomes available.

Amend RSA 592-B:7, II as inserted by section 2 of the bill by replacing it with the following:

II. Upon review of the motion, the court shall determine whether a hearing is necessary to assist the court in its determination of probable cause. The court shall not unreasonably deny a request for a hearing. If a hearing is scheduled, it shall be held as soon as the court docket permits, but in any event within 10 days of the filing of the motion if the defendant is incarcerated and within 20 days of the filing of the motion if the defendant is not incarcerated.

Amend RSA 592-B:7, IV as inserted by section 2 of the bill by replacing it with the following:

IV. If a hearing is held, the state shall bear the burden of proving there is probable cause to believe that a felony has been committed and that the person charged has committed it. At the hearing, the defendant may call witnesses, cross-examine witnesses, and present evidence.

Amend RSA 592-B as inserted by section 2 of the bill by inserting after section 7 the following:

592-B:8 Dispositional Conference. Upon entry of a plea of not guilty, the case shall be scheduled for a dispositional conference in accordance with superior court rules.

Amend the bill by replacing section 17 with the following:

17 Application; Contingency. This act shall take effect on January 1, 2016 in Cheshire county and Strafford county and on July 1, 2016 in Belknap county. This act shall take effect in the remaining counties as of the date set forth in an order of the supreme court as provided for in RSA 592-B:2, II, which order shall be issued at least 90 days prior to the effective date of the act in a particular county. The repeals in section 16 of this act shall take effect on the date on which this act is effective for all counties. In addition to such other notice as the supreme court deems necessary, the court shall send copies of its orders implementing this act in counties other than Cheshire, Strafford, and Belknap to the secretary of state and the director of legislative services.

and the committee report was adopted and ordered to third reading.

SB 240, protecting certified public accountants from prosecution or penalty for providing services to alternative treatment centers. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Eric P. Estevez for the Majority of Judiciary. This bill provides exemption of license revocation or suspension or other penalty by the state accounting board for certified public accountants who must file certified financial statements with the government for medical marijuana facilities. Therapeutic cannabis centers are required to provide certified financial statements as part of their record keeping. This bill enables CPAs to legally fulfill that required duty. Vote 11-9.

Rep. Charlene F. Takesian for the Minority of Judiciary. This bill is another effort to provide immunity in the law for a special group – CPAs that perform legal and ethical work for an alternative treatment center. Accountants came before the committee to testify that they were concerned that the New Hampshire Board of Accountancy would subject them to some kind of "penalty" for doing work for the treatment centers, although no witness could identify a single CPA anywhere in the United States that has been arrested or sanctioned by his/her licensing board for such professional work. The minority of the judiciary committee felt that since the certified alternative treatment centers are legal in the State of New Hampshire, there would be no reason to expect that any CPA would be arrested or sanctioned for providing their services to a legal, certified business.

MOTION TO LAY ON THE TABLE

Rep. Rowe moved that **SB 240,** protecting certified public accountants from prosecution or penalty for providing services to alternative treatment centers, be laid on the table.

Motion adopted.

Rep. Robert Walsh declared a conflict of interest and did not participate.

REGULAR CALENDAR CONT'D

SB 133-FN, relative to certain health care data and relative to certain workers' compensation medical claim data collected by the insurance department. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Tammy A. Simmons for the Majority of Labor, Industrial and Rehabilitative Services. This bill, as amended, removes language that requires workers compensation insurance carriers to pay the full amount billed by a provider, regardless of how inflated that bill may be and instead only requires that the carrier pay the 'reasonable value' of medical services. The amended version of the bill puts in place the criteria the department of labor is to consider when determining the reasonableness of the charge being disputed. The criteria the department of labor is to consider includes: a guideline range of reasonable charges developed and published by the NH insurance department of 85 of the most common worker's compensation medical services, compiled using the average payments of NH general healthcare, NH workers' compensation, New England region workers' compensation, and national workers' compensation; catastrophic injury; practice type, and geographic location of the provider. While the majority of the committee would prefer that the market address the rising cost of workers' compensation services, they agreed that many years have been spent on data collection and studying the issue and that now is the time to do something to reduce the rising worker's compensation costs on employers. NH mandates that the employer purchase insurance for its employees, mandates that the injured worker choose which provider they go to, and mandates that the carrier pay whatever they are charged. This is NOT the free market. The NH insurance department worked with the amendment sponsor at length to insure that the guidelines would not adversely affect access to care for the injured worker. Protocols were added to allow the insurance commissioner to amend the guidelines if there was evidence of access issues. The bill also includes a study committee to review administrative procedures for worker's compensation claims in hopes of reducing the burden on providers. Vote 10-8.

Rep. Douglas A. Ley for the Minority of Labor, Industrial and Rehabilitative Services. This bill is a solution in search of a problem. Workers compensation insurance rates in New Hampshire have been declining for a number of years, and further the medical costs that the majority is concerned about have been flat or declined in recent years. Worse though, this bill inserts the State of New Hampshire into the business relationship that exists between medical providers and employers or insurance companies. It completely undermines any market mechanisms by imposing a fee schedule disguised as a guideline. Establishing maximum payable amounts eliminates any incentive for providers or insurers to negotiate and contract with each other. The result of this price fixing may very well reduce the number of providers willing to treat injured workers;

therefore reducing availability of medical care for the very people the workers compensation system exists to serve. The amendment passed by the majority was developed in consultation with a select set of interested parties but minimized the input of providers and entirely neglected any consultation with those for whom the workers compensation system exists. The minority is also deeply concerned about the data that is being used to establish public policy. The bill creates a fee schedule based on data provided by a private entity that serves insurance companies. That data is troublingly incomplete. There is no requirement for any insurer to report data and 35-40% of New Hampshire workers compensation data is currently not reported, nor does the bill address the problem. Further, the data is proprietary and not subject to any review or testing and not publicly available. The minority believes that data used to establish public policy should be transparent, complete, and open to public inspection, particularly in a state that prides itself on the public's 'right to know.' On this matter, Charlie Arlinghaus wrote "in truth the government setting prices is never the right solution to a problem." We agree.

Majority Amendment (1936h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to medical costs paid under workers' compensation.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. After considering the work of the governor's commission to recommend reforms to reduce workers' compensation medical costs, the workers' compensation advisory council, and analysis by the insurance department, the general court has determined that overall workers' compensation costs in New Hampshire are among the highest in the country and further, that medical costs under workers' compensation are high in comparison to workers' compensation medical costs in the region and countrywide, and to health care costs in New Hampshire. Therefore, as a result of this determination, the general court hereby develops a process to reduce these costs.

2 Workers' Compensation; Payment for Reasonable Value of Services. RSA 281-A:24, I is repealed and reenacted to read as follows:

I.(a) The employer or the employer's insurance carrier shall pay the reasonable value of medical services provided under this chapter.

(b) The insurance commissioner shall develop and publish a schedule representing the maximum reasonable value of medical services using the methodology shown in RSA 281-A:24, VI.

(c) An employer or the employer's insurance carrier may enter into agreements with medical health care providers to determine the value of medical services. Values as determined by such agreements satisfy the reasonable value of medical services standard set forth in this paragraph.

(d) Effort shall be made to resolve any dispute as to the reasonable value of service prior to applying to the commissioner for resolution of such a dispute. Whenever an injured employee receives medical and hospital service or other remedial care under the provisions of this chapter and a dispute arises between the employer or the employer's insurance carrier and the person, firm, or corporation rendering such service or care as to the reasonable value of the service or care, the commissioner shall have exclusive jurisdiction to determine the reasonable value of such service or care. The commissioner shall consider the maximum value of medical services standard as set forth in subparagraph (b) and shall consider catastrophic injury, practice type, and geographic location as appropriate when making a finding as to the reasonable value of medical services under this paragraph. The health care provider shall have the burden of establishing that the amount it accepts for payment for any medical service is reasonable by a preponderance of the evidence.

(e) Any interested party may petition for a hearing and all interested parties shall be entitled to notice and hearing if it is determined that all reasonable efforts to resolve the dispute have failed. The commissioner or the commissioner's authorized representative shall make a finding as to the reasonable value of such services or care rendered. Any party aggrieved by such a finding may appeal to the compensation appeals board under RSA 281-A:43.

3 Workers' Compensation; Payment for Reasonable Value of Services. Amend RSA 281-A:24, VI to read as follows:

V. The commissioner shall assess a civil penalty not to exceed $2,500 ***on any health care provider*** for violations of this section which are willful or which demonstrate a pattern of improperly charging or overcharging employers or workers' compensation insurers.

4 New Paragraph; Workers' Compensation; Reasonable Value of Medical Services; Schedule. Amend RSA 281-A:24 by inserting after paragraph V the following new paragraph:

VI. The maximum reasonable value of medical services under this section shall be determined as follows:

(a) Annually by November 1, the insurance department shall establish a list of current procedural terminology (CPT) or other applicable codes representing approximately 85 percent of the total number of medical services provided under workers' compensation insurance in the previous service year. This list shall be developed using insurer workers' compensation medical payment data by physician, hospital, and ambulatory surgical center categories but excluding hospital inpatient, as reported in the National Council on Compensation Insurance (NCCI) Medical Data Report.

(b) For each of the codes on the list established under subparagraph (a), the insurance department shall develop and publish, by December 31, a value for the maximum reasonable value of that medical service, based on an average of the following:

(1) The average health care allowed claim amount for that code developed by using the comprehensive health care information system established in RSA 420-G:11-a. The health care allowed claim amount is equal to the plan paid amount plus the member sharing components that include co-pays, coinsurance, and deductibles.

(2) The average payment for that code made under workers' compensation insurance in New Hampshire as reported by NCCI.

(3) The average payment for that code made under workers' compensation insurance in the New England region as reported by NCCI.

(4) The average payment for that code made under workers' compensation insurance countrywide as reported by NCCI.

(c) The maximum reasonable value of service for any code shall not be less than 125 percent of the average health care allowed claim amount for that code or the category differential developed under subparagraph (b), whichever is greater. The maximum reasonable value of service for any code shall not be greater than 175 percent of the average health care allowed claim amount for that code. However, in no case shall the maximum reasonable value of services for any code exceed the average under subparagraph (b)(2).

(d) The insurance commissioner shall adjust the maximum reasonable values if the advisory council on workers' compensation has determined that access to medical services has been negatively affected through its annual review established under subparagraph (i).

(e) The insurance department shall further establish and publish, concurrently with the schedule established in subparagraph (b), a factor representing the differential between average health care allowed claims amounts and workers' compensation maximum reasonable value of medical services amounts as established under subparagraph (b), to be used for those medical services not included in the list of physician, hospital, and ambulatory surgical center codes established under subparagraph (a).

(f) The commissioner and the insurance commissioner shall adopt rules under RSA 541-A as may be necessary to properly administer this paragraph.

(g) Regardless of the date of injury, payment for medical services shall be based on the payment rates in this paragraph in effect on the date on which the medical service is provided.

(h) The amount the provider accepts for payment shall be equivalent for each type of medical service regardless of whether the payer is an insurer or a self-insured.

(i) The advisory council on workers' compensation, established under RSA 281-A:62, shall include in its annual review of the performance of the workers' compensation system an assessment of worker access to providers. If worker access to providers has been negatively affected, the advisory council on workers' compensation will make the recommendation to the insurance commissioner to raise the maximum reasonable values.

5 Insurance; Comprehensive Health Care Information System. Amend RSA 420-G:11-a, I to read as follows:

I. The department and the department of health and human services shall enter into a memorandum of understanding for collaboration in the development of a comprehensive health care information system. The memorandum of understanding shall include a description of the data sets that will be included in the comprehensive health care information system, the criteria and procedures for the development of limited use data sets, the criteria and procedures to ensure that Health Insurance Portability and Accountability Act of 1996 (HIPAA) compliant limited use data sets are accessible, and a proposed time frame for the creation of a comprehensive health care information system. To the extent allowed by HIPAA, the data shall be available as a resource for insurers,

employers, providers, purchasers of health care, and state agencies to continuously review health care utilization, expenditures, and performance in New Hampshire and to enhance the ability of New Hampshire consumers and employers to make informed and cost-effective health care ***and workers' compensation*** choices. ***The data shall be available as a resource to the department in complying with RSA 281-A:24.*** In presenting data for public access, comparative considerations shall be made regarding geography, demographics, general economic factors, and institutional size. Notwithstanding HIPAA or any other provision of law, the comprehensive health care information system shall not include or disclose any data that contains direct personal identifiers. For the purposes of this section, "direct personal identifiers" include information relating to an individual that contains primary or obvious identifiers, such as the individual's name, street address, e-mail address, telephone number, and social security number.

6 Committee Established.

I. There is established a committee to study ways to reduce paperwork or otherwise improve the administrative processes used in the processing of workers' compensation claims. The members of the committee shall be as follows:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The committee shall study methods, including electronic submission, to reduce the paperwork and other administrative burdens inherent on health care providers, employers, insurers and self-insureds in the current process for the administration of workers' compensation claims.

IV. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

V. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.

7 Effective Date. This act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill requires the insurance department to develop and publish a schedule representing the maximum reasonable value of medical services to achieve savings under the workers' compensation law.

Reps. Dan McGuire, Groen and White spoke against.

Rep. Rideout spoke in favor.

Rep. Infantine spoke in favor and yielded to questions.

REGULAR CALENDAR CONT'D

SB 255, establishing a low-wage service worker task force. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**
Rep. Tammy A. Simmons for the Majority of Labor, Industrial and Rehabilitative Services. Vote 9-8.
Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services. As passed by the senate, the bill established a Low Wage Worker Task Force, which would have consisted of a diverse group of business, labor, the public, and legislators to study the issues surrounding low wage jobs and their impact on the economy, poverty, workers, children, families, and communities. As amended the bill creates a very small legislative committee and changed the duties removing the requirement to study poverty and the impact of low wage jobs on children, families, and communities. The failure to incorporate these very important areas of study and to eliminate the participation of subject matter experts leaves the minority no choice but to vote against the amended bill.

Majority Amendment (1958h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study low-wage workers and their effect on the New Hampshire economy.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study low-wage employees and their effect on the New Hampshire economy.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee's study shall include, but shall not be limited to, the growth and nature of the low-wage service sector as compared to the growth of other sectors in New Hampshire, the costs of state services used by low-wage workers and the effects of low-wage jobs on the local economy.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2015.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes committee to study low-wage workers and their effect on the New Hampshire economy.
Majority committee amendment adopted.
Majority committee report adopted and ordered to third reading.

SCR 2, urging Congress to discontinue foreign aid to Argentina until financial disputes are resolved. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Robert L. Theberge for the Majority of State-Federal Relations and Veterans Affairs. The resolution acknowledges that in addition to other companies, RiverStone located in Manchester is owed money and asks congress to put pressure on Argentina by discontinuing aid until financial disputes in excess of $30 million be resolved. By virtue of this resolution, the State of New Hampshire sends a clear message to the government of Argentina that New Hampshire's legislative branch supports and protects its resident businesses and companies. The members of the legislature urge that Argentina respects its written contract with TIG Insurance requiring that any and all disputes be adjudicated in U.S. courts. Vote 8-5.
Rep. Eric R. Eastman for the Minority of State-Federal Relations and Veterans Affairs. The matter of concern in this many decades-old fiscal dispute is that of an alleged debt to an American financial services company (RiverStone Resources/TIG Insurance company); the "complainant" in this matter, which claims to have endured non-payment of $9 million on a receivable account by an Argentinean Company, "CAJA," long ago during the late 1980s. Since then, RiverStone/TIG insists that this debt has amortized due to carrying charges and late fees to a sum not less than $30 million. Moreover, during the ensuing years, "CAJA" has been subsumed (nationalized) by the relatively new and restructured Argentinean government. This resolution is the latest in a succession of attempts on the part of RiverStone/TIG to apply the kind of pressure they feel may result in a successful effort to collect on what they contend remains an unsatisfied account. A description of the events & history of this account that the government of Argentina offers on the matter is, predictably, considerably different. It is for numerous reasons that we of the minority in this committee urge all members of this body to vote no on the committee's recommendation of OTP.

MOTION TO LAY ON THE TABLE

Rep. Hunt moved that **SCR 2,** urging Congress to discontinue foreign aid to Argentina until financial disputes are resolved, be laid on the table.
Motion adopted.

REGULAR CALENDAR CONT'D

SB 63, relative to membership of the board of directors for the New Hampshire rail transit authority. **OUGHT TO PASS WITH AMENDMENT.**
Rep. George E. Sykes for Transportation. This bill adjusts the number of members to the board of directors of the NH Rail Transit Authority from a cumbersome 28 members to a more efficient 9 members. Additionally it takes the stakeholders removed from the board of directors and adds them to a new advisory board to the NH Rail Transit Authority. That advisory board will have a member on the board of directors. The committee amendment adds members of the NH house back in. Vote 10-5.

Amendment (1457h)

Amend RSA 238-A:4, I as inserted by section 1 of the bill by replacing it with the following:

I. The governing body of the authority shall be a board of directors. The board of directors shall receive input from the public and from the authority advisory board established under paragraph IV. The board of directors shall have the following 9 members:

(a) The commissioner of the department of transportation, or designee.

(b) The commissioner of the department of resources and economic development, or designee.

(c) An individual knowledgeable in the operations and construction of railroads, appointed by the governor and approved by the council.

(d) An individual knowledgeable in labor and human relations, appointed by the governor and approved by the council.

(e) A member of the authority advisory board elected by the board.

(f) A business owner, appointed by the governor and approved by the council.
(g) A public member, appointed by the governor and approved by the council.
(h) The chairperson of the house transportation committee, or designee.
(i) The ranking minority member of the house transportation committee, or designee.

Amend RSA 238-A:4, IV(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Elect a member to serve as a voting member of the board of directors.

Amend RSA 238-A:4, V as inserted by section 1 of the bill by inserting after subparagraph (q) the following new subparagraph:

(r) The mayor of the city of Rochester, or designee.

Committee amendment adopted.
Committee report adopted and ordered to third reading.

SB 213-FN-A-L, establishing a committee to study the formula for distribution of meals and rooms tax revenues. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Jordan G. Ulery for the Majority of Ways and Means. A study bill seems to infer developing more information. This bill, however, creates the presumption of changing N.H. into a local rule state, presumes local taxes required and fails to consider what exists with current legislation regarding taxation. Establishing local taxes and state taxes is the responsibility of the legislature, not towns or cities in N.H. Discovering the effects and ramifications of adding a new tax is immensely more transparent by considering a single tax or authority to tax than by mixing the discussion with expansive policies, theories and philosophies that accompany a study committee. The majority of the committee felt that rather than cloud the issue of a possible new tax by a study committee, a clean, clear, transparent bill is much more effective and efficient. Vote 9-7.
Rep. Mary R. Cooney for the Minority of Ways and Means. It is clear that in New Hampshire there are certain cities and towns which face a burden beyond the norm in providing municipal services due to seasonal, educational, or market center factors. Examples are municipalities hosting state-owned property, cities which are the center for jobs, entertainment, shopping, and tourism. This occurs in any situation in which a temporary enhanced population results in additional security and infrastructure needs such as during the day for employment opportunities, for tourist destinations, entertainment, or education. Some of these situations produce increased property taxes, some do not. Many states allow for municipalities, counties, or both to impose their own taxes on sales or occupancy in hotels as long as the taxes or fees are linked to the cost or providing those enhanced services. The minority feels that this is a subject worth studying to possibly bring some relief to these communities.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Frederick Rice, Pantelakos and Baldasaro spoke against.
Rep. Ulery spoke in favor and yielded to questions.
Rep. Pantelakos requested a roll call; not sufficiently seconded.
On a division vote, 122 members having voted in the affirmative and 180 in the negative, the majority committee report failed.
Rep. Frederick Rice moved the minority committee report of Ought to Pass.
Minority committee report adopted and ordered to third reading.

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, June 11, 2015 at 10:00 a.m.

UNANIMOUS CONSENT

Rep. Rogers requested Unanimous Consent of the House regarding memorial remarks for the Honorable John Chandler, former member from Hill, and addressed the House.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Katherine Rogers be printed in the Permanent Journal.
Motion adopted.

REMARKS

Rep. Rogers: Thank you, Mister Speaker. The Honorable John Palmer Chandler served as a member of this body from 1991 through 1996. I had the honor of serving with him as a member of the House Public Works Committee when he was the Vice Chairman. I was a freshman Democrat and one of the first "girls" to serve on that Committee. Representative Chandler was a true gentleman. He always treated this rather brash and mouthy freshman with respect, and with patience. He was fair yet firm, and always a formidable yet friendly political opponent. I learned much from this gentle and wise man. Representative Cloutier was also a freshman that term and joined with me in service on the Public Works Committee. We both got an education on the inner workings of NH roads, bridges and highways and how they were and were not funded from Representative John Chandler. But that was only the tip of the iceberg with respect to this man and his public service. John Chandler graduated from Browne & Nichols School in 1943, attended Harvard College for two years and graduated from the U.S. Military Academy in 1949. He held masters degrees from Harvard University, Rensselaer Polytechnic Institute and George Washington University. He was a licensed Professional Engineer. He served over 31 years in the Army, first as an enlisted man in the Army Air Corps during World War II and subsequently as a commissioned officer in the Army Corps of Engineers. His principal assignments included command of engineer units at platoon, company, battalion and group level, engineer advisor to the armed forces of South Korea, Bolivia and the Republic of Vietnam and general staff officer in the Office of the Army Chief of Staff. His final assignment was as the Division Engineer of the New England Division, Army Corps of Engineers, where he was appointed to the International Joint Commission and briefly as Chairman of the New England River Basins Commission. His decorations include the Army Distinguished Service Medal, Legion of Merit with two clusters, Meritorious Service Medal and Joint Service and Army Commendation medals. He was also decorated by the governments of Bolivia and Republic of Vietnam. After retirement from military service in 1979, Colonel Chandler served as Vice President of Anderson-Nichols, Architect-Engineers, taught eight years as a lecturer at Plymouth State College, and was N.H. Commissioner of Public Works and Highways. Our Chairman on the House Public Works Committee back in those days, Representative Gene Chandler, would often joke that it was amazing that he was Chairman and that John was the one with all the degrees and certifications and was the Vice Chairman and maybe the rolls should be reversed, but John was content being Chairman Chandler's right-hand man. Representative Chandler was also a true Renaissance man, surprising many by quoting the State's Poet Laureate on occasion without notes and doing so eloquently and accurately. John also held town offices for many years on school, planning and zoning boards and served as Chairman of the Lakes Region Planning Commission. He served on the boards of the New Hampshire Electric Cooperative, Franklin Regional Hospital, Lakes Region Charitable Foundation, N.H. Society of Professional Engineers, Merrimack River Watershed Council, Franklin Rotary Club, Franklin and Starr King Unitarian Universalist Congregations and was the long term president of the Hill Historical Society. He was a member of the Hasty Pudding Club at Harvard, the National Society of Professional Engineers, and the NH Council on World Affairs. John Chandler died on May 18th and Mr. Speaker, New Hampshire and the nation is a lesser place without him in it. Farewell Representative Chandler, from a former brash representative who is a little better in her work today because of you. Thank you, John and Godspeed.

HOUSE JOURNAL No. 17

Thursday, June 11, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Loving, generous God, You promise us the gift of abundant life to ease our journey through a world that demands so much of us. As we enter into this season of school vacations, this season of opportunities for travel or for rest, as we deliberately seek a slower pace on these long summer days, give us eyes to see and hearts to recognize what abundance really means. Help us to savor each experience more deeply, to engage more fully, to receive more gratefully. Inspire us to rejoice in simplicity, and find beauty and meaning in the ordinary. Above all, God of joy, give us an appreciation for humor and fun, and the ways they enrich our lives. Help us to loosen our hold on concerns that weigh us down, and to allow Your gift of laughter to infuse both our work and our play. Amen.

Representative Paula Bradley, member from Concord, led the Pledge of Allegiance.

The National Anthem was sung by U.S. Army Specialist Jennifer Messina of Derry.

AWARD PRESENTATION

Rep. Steve Shurtleff was presented the 2015 Caroline L. Gross Fellowship by Richard Ober, President and Chief Executive Officer of the New Hampshire Charitable Foundation. The annual award honors one's extraordinary dedication to public service.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made during the award presentation be printed in the Permanent Journal.
Motion unanimously adopted.

REMARKS

Speaker Jasper: Before we begin our regular business, we have a presentation of an award to a member of this House. It is the Caroline L. Gross Fellowship, which entails a 3-week program at Harvard. There are a few of us left in this Chamber who served with Caroline Gross. I want to tell you that she was one of the most remarkable women that I have ever served with. There are six portraits in this Hall and one of them is Caroline Gross. That gives testament to how this body felt about Caroline. I was very privileged to be her assistant majority leader when she served as majority leader under Harold Burns. Harold and Caroline obviously saw something in me, a person who at the time, was known to cause more than a little bit of trouble. I think they saw that my energies and what they saw as my talents could be contained and groomed so I had the privilege of being in that position with that very remarkable lady. There was, obviously, established this fellowship and it honors individuals for their extraordinary work in public service. This annual award is made in tribute to Caroline, whose own dedication to public service lives on through the work of the fellowship recipients. Caroline was a native of New Hampshire. She served in the House from 1983 until 1993 when she passed away. During those terms in the house, she served on Finance and Legislative Administration. She began serving in a leadership role in 1989 when she was appointed Majority Leader. It was a position she did hold until her death. Her family, friends, and colleagues established this fellowship fund to nurture the next generation of public servants. This fellowship enables an individual to attend the three-week summer seminar at the John F. Kennedy School of Government at Harvard University. I was honored to have been nominated, as was our Clerk. We were both not successful in getting to the point the recipient today has. Since 1994, the fellowship has sent 30 New Hampshire public servants through the program, including former New Hampshire Insurance Commissioner Sylvio Dupuis; Representative David Hess; State Senator Lou D'Allesandro; George Bald, former Commissioner of DRED; Superior Court Judge Tina Nadeau; and John Beardmore, Commissioner of the New Hampshire Department of Revenue Administration. Today's recipient is Representative Stephen Shurtleff who has been a member of the House since 2005. He has served in the House for six terms. He served on Criminal Justice, Judiciary, Legislative Administration and Pension Reform, as well as numerous House leadership roles. He has

also served as a Concord At-Large City Councilor since 2004. He is a former United States Marshal supervisory deputy for the U.S. Department of Justice. At this time, to make the formal presentation, I would recognize Richard Ober, President and CEO of the New Hampshire Charitable Foundation. There are former recipients with us as well.

Richard Ober: Thank you very much, Mister Speaker. My name is Richard Ober and I have the privilege of being the President of the New Hampshire Charitable Foundation and it is truly an honor to be here in the people's House. Governor Judd Gregg's commission on New Hampshire in the 21st Century, a project in which I was involved, opened their report with the following quote, "People come to New Hampshire or we stay in New Hampshire because of our love for independence. We discover paradoxically that independence requires a community effort. Under the mainstream of rugged individualism, there has always been a practical current of interdependence and cooperation." For many of us, then and now, that quote defines the essence of New Hampshire and especially the spirit of public service that you, and so many of your fellow citizens bring to your work. Thank you for that service. As the Speaker has said, this award was created at the New Hampshire Charitable Foundation to honor a truly extraordinary New Hampshire public servant, Caroline Gross. In the years since then, nearly two dozen distinguished public officials have received this award and selected to attend this intensive program at the Harvard Kennedy School that the Speaker described. Many of them have told me that was a defining experience in their professional and personal lives and I hope you have an opportunity to have them describe that to you. Many of our recipients are here with us today and as you see from the group they represent the spectrum of political viewpoints and all branches of government, federal, state and municipal. A tradition of this program is the fellows themselves go through the nominations and select the next year's winner. I am delighted to announce that the 2015 Caroline Gross Fellowship does indeed go to Representative Stephen Shurtleff.

Rep. Shurtleff: It is a warm morning so I will be brief. As I told members of our caucus this morning, it took me 28 years to earn my associate degree and to think next month I'll be at Harvard. I truly am a late bloomer. To be nominated for this honor was something special to me. To be selected, especially as I look at the distinguished group of former recipients of the Caroline Gross Award, people that I have long respected and long admired, words really do escape me. I never had the privilege of knowing Caroline Gross. I only know her as her reputation as a Republican leader in the New Hampshire House, but one thing I share is the legacy that she left all of us as members of the New Hampshire House, that ability to always look for that thread that binds us together instead of shedding a light on the issues that divide us. I just want to close by thanking everyone for this tremendous honor, which I am truly humbled by. Thank you all and God bless the New Hampshire House.

MOTION TO LAY ON THE TABLE

Rep. Major moved that **HR 12,** affirming revenue estimates for fiscal years 2015, 2016, and 2017, be laid on the table.
Motion adopted.

GOVERNOR'S VETO MESSAGE ON HB 122

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 2, 2015, I have vetoed House Bill 122, relative to advertising of liquor or beverages. Substance misuse, including alcohol misuse, continues to be one of the major public health and safety challenges facing us as a state. Moreover, statistics suggest that New Hampshire has among the highest rates of underage drinking in the country. In changing the way that we regulate, and in some cases loosening restrictions on referring to minors in the advertisement and sale of alcoholic beverages, House Bill 122 could undermine our efforts to prevent underage drinking. It is imperative that we strike the appropriate balance between responsible regulation of alcohol and the desired latitude for marketing creativity within our growing craft beer industry. However, in repealing RSA 179:31, VII(a), particularly the explicit prohibition on references to minors, House Bill 122 fails to provide adequate statutory guidance to the Liquor Commission in maintaining that important balance. While I remain very supportive of our growing craft beer industry in the state and have signed many laws aimed at supporting the expansion of this industry in a responsible way, statutory changes significantly impacting the way alcohol could be advertised in our state must be undertaken with great caution and clear guidelines. House Bill 122 does not meet that standard, and it could also potentially lead to greater inconsistencies in how our marketing regulations are applied. I would encourage proponents to work with the Liquor Commission and substance misuse advocacy organizations to develop a

proposal with clear guidance that is understandable to both the business community and the Liquor Commission. Such a proposal should aim to balance the desire for creativity in the marketing and/or branding of craft and other locally manufactured alcoholic beverages with the very real need to ensure that such marketing does not encourage underage drinking. Because this bill does not strike that necessary balance, I have vetoed House Bill 122.

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 122,** relative to advertising of liquor or beverages, become law?
Rep. Murphy spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 148

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 2, 2015, I vetoed House Bill 148, an act limiting the authority of delegates to Article V conventions. House Bill 148 establishes a procedure for the selection of state delegates to a convention called by the states for the purpose of considering amendments to the United States Constitution. This bill also limits the authority of those appointed delegates. This bill is similar to Senate Bill 356, legislation vetoed by Governor John Lynch in 2012, requiring every delegate from New Hampshire at an Article V convention to take an oath, which in part states, 'I will accept and will act according to the limits of the authority as a delegate granted to me by New Hampshire law, and I will not vote to consider or approve any unauthorized amendment to the Constitution for the United States of America. I understand and accept any penalties that may be imposed on me by New Hampshire law for violating this oath.' Whether or not one agrees that an Article V convention is the right course of action for proposing amendments to the United States Constitution, and regardless of one's stance on potential amendments proposed across the political spectrum, it is apparent that a convention to consider amending the constitution is not going to be called by the states any time soon. If such a convention were to be called under Article V of our Constitution, it seems that would be the appropriate time to consider procedural concerns for delegates, including how those delegates should be appointed. Furthermore, the language of this measure places restrictions on our hypothetical delegates that are contrary to the true purpose of any constitutional convention. If similar restrictions had been in place during the original Constitutional Convention in 1787, our Founders may very well have never created the United States Constitution. Finally, I also have concerns with the prospect that duly appointed delegates could be subject to potential criminal penalties in the fulfillment of their role. For these reasons, I have vetoed House Bill 148.

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 148,** limiting the authority of delegates to Article V conventions, become law?
Reps. Horrigan and Weber spoke against.
Reps. Edelblut and Eastman spoke in favor.

GOVERNOR'S VETO MESSAGE ON HB 151

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 2, 2015, I vetoed House Bill 151, an act establishing a committee to study end-of-life decisions. In 2013, I vetoed almost identical legislation in the form of House Bill 403. The only difference between the two bills is that this year's version added duties, which failed to address any of my concerns from the previous veto, particularly a membership that lacks a broad cross-section of the individuals who understand these complex and emotional issues best: the medical community, patients, advocates for the elderly and people who experience disabilities, and the religious community. I continue to support strengthening New Hampshire's advance directive statute, relying on input from stakeholders across the Granite State, but I believe that the goals of this bill begin to take New Hampshire down a precarious path. As was the case in 2013, I do not see a need for the study committee outlined by this legislation, and I have therefore vetoed House Bill 151.

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 151,** establishing a committee to study end-of-life decisions, become law?
Reps. Marjorie Smith, Wolf and Phillips spoke in favor.
Rep. Souza spoke against.

HOUSE JOURNAL No. 18

Wednesday, June 24, 2015

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Father Andrew Nelson, son of Representative Nelson and Parochial Vicar at Good Shepherd and Holy Family Parishes in Berlin and Gorham.
Heavenly Father, as we begin this day, we pause to honor two of our brothers, Representative Robbie Parsons of Milton, and the Honorable Warren Leary, retired House Sergeant-at-Arms, who have been called from this earth. We give You thanks for their lives, for their service, and for their dedication to making this great state better for generations to come. We pray also for our brothers and sisters in South Carolina, who this week lay to rest so many, who in their lives and deaths, have witnessed not only to the prophets of faith, but also forgiveness and unity. As we gather in this historic chamber, we ask that You pour forth Your spirit of wisdom into our hearts, so that we may stand resolute in the pursuit of truth and justice, and united in protecting and promoting the dignity of all. May principles of truth always carry the day, and may our voices rise prophetically for the least of our brothers and sisters. May the barriers of politics and party in this chamber and in the State House be torn down and replaced by a common mission to improve the lives of all of New Hampshire citizens. May the principles of respect, civility, and integrity define our discourse this day and always. May we have the humility to do what is right, and the courage to face the consequences. May our citizens and all those who have sacrificed their lives, fortunes, and honor in defense of our nation see in what we do this day reason for hope. Amen.

Representative John Burt, member from Goffstown, led the Pledge of Allegiance.

The National Anthem was sung by members of the St. Paul's Church choir in Concord, under the direction of Mark Pace, Director of Music Ministries.

UNANIMOUS CONSENT

Rep. Mullen requested Unanimous Consent of the House regarding memorial remarks for the member from Milton, the Honorable Robbie Parsons.
Rep. Mullen addressed the House.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Rep. Mullen be printed in the Permanent Journal.

REMARKS

Rep. Mullen: Thank you, Mister Speaker. Monday, the New Hampshire House of Representatives lost one of its distinguished members, Robbie Parsons. He lost his struggle with cancer, which he fought with all his might. He was a dedicated legislator, which began in 2010 and was passionate about preserving the freedoms that the people of New Hampshire enjoy. He was tireless in his dedication to his family, the people of Milton and Middleton and was most proud to be a member of this distinguished body. I was first introduced to Robbie in 2012 when I was considering a run as a State Representative. His wisdom of the process and his dedication to the constitution were inspiring. We became close friends and would discuss the events of the day on a weekly basis. While we did not agree on all things, we certainly talked about them and learned from our discussions. Robbie was one to never give up. Many times in the last couple of years he would be too tired to drive up to Concord for a Session, but he would ride with me and sit through many Sessions to ensure that he could represent his constituents. I will miss him for his sense of humor, his passion for the ideals he so strongly believed in and his commitment to civic service. May our prayers and good thoughts go to his wife, Lynda, and his family. God bless you Robbie Parsons.

XVI.(a) The prescribing of a non-opioid controlled drug classified in schedule II through IV by means of telemedicine shall be limited to prescribers as defined in RSA 329:1-d, I and RSA 326-B:2, XII(a), who are treating patients at a state designated community mental health center pursuant to RSA 135-C or at a Substance Abuse and Mental Health Services Administration (SAMHSA)-certified state opioid treatment program, and shall require an initial in-person exam by a practitioner licensed to prescribe the drug. Subsequent in-person exams shall be by a practitioner licensed to prescribe the drug at intervals appropriate for the patient, medical condition, and drug, but not less than annually.

(b) The prescribing of an opioid controlled drug classified in schedule II through IV by means of telemedicine shall be limited to prescribers as defined in RSA 329:1-d, I and RSA 326-B:2, XII(a), who are treating patients at a SAMHSA-certified state opioid treatment program. (e) An APRN providing services by means of telemedicine directly to a patient shall:

(1) Use the same standard of care as used in an in-person encounter;

(2) Maintain a medical record; and

(3) Subject to the patient's consent, forward the medical record to the patient's primary care or treating provider, if appropriate.

INTRODUCTION OF HOUSE JOINT RESOLUTION

First and second reading

HJR 2, making temporary appropriations for the expenses and encumbrances of the state of New Hampshire. (Kurk, Hills 2; Flanagan, Hills 26; Forrester, Dist 2; Bradley, Dist 3)

CONSIDERATION OF HOUSE JOINT RESOLUTION 2

This house joint resolution makes temporary appropriations for the expenses and encumbrances of the state of New Hampshire.

A RESOLUTION making temporary appropriations for the expenses and encumbrances of the state of New Hampshire.

Whereas, a budget has not yet been enacted for fiscal years 2016 and 2017; and

Whereas, action at this time is necessary to carry out the functions of state government after fiscal year 2015, and prior to enacting said budget act; now therefore be it

Resolved by the Senate and House of Representatives in General Court convened:

I.(a) That each state agency or state entity for which the general court appropriated funds for its operating budget for fiscal year 2015 is authorized to obligate additional funds for expenditures during the period this resolution is in effect at a rate not in excess of 6/12 of, and for the same purposes of, the appropriations for fiscal year 2015 contained in HB 1-A of the 2013 regular legislative session (2013, 143), unless due to an emergency it shall be otherwise authorized by the governor with the advice and consent of the council with prior approval of the fiscal committee of the general court. For the purposes of this resolution, the provisions of HB 2-FN-A-LOCAL of the 2013 regular legislative session (2013, 144) which relate to the 2014-2015 biennium shall apply; and

(b) Enactment of this resolution shall constitute acceptance by the state of federal funds in such amounts as under applicable state or federal law shall be necessary to give effect to the provisions of this resolution and shall further constitute the appropriation of such state funds as under federal law shall be required to be added to such federal funds as a condition of their transfer to the state. The authorization provided in this resolution shall be deemed to be a budget within the meaning of RSA 9; and

(c) Funds subject to obligation under this resolution shall be deemed subject to transfer under the provisions of RSA 9:16-9:17-d, with prior approval of the fiscal committee of the general court. The governor is authorized by and with the advice and consent of the council to draw warrants for the sums necessary to discharge obligations authorized by this resolution out of any money in the treasury not otherwise appropriated or, in the case of special funds, out of any such special funds. Expenditures obligated under authority of this resolution shall be charges upon any appropriations subsequently enacted with respect to identical purposes and periods; and

II. That the provisions of RSA 9 inconsistent with the provisions of this resolution and the provisions of any other statutes so inconsistent are hereby suspended to the extent of such inconsistencies during the time this resolution is in effect. The state of New Hampshire hereby indemnifies any state official, commissioner, trustee, or other person having control of public funds appropriated by the general court for any liability personally incurred because of the provisions of RSA 9:19 and RSA 9:20 for whatever period of time elapses from 12:01 a.m. July 1, 2015, until the time that the provisions of this resolution making temporary appropriations become law; and

III. That this resolution shall take effect July 1, 2015 and shall continue in effect until an operating budget is enacted into law but in no event later than January 1, 2016.

Rep. Kurk moved Ought to Pass.

Rep. Wallner offered floor amendment (2336h).

Floor Amendment (2336h)

Amend subparagraph I(a) of the resolution by replacing it with the following:

(a) That each state agency or state entity for which the general court appropriated funds for its operating budget for fiscal year 2016 is authorized to obligate additional funds for expenditures during the period this resolution is in effect at a rate not in excess of 96 percent of 6/12 of, and for the same purposes of, the appropriations contained in HB 1-A of the 2015 regular legislative session as amended and adopted by the legislature, unless due to an emergency it shall be otherwise authorized by the governor with advice and consent of the council with prior approval of the fiscal committee of the general court. For the purposes of this resolution, the provisions of HB 2-FN-A-LOCAL of the 2015 regular legislative session as amended and adopted by the legislature, being necessary to give effect to the provisions of this resolution, shall be deemed in effect during the period that this resolution is in effect; and

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today, it be to the Call of the Chair.
Motion adopted.

UNANIMOUS CONSENT

Rep. Mangipudi requested Unanimous Consent of the House regarding International Yoga Day and addressed the House.

MOTION TO PRINT REMARKS

Rep. Flanagan moved that the remarks made by Rep. Harvey be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Harvey: On June 3rd we lost one of our former House members, the Honorable Paul Hackel, who served three terms as a distinguished member of the Judiciary Committee. At the recent celebration of his life, people talked of Paul's warmth, humor, and big heart as a husband, father, grandfather, friend, and community leader. Paul, they each said, never spoke ill of anyone, it wasn't his way. He cared deeply about people and justice and, in everything he did, worked hard to make the world a better place. Paul graduated from the University of Vermont and received an MBA from Columbia University. He served in the US Army during the Korean War. Then, back in his home state, he chaired the Vermont Human Rights Commission, where he led the Mississippi Project, which resulted in the building of the Medgar Evers Community Center that still stands today in Jackson, Miss. Paul ran two family-owned companies in Vermont and then moved to Nashua in the late 1980s to be near family. He owned and operated Dream Kitchens, a thriving kitchen design store in Nashua that his daughter runs today. Back several years ago, I asked Paul to consider running with me in Nashua's Ward 2, and after talking it over with his wife, Sonya, he said yes. I couldn't have had a more generous running mate. Although Paul couldn't physically walk the district, he was part of our planning and our main cheerleader throughout the campaign. When his grandchildren did the literature drops for their grandfather, he made sure they took my literature as well. He and Sonya hosted many house parties for candidates and opened their home to house campaign workers. Paul loved serving in the House and was particularly proud of helping to pass NH's marriage equality bill into law. Thank you, Paul, for being with us and showing us what being a gentleman and a good citizen is all about. Please join me for a moment of silence to honor our colleague.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former Representative from Nashua, the Honorable Paul Hackel.

The House assembled at 1:00 p.m., and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

From a prayer attributed to Sir Francis Drake, 1577.

Disturb us, Lord, when
We are too pleased with ourselves,
When our dreams have come true
Because we dreamed too little,
When we arrived safely
Because we sailed too close to the shore.
Disturb us, Lord, when
With the abundance of things we possess
We have lost our thirst
For the waters of life;
Having fallen in love with life,
We have ceased to dream of eternity
And in our efforts to build a new earth,
We have allowed our vision
Of the new Heaven to dim.
Disturb us, Lord, to dare more boldly,
To venture on wilder seas
Where storms will show Your mastery;
Where losing sight of land,
We shall find the stars.
We ask You to push back
The horizons of our hopes;
And to push into the future
In strength, courage, hope, and love,

This we ask in the name of our Captain, who is almighty God. Amen.

GOVERNOR'S VETO MESSAGE ON HB 332

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 26, 2015, I have vetoed House Bill 332, relative to school district policy regarding objectionable course material. By imposing inflexible notice requirements on certain curricula, House Bill 332 would be an impediment to an adaptable learning environment, which is critical to helping our students develop the skills and critical thinking necessary for success in the 21st century economy. Furthermore, this bill would make it more difficult for young people to receive critical public health education and it could affect a wide range of curricula – including science and the study of important literature, ranging from Mark Twain to Shakespeare. Current New Hampshire law requires school districts to adopt a policy allowing an exception to specific course material based on a parent's or legal guardian's determination that the material is objectionable, and it also addresses parental objections to health and sex education based on religious beliefs, rendering this bill unnecessary. By requiring schools to provide no less than two weeks' notice to parents of all materials – literary books, textbooks, worksheets, videos, online resources – that even touch upon human sexuality or human sexual education, this bill imposes strict, over-burdensome notification requirements that could lead to schools avoiding material of merit and historical importance because it could potentially elicit objections and even litigation. In addition, these notification requirements could prohibit the natural, spontaneous discussions that arise in the context of everyday learning. Additionally and just as troublesome, this bill aims to put in place additional barriers for New Hampshire students who decide to access education about sexual health. Research has shown that teens who participate in comprehensive health education programs that discuss the importance of delaying sex and provide information about contraceptives are less likely to experience teen pregnancy or sexually transmitted diseases. House Bill 332 would create an even greater stigma concerning sex education and lead to fewer students having access to important health information, which can have far-reaching, negative impacts on the health of our young people and communities. New Hampshire law already provides protections that allow parents to opt their children out from curricula that the parents consider to be objectionable. This unnecessary law would only serve to inhibit classroom discussions and access to important information about health education, while opening the door to notification policies that could lead to censorship. Therefore, I have vetoed House Bill 332."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 332,** relative to school district policy regarding objectionable course material, become law?
Rep. Heath spoke against and yielded to questions.
Rep. Victoria Sullivan spoke in favor and yielded to questions.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 449

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 6th, 2015, I have vetoed House Bill 449, relative to the duration of child support. Finishing high school or high school equivalency programs is vitally important to the economic well-being of our youth, helping them develop the skills and innovative thinking necessary for success in the 21st century economy, and current law requires that child support continues until a child graduates from high school, even if the child is over age 18. House Bill 449, if enacted, would end child support orders for any child over the age of 18 who chooses to pursue the HiSET or any other high school equivalency program as opposed to attending a traditional high school. In doing so, I believe this bill would create two different standards for youth and their families, elevating one path to completing education above another. As a state, we have recognized that not every child thrives in the traditional classroom environment and have worked to offer alternatives to allow students to finish their high school degrees so that they may better compete in the workforce and participate in higher education if they so choose. For example, in 2014, 317 New Hampshire students between the ages of 16 and 19 completed the HiSET exam. This legislation would say those children no longer merit the support of both of their parents as they work to complete their high school education and prepare themselves for future success. It is also unclear what impact this legislation might have on home-schooled students, who do not attend a traditional high school but may participate in a high school equivalency program as part of their efforts to enter the workforce or apply for college. House Bill 449 would also terminate child support forever if a child over the age of 18 is incarcerated, even if the incarceration is only for a short duration and the child returns to high school, which could greatly inhibit our efforts to help youthful offenders put their lives back on track. A child who is struggling in a traditional high school environment but pursuing a high school equivalency degree may still need the support – both emotional and financial – of their parents. It should not be arbitrarily withdrawn because they are taking a slightly different path than others in their age group. It may be appropriate to place time limits on how long a child has to finish an equivalency program, but to arbitrarily cut off child support on the first day a child chooses a different path is not good for the children of our state. Therefore, I have vetoed House Bill 449."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 449,** relative to the duration of child support, become law?
Rep. Alicea spoke against.

GOVERNOR'S VETO MESSAGE ON HB 550

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 20, 2015, I have vetoed House Bill 550, relative to administration of the tobacco tax and relative to the sale or exchange of an interest in a business organization under the business profits tax. Like many others, I am disturbed by the process that brought this bill to my desk. It was passed at the last moment, with no public hearing before the vote. That defective process has understandably raised concerns among members of the legislature and the public. However, I remain open to considering legislation similar to House Bill 550 as part of a larger budget agreement if this tax law change it proposes is paid for. New Hampshire's absence of a sales or income tax has long served to our state's advantage in attracting businesses and people to our state. It has, however, also led to the development of some areas of our tax code that are unique, which can at times be confusing to outside observers. I have heard from a number of businesses that New Hampshire should work to mitigate the impact of such provisions, particularly those that House Bill 550 seeks to address, because at times these provisions can hinder capital investment in New Hampshire companies. I remain willing and open to work in a bipartisan manner to address this concern. House Bill 550 also suffers from the same problem as the budget that I recently vetoed. It encompasses a significant tax cut that will impact this budget and future budgets without addressing how New Hampshire will pay for it. Cutting taxes without offsetting the loss in revenue will jeopardize our state's ability to invest in the priorities that are critical to our state's families, businesses and our future

in the 21st century innovation economy. Many of the same businesses who have expressed support for legislation similar to House Bill 550 have also raised concerns about New Hampshire losing the ability to support the critical economic priorities necessary to keep our state competitive, priorities such as affordable higher education, modern and safe transportation, accessible health care, and combating the substance abuse crisis. As long as the tax cut House Bill 550 contemplates is paid for, I am willing to address the tax relief it proposes, as well as the larger issue of business tax reductions, in a compromise budget that ensures that we make these reductions in a way that does not jeopardize our state's economic priorities and future. It is my continued hope that legislative leaders will promptly return to the table and negotiate in good faith a bipartisan budget compromise, so that we can move forward and address the issues of House Bill 550, as well as the other critical issues facing our state. In the meantime, however, we cannot continue to enact business tax reductions without transparently and honestly paying for them in budget. For this reason, I have vetoed HB 550."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 550,** relative to administration of the tobacco tax and relative to the sale or exchange of an interest in a business organization under the business profits tax, become law?
Rep. Lovejoy spoke against.
Reps. Sanborn and Abrami spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

RESOLUTION

INTRODUCTION OF SENATE BILL

Reps. Flanagan and Shurtleff offered the following: RESOLVED, that late introduction having been approved by a two-thirds vote of the House and in accordance with the list in the possession of the Clerk, Senate Bill numbered 9 shall be by this resolution read a first and second time by the therein listed title.

Motion adopted.

SB 9-FN-A-L, relative to salary increases for state employees and making appropriations therefor, establishing a legislative oversight committee on employee relations, relative to the purpose of a capital budget appropriation, and reducing the rates of the business profits tax and the business enterprise tax.

CONSIDERATION OF SB 9-FN-A-L

Rep. Hinch moved Ought to Pass.

Rep. Itse offered floor amendment (2391h).

Floor Amendment (2391h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to salary increases for state employees and making appropriations therefor, establishing a legislative oversight committee on employee relations, relative to the purpose of a capital budget appropriation, reducing the rates of the business profits tax and the business enterprise tax, and relative to eligibility to vote and relative to availability of voter information.

Amend the bill by replacing all after section 26 with the following:

27 Voter; Domicile. Amend RSA 654:1, I to read as follows:

I.*(a)* Every inhabitant [~~of the state~~], having [~~a single~~] established domicile [~~for voting purposes~~] ***in this state for no less than 30 consecutive days before any election where the inhabitant offers to vote***, being a citizen of the United States, of the age provided for in Article 11 of Part First of the Constitution of New Hampshire, shall have a right at any meeting or election, to vote in the town, ward, or unincorporated place in which he or she is domiciled.

(b)(1) An inhabitant's domicile for voting purposes [~~is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government.~~] ***shall be the principal or primary home or place of abode of a person. Principal***

or primary home or place of abode is that home or place in which his or her habitation is fixed and to which a person, whenever he or she is temporarily absent, has the intention of returning after a departure or absence therefrom, including when the person is absent because of military service or temporarily absent as described in RSA 654:2.

(2) In determining what is a principal or primary place of abode of a person, without limitation the following factors or evidence relating to such person may be taken into account: civic and community participation, the place where a person spends most nights of the year, the location from which a person would apply for a passport or other federal identification, residence for income or other tax purposes, eligibility for a resident hunting and fishing license, and a New Hampshire driver's license.

(3) A qualified voter who has left his or her home and gone into another state or town of this state for a temporary purpose only shall not be considered to have lost his or her domicile as described in RSA 654:2.

(4) A person shall not be considered to have gained a domicile in any town or ward of this state into which he or she comes for temporary purposes only, without the intention of making it his or her home but with the intention of leaving it when he or she has accomplished the purpose that brought him or her there. Evidence that a person who, prior to arriving in New Hampshire, was domiciled in another state and is temporarily present in New Hampshire for any purpose including, but not limited to vacation, short-term temporary work, volunteering for social or civic purposes, or volunteering or working on political campaigns is not sufficient evidence that the person has established a domicile in New Hampshire.

(5) If a qualified voter moves to another state, with the intention of making it his or her permanent home, he or she shall be considered to have lost his or her domicile in this state.

(c) A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.

28 New Paragraphs; Voter; Domicile. Amend RSA 654:1 by inserting after paragraph I-a the following new paragraphs:

I-b. Any person who establishes a voting domicile that otherwise meets the requirement of paragraph I, later than 30 days before any election where the inhabitant offers to vote shall vote at the polling place for the town or ward of his or her most recent previous domicile. Except that any person who transfers an existing New Hampshire voter registration and satisfies the requirements of this chapter for proving his or her new domicile may vote at the polling place for the town or ward of his or her new domicile.

I-c. Any person who met the requirements of this chapter to register to vote in New Hampshire who has established a voting domicile outside of New Hampshire within the 30 consecutive days before an election and is not allowed to register and vote in that election in the state of his or her new domicile because he or she established that new domicile within 30 consecutive days before that election may vote at the polling place for the New Hampshire town or ward where he or she was previously domiciled.

29 Voter Registration Form. Amend RSA 654:7, IV to read as follows:

IV.(a) [~~A~~] Standard registration application [~~form~~] ***forms*** shall be used throughout the state. The registration [~~form~~] ***forms*** shall be no larger than 8 1/2 inches by 11 inches.

(b) The secretary of state shall prescribe the form of the voter registration form to be used for voter registrations***, transfers, or updates*** other than those at the polling place on the date of a state general election, which shall be in substantially the following form:

___ NEW REGISTRATION I am not registered to vote in New Hampshire

I.(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the

county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than [~~4~~] ***5*** years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose, [~~and that the applicant is a suitable person to be licensed~~] ***unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm.*** Hunting, target shooting, or self-defense shall be considered a proper purpose. The fee for licenses issued to residents of the state shall be $10, which fee shall be for the use of the town or city granting said licenses; the fee for licenses granted to out-of-state residents shall be $100, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. ***The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in December 2009.*** No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

The availability of a license to carry a loaded pistol or revolver under this section or under any other provision of law shall not be construed to impose a prohibition on the unlicensed transport or carry of a firearm in a vehicle, or on or about one's person, whether openly or concealed, loaded or unloaded, by a resident, nonresident, or alien if that individual is not otherwise prohibited by statute from possessing a firearm in the state of New Hampshire.

I protest the vote on SB 9 since it violates Article 18 of the NH Constitution.
Rep. Keith Ammon

PROTEST

Pursuant to the Constitution of the State of New Hampshire Part 2, Article 24, I lodge my protest to the passage of SB 9 on the ground that I find it repugnant to the Constitution of the State of New Hampshire Part 2, Article 18.

PROTEST

Part 2, Article 24
Protest to "SB 9"

Whereas SB 9 changes the rate of the business enterprise tax and the business profits tax, and
Whereas Part 2, Article 18 of the Constitution of New Hampshire states all money bills must originate in the House of Representatives, and

SB 116-FN, repealing the license requirement for carrying a concealed pistol or revolver.

GOVERNOR'S VETO MESSAGE ON HB 603

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 12, 2015, I have vetoed House Bill 603, relative to student exemption from the statewide assessment. House Bill 603 would create a student opt-out option from the statewide assessment process. This bill would conflict with current state educational accountability laws, undercut one of the tools that educators use to evaluate K-12 student progress, and jeopardize federal funding for New Hampshire schools. If it became law, House Bill 603 could do real and lasting damage to New Hampshire's economic competitiveness, suggesting that our state is not committed to ensuring that students are ready for college and/or careers in the 21st century's innovation economy. That is why the business leaders and educators joined together to oppose this legislation. By state law – and as a result of Supreme Court decisions requiring a statewide education accountability system – New Hampshire schools are required to participate in the Statewide Educational Improvement and Assessment Program. If passed, House Bill 603 would discourage participation in the annual statewide assessment, violating the requirements of both federal and state law, as well as the requirements of the New Hampshire Supreme Court that New Hampshire have a broad assessment and accountability system. A valid annual assessment is a critical component of accountability, which is why state statutes say that all students must take the statewide assessment. This year, New Hampshire started a new annual assessment, the Smarter Balanced Assessment, an improved test that helps inform educators about whether students are meeting higher standards and helps direct any resulting changes to instruction. These tests provide the only statewide snapshot as to how our public schools are performing, serving as an additional measure to inform us about how well students are being educated. But it also important to note that the State is not over-relying on these tests as they are not a significant factor in teacher evaluation, they are not used to determine school funding and they are not required for a student to graduate. New Hampshire also recognizes that standardized assessments alone do not provide the most

well-rounded, individual student-driven results that effectively inform teacher instruction. That is why New Hampshire continues to build on our efforts that are leading the nation in developing assessment alternatives through the Performance Assessment of Competency Education (PACE) Pilot Program. PACE empowers our students and our teachers by reducing the amount of standardized testing in favor of more locally managed assessments that will be integrated into a student's day-to-day work, which improves the effectiveness of project-based 21st century learning. Allowing this bill to become law also poses significant fiscal risk by threatening threatens tens of millions of dollars a year in federal funding to our schools. The federal government requires 95 percent of students to participate in a statewide assessment to receive Title I funding. Action in some New Hampshire school districts that provided an unofficial opt-out option this year led to decreased student participation – demonstrating that any state action to encourage opt-out would have the same, if not greater implications. House Bill 603 does not provide reporting of opt-outs to the Department of Education, so we would be unable to accurately determine how many students did not take the test and whether the State met the 95-percent student participation threshold. House Bill 603 sets a bad precedent for, and sends a bad message to, our students. Students who are told that they can opt out of this critical component to their education will believe that they can opt out of other of requirements as well, which could in turn affect participation in day-to-day activities and interfere with both student assessment and direct instruction. New Hampshire's economic competitiveness depends on our ongoing commitment to ensuring that our students and workers have the skills needed to compete in the future. If passed, this bill would inhibit the ability to effectively measure student progress and inform teacher instruction, while sending a message to the business and education communities that New Hampshire does not value high standards in education, standards that will help prepare our future workforce for success in the innovation economy. Therefore, I have vetoed House Bill 603."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 603,** relative to student exemption from the statewide assessment, become law?
Reps. Abramson and Boehm spoke in favor.
Rep. Myler spoke against.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 9.

Rep. Hinch, Sen. Prescott for the Committee

UNANIMOUS CONSENT

Rep. Theberge requested Unanimous Consent of the House regarding 2015 POW/MIA Recognition Day and addressed the House.

Rep. Itse requested Unanimous Consent of the House regarding the New Hampshire Constitution.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Theberge be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Theberge: Thank you, Mister Speaker. Thank you, colleagues. The 2015 National Prisoner of War and Missing in Action Recognition Day is Friday, September 18. During this week, throughout our great country and worldwide, ceremonies will be held to honor and remember our missing and unaccounted for Americans. Support for these missing Americans and their families is deeply felt. America's POW's and MIA's should be honored and recognized rather than memorialized with the focus on continuing commitment to account as fully as possible for those still missing. For a society such as ours which demands liberty as much as we do, we must not allow the sacrifices of these Patriots to pass from our Nation's consciousness. America owes these brave men and women our eternal gratitude. We are all indebted to their families. They stood by with courage as those they love proudly answered Americas call to defend the freedom we enjoy today. Many of these families have suffered decades of pain not knowing with certainty the final fate of their loved ones. We recognize their sacrifices. We owe a debt of gratitude to the families for their dedication in seeking the truth and their determination through many years of waiting. Our nation has been granted liberty for more than 200 years thanks to the sacrifices of countless men and women. Despite the broken buildings and shattered lives of September 11th, fourteen years ago, the American spirit did not waiver. We are different today; sadder, but stronger; less innocent and more courageous; more appreciative of life for those who have served our country; more willing to risk our life for a greater cause. For those who have lost family and friends, the pain will never go away and neither will the responsibilities of 9/11 which was thrust upon us all. The fight against terrorism has been ongoing for several years and will require a long sustained resolve. It will require the support of our nation, the efforts and sacrifice of all of our people and the unwavering commitment to liberty and freedom that has sustained our focus for generations. Freedom is not free. Freedom comes with a price. Today we remember the POW's and MIA's who fought to protect our freedom and lost theirs. At the same time, we pray for those engaged in today's struggle to protect our freedom for future generations. God bless their bravery. God bless America. Thank you.

MOTION TO PRINT REMARKS

Rep. Hoell moved that the remarks made by Rep. Itse be printed in the Permanent Journal. Motion failed.

GOVERNOR'S VETO MESSAGE ON HB 1 AND HB 2

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 25, 2015, I have vetoed House Bills 1 and 2, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2016 and June 30, 2017. To keep our economy moving in the right direction, I originally proposed a fiscally responsible, balanced budget that was transparent and honest about how we would support critical economic priorities without an income or a sales tax. The plan that I proposed clearly set those economic priorities, including holding down the cost of higher education, strengthening public safety, ensuring access to affordable health care, and repairing our roads and bridges. I have vetoed the budget passed by the legislature because it is unbalanced, makes false promises about what it funds, and gives unpaid-for tax giveaways to big corporations, many based out-of-state, at the expense of critical economic priorities, including higher education, health care, public safety and transportation. The long-term impact of these unpaid-for corporate tax cuts will create a more than $90 million hole in future budgets, further eroding our ability to encourage economic growth. This budget is unbalanced. The legislature double-counted carryforward

funds, attempting to take money that has been designated and appropriated to pay for 2015 bills, and instead proposed to use it to balance its 2016 budget. This gimmick would have forced cuts to this budget within months of enactment, eliminating the increased funding that many people thought they were being promised in this budget. Compounding the danger to our state's future, the legislature used more than $65 million in 'one-time' sources of revenue in this budget. When combined with the impact of the unpaid-for corporate tax cut, the gap that would need to be filled in the very next budget would exceed $100 million. This gap would force the next legislature to make even deeper cuts to a budget that is already under-funded in critical areas. For example, the budget that I have vetoed would not provide any year-to-year increase to our university system – which is still funded below 2010 levels and receives among the least amount of state support in the nation – jeopardizing our efforts to hold down the cost of higher education to help keep more of our young people here in New Hampshire for college and their careers. In the face of an opioid crisis, it would not adequately fund substance abuse prevention, cutting my proposal for the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment and Recovery by more than 30 percent. This budget would force the Sununu Youth Services Center to cut a quarter of its budget without a plan for how to achieve those savings while seriously undermining its ability to help youthful offenders put their lives back on track. It neglected to include a modest cost-of-living increase for employees, even though the state reached a good-faith negotiated agreement prior to our budget proposal. In funding the Department of Transportation, the legislature would divert funds that were intended to provide additional road and bridge repairs, and it underfunded snow plowing and removal by nearly $5 million. And this budget would not ensure the continuation and funding for our successful and bipartisan New Hampshire Health Protection Program, jeopardizing health insurance coverage for more than 41,000 New Hampshire citizens and creating uncertainty for our businesses, our health insurance market and our economy. It would also jeopardize access to substance abuse and mental health treatment that is provided under our bipartisan expansion plan and is making a real difference to the health and safety of our citizens and our communities. I have made clear to legislative leaders that I am not philosophically opposed to reducing corporate tax rates and that I am willing to work together, compromise and negotiate to reach a better, more responsible and balanced budget. I have put forward concrete ideas that would reduce business tax rates while ensuring that those cuts are paid for in order to protect our state's long-term finances and economic future. I did not come to the decision to veto this budget lightly. I would prefer to work together to find a compromise path forward, and I remain committed to such efforts. My responsibility as Governor is to consider both the short- and long-term impacts of legislation and stand up for today's citizens of New Hampshire, as well as for the future. I will not trade New Hampshire's economic future for an inadequate, unbalanced budget today. Therefore, I have vetoed HB 1 and HB 2."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1-A,** making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2016 and June 30, 2017, become law?

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

HOUSE JOURNAL NO. 1

Wednesday, November 18, 2015

The House assembled at 12:00 noon, on the date set in the Call for Special Session of the House by the Governor, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

MOMENT OF SILENCE

The House observed a moment of silence to honor and remember the victims of the Paris attacks.

Prayer was offered by Paul C. Smith, Clerk of the House.
O God, the Grand Governor of all, we come before You today with heavy hearts from the recent bloodshed on French soil, but hearts full of purpose as we meet today to discuss the epidemic that has affected many of us in this Chamber in one way or another. Please touch the lives of those afflicted by addiction, bless those who work to aid those in sickness and comfort those families who have suffered loss. Let us join the call for peace and unity in this troubled time and we beseech thee, O God, to hold back the hands that kill and maim and turn around the hearts that hate, granting Your strong spirit of peace; peace that passes our understanding but changes lives. We also pray for our House Chaplain Kate today, unable to be with us as she underwent emergency surgery this week. Please grant her comfort and a speedy recovery. All this we ask, almighty Creator, in peace and purpose. Amen.

Representative Howard Moffett, member from Canterbury, led the Pledge of Allegiance.

COMMUNICATION

November 18, 2015

Mr. Paul Smith
Clerk of the House of Representatives
State House
Concord, NH 03301
Dear Paul:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:
Strafford County District No. 1
Robert V. Graham, Jr., r, Milton (58 Bolan Rd.) 03851

Sincerely,
William M. Gardner
Secretary of State

CALL FOR THE SPECIAL SESSION
A PROCLAMATION
BY HER EXCELLENCY MARGARET WOOD HASSAN, GOVERNOR
WITH THE ADVICE OF THE HONORABLE EXECUTIVE COUNCIL
WEDNESDAY, NOVEMBER 4, 2015

WHEREAS, the welfare of the people of the State of New Hampshire require the convening of the General Court for the purpose of enacting legislation to strengthen the State of New Hampshire's ongoing efforts to address the statewide heroin and opioid epidemic, which has already taken the lives of an estimated 258 people in 2015 and is straining the resources of our families, law enforcement officials, firefighters, emergency medical workers, and judicial and healthcare systems.

WHEREAS, the Executive Department in calling such a session intends an agenda limited to passing comprehensive legislation to address the heroin and opioid epidemic, including:

(1) Ensuring that laws and penalties for the distribution and sale of fentanyl, the major cause of overdose death in 2015, match those for the sale and distribution of heroin;

(2) Streamlining access to treatment by requiring all insurance companies to use the same evaluation criteria and removing prior authorization requirements in certain cases;

(3) Requiring the boards governing all prescribers to update their rules by April 1 to ensure that patients and providers are warned adequately about the dangers of opioids, that providers are required to follow best prescribing practices, and that prescribers receive appropriate medical education in the best practices on prescribing opioids and pain management;

(4) Mandating greater use by prescribers of the state's Prescription Drug Monitoring Program and upgrading its technology to ensure that more prescribers can use it in a timely fashion;

(5) Providing for a statewide drug court program; and

(6) Appropriating dollars for Fiscal Years 2016 and 2017 to support comprehensive law enforcement, prevention, treatment, and recovery efforts related to substance abuse.

NOW THEREFORE, the Governor, with the advice of the Council, on a motion duly seconded, hereby exercise their executive legislative authority under Part 2, Article 50 of the New Hampshire Constitution and summon the General Court to convene in Special Session on Wednesday, November 18, 2015.

Margaret Wood Hassan, Governor

When many members choose to speak, they may file their names with the Clerk, who shall supply the list to the Speaker. The Speaker shall name the order in which the members shall speak.

REMARKS

Rep. Cushing: Thank you, Mister Speaker. Mister Speaker, a friend of mine, Linda Horan, was diagnosed with lung cancer on July 29th. She has stage 4 lung cancer and has been given months to live. I was with her two weeks ago at the infusion center at the Norris Cotton Cancer Center at Dartmouth Hitchcock hospital where she was receiving chemotherapy and fusion. Linda has had 5 doctors, all of whom have said that therapeutic cannabis, medical marijuana, would be a benefit for her at this time. Twenty-eight months ago, this legislature passed a law allowing qualified patients to have access to medical marijuana. Since that time there has not been a single card issued by the Department of Health and Human Services to allow someone to have access to therapeutic cannabis. Ironically enough, Linda could have access to opioids to take care of her during her dying days, but as of right now she cannot get medical marijuana. What she wants more than anything else is to live the last few days, weeks, months of her life in something other than a narcotic stupor. She has filed a request for a card to be issued by the Department of Health and Human Services, but for some strange reason and despite what we did 28 months ago, has not been issued a card. What she did though, the week before last, is wheel herself into Merrimack County Superior Court and from her wheelchair, stood up for herself and other patients who need that help that she wants and sued the State of New Hampshire to have the Department of Health and Human Services to do what the legislature has said should be done and that's treat patients with dignity and compassion. Linda Horan, in many ways, is a casualty of the war on drugs and it's time to get patients off the battlefield of the war on drugs. It's time for the State of New Hampshire to issue medical marijuana cards to patients like Linda and everyone else similarly afflicted. Thank you, Mister Speaker.

RECESS

The House recessed at 1:50 p.m.
